Industrial Process Control Instruments: No. of units 7 (9); Production in Rs. Million 26 (21-8); Scientific and Surveying Optical Instruments, Mathematical Instruments: No. of units 12; Production in Rs. Million 17 (26-17); Water Meters: No. of units 6; Production in lakh Nos. 1.25 (1.07); X-Ray Electromedical Equipment: No. of units 5; Production in Rs. Million 15 (16-14); Medical Surgical Instruments Equipment: No. of units 7; Production in Rs. Million 8 (7-15); Photographic Industry: No. of units 2 (1); Production in Nos. 80,000 (74,492); Electrical Measuring Instruments: No. of units 8; Production in lakh Nos. 1.5 (1.2); House Service Meters (Poly Phase and Single Phase): No. of units 14; Production in lakh Nos. 15 (13-2).

HEAVY MECHANICAL INDUSTRIES

Bright Bars: No. of units 9; Production in M. Tonnes 47,000 (31,000); Seamless Steel Tubes: No. of units 1; Production in M. Tonnes 27,000 (24,429); E.R.W. Tubes: No. of units 6 (4); Production in M. Tonnes 27,000 (21,301); Black & Gray Tubes: No. of units 11 (13); Production in M. Tonnes 3,00,000 (2,55,495); Welding Electrodes: No. of units 20 (18); Production in M. R. Motres 230 (217); Steel Wire Ropes: No. of units 10 (9); Production in M. Tonnes 17,110 (13,372); Railway Wagons: No. of units 16; Production in Nos. in terms of 4-Wheelers 16,000 (14,500); Lifts: No. of units 4; Production in Nos. 540 (402); Cranes (other than Trucks & Orawler mounted): No. of units 27 (23); Production in M. Tonnes 7,000 (5,572); Steel Structural Fabrication like Tr. Towers, buildings structures, Bridges, Penstocks, Hydraulic structures and other light and medium structures: No. of units 116 (107); Production in M. Tonnes 1,70,000 (1,41,957); Electric Hoists: No. of units 9 (8); Production in Nos. 700 (427); Chain Pulley Blocks: No. of units 5; Production in Nos. 2,500 (2,098).

LIGHT MECHANICAL INDUSTRIES

Bicycles Complete: No. of units 12; Production in Nos. 19,50,000 (19,52,176); Bicycle parts and accessories: No. of units 31 (28); Production in Rs. Million 146.86 (106); Ball & Roller Bearings: No. of units 6; Production in Mill. Nos. 13.20 (12.09); Duplicators: No. of units 2 (3); Production in Nos. 4,980 (4,012); O. P. Lamps; No. of units 1; Production in Nos. 46,475 (53,750); Stoves: (1) Pressure Types: No. of units 2 (1); Production in Nos. 22,422 (18,545); (ii) Non-Pressure Types: No. of units 2; Production in Nos. 4,99,588 (4,34,203); Sewing Machines: No. of units 5; Production in Nos. 3,94,039 (4,23,220); Typewriters: No. of units 4; Production in

Nos. 39,925 (45,665); Zip Fasteners: No. of units 2; Production in Metres 36,29,844 (31,79,962); Steel Balls: No. of units 3; Production in 100 Nos. 1,03,00,000 (1,01,69,937); Needles: (i) Gramophone: No. of units 2; Production in Mill. Nos. 360.510 (466-267); (ii) Hand Sewing: No. of units 2; Production in Mill. Nos. 238-702 (190.385); (iii) Sewing Machines: No. of units 2; Production in Mill. Nos. 7-47 (6.85); Addressing Machines: No. of units 2; Production in Nos. 690 (584); Data Processing Machinery: No. of units 2; Production in Nos. 3,000 (2,793); Calculating & Adding Machines: No. of units 1; Production in Nos. 6,300 (4,741); Expanded Metals: No. of units 1; Production in Tonnes 85-102 (138-292); Grinding Media: No. of units 5 (6); Production in Tonnes 1,200 (9197.506); Auto Leaf Springs: No. of units 11; Production in Tonnes 22,967.2 (20,144.26); Industrial Coil Springs: No. of units 2; Production in Tonnes 659.6 (505.074); Machine Screws: No. of units 7 (6); Production in Mill. Nos. 408 (417.057); Wood Screws: No. of units 5; Production in Mill. Nos. 1,316 (1,363.589); Building Hardware: No. of units 8 (6); Production in Tonnes 4,702 (810-501); Razor Bludes; No. of units 5; Production in Mill. Nos. 850 (757-53); Crown Corks: No. of units 2; Production in Mill. Nos. 1,400 (1,141); Hurricane Lanterns: No. of units 5; Production in Mill. Nos. 2.88 (3.23); Time Pieces: No. of units 6 (4); Production in Mill. Nos. 0.64 (0.54); Watches: No. of units 2; Production in Mill. Nos. 0.42 (0.36); H.T. Bolts & Nuls: No. of units 5; Production in Tonnes 5,200 (4,350-676); Collapsible Tubes: No. of units 5; Production in Mill. Nos. 241 (237-616); Umbrella Ribs; No. of units 1; Production in Mill. Doz. Sets 0-38 (0-48); Steel Link Chaine: No. of units 2; Production in Tonnes 880 (724.575); Wire gauge, wire netting and chain link fencing: No. of units 3 (2); Production in Tonnes 1,120 (348); Bolts, Nuts, Rivels & Dogspikes: No. of units 18; Production in Tonnes 37,300 (28,332-25); Clocks: No. of units 3; Production in Mill. Nos. 0.078 (0.078); Valves 4 Cocks: No. of units 7 (8); Production in Mill. Nos. 0.85 (0.89); Steel Furniture: No. of units 13; Production in Tonnes 21,160 (26,112); Agricultural Implements: No. of units 24 (21); Production in Tonnes 20,000 (22,000); Agricultural Machinery: No. of units 8; Production in Tonnes 2,000 (1,275); Industrial Roller Chains: No. of units 4; Production in Rs. lakhs 103-30 (13-38); Buckets; No. of units 9; Production in Tonnes 5,292 (4,509-15).

CEMENT

Cement: No. of units 45 (44); Production in Tonnes 13,500,000 (11,943,373).

CARBON PRODUCT

Cinema Arc Carbons: No. of units 2; Production in Million pairs 4 (5·18); Calcined Petroleum Coke: No. of units 1; Production in Tonnes 66,000 (65,338); Pencils: No. of units 3; Production in lakh gross 5 (5); Midget electrodes: No. of units 1; Production in Million piecos 313 (324·8); Graphite electrodes: No. of units 1; Production in Tonnes 2,991 (2,402); Carbon Paste: No. of units 1; Production in Tonnes 3,944 (2,593); Carbon black: No. of units 1 (Nil); Production in Tonnes 38.

CERAMICS

Refractories: No. of units 43; Production in Tonnes 6,50,000 (6,61,610); Insulators H.T.: No. of units 7; Production in Tonnes 15,500 (13,280); Insulators L.T. No. of units 14 (13); Production in Tonnes 2,000 (1,236); Sandaryne at No. of units 13; Production in Tonnes 13,000 (12,772); Glazed Tides: No. of units 4; Production in Tonnes 17,000 (14,080); Grockery: No. of units 19;

^{*} This does not include the figures of units which have ceased reporting statistical data.

Production in Tonnes 12,800 (10,680); Stoneware Pipes: No. of units 11; Production in Tonnes 32,000 (35,001); Stoneware Containers: No. of units 11; Production in Tonnes 12,530 (9,949); Abrasive Grains: No. of units 1; Production in Tonnes 2,400 (1,935).

PAPER INDUSTRY

Paper & Paper Board: No. of units 56; Production in Tonnes 6,80,000 (6,48,000); Newsprint: No. of units 1; Production in Tonnes 45,000 (30,800); Rayon Grade Pulp: No. of units 1; Production in Tonnes 60,000 (55,800); Paper Grade Pulp: No. of units 1; Production in Tonnes 20,000 (4,000).

TIMBER INDUSTRY

Plywood: (a) Teachest: No. of units 27 (71); Production in Million Sq. Mtrs. 6,703 (11,585); (b) Commercial: Production in Million Sq. Mtr. 17-793 (f6-836); Hard Board: No. of units, 3; Production in Million Sq. Mtrs. 6-934 (4-815); Insulation Board: No. of units 1; Production in Metric Tonnes 2,172 (1,813); Particle Board: No. of units 8; Production in Million Sq. Mtrs. 0-974 (0-755); Cork Products (a) Cark Stoppers: No. of units 2; Production in Million gross 2-224 (1-430); (b) Cork Discs: No. of units 2; Production in Mill. gross 8-880 (9-588); (c) Cork Sheets: No. of units 2; Production in Mill. gross 1-639 (1-145); Safety Matches: No. of units 6; Production in Mill. Boxes 32-470 (30-729).

LEATHER INDUSTRY

Vegetable Tanning & Hides: No. of units 33; Production in Cow Hides (1 buff. hide-2 cow hides) 23,28,000 (28,35,422); Chrome tanning of hides: No. of units 12; Production in Hides 8,25,000 (8,09,878); Western type of leather footwear: No. of units 9; Production in pairs 95,00,000 (96,00,706); Indian type leather footwear: No. of units 9; Production in pairs 85,00,000 (85,67,509); Glue: No. of units 4; Production in Kgs. 21,16,000 (18,61,310); Pickers: No. of units 1; Production in Nos. Nil. (5,35,680); Myrobalan Extracts: No. of units 2; Production in Tonnes 700 (954).

RUBBER MANUFACTURES

Automobile Tyres: No. of units 8; Production in Nos. 41,00,000 (34,38,361); Automobile Tubes: No. of units 7; Production in Nos. 41,00,000 (32,98,060); Bicycle Tyres: No. of units 11 (12); Production in Nos. 24,00,000 (246,19,926); Bicycle Tubes: No. of units 11 (13); Production in Nos. 18,00,000 (181,89,869); Camel Back: No. of units 11; Production in M. Tons 12,000 (11,649); Rubber & Cannas Footneas: No. of units 14 (17); Production in Million Pairs 56 (57-235); Fim & Vea Bills. No. of units 6; Production in Nos. 55,00,000 (52,76,278); Carbon Black: No. of units 2; Production in M. Tons 32,000 (27,496); Reclaimed Rubber: No. of units 4; Production in M. Tons 10,000 (9,906).

PAINTS AND SURFACE COATING MATERIALS

Paints: No. of units 17 (50); Production in Tonnes 46,676 (64,663); Titanium Dioxide: No. of units 1; Production in Tonnes 4,089 (4,909); Aluminium Paste/Powder: No. of units 3; Production in Tonnes 845 (674); Zinc Oxide: No. of units 4 (6); Production in Tonnes 3,519 (6,586); Red Lead: No. of units 3 (4); Production in Tonnes 2,074 (3,396); White Lead: No. of units 1; Production in Tonnes 485 (651); Synthetic Resins: No. of units 18 (22); Production in Tonnes 9,746 (12,041); Chrome Colours: No. of units 5 (9); Production in Tonnes 1,461 (1,427); N.C. Lacquers (Pigmented and Ancillaries):

No. of units 4 (8); Production in Million Litres 1,944 (1,924).

COSMETICS AND TOILET PREPARATIONS

Soap: No. of units 43; Production in M. Tons 2,35,000 (2,16,494); Glycerine: No. of units 20; Production in M. Tons 11,000 (10,236); Metallic Stearates: No. of units 6; Production in M. Tons 120 (216); Fatty Acids: No. of units 10; Production in M. Tons 21,000 (12,968); Synthetic Detergents: No. of units 5 (4); Production in M. Tons 21,600 (18,675); Textile Auxiliaries: No. of units 13; Production in M. Tons 16,900 (12,426); C.M.C.: No. of units 2; Production in M. Tons 3,500 (3,362); Resin Finishes: No. of units 7 (6); Production in M. Tons 5,800 (5,676); Taoth Pander: No. of units 5; Production in Kgs. 4,34,600 (4,48,188); Tooth Paste: No. of units 8; Production in kgs. 48,25,800 (38,01,689); Talcum Powder: No. of units 16; Production in Kgs. 39,63,000 (37,72,775); Face Pawder: No. of units 11; Production in Kgs. 12,709 (3,97,227); Face Cream & Snow: No. of units 13 (5); Production in Kgs. 6,72,900 (11,91,900).

FOOD PROCESSING INDUSTRIES

Biscuits: No. of units 32 (30); Production in Tonnes 62,600 (61,789); Confectionery: No. of units 29; Production in Tonnes 9,879 (15,862); Flour Milling: No. of units 129 (111); Production in Tonnes 15,84,880 (13,70,907); Cigarettes: No. of units 13; Production in Mill. pieces 59,423 (60,416); Breakfast Foods: (i) Corn & Wheat Flakes: No. of units 1; Production in Tonnes 167 (350); (ii) Processed & Rolled Oats: No. of units 1; Production in Tonnes 331 (300); (iii) Processed Pearl Barley: No. of units 3; Production in Tonnes 1,810 (1,700); Mall Extract: No. of units 2; Production in Tonnes 2,025 (2,166); Guargum: No. of units 5; Production in Tonnes 5,800 (10,476); Fruit & Vegetable preservation: No. of units 36; Production in Tonnes 48,600 (45,000); Meat & Meat Products: No. of units 4; Production in Tonnes 737 (483); Filter Rods for cigarettes: No. of units 1; Production in Mill. pieces 590 (428); Aerated Water: No. of units 22 (21); Production in 100 bottles 60,41,051 (45,41,000); Protein Isolates: No. of units I; Production in Tonnes 57 (68); Open Top Sanitary Cans: No. of units 8; Production in Tonnes 11,696 (12,645); Liquid Glucose: No. of units 5; Production in Tonnes 22,000 (21,949); Dextrose: No. of units 2; Production in Tonnes 9,500 (9,300); Industrial Enzymes: No. of unita 1; Production in Tonnes 1,062 (513); Chocolate & Cocoa Powder : (i) Chocolate & Drinking Chocolate : No. of units 3; Production in Tonnes 1,300 (1,296); (ii) Cocoa Powder: No. of units 3; Production in Tonnes 200 (191); Sweetened Condensed Milk: No. of units 4; Production in Tonnes 6,440 (8,144); Infant Milkfood: No. of units 5; Production in Tonnes 14,225 (11,829); Milk Powder, whole and skim: No. of units 7; Production in Tonnes 8,000 (8,154); Malted Milk Foods: No. of units 7; Production in Tonnes 9,130 (8,864); Weaning Foods: No of units 2; Production in Tonnes 295 (246); Probein Foods: No. of units 3; Production in Tonnes 284 (222); Instant Tea: No. of units 2; Production in Tonnes 228 (88); Instant Coffee: No. of units 2: Production in Tonnes 717 (573); Modified Milkfood for Infants: No. of units 2; Production in Tonnes 401 (376); Starch: No. of units 8; Production in Tonnes 1,06,150 (77,000).

GLASSWARE AND ALLIED INDUSTRIES

Glass and Glassware: No. of units 46; Production in Tonnes 3,00,000 (2,50,000); Enamelware: No. of units 6; Production in Million pieces 25 (25.6); Synthetic Stones: No. of units 1; Production in Kgs. 16,000 (15,600).

INDUSTRIAL GASES AND MISCELLANEOUS CHEMICALS

- I. Industrial Gases: 1. Oxygen: No. of units 50; Production in thousand cubic meters 35,000 (34,444); D. Acetylene Gas: No. of units 34; Production in thousand cubic meters 5,700 (5,646); Nitrogen Gas: No. of units 11; Production in thousand cubic meters 2,500 (1,930); Hydrogen Gas: No. of units 6; Production in thousand cubic meters 700 (659); Argon Gas: No. of units 3; Production in thousand cubic meters 130 (145); Nitrous Oxide: No. of units 3; Production in thousand oubic meters 215 (213); Carbondioxide Gas: No. of units 24; Production in thousand cubic meters 10,200 (10,127).
- II. Basic Electroplating Salts: Nickel Sulphate: No. of units 7 (6); Production in Tonnes 430 (415); Nickel Carbonate: No. of units 3; Production in Tonnes 2 (4); Nickel Chloride: No. of units 5; Production in Tonnes 75 (76); Cadmium Oxide: No. of units 2; Production in Tonnes 10 (10); Chromic Acid: No. of units 5; Poduction in Tonnes 500 (507).
- III. Heat Treatment Salts: Cyanide type: No. of units 3; Production in Tonnes 800 (784); Non-cyanide type: No. of units 3; Production in Tonnes 650 (609); Tempering salts: No. of units 1; Production in Tonnes 35 (33); Economisers, Tempering salts & Cutting oils: No. of units 2; Production in Tounes 400 (399).
- IV. Water Treatment Salts; Sodium Hexameta Phosphate: No. of units 1; Production in Tonnes 450 (465); Aloflo Powder: No. of units 1; Production in Tonnes 600 (639); Sodium Tripoly-phosphate: No. of units 1; Production in Tonnes 4,000 (3,889); Sodium Aluminate: No. of units 2; Production in Tonnes 600 (639).
- V. Fluxes: Gas Welding: No. of units 3; Production in Tonnes 15 (17); Soldering: No. of unit 1; Production in Tonnes 5 (5); Submerged Arc Welding: No. of units 2; Production in Tonnes 200 (192).
- VI. Foundry Chemicals: Fluxes: No. of units 1; Production in Tonnes 750 (711); Binders: No. of units 3; Production in Tonnes 800 (786); Dressings: No. of units 2; Production in Tonnes 450 (463); Diaxiding Tubes: No. of units 1; Production in Tonnes 200 (203); Exothermics: No. of units 1; Production in Tonnes 200 (207); Misc. Compounds: No. of units 1; Production in Tonnes 250 (245).

- VII. Barium Salts: Barium Sulphate: No. of units 1; Production in Tonnes 300 (437); Barium Nitrate: No. of units 3; Production in Tonnes 1,000 (800); Barium Carbonate: No. of units 2; Production in Tonnes 1,500 (1,500).
- VIII. Catalysts: Vanadium Pentoxide Catalyst: No. of units 1; Production Kilo Litres 120 (116); Platinum Rhodium Catalyst: No. of units 2; Production in Kgs. 225 (234); Nickel Catalyst: No. of units 2 (1); Production in Tonnes 125 (121).
- IX. Miscellaneous Chemicals: Activated Bleaching Earth: No. of units 1; Production in Tonnes 2,200 (2,224); Activated Carbon: No. of units 2; Production in Tonnes 500 (586); Rare Earth Chloride: No. of units 1; Production in Tonnes 4,000 (4,091); Potassium Permanganate: No. of units 2 (1); Production in Tonnes 1,000 (746).

AGRO-INDUSTRIES

Agricultural Tractors: No. of units 5; Production in Nos. 16,000 (13,799); Power Tillers: No. of units 1; Production in Nos. 300 (228); Diesel Engines (stationery): No. of units 30; Production in Nos. 1,25,000 (11,847); Petrol Kerosene Engine: No. of units 1; Production in Nos. 1,300 (998); Power driven pumps: No. of units 32; Production in Nos. 3,40,000 (3,30,672); Petrol Dispensing Pumps: No. of units 1; Production in Nos. 1,300 (998).

CONSTRUCTION EQUIPMENT

Loco/Diesel Shunters: No. of units 1; Production in Nos. 75 (58); Air Compressors: No. of units 11; Production in Nos. 5,362 (6,267); Road Rollers: No. of units 6; Production in Nos. 343 (142); Fort Lift Trucks: No. of units 7; Production in Nos. 672 (502); Fans & Blowers: No. of units 9; Production in Nos. 17,187 (17,960); Mobile Cranes: No. of units 1; Production in Nos. 75 (87); Shovels/Excavators: No. of units 2; Production in Nos. 74 (74).

INDUSTRIAL EXPLOSIVES

Busting Explosive: No. of units 1; Production in Tonnes 26,000 (24,393); Safety Fuse: No. of units 2; Production in Mill. Coils 8.536 (9.37); Detonutors: No. of units 2; Production in Mill. Nos. 108.23 (86.14); Detonating Fuse: No. of units 1; Production in Mill. Mets. 10.348 (8.0); L.O.X. Explosives: No. of units 1; Production in Tonnes 1,920 (1,712).

BROADCASTING

EXPANSION OF MEDIUM WAVE

THE high power 1,000 Kw medium wave transmitter, ordered from USSR, has started transmission from Aug. 15, 1969 from the Calcutta region for about four hours daily. Its rated capacity is for a 16-hour output a day.

The other similarly powerful medium wave transmitter is being set up near Rajkot.

COMMERCIAL BROADCASTING

Commercial Broadcasting on the Vividh Bharati channel for Bombay, Poona and Nagpur was extended to Calcutta from Oct. 15, 1968 and to Delhi and Madras-Tiruchi from April 1 and April 13, 1969 respectively. The present total duration of the Vivid Bharati Commercial Service at all the 14 centres is 14 hours every day. A proposal to extend the Commercial Service to Chandigarh-Jullundur,

Bangalore-Dharwar, Ahmedabad-Rajkot, Kanpur-Lucknow-Allahabad and Hyderabad-Vijayawada is under consideration.

During 1968-69, the Bombay-Poona-Nagpur, Calcutta and Delhi Commercial Service brought Rs. 82,22,548-03 and during the six months of 1969-70 the above areas and Madras-Tiruchi area together brought Rs. 1,12,91,066-25.

As on Dec. 31, 1969, there were 107 Advertising Agencies on the rolls of Commercial Broadcasting Service.

An important innovation during 1969-70 was the introduction of nine headline-bulletins with a duration of a minute and a half in Hindi in the Delhi Commercial Service.

AIR CODE

In consultation with all parties and State Governments Government of India have finalised a 9-point code for broadcasts by individuals. Under it, AIR will not allow any broadcasts containing:

- (i) criticism of friendly countries,
- (ii) attack on religion and communities,
- (iii) any thing obscene or defamatory,
- (iv) incitement to violence or any thing against maintaining law and order,
- (v) any thing amounting to a contempt of court,
- (w) aspersions against the integrity of the President, Governors and Judiciary,
- (vii) attack on a political party by name,
- (viii) hostile criticism of any State of the Union or the Union Government, and
- (ix) any disrespect for the Constitution.

BUDGET

For the financial year 1969.70, against the sanctioned grant of Rs. 11,87,57,000 under Demand No. 63 — Breadcasting (excluding 41 — Capital Outlay on Broadcasting) the expenditure incurred up to the end of December 1969 was Rs. 7,27,86,900.

As regards Revenue Receipts for 1969-70, against the Budget Estimates of Rs. 15,09,46,500, the anticipated revenue as extimated on the basis of the Revised Estimate for 1969-70 would be Rs. 15,55,27,000 showing an increase of Rs. 45,81,200 which is mainly due to increase in Broadcast Receiver Licences and more revenue from the Commercial Broadcasting Service.

TELEVISION

The Experimental Television in Delhi is gaining ground—although slowly. At present there are in all less than 8,000 TV licensed sets in the capital: schools have 595 and the villages round about 75 sets installed for special agricultural programmes. The Department of Atomic Energy has made these available to the villages. The DAE (Department of Atomic Energy) of India and NASA of USA, have entered into an agreement to try TV in four clusters of about 500 community receiving sets in each of them, by direct reception from the synchronous

satellite. For the first stage of the experiment, NASA is putting a satellite into orbit and making it available to India for the experiment. The next satellites to replace this would be entirely of Indian make. NASA's Satellite after 6 months of trial and testing will be available for reception in India by the beginning of 1973.

Two attempts to introduce TV in India in a big way are at work side by side. All India Radio is moving to have studios in Bombay, Calcutta, Madras and elsewhere and then the facilities will be extended to other cities and towns. This may be called TV for the classes; while the other attempt, sponsored by the Department of Atomic Energy and NASA is exclusively for the masses of neglected localities, cut off from other means of communication. In the AIR's proposition, individual viewing will be encouraged while in the DAE-NASA project emphasis is exclusively on community viewing.

PROGRAMMES

Memorial Lectures: Dr. Rajendra Prasad Memorial lectures (Hindi) were started by All India Radio in 1969. Dr. Hazari Pra ad Dwived delivered the first series (Dec. 1969) on Guru Nanak. Sardar Patel Memorial lectures for 1969 were delivered by Dr. K. G. Saiyidin, (Dec. 29-31, 1969) on Significance of Gandhiji as Man and Thinker.

Language Lessons

All India Radio is helping study of languages by broadcasting language lessons from many stations. Sanskrit is taught in 52 lessons. In the light of comments and suggestions received so far, it is proposed to recast the lessons for an all-India sorvice.

Hindi lessons continue to be broadcast from non-Hindi speaking regions. For the year 1970-71, Hyderabad, Banralore and Punjab will use these lessons for their respective regions. Other language lessons that were broadcast from the stations were: Bhopal (Malayalam); Jaipur (Kannada); Lucknow and Delhi (Tamil); Patna (Teugu); Ranchi (Punjabi). Allahabad is wanting to introduce Oriya or Assamese and Delhi, Bengali during the current year.

National Programmes.—The Saturday National Programmes of music lasting 90 minutes have been quite popular. It is generally so planned that Northern and Southern (Karnatie) music alternate every Saturday. Arrangements are being made to have this item originate at other places. At present most of the Saturday concerts originate from Delhi and all stations relay them.

Talks.—Important topics of a national character are dealt with by an accepted authority in a nation-wide broadcast on Sundays and Wednesdays at 8.30 p.m. Since its inception in 1953, this programme has featured 527 talks and discussions.

Development Projects, Factories.—In order to make the country plan-minded, a feature on some of the bigger national projects is arranged once a month, and it is put out on the air simultaneously from all the stations.

Vividh Bharati.—The Vividh Bharati Service entered its 13th year of service on October 3, 1969. The Service has an output of 12 hours and 25 minutes of broadcast daily, while on Saturdays its transmission is extended till 23·10 hours, providing an alternate programme to the National Programme of Music.

The Vividh Bharati programmes are broadcast on medium wave transmitters from 33 centres. Between April-December 1969, 2,17,008 copies were produced at the high speed duplicating section.

The most popular feature of the Vividh Bharati Service is the film music programme entitled "Jayanula" broadcast specially for the armed forces and presented by well-known film personalities every week.

The number of listeners' letters received in 1969 was about four lakhs.

NEWS SERVICES DIVISION

In addition to the Centralised News Services at Delhi, All India Radio has 25 regional centres supplying regional news. Out of a total of 201 news bulletins which AIR broadcasts daily, 155 are in the Home Service. Delhi broadcasts 73 and 82 are broadcast by the regional stations. For the Home Service, 18 languages and 30 dialects are used. In the External Services, 41 news bulletins are broadcast daily in 22 languages. The total output of the news bulletins is thus about 30 hours every day. Commentary from regional news centres on current topics is introduced, twice a week.

Radio News Reels,—Twice a week, radio news reels of 10 mts. duration, prepared by the News Service Division are broadcast from Delhi for an all-India consumption, and once a week in Hindi. On special occasions such as receptions to visiting dignitaries, or of our leaders visiting other countries, extra "editions" of the radio news reels are broadcast. English, Hindi and other languages are used for these "newspapers of the air."

External Services:—For projecting Indian image abroad and for maintaining contact with Indian residents outside India, the External Services Division of A.I.R. broadcasts programmes round the clock daily in 21 languages,—six Indian and 15 foreign languages including English—for a total duration of 44 hours and 45 minutes. The foreign language broadcasts are put out in 25 transmissions a day and account for 22 hours and 40 minutes of daily broadcast time. The Indian language services are radiated in 16 transmissions a day for a total duration of 22 hours 5 minutes.

When dignitaries from abroad visit India, special programmes are broadcast to regions from which they hail and suitable arrangements are made for correspondents accompanying the dignitaries, to send despatches for broadcasting.

Programme publicity of the overseas broadcasts is achieved through India Calling, printed monthly in English and 10 quarterly folders in Arabic, Burmese, Chinese, French, Indonesian, Nepali, Persian, Pushto, Swahill and Tibetian. At present about 20,000 persons are on the mailing list for programme Journals and various folders. Up to November 1969, 1,74,909 listeners' letters were received.

AIR STATIONS

Medium-Wave Stations. The first figure within brackets indicates the wavelength in metres and the second figure the frequency in kilocycles per second: Agartala (236.2; 1,270); Ahmedabad-A (352.9; 850); Ahmedabad-B (214.3; 1,400); Aijal (326-1; 920); Ajmer (500-0; 600); Allahabad-A (315.8; 950); Allahabad-B (211.3; 1,420); Bangalore-A (491.8; 610); Bangalore-B (365.9; 820); Baroda (352.9; 850); Bleidervati (375.0, 800); Blagulpur Baroda (352·9; 850); Bhadravati (375·0, 800); Bhagdpur (204·1; 1,470); Bhopal-A (197·4; 1,520); Bhopal-B (250·0; 1,200); Bhuj (232·6; 1,200); Bikaner (225·6; 1,330); Bombay-A (288·5; 1,040); Bikaner (225·6; 1,330); Bombay-B (545·5; 550); Bombay-C (243·9; 1,230); Calcutta-A (447·8; 670); Calcutta-B (300; 1,000); Calcutta-C (194·8; 1,540); Calicut A (441·2; 680); Calcutta-B (275·2; 1,090); Chandigarb* (245·9; 1,220); Coimbatore (297; 1,010); Cuddappah (333·3; 900); Cuttack-A (310·9; 985); Cuttack-B (222·2; 1,350); Delhi-A (370·4; 810); Delhi-B (280·4; 1,070); Delhi-C* (219·0; 1,370); Delhi-D (191·1; 1,570); Dharwar-A (220·6; 1,360); Dharwar-D (191-1; 1,570); Dharwar-A (220-6; 1,360); Dharwar-B (258.6; 1,160); Gauhati-A (411.0; 730); Gauhati-B (291.26; 1,020); Gulbarga (270.27; 1,110); Gwalfor (215.8; 1,390); Hyderabad-A (405.4; 740); Hyderabad-B (282.0; 1,060); Hyderabad-C (245.0; 1,220); Imphal (215.8; 1,390); Indore-A (461.5; 650); Indore-B (188.7; 1,590); Jabalpur (254.2; 1,180); Jaipur-A (202.7; 1,480); Jaipur-B(S.W.) (93·09; 3,223); Smalatar-A (267·9; 1,120); Srinagar-B (201·3; 1,490); Teju (225·6; 1,330); Tiruslirapalli-A (319·1; 940); Tiruschirapalli-B (°0°·7; 1,480; Tiruschiralira (250·0; 1,200); Trivandrum-B (263·2; 1,140); Udaipur (256·4; 1,170); Varanasi (241·9; 1,240); Vijayawada-A (357·1; 840); Vijayawada-B (200·0; 1,500); Vishakhapatnam (322·6; 930).

Medium wave length remains unchanged throughout the year: its coverage after sunset gets considerably extended.

BBC — Medium wave broadcasts are directed to India among other countries of South Asia from a high-powered transmitter in the Persian Gulf region. This is on 213 m & 428 m from 6.30 a.m. to 8 a.m. and on 428 m only for the greater part of the day (11 a.m. to 7 p.m.) when the other wavelength also becomes operative.

BROADCAST LICENCES & PRODUCTION OF RECEIVING SETS

Broadcast receiver licences are issued at all head and

sub-post offices at a fee of fifteen rupees per year, and cover the use of receiving sets throughout India.

Broadcast Receiver Licences are issued to Municipalities or other public bodies for the reproduction of broadcast programmes in public places by the Postmaster-General of the State.

A licence issued for this purpose covers the use of one wireless receiver only.

A separate Broadcast Receiver Licence is, however, necessary in the case of clubs, institutions, messes, etc., for reproducing broadcast programmes at dances, concerts, bazaars, etc., to which the public are admitted.

Licence Books of the size of Post Office Savings Bank Account pass-books are now issued at concessional rates for three years or more. Separate books are given for each receiving set. Specially issued stamps of the value of the fee, are affixed on the book and cancelled by the licence issuing authority.

INDIAN INSTITUTE OF MASS COMMUNICATION

Indian Institute of Mass Communication, (Ministry of Information and Broadcasting) offers practical training to information personnel in the use of different media of mass communication.

The training programme is limited to members of the Central Information Service and information personnel of States. Some places, in each training course, will be offered to candidates under the Colombo Plan and the Special Commonwealth Assistance Programme.

Director : L. R. Nnit.

COMMUNITY DEVELOPMENT PROJECTS AND PANCHAYATS†

AT the Centre the Ministry that is responsible for community development projects is the Ministry of Food, Agriculture, Community Development and Cooperation. The Ministry is responsible also for village panchayats,

The entire country has now been covered by the C. D. programme. Out of 5,265½ blocks into which the entire rural India stood delimited 672 were in stage I, and 2,275 in stage II as on 30th Sept. 1969 and 2,318½ in the post stage II phase.

Besides 43 Special Multi-purpose Tribal blocks and 416 Tribal Development blocks started during the Second and Third Plan periods respectively, another 31 Tribal Development blocks had been established in different states during 1966-67. No new Tribal Development blocks have been allotted thereafter.

COMMUNITY DEVELOPMENT

An outlay of Rs. 20.51 crores had been approved by the planning Commission for different States for 1968-69.

Appraisal of progress during 1968-69 reveals an upward trend as compared to the previous year in the activities pertaining to the distribution of chemical fertilisers and pesticides, minor irrigation, supply of improved seeds, castration of stud bulls, artificial insemination of cattle, adult literacy, pavement of village lanes and construction and improvement of katcha roads.

PANCHAYATI RAJ

Panchayati Raj system is yet to be fully introduced in Bihar, Jammu & Kashmir, Kerala and Madhya Pradesh. In Kerala, it is under active consideration of a select committee of the Legislature, In Bihar, the three-tier setup exists only in the three districts of Ranchi, Bhagalpur and Dhanbad. The Panchayati Raj institutions are expected to be established in Bihar by Sept. 30, 1970 after the elections to Panchayati Raj hodies are completed.

All the Union Territories except Pondicherry, and Laccadive, Minicov, and Amindivi Islands, have village panchayats. For the Union Territory of Delhi a Bill providing a two-tier structure of Panchayati Raj with panchayats and panchayat samitis and Rural Area Advisory Committee at the apex level is being considered by the Delhi Metropolitan Council. The Bill to introduce Panchayati Raj in Himachal Pradesh has been passed by the H. P. Assembly and now awaits the President's assent.

There has been an increasing devolution of powers and resources in favour of the Panchayati Raj institutions at various levels in severa lStates.

The team appointed to study the role of Community Development and Panchayati Raj Agencies in the basic Land Reform Measures, has submitted its report. It has recommended that it may not be appropriate to invest the Panchayati Raj bedies with statutory executive functions during their present stage of evolution. They could,

[•] For Vividh Brarationly. Note: When there are only A & Baransmitters, B is for Vividh Bharatrand when there are A, B & O transmitters, O is earmarked for Vividh Bharatr.

[†] Source Report for 1909-70 of the Ministry of Food, Agriculture, Community Development and Cooperation (Department of Community Development), Government of India.

however, be associated with various processes connected with the maintenance of land records, in an advisory capacity. The Committee is also of the opinion that the Panchayati Raj institutions could help foster among the tenants awareness about their rights. The recommendations have been referred to the State Governments and Union Territories for their consideration.

Nyaya Panchayats: Nyaya Panchayats are functioning in all the States except Assam, Andhra Pradesh, Tamil Nadu, parts of Mysore, Kerala, West Bengal and Nagaland. The Circle Panchayats in the Union Territory of Delhi are proposed to be replaced by Nyaya Panchayats. In the Union Territory of Manipur, the entire rural areas in the valley continue to be covered by Nyaya Panchayats.

Local Resources Mobilisation: The quantum of local resources mobilised through taxation by the Panchayati Raj institutions increased from about Rs. 10·15 crores in 1961-62 to Rs. 25 crores approximately in 1965-66. The tax collections during 1968-69 are estimated to be Rs. 26·5 crores. Panchayati Raj bodies in Maharashtra, Gujarat and Tamil Nadu accounted for 65 per cent of the total tax collections in the country; their per capita tax incidence was Rs. 2·66, Rs. 2·53 and Rs. 2·29 respectively.

TRAINING AND EDUCATION

The training and orientation of block level and other intermediate personnel continued to be organised at the Composite Training Centres. Training programmes are implemented in the States where the personnel for training are also drawn. Ad hoc assistance to cover the recurring expenditure involved in running the Composite Training Centres continued to be paid to the State Governments during 1969-70 also.

National Institute of Community Development: The objective is to act as an apex institute for providing orientation and training in the philosophy and aims of Community Development and Panchayati Raj to key personnel both officials and non-officials, working at policy making levels; to undertake programmes of study and research in Applied Social Sciences with particular emphasis on planned change through community development; to provide academic guidance to the training centres in different parts of the country and impart training to their instructional staff, and to function as a clearing house for information on Community Development and Panchayati Raj.

The institute conducted six orientation courses during 1969 for senior officials and non-officials and has programmed for some more such courses for the year 1970. A seminar on Panchayati Raj was organised during the year.

Community Development in Universities: Research activities were undertaken through the universities. Research fellowships were awarded to those who were assigned projects. Research projects on Community Development, Panchayati Raj and Co-operation continued to be assigned to universities.

Training of Extension Officers (Industries): Twenty extension officers were given training during the year bringing the total number of Extension Officers (Industries) trained so far to 424.

Training of Youth and Women: The Training of Youth Workers and Leaders and Training of Associate Women Workers are being stepped up during the Fourth Plan period, the former carrying a total Plan outlay of Rs. 10 lakhs and the latter Rs. 24 lakhs. These training programmes carry 100 per cent Central assistance when they are to be implemented through the State Governments.

Training in Applied Nutrition: About 14,890 officials and non-officials were imparted training during the year bringing the cumulative total of persons trained to 80,400. Summer schools were held at the Agricultural University, Ludhiana, the Home Science College, Coimbatore, Orientation and Study Centre, Rajendranagar, Hyderabad and the Agricultural Science College, Bangalore. In all, 107 teachers from various agricultural, veterinary and home science colleges attended.

Fisheries: The fishery programme, both coastal and inland, registered an advance during the year. Increased water area was brought under culture and the cumulative total by March 1969 was 34,427 hectares. Persons who received training in pisciculture during 1969 were 3,104 against 923 persons during the previous year.

Poultry: The achievement in regard to setting up of poultry units was considerable. By the end of March 1969, 1,950 block poultry units were set up with 10,652 village units against 1,186 block poultry units and 6,364 village units in the previous year.

Village and Small-Scale Industries: During the year ending March 1969, 1,431 common facility-cum-service workshops were in existence. These workshops provide facilities for repair and maintenance of one or more industrial crafts of the surrounding areas. 332 rural and semi-urban industrial estates with 1,605 industrial units, and a capital investment of Rs. 3.76 crores, were set up upto March 1969. Of these, 270 rural estates with 802 units and an investment of Rs. 113.92 lakhs were located in villages with a population of 5,000 or less. The rest of the industrial estates were located in towns with population ranging from 5,000 to 50,000.

Rural Artisans: Financial assistance for industrial purposes was provided in the shape of loans as well as grants and subsidies. 54,820 rural artisans received loans amounting to Rs. 127 lakhs and Rs. 9.5 lakhs were given as grants to 7,535 artisans during 1968–69.

Health (1968-69): 4,700 primary health centres were functioning in 4,595 C.D. blocks and 670 blocks were without a primary health centre.

Family Planning continued to be an integral part of the Block activities. By March 1969, 8,600 Family Planning Centres were functioning in the blocks. During 1968-69, 9,70,274 sterilization operations were performed in the health centres and contraceptives worth Rs. 19,64,700 were distributed.

Adult Literacy: During the year 1968-69, there were 5,89,823 centres in the blocks which imparted literacy to some 15-2 million adults. The number of centres started and adults made literate during the year ending September 1969 was 59,029 and 21,32,537 respectively as against 42,501 and 14,53,264 respectively in the previous year.

The Rural Man-power Programme: This programme, which is to provide additional employment opportunities in rural areas, is now in the State Sector with the States having option to continue the programme as a State Plan scheme to meet the requirements of specially backward areas and to provide necessary outlays within their plan ceilings. The Governments of Madhya Pradesh, Mysore, Tamil Nadu, Punjab, Uttar Pradesh and West Bongal opted to continue the above programme and an outlay amounting to Rs. 178-16 lakhs has been provided by the above States during 1969-70 for the programme.

The expenditure on Rural Man-power Programme during 1968-69 was Rs. 422-86 lakhs and the employment created was 82-26 lakh man days.

Central Panel: The Government of India has decided to set up a high power central committee for coordination of rural development and employment to look after the various rural development programmes in the Fourth Plan. The Fourth Plan incorporates various special programmes for the benefit of the weaker sections of the rural population including the development of dry, arid and other areas of defined categories aimed at creating larger opportunities of rural employment. There are plan programmes totalling Rs. 115 crores for small but potentially viable farmers, agriculture labourers and rural artisans.

Tribul Development: Emphasis continues to be laid on pooling of resources available with the development departments for taking up comprehensive programme for economic betterment of the tribals. From 1969-70, the total life of Tribal Development Blocks was extended from 10 years to 15 years by providing a new Stage III. In the new stage there is to be a special central assistance of Rs. 10 lakhs per block.

Youth and Mahila Mandals: Youth and Mahila Mandals continued to be actively associated with the production aspects of the programme. A total number of 9,840 Mahila Samutis had associated themselves with the programme. In March 1969 their membership stood at 1,80,687, 6,333 Youth Clubs had also joined the programme activities with a membership of 1,61,304.

The tentative allocation of funds for training of associate women workers for 1969-70 was Rs. 3,50,000.

During the year 1969-70, 200 'A' grade awards, valued Rs. two lakhs, 400 'B' grade awards valued Rs. 2·4 lakhs and 1,400 'C' grade awards valued Rs. 5·6 lakhs respectively were distributed to Mahila Mandals.

The youth Clubs, Mahila Mandals and other voluntary organisations continued to play their part in providing protective food to benificiaries. The programme of demonstration feeding was also expanded. During the year 1968-69, the number of child-days benefiting children under the programme of demonstration feeding was 297-36 lakhs,

and the corresponding figures for women-days over which nursing and expectant mothers had the advantage of the foeding programme were 30.7 lakhs.

ACHIEVEMENT'S OF C.D. PROGRAMME DURING THE YEAR ENDING SEPTEMBER 1963*

Agriculture: Improved seeds distributed (quintals) 50,02,000; Chemical fertilizers distributed (quintals) 4,87,33,600; Chemical posticides distributed (quintals) 3,93,824; Improved implements distributed (Nos.) 5,25,943; Agricultural demonstrations held (Nos.) 4,45,500; Compost Pits dug (Nos.) 21,45,300.

Land Improvement: Net additional area irrigated (hoctares) 16,00.560; Land reclaimed (hectares) 3.02,597; Area bunded & tercaced (hectares) 15,07,995.

Animal Husbandry: Improved animals supplied (Nos.) 20,671; Improved birds supplied (Nos.) 15,57,476; Animals castrated (Nos.) 35,66,700; Animals artificially inseminated (Nos.) 14,48,301.

Health & Rural Sanitation: Rural latrines constructed (Nos.) 41,509; Pucoa drains constructed (mctres) 11,02,149; Village lanes paved (sq. metres) 11,54,993; Soakage pits constructed (Nos.) 90,240; Drinking water wells constructed (Nos.) 22,322; Drinking water wells renovated (Nos.) 30,474.

Social Education: Adult literacy centres started (Nos.) 59,629; Adults made literate (Nos.) 21,32,537; Functional Gram Sahayak camps organised (Nos.) 8,587; Louders trained (Nos.) 2,85,345.

Communications: New Kacha roads constructed (kms.) 29,774; Existing Kacha roads improved (kms) 46,732; Culverts constructed (Nos.) 16,672.

Village and Small Industries: Value of improved tools and appliances distributed (Blacksmiths) Rs. 2,29,640; (Carpentry) Rs. 3,29,346.

Provisional.
 Redelimited into 321 Blocks.
 The stage-wise distribution of Blocks is based on departmental records.
 As on April 2-1968.
 Redelimited into 218 Blocks.
 As on Oct. 2, 1968.
 Redelimited into 678 Blocks.
 Excludes three Blocks already sanctioned.
 Excludes 101‡ C.D. Blocks on account of T.D. Blocks additionally allotted to States/U. Territories.

SPORTS

The sports come within the purview of the Ministry of Education.

An advisory body, called the All India Council of Sports, composed of 20 persons eminent in the field of sports and games advises the Ministry in all matters relating to development of Sports in the country.

The Government of India have set up a National Institute of Sports at Patiala to provide adequate facilities for the training of coaches of the highest calibre in various games and sports.

TOURNAMENTS

Below we give the results of the national tournaments and principal sporting events of the year 1969-70:

Athletics

Men's Events

100 metres: A. P. Ramaswamy (Mysore); 200 metres: F. D'Souza (Bihar); 400 metres: B. S. Bajra (A.P.); 800 metres: Purushottaman (Kerala); 1,500 metres: R. S. Pandey (U.P.); 3,000 metres steeplechase: Gurdial Singh (Delhi); 5,000 metres: E. Sequeira (Maharashtra); 10,000 metres: Mohan Singh (U.P.); 110 metres hurdles: Nirmal Singh (Punjab); 400 metres hurdles: Abdul Husan (Kerala); Long Jump: Labh Singh (U.P.); High Jump: Gopinath Nair (Korala); Triple Jump: M. Labh Singh (U.P.); Pole Vault: P. L. Pande (U.P.); Javelin Throw: Rajsingh (A.P.); Discus Throw: Baldev Singh (Punjab); Shot Put: Joginder Singh (A.P.); Hammer Throw: Joginder Singh (A.P.); 4 × 100 metres relay: Madras; 20 k.m. walk: Kishen Singh (Punjab); Marathon: D. Y. Biredkar (Mysore); Decathlon: S. Puttar (Bihar); Team Championship: U.P.

Women's Events

100 metres: Nirmala Uthiah (Mysore); 200 metres: Janie Satur (Mysore); 400 metres: P. Bhamodkar (M.P.); 800 metres: P. Bhamodkar (M.P.); 4 × 100 metres relay: Mysore; 100 metres hurdles: Manjit Walia (Punjab); High Jump: Jesey Pais (Mysore); Long Jump: I. Saldanha (Mysore); Javelin: V. B. Mary (Mysore); Discus: Subrata Paul (Bengal); Shot Put: Sital Kaur (Punjab); Pentathlon: Rosamma (Madras).

Aquatics Men

100 metros freestyle: K. N. Roy (Services); 100 metros backstroke: Hav. Chand Ram (Services); 100 metros breaststroke: M. R. Sharma (Services); 100 metros butter-fly: V. H. Takle (Maharashtra); 200 metros freestyle: M. S. Rana (Services); 200 metros backstroke: Hav. Chand Ram (Services); 200 metros breaststroke: Ram Deo Singh (Services); 200 metros breaststroke: Ram Deo Singh (Services); 200 metros butterfly: Roshan Singh (Mysore); 400 metros freestyle: M. S. Rana (Services); 1,500 metros freestyle: M. S. Rana (Services); 4 × 100 metros freestyle rolay: Services; 4 × 200 metros freestyle relay: Services; 4 × 100 metros individual medley: Tingoo Khatau (Maharashtra); High Board Diving: Bhanwar Singh (Services); Spring Board Diving: Hardayal Singh (Services); Water Pole: Railways; Team Championship: Services.

Women

100 metres freestyle: M. Ambrosie (Maharashtra); 100 metres backstroke: M. Ambrosie (Maharashtra); 100 metres breaststroke: D. Solanki (Maharashtra); 100 metres butterfly: M. Ambrosie (Maharashtra); 200 metres

breaststroke: D. Solanki (Maharashtra); 200 metros freestyle: M. Ambrosie (Maharashtra); 400 metros freestyle: M. Ambrosie (Maharashtra); 4 × 100 metros freestyle relay: Maharashtra; 4 × 50 metros individual medley: M. Ambrosie (Maharashtra); Team Championship: Maharashtra.

Badminton

Men's Singles: Dipu Ghosh (Railways); Men's Doubles: Dipu Ghosh and Romen Ghosh (Railways); Mixed Doubles: Suresh Goel and Damayanti Subedar; Women's Singles: Damayanti Subedar (U.P.); Women's Doubles: Shobha Murthy and Maureon Mathias (Maharashtra); Boys' Singles: Malvinder Dhillon (Punjab); Girls' Singles: Maureon Mathias (Maharashtra); Team Championship: Railways (Men); Maharashtra (Women) and Kerala (Juniors).

Basketball

Mon: Services; Women: Maharashtra; Junior Boys': Maharashtra.

Billiards

Michael Ferreira (Maharashtra); Snooker: Shyam Shroff (Maharashtra).

Boxing

Lightfly M. S. Vishnawarma (Services); Fly; Narayarma (Services); Bantam; S. K. Thappa (Mvs. 10); Feather M. Venu (Services); Light: Khim Bahadur (Services); Lightwolter: Bhagwat Singh (Services); Welterweight: Shivaji Bhosle (Services); Light-middle; Ajit Singh (Services); Middle: Hukum Singh (Services); Light-heavy: Gop Kumar (Mysoro); Heavyweight: Hawa Singh (Services). Team Championship: Services.

Bridge

Team-of-four duplicate: Dr. Naran's team (Delhi): Dr. D. R. Narang, J. K. shi, H. Verma, P. L. Smi, H. S. Virk and D. Kumar; Master Pairs: Dr. C. Balakrishna Rao and K. Appa Rao (A.P.); Mixed Pairs: Mrs. S. S. Yederi and Mario Redrigues (Bombay).

Cricket

India and New Zealand 3-Test series ended with one win for both sides, with one drawn.

First Test: At Bombay: India with 156 and 260 boat New Zealand with 229 and 127.

Second Test: At Nagpur: New Zealand with 319 and 214 beat India with 257 and 109.

Third Test: At Hyderabad: New Zealand with 181 and 175 for 8, deel, drew with India with 89 and 76 for 7.

Australia beat India by 3 matches to 1; one drawn. First Test: At Bombay: India with 271 and 137 lest to Australia with 345 and 67 for 2.

Second Test: At Kanpur: India with 320 and 312 for 7, doel, drew with Australia with 348 and 96 for no less.

Third Test: At Delhi: Australia with 298 and 107 lost to India with 223 and 181 for 3.

Fourth Test: At Calcutta: India with 212 and 181 lost to Australia with 335 and 42 for no loss.

Fifth Test: At Madrae: Australia with 243 and 153 beat India with 163 and 171.

Coylon vs. India (Schoolboys): Coylon won two Tests and three others were drawn.

Ranji Trophy: Bombay; Irani Trophy: Bombay; Duloep Trophy: Bombay; Rohinton Baria Trophy (Universities): Bombay; Cooch Behar Trophy (Schools): South Zone; C. K. Nayudu Trophy: Delhi.

Cycling

Men

1,000 metres sprint: Not held; 400 metres individual pursuit: D. S. Randhawa (Services); 1,600 metres massed start: Amar Singh (Bihar); 4,000 metres team pursuit: Punjab; 1,000 metres time trial: D. S. Randhawa (Services); 1,600 metres team time trial: Punjab; 200 k.m. race; Chetan Singh (Services).

Women

2,000 metres lap race: Miss Lina Lobo (M.P.); 1,000 metres massed start: Miss Suman Chadda (Delhi).

Football

Santosh Trophy: Bengal; Rover's Cup; East Bengal; Durand Cup: Gorkha Brigade; I.F.A. Shield: Not held.

Colf

Men: Chien Chung Chonz (Taiwan); Women: Mrs. Anjani Desai.

Hockey

National: Punjab and Railways shared; Gold Cup: Border Security Force; Aga Khan: Not played; International Hockey: West Germany; Beighton Cup: Western Railway.

Kabbadi

Mon: Maharashtra; Women: Maharashtra.

Kho Kho

Men: Gujarat; Women: Madhya Bharat.

National Chess

Manuel Aaron (Madras).

Squash

Men: S. A. Ispahani; Juniors': D. Nayak.

Rugby

Ceylon Rugby Union.

Shooting

Mon: Dr. Karni Singh (Bikaner); Women: Rajkumari Rajashree (Bikaner).

Weight-lifting

Flyweight: A. Mondal (Railways); Bantam: S. Vellaisamy (Tamil Nadu); Feather: A. Navis (Services); Light: A. K. Das (Railways); Middle: S. L. Salwan (Services); Light-heavy: A. S. Virk (Services); Middle-heavy: V. Raghavan (Services); Heavy: Balbir Singh (Services); Team Championship: Services.

Body Beautiful

Tall Class: T. J. Mathai (Services); Medium: Tapan Mukherjee (Bengal); Short: V. P. Dhand (Services).

Table Tennis

Men's Singles: Mir Kasim Ali (Andhra Pradesh); Men's Doubles: F. R. Khoduji and M. Vyas (Maharashtra); Mixed: F. R. Khoduji and Kaity Chargeman; Women's Singles: Kaity Chargeman, Women's Doubles: Kaity Chargeman and Usha Mukunda; Junior Boya' Singles: N. R. Bajaj (Maharashtra); Junior Girls': Nayereh Mowla (Maharashtra); Team Championship: Men — Mysore; Women's — Maharashtra; Juniors' — Maharashtra.

Asian Tennis

Men's Singles: A. Metrevelli (U.S.S.R.); Men's Doubles: S. Minotra and S. Misra; Mixed Doubles: A. Metrevelli and Miss Ivanova (U.S.S.R.); Women's Singles: Miss Abzandaze (U.S.S.R.); Junior Boys' Singles: Shashi Menon.

National Tennis

Men's Singles: Premjit Lall; Men's Doubles: Premjit Lall and Jaideep Mukherjea; Mixed Doubles: A. Metrevelli and Miss Ivanova; Women's Singles: Miss Ivanova; Junior Boys' Singles: Shashi Menon.

Volleyball

Mon: Punjab; Womon: Punjab.

Bombay Races

1,000 Guineas: Mr. Suresh Mahindra's "Multigem"; 2,000 Guineas: Mrs. Talib, Mrs. Currim, Mrs. Rahimtullah & Mr. Kanga's "Loyal Prince"; Indian Oaks: Maharaja and Maharani of Gwalior's "Thunderbird"; Indian Derby: Messrs. Khasotia, Vaziralli and Karaka's "Thunderstorm"; Invitation Cup: Mrs. Talib, Mrs. Currim, Mrs. Rahimtullah & Mr. Kanga's "Loyal Prince".

Poona Races

Turf Club Cup: Mr. & Mrs. Mahmood Ali's "Hard Head".

Calcutta Races

Calcutta Derby: Mr. Suresh Mahindra, Mr. L. M. Thappar, and Mr. H. P. Au's "The Phoenician".

Madras Races

South India Derby: Messrs, M. A. M. Muthia's and A. N. Ramaswami's "Fair Court".

Delhi Races

Delhi Derby : Messrs. Chhabda and Mahindra's "Look Out".

National Wrestling

48 k.g.: Ved Prakash (Delhi) and Lala Ram (Railways) joint winners: 52 k.g.: M. V. Adkar (Maharashtra); 57 k.g.: Prakash Chand (Railways): 62 k.g.: Shyam Lai (Railways) and Bhaiya Lai (U.P.); 68 k.g.: Mikteshwar Singh (Railways); 74 k.g.: Raj Narain (Delhi): 82 k.g.: Mehd. Sabir (Railways); 90 k.g.: U. Rai (Railways); 100 k.g.: Nirmal Singh (Punjab); Over 100 k.g.: S. N. Singh (Railways); Team Championship: Railways.

FOURTH FIVE YEAR PLAN*

(1969-74)

PLAN IN OUTLINE

THE National Development Council gave its formal approval to the revised draft of the IVth Five-Your Plan on March 22, 1970. The aggregate outlay of the revised Fourth Plan (1969-74) is Rs. 24,882 crores, Rs. 15,902 crores in respect of public sector and Rs. 8,980 crores for the private sector. The resources for the public sector Plan are now expected to increase by Rs. 1,504 crores while those for the private sector are expected to show a decrease of Rs. 1,020 crores, resulting in an overall improvement of Rs. 484 crores in resources for the Fourth Plan.

	TABLE 1		(Rs. erores)		
	As in the Draft Fourth Plan	As now worked out	Change		
A. Public Sector					
(i) Centre	7,934	8,871	+ 937		
(ii) States	6,066	6,606	+ 540		
(iii) Union Territories	398	425	+ 27		
Total (A)	14,398	15,902	+1.704		
B. Private Sector	10,000	5,980	1,020		
Total (A + B)	24,398	24,882	+ 484		

Of the increase of Rs. 937 crores in the Centre's Plan, a sum of Rs. 260 crores will be by way of Central support to financing institutions that will supplement the programmes in the States and Rs. 54 crores will be spent on Centrally sponsored schemes. The increase in Central schemes and matritudional support to Central programmes will be Rs. 493 crores and Rs. 130 crores respectively.

The assessment of resources for the Fourth Plan (1969-74) has taken into account the Award of the Fifth Finance Commission, the nationalisation of 14 major commercial banks, acceleration in their branch expansion and deposit mobilisation, particularly in rural areas; reorientation of investment policies of the Life Insurance Corperation and the Employees' Provident Fund; and the more recent trends in recents and expenditures of public authorities.

The scheme of financing the Fourth Plan marks a distinct departure from the previous Plans. It has been specially designed to serve the objective of growth with stability and promote progress towards soft-reliance.

HOUSING*

IT has been estimated that at the beginning of the Fourth Five Year Plan, the shortage of housing is roughly 837 lakh units—119 lakhs in the urban areas and 718 lakhs in the rural areas. If the entire shortage is to be wiped off, the total investment will have to be of the order of Rs. 30,000 crores, whereas the amount allocated is Rs. 216-60 crores in the final document of the IVth Plan. The overall housing shortage is estimated to increase by more than 20 lakh units annually. Against this, the annual rate of new construction, including that in the private sector, is estimated to be about three lakh units only.

Up to the end of March 1969, the Central Government allocated plan funds amounting to Rs. 279.52 crores to the State Governments and Union Territories as financial assistance towards implementation of the Social Housing Schemes of this Department. The States, etc., however, utilised only a sum of Rs. 214.04 crores up to the end of March 1969.

To supplement Government funds, arrangements were made with the Life Insurance Corporation to advance loans amounting to Rs. 113-14 crores (including Rs. 14 crores for 1969-70) to State Governments for housing schemes during the period from 1959 to 1968-69. These loans have

^{*} Source: 1969-70 Report of the Ministry of Health and Family Planning, Works, Housing and Urban Development (Department of Works, Housing and Urban Development), Govt. of India.

been utilised by the States mainly for financing the Middle Income Group Housing Scheme, the Rental Housing Scheme for State Government Employees and the Land Acquisition and Development Scheme.

Under the various housing schemes, according to progress reports so far received, 4,97,968 houses were sanctioned for construction, out of which 3,83,271 were completed. 22,197 acres of land were acquired and 14,371 acres developed for housing purposes.

Allocation to some States for 1970-71

The Union Department of Works, Housing and Urban Development has allocated Rs. 6.35 erores to six States for financing housing programmes during the current financial year.

The amount has been provided out of the total loan of Rs. 14 crores to be made available by the Life Insurance Corporation for this purpose.

The State-wise break-up of the amount is as under: Andhra Pradesh Rs. 1-20 crores, Punjab Rs. 85 lakhs. Rajasthan Rs. 80 lakhs, Tamil Nadu Rs. 1-50 crores, Uttar Pradesh Rs. 1 crore and West Bengal Rs. 1 crore. The balance of Rs. 7-65 crores will also be released to the State Governments shortly.

The details of progress, under individual Housing Schemes administered by the Ministry of Works, Housing and Urban Development are indicated below.

PROGRESS UNDER THE SOCIAL HOUSING SCHEMES

Integrated Subsidised Housing Schemes for Industrial Workers and Economically Weaker Sections of Community:

Central assistance amounting to Rs. 67-05 crores was disbursed to the State Governments and Union Territories up to 31st March 1969 for the implementation of the Integrated Subsidised Housing Scheme.

Housing for Industrial Workers: It is intended for lowpaid workers whose wages do not exceed Rs. 350 p.m. The rents recoverable from the workers are based on 50 per cent of the approved cost of construction. If a workerallottee of the house under the scheme crosses the wage limit of Rs. 350 p.m. the State Government have been advised to provide alternative accommodation under the Low Income Group Hensing Scheme to such allotted worker. It has been decided that an allottee worker who declines such alternative accommodation when offered to him, should be evicted instead of his being allowed to retain the house even on payment of some additional charges until his wages cross the limit of Rs. 500 per month. It has also been decided that sale of houses under the Scheme should be discouraged as a rule so as to benefit the eligible workers who are actually engaged on productive activity. Requests from the State Governments for the sale of such houses to their present occupants in specific cases, will, however, continue to be considered on merit. Upto the end of September 1969, the States and Union Territories sanctioned projects for the construction of 1,94,314 houses, out of which 1,67,032 houses were completed.

Housing for Economically Weaker Section of Community: Under this Scheme, subsidised rent based on 50 per cent of the cost of construction is charged from the allottees as in the case of houses meant for industrial workers. Upto the end of September 1969, the construction of 6,587 houses was sanctioned, out of which 3,607 have been completed.

Low Income Group Housing Scheme

Loans under the scheme can be granted for (i) purchase of new ready-built houses from reliable building agencies and (ii) for construction of new houses including residential portions of the premises which are intended to be used for shop-cum-residential purposes. Upto 30th September 1969, 1,71,654 houses were sanctioned, out of which 1,29,717 were completed. Central assistance amounting to Rs. 94.78 crores was drawn by the State Governments and Union Territories upto 31st March 1969.

Subsidised Housing Scheme for Plantation Workers

The scheme provides for the grant of financial assistance to planters to the extent of 75 per cent of the approved cost of houses (25 per cent subsidy and 50 per cent loan) for the construction of rent-free houses for their workers. The balance of 25 per cent is to be contributed by the planters. In the case of co-operatives of the plantation workers, financial assistance is given up to 90 per cent of the approved cost of a house — 65 per cent loan and 25 per cent subsidy. The balance of 10 per cent loan and 25 per cent subsidy. The balance of 10 per cent is to be arranged by the co-operatives themselves. The scheme is at present being implemented in Assam, Kerala, Mysore, Tamil Nadu, West Bengal and in the Union Territory of Tripura. The approved cost of a house in Kerala, Mysore and Tamil Nadu is raised from Rs. 3,200 per house and in West Bengal, Assam and Tripura Rs. 4,000 per house.

Upto the end of December 1969, 2,443 houses were sanctioned for construction since the inception of the scheme and 1,614 houses have been completed. A sum of Rs. 37.55 lakhs has been disbursed by the State Govts. upto the end of December 1969 under the scheme.

Village Housing Projects Scheme

This scheme provides for the grant of loan assistance to villagers (construction of new houses or for improvement of existing houses) upto 80 per cent of the cost of construction/improvement subject to a maximum of Rs. 3,000 per house. The scheme provides for 100 per cent grants to State Govts. etc., for provision of house-sites to landless agricultural workers and for laying of streets and drains for improving the sanitation of the villages. Technical guidance is provided to villagers and local authorities through the State Rural Housing Cells, 50 per cent of the cost of pay and allowances of the staff of the cell is met from Central grants. As far as possible, assistance under the scheme is to be utilised in selected villages in conjunction with the tural programmes of other Ministries/ Departments. Upto the end of December 1969, 72,453 houses were sanctioned out of which 43,492 have been completed. Loans sanctioned to villagers amount to Rs. 12.01 crores of which Rs. 9.21 crores have been disbursed.

Middle Income Group Housing Scheme

Under this scheme, persons whose income is between Rs. 7,201 and Rs. 15,000 per annum are eligible to get loan assistance upto 80 per cent of the cost of house including the cost of land, subject to a maximum loan of Rs. 25,000 per house. In the case of houses constructed by the State Governments and their designated agencies, loan assistance equivalent to lon per cent of the cost of construction, subject to a maximum of Rs. 30,000 per house, is admissible. Loans can also be granted to eligible persons for purchase of ready-built houses from reliable house building agencies.

In the States, the scheme is financed by the loans advanced by the Life Insurance Corporation of India. The

funds required for the Union Territories are provided by the Central Government.

Upto the end of December 1969, loan amounting to Rs. 45.45 crores was sanctioned for the construction of 27,718 houses. Rs. 45.28 crores have been disbursed and 19,427 houses completed.

Rental Housing Scheme for State Govt. Employees

This scheme gives loans to the State Governments for constructing residential accommodation for their employees. The funds are provided by the Life Insurance Corporation. The houses constructed are exclusively meant for the State Govt. employees. Upto the end of December 1969, the State Governments sanctioned construction of 22,799 houses at a cost of Rs. 24-64 corores. Of these, 18,382 houses have been completed. The expenditure so far incurred is Rs. 22-17 crores.

Land Acquisition & Development Scheme

This scheme assists the State Governments and Union Territory Governments/Administrations to acquire and develop land on a large scale in urban areas to enable them to provide house sites at reasonable rates to prospective builders in the Low Income brackets. Its object is to stabilise land prices and promote urban development by setting up composite housing colonies in a planned way. The scheme is being implemented in the States from the funds made available by the Life Insurance Corporation of India. In the case of Union Territories, requisite funds are being provided by the Government of India.

Upto the end of September 1969, 444 projects for acquiring and developing 57,000 acres of land at a cost of Rs. 68.75 crores were sanctioned. 22,197 acres of land have been acquired and 14,371 acres developed. The expenditure incurred by the State Governments amounts to Rs. 30.37 crores.

House Building Advances to Central Government Employees

Central Government employees including those governed by the Payment of Wages Act, 1936, are eligible for loan assistance. Advances for building houses, or for the purchase of ready-built houses/flats by a Government or semi-Government agency or an autonomous institution like the improvement trusts, etc. are granted to the Central Government Employees, subject to certain conditions. The quantum of advance admissible is 48 times the pay of an employee or Rs. 35,000 or the cost of construction/ building, whichever is less provided that the total cost of the building (excluding the cost of land) does not exceed 60 times the pay of the employee or Rs. 80,000 whichever is less. In the case of low-paid employees, however, the ceiling limit applicable is 60 times the pay or Rs. 20,000, whichever is more. Advances are also admissible under this scheme for enlargement of existing houses subject to a maximum of Rs. 12,500.

From 1st April 1969 to 30th November 1969, 1,243 applications for advances aggregating to Rs. 216-96 lakhs

were approved as against 819, aggregating to Rs. 125.07 lakhs during the corresponding period of the last year. Twenty-eight applicants have been sanctioned an advance of Rs. 5-38 lakhs by the Union Territories. Since the inception of this scheme in 1956 till the end of November 1969, 8,645 applications for advances aggregating to over Rs. 11.84 crores of loans have been approved. Out of this amount, approximately Rs. 9-10 crores have been disbursed.

Houses for Central Government Employees: The Union Works and Housing Ministry had sanctioned construction of over 2,200 houses, primarily for low-income Central Government employees in Delhi. Of these, about 1,300 residential units were expected to be available for allotment by June 1970. The new houses would, however, meet only a fraction of the needs. Out of the 1,00,099 Central employees, only 41,690 have been provided Government accommodation, according to the Housing Ministry's report. After the new construction, the Ministry will still be short of 56,209 houses, the number of employees remaining the same.

Slum Clearance/Improvement Scheme

Since the inception of the Scheme in May 1956, upto the end of March 1969, a sum of Rs. 34-32 crores has been disbursed to the State Governments, During the same period, 1,13,550 dwelling units were sanctioned, out of which 72,584 units have been completed. The Scheme has now been transferred to the State sector and the State Governments are to execute the schemes with funds given to them as "block loans" within the State Plan reilings.

Jhuggi & Jhopri Removal Scheme

The Scheme aims at providing alternative accommodation on rental basis to unauthorised squatters on Government and public lands in Delhi, numbering about 50,000 families, whose occupation dates from before July 31, 1960. During the year 1969, Government provided Rs. 90 lakes for the scheme. About 6,000 plots for pre-July 1960 squatters and 4,000 camping sites for post-July 1960 squatters were expected to be ready by the end of the year. In addition, about 1,500 tenements forming part of a continuing project, were expected to be ready by that date.

REVOLVING FUND

In pursuance of the Conference of Ministers of Housing and Urban Development, held at Bungalore in June 1969, the Government of India has decided to constitute a Revolving Fund for housing and urban development, with a corpus of Rs. 200 errors to be built up over a period of years, from Governmental allocation and other sources. The Fund will be utilised to finance economically viable projects which have regenerative features. The roturns from the projects will be reinvested in further projects to ensure a continual increment of the initial seed capital and progressive building activity.

INDO-PAKISTAN RELATIONS

Some individual items, incidents that marked Indo-Pakistan relations in the period under review — June 1969 to May 1970:—

1969—June 4: A Pakistan Government spokesman made a strong attack on India in a statement in Islamabad. He said that it seemed to him that India did not intend to eliminate the basic cause of tension and that there could be no cooperation with India unless the Kashmir issue was settled. He also reiterated a previous charge that India's attitude on Kashmir was hardening.

July 4-5: The representatives of India and Pakistan at a meeting in the Pakistan capital of Islamabad signed about 1,500 maps and documents thus setting their seal on the alignment of the border in Kutch, as fixed by the

International Tribunal that enquired into the question. The final agreement was preceded by year-long talks on the exact demarcation on the ground of the boundary in the Rann of Kutch, an issue that had led to hostilities between the two countries earlier. It could be assumed that this question is now finally settled. It may be of interest to note that Pakistan got 350 sq. miles of territory, about one-tenth of what she had claimed.

July 26: A joint communique was issued in New Delhi at the conclusion of the talks between India and Pakistan on the Farakka Barrage dispute. The talks had lasted 12 days. The communique said that another secretariat-level meeting would be held in Islamabad in about four months' time to finish the discussion on technical aspects and get started on the substantive questions. The leader of the Pakistan delegation made four suggestions in this regard. First, there should be guarantees to Pakistan of fixed minimum doliveries of water from the Ganges on a monthly basis at agreed points. Secondly, construction and maintenance in India of such works as may be necessary in connection with the construction of the Ganges Barrage in Pakistan have to be arranged. Thirdly, there should be a permanent Ganges Commission for implementation of the agreement. Finally, machinery and procedures should also be agreed on to settle possible dispute consistent with international usage in this matter.

August 1: President Yahya Khan replied to an earlier suggestion made by Mrs. Gandhi in which she had proposed the establishment of joint machinery to examine various issues between the two countries. He said that he was ready to enter into talks for improving relations if there was a guarantee that the talks would include all outstanding issues, and the purpose was to find a solution. He added that Pakistan's concept of a joint body had been convoyed to Mr. Kewal Singh, Secretary for External Affairs, during the latter's visit to Rawalpindi. President Yahya explained as though in reply to India's contention that the smaller differences might be expected to fade away in the course of normal dealings. But the bugger issues vitiated the atmosphere and poisoned relations. It is they that must be eliminated first.

Sept. 2: The External Affairs Minister, Mr. Dinesh Singh said in reply to a letter from a member of Parliament that all the indications were that Pakistani leaders were inflexibly opposed to the resumption of trade with India. India wanted normalization of trade and travel and had taken several steps in this direction and had also made specific proposals. But then there was also evidence that the people of Pakistan realised the benefits of trade with India and wanted its resumption. A leading Pakistani paper, for instance, had published several articles strongly urging the normalization of trade and the resumption of other contacts.

Dec. 13: At a two-day conference of Governors one of the items was a statement by Mr. Dineah Singh on the assumptions underlying Indian foreign policy. In the course of his speech he expressed the view that there was no danger of a major conflict with Pakistan, though local incidents could occur.

Dec. 20: Reports came of firing by East Pakistan Rifles into Indian territory across the Punarbhaba River in Malda District. The general impression was that it was an attempt to divert attention from domestic difficulties by creating tension in the border. A cease-fire came after the firing lasted about 22 hours.

1970—Jan. 26: It was learnt that India had lodged a strong protest with the Pakistan authorities against the continued sale of Indian properties illegally seized by them during the 1965 conflict. This included in the latest list put

out for sale two rice mills, an ice factory, an oil and a flour mill. The Indian note warned that such a transaction would be illegal, and that the sale should therefore be stopped. It would also be a violation of the Tashkent agreement. India again declared that she was ready to start talks about the restoration of seized property in accordance with the Tashkent agreement.

March 4: The Defence Minister confirmed in the Lok Sabha that the Soviet Union had supplied T-54 and T-55 tanks to Pakistan. He added that there was a perceptible increase in the striking capacity of the Pakistan Air Force since the conflict of 1965. But India's superiority in air remains.

March 6: The West Bengal Chief Minister announced in the State legislature that armed Pakistani soldiera had kidnapped five Forest officers and employees with their rifles and also three fishermen in the 24-Parganas District.

March 27: India protosted to Pakistan against the assistance being given by that country to Naga, Mizo and other rebels. It was pointed out that this was against international law, a violation of the Tashkent declaration and a gross interference into India's internal affairs.

April 3: Pakistan turns down India's proposal for West Bengal-East Pakistan border demarcation demanding prior demarcation of Berubari.

April 4: The Indus Waters Treaty expired on March 31 and Pakistan declared that she had no intention to ask for an extention of the transition period since she was not dependent any more on the waters of the eastern rivers.

April 8: Mr. Swaran Singh concedes that eastern border is uneasy as the Chinese continued to face India in strength and Pakistan had augmented her troops. But the border had not become in any sense suddenly live.

April 15: In a speech on foreign affairs in the Lok Sabha, Mr. Dinesh Singh referred to Indo-Pakistan relations. He said that India was willing to discuss all outstanding problems with Pakistan, but there was no encouragement from that country. On the Farakka Barrage, he said that Pakistan had not supplied full technical data, which shows reluctance to enter into constructive talks. India has no objection to Pakistan's participation in non-aligned conferences provided she ceases to be a member of military pacts and so becomes truly non-aligned.

April 30: Concern is expressed in Parliament over the continued large-scale executs of the minority community from East Pakistan. Energetic measures are demanded to stop the migration and to provide rehabilitation facilities for those who have crossed over.

May 7: In a note delivered to Pakistan the External Affairs Ministry says that the seizure of the property of the minority community as enemy property and other difficulties faced by the minority in East Pakistan particularly were matters of considerable concern to the Indian Government. Steps should be taken to implement the Prime Minister's agreement and the Tashkent declaration.

May 7: The Deputy Minister for External Affairs, Mr. Surendra Pal Singh said in the Lok Sabha that Pakistan's treatment of the minorities especially in the eastern wing was just as bad as the apartheid policy of South Africa. He stated that upto April 29, about 34,500 people of the minority community had arrived in India from East Pakistan. The cause was disabilities and hardships the minority suffered—insecure conditions, economic distress, discriminatory treatment.

May 13: Pakistan Foreign Office hands in a note of protest to the Indian High Commission over the riots in Maharashtra.

There was no basic change in Indo-Pakistan relations during the period under review. Mrs. Gandhi's proposal for a joint machinery to sort out differences and normalize relations held the field. There was no formal outright rejection of this offer, but the fundamental difference in the two opposing stand-points remained. India contended that we should proceed from the less to the more difficult, while Pakistan insisted that attempts at improvement of relations must start with Kashmir and Farakka. Thus in January General Yahya sent a message to the Indian Prime Minister in which he said that Tashkent provided the framework within which outstanding differences can be settled. Earlier Sher Ali Khan, Pakistan's Information Minister declared in New York (Oct. 1969) that Pakistan was ready to hold talks without condition. Again in March 1970, General Yahya Khan said he was ready to meet Mrs. Gandhi to talk things over. But at the back of it all the essential stand-point never changed. It did not seem that there was much that Pakistan could do by way of any dynamic action. She could not activate affairs in Kashmir with any chance of success. There was little prospect of the issue being raised at the U.N. with any practical benefit to Pakistan. She could not have entertained hopes that China could be induced to exert pressure on India. Pakistan's primary aim throughout was to strengthen her relations with China and to amass as much armaments as possible. Pakistan might also have thought that Russia being somewhat more neutral than before, might be willing to pressurize India a little more than in the past.

Pakistan succeeded in keeping India out of the Rabat conference, while India appeared equally determined to keep Pakistan out of non-aligned conferences. Pakistan consistently turned down proposals for resumption of trade or air services, ease travel restrictions, restore goods ecized during the 1965 hostilities and pay compensation for Indian property that was auctioned.

SINO-INDIAN RELATIONS

THERE was an internal change in China, which can be regarded as being of significance to countries which have had close relations, friendly or otherwise with her. This is that the more acute phase of the cultural revolution was over and China seemed to be getting ready to return to the international arena from which she seemed to have retired voluntarily when the cultural revolution was at its height. One tangible evidence of this was that a number of Chinese ambassadors who had been previously recalled had now started returning to their posts. All this meant that old links would have to be taken up and adjustments made in readiness for China's re-entry. But so far as India was concerned there was nothing to support any assumption that Chinese policy had changed.

A point of view was growing in India that the freeze in Sme-Indian relations should be broken and some initiatives taken, though there was a good deal of vagueness when one came down to hard practical details. Few in India had ever thought of Sino-Indian differences as having been fixed for all time, and the Government had through the appropriate spokesman made it clear that India was prepared to seek a settlement consistent with her national interests and national honour. On one occasion the Prime Minister went to the extent of saying that we were prepared to talk to China without any pre-conditions, though, one may add, the chances of agreement on the border issue are slim.

The Indian attitude may be summed up in some such way as this: we have no enmity with the people of China. We wish them well. We also do not wish to interfere in China's internal affairs. But where China violates the norms of international behaviour and threatens our security or when China attempts subversion in our country we must be ready to meet them. Chinese policies will have to change one day. We cannot say when this will happen. But when it does we shall not be found wanting when it comes to responding to the new situation that may be created. There are no real grounds for Chinese suspicions of India. It is true that we have friendly ties with both Russia and the United States, but we have no intention of joining anyone in an effort to encircle China, if that is what China is afraid of, assuming, of course, that anyone

has any such intentions. That is our attitude. But on the ('hinese side there is no evidence that China is anxious to have an honourable settlement with India.

One may next consider some of the reasons why some people in India are asking that there should be some flexibility in our handling of Sino-Indian relations. Vast changes are taking place all round us. For instance, there are obvious attempts to improve Russo-Chinese as well as U.S.-Chinese relations despite the many major obstacles to any such understanding. Russia is engaged in negotiations with China even when the two armies are facing each other in a hostile posture. The United States has unilaterally relaxed travel and trade restrictions at the very time when the Chinese are using such abusive language about American leaders. But relations between India and China increase Indian dependence on the Soviet Union beyond a point that can be regarded as healthy. Prolonged and implacable hostility between India and China can only be to the benefit of Pakistan. There is also s case for saying that a strong attempt should be made to see whether India's defence burden can be reduced. A final settlement may not be feasible, but negotiations by the very fact that they are happening can sometimes contribute towards a reduction of tensions.

But the difficulties in the way of Sino-Indian understanding cannot be under-estimated. China attacked this country in 1962 and is now in possession of Indian territory in Aksaichin. She is continually inciting trouble on our north-eastern border. She is trying hard to destroy Indian influence in the three Himalayan kingdoms in an effort to isolate them completely. She arms and inspires Naga and other rebels, and tries subversion by encouraging querilla and separatist movements. She maintains a sizable force on our border, and is not above staging diversionary attacks. Finally she conspires with Pakistan against this country, endorses Pakistan's stand on Kashmir and promotes a spirit of intransigence in that country. All this imposses a heavy defence burden on India.

It does sometimes seem as though Sino-Pakistan relations are so close that it is unlikely that either of them will agree to any final solution of the difficulties without the tacit consent of the other.

The difficulties are indeed formidable. But those who ask that we should be ready to take active steps in the direction of Sino-Indian understanding would still contend that this does not negative their basic stand. Such a policy would still amount to a demonstration of goodwill, of our readiness to come to an honourable settlement, when China wills it so. It may actually reduce tension. In any case, it will certainly not enhance them. Some individual items, incidents that marked Sino-Indian relations during the period under review—June 1969 to May 1970:—

1969 — June 25: India sends a strong protest note to China through the Chinese Embassy in Delhi against a road built by Pakistan with the help of Chinese labour in the Pakistan-occupied part of Kashmir. It was pointed out that Kashmir is part of India and that neither Pakistan nor China has a locus standi in the area concerned. The road served as a link between Pakistan-held Kashmir and Chinese Sinkiang. The road cut across the Karakoram Range and could be of great strategic value. Another note of protest on the same subject was handed in simultaneously at the Pakistan High Commission in New Delhi.

The road is of strategic importance, because as the note to Pakistan pointed out, it connects the Sinkiang-Tibet net-work of roads to territory in north Kashmir, and will give the Chinese easy access to areas in Kashmir. Since the road is not necessary for trade and commerce, the reason for building it can only be for purposes of military expansionism. It thus becomes a potential threat to peace and tranquillity in the region. India deplored that Pakistan should be seeking Chinese help in creating further tension, something that is a clear violation of the Tashkent spirit.

In the note to China the Government of India made the point that this was one more proof of China's collusion with Pakistan in undermining Indian sovereignty, her intention to make trouble between India and Pakistan and in the process abet Pakistan's illegal occupation of Indian territory.

It was officially explained in Delhi that the road has dangerous potentialities because it will help to cut the distance between Tibet and Ladakh on the one hand and Gilgit on the other from 1,000 to a bare 200 miles.

July 1: At a news conference in D'jakarta the Prime Minister, Mrs. Gandhi said that she could not see any real danger from China at the moment and that she believed that China posed no real threat to India despite the border issue. If war did at all break out it would be the conventional kind of war.

July 31: In the course of a news conference in New Delhi, Mrs. Gandhi referred to China and said that although the armies of India and China faced each other at some points on the long border, it cannot be called an active confrontation, there was plenty of propaganda war.

Dec. 13: At the two-day conference of Governors in New Delhi, among others Mr. Dinesh Singh also spoke. With reference to China he said that his assessment was that China was still to settle down after the excitement created by the cultural revolution. He gave the impression that India was prepared to reciprocate any genuine gesture of goodwill from China. Mr. Dinesh Singh apparently seemed to feel that Chinese attitude might be more flexible than some people might think.

1970-Jan. 2: It became known that the Chinese had extended their air base at Phari Dzong in the Chumbi

Valley. The purpose of the extension was to improve communications and logistics on China's border with India. It was believed that this could bring some sensitive northeast Indian targets within the reach of Chinese aircraft.

March 9: The Dalai Lama made an appeal to all freedom loving countries to support Tibet's struggle for freedom from the Chinese grip.

April 15: In a speech on foreign affairs in Lok Sabha, Mr. Dinesh Singh referred to India's relate us with China. He said that India was prepared to discuss all differences with China keeping in view India's national honour and interest. India would consider the question of exchanging ambassadors when the time was right.

April 27: Concorn was expressed in the Lok Sabha at the successful launching of a space satellite by China. There was a feeling that this affected India's defence, and a statement by the Government was necessary.

April 28: There was a debate in the Lok Sabha on a motion which called attention to the launching of a satellite by the Chinese, The Defence Minister, Mr. Swaran Singh, declared that India was re-examining her space programme now geared to a ten-year time frame to see if it can be speeded up. The Defence Minister conceded that China was well on the way to developing intercontinental ballistic missiles, though problems of re-entry and terminal guidance remained to be solved. In reply to suggestions that India should go in for nuclear weapons, Mr. Swaran Singh simply reiterated the Government's firm contrary stand. India should be reconciled to the fact recognized elsowhere that there was no safeguard against a nuclear attack. He also emphasized that though India had her bilateral problems with China, India would not be a party to a policy of mere containment.

May 13: Mr. Dinesh Singh rejects demands (made in the Lok Sabha) for any type of recognition of Taiwan (Formosa). In fact there is no such country as Taiwan in the U.N. sonse.

May 18: Mr. B. R. Bhagat says (in answer to a motion in the Rajya Sabha) that the Government stood by its policy not to have trade dealings with China, until that country vacated all Indian territory. But Mr. Bhagat appears to have hedged this with qualifications which seemed to make the statement somewhat ambiguous. One was a remark that trade itself was a means of normalising relations. He also endorsed a view-point put forward in the Rajya Sabha that there should be some separation between trade and politics. The trend all over the world was in the direction of such separation.

Chinese Satellite

The Chinese satellite led many to think again about Sino-Indian relations. Some people asked whether there should be any change in India's own nuclear policies in view of the fact that China now appeared to be capable of firing an ICBM. The old points both pro and con once again came under review. The Government stuck to its old decision not to use nuclear power for military purposes. But some observers seemed to have doubts about the wisdom of the decision. In logic, it should make little difference considering that when China first exploded her atom bomb the future course of development was all foreseen. The ICBM itself does not affect India, as China already has her IRBMs which do. But those who urged a change in policy argued on grounds of preetige as well as of protection against possibilities of blackmail.

GENERAL ELECTIONS (1967)

INDIA, the second most populous country in the world went to the polls on February 15, 1967 for the fourth time after she attained independence on August 15, 1947.

POLITICAL PARTIES AND SYMBOLS*

For the 1967 Election, the Election Commission had prescribed 23 symbols. Sixteen of them were "Reserved Symbols" and the remaining seven "Free Symbols."

The Commission classified political parties as recognised and others. A political party which contests in more than one State and secures more than 4 per cent of the votes cast in the country as a whole in a general election is classified as a recognised multi-state party for the next general election. Each recognised party is allotted a reserved symbol and the candidates sponsored by it for contesting from different States are allotted the same symbol.

RECOGNISED MULTI-STATE PARTIES

There are now eight recognised multi-state parties. Their names and symbols allotted to them are: 1. Indian National Congress: Two bullocks with the yoke on. After the split of the Indian National Congress into two, one led by Mr. Nijalingappa and the other led by Mr. Jagjiwan Ram both have applied for the same symbol. The dispute is before the Election Commission. Till the time of going to press, no final decision has been made. 2. Communist Party of India: Ears of corn and sickle; 3. Swatantra Party: Star ; 4. Communist Party of India (Marxist) : Hammer, sickle and star; 5. Bharatiya Jana Sangh: Lamp; 6. Praja Socialist Party: Hut; 7. Samyukta Socialist Party; Tree; and 8. Republican Party of India: Elophant.

RECOGNISED PARTIES IN DIFFERENT STATES

The names of recognised State Parties, their States and symbols + respectively are:

1. Muslim League : Kerala : Ladder. 2. Kerala Congress; Kerala; Horse.

3. (i) Dravida Munnetra Kazhagam, Tamil Nadu; (ii) United Goans (Furtado Group); Rising Sun.

4. Peasants and Workers' Party; Maharashtra; Cart. 5. (i) Shiromani Akali Dal (Master Tara Singh Group); Punjab; United Goans (Sequeira Group), Goa, Daman and

Din : Hand. 6. (i) Forward Bloc, West Bengal; (ii) Maharashtrawadi Gomantak, Goa, Daman and Diu; Lion.

7. All Party Hill Leaders' Conference, Assam; Flower.

8. Shiromani Akali Dal (Sant Fatch Singh Group), Punjab ; Scales.

9. Jammu and Kashmir National Conference, Jammu and Kashmir; Plough.

10. Republican Party (Maharashtra); Elephant.

Janata Paksha (Mysore).
 Naga National Organisation, Nagaland.
 Jana Congress (Orissa).

14. Bangla Congress (West Bengal).

Shiromani Akali Dal (Master Tara Singh Group) in Punjab, the Democratic National Conference in Jammu & Kashmir, Frente Populare and the United Goans (Furtado Group) in Gos, Daman & Diu have failed to obtain sufficient electoral support and their recognition has been withdrawn.

The following symbols, though reserved for multi-state parties (Tree for S.S.P. and Elephant for the Republican l'arty) have also been made available to:

- 1. Democratic National Conference; Jammu and Kashmir: Tree.
- 2. (i) Frente Populare; Goa, Daman and Diu; (ii) People's Front, Pondicherry : Elephant.

FREE SYMBOLS

The free symbols, as already stated, are available for allotment to candidates of political parties which are not recognised and to independent candidates, such candidates can indicate the free symbol which they wish to be alletted. The Election Commission has laid down the procedure to be followed if two or more candidates indicate their preference for the same symbol. If one of the candidates is a sitting member of the Lok Sabhs or the State Assembly and had been allotted that symbol at the previous election, the returning officer will allot the symbol, to that candidate. In all other cases the allotment will be by draw of lots.

ELECTION OF PRESIDENT AND VICE-PRESIDENT

After the demise of President Zakir Hussain in May 1969, the polling for the next President took place on Aug. 19, 1969. The result was declared on Aug. 20, Mr. V. V. Giri was elected President.

The polling for the Vice-Presidentship took place on Aug. 30, 1969 and the result was declared on the same day. Mr. G. S. Pathak was elected Vice-President.

Party

^{*}As there has been frequent defections of members from one party to the other, it is not possible to give a correct picture of the party affiliations as also the party position in the various Assembles and Lok Sabba. At the time of going to press as the election to the Legislative Councils was incomplete, it was not possible to give the correct list of the members. (a) Resigned on July 31, 1970.

SOME POLITICAL PARTIES*

AKHIL BHARAT HINDU MAHASABHA

(Hindu Mahasabha Bhawan, Mandir Marg, New Delhi 1.)

THE aim of the Hindu Mahasabha is to establish a really democratic Hindu State in Bharat, based on the culture and tradition of Hindu Rashtra and to re-establish Akhand Bharat by all constitutional means.

The 1967 Election Manifesto was given in the 1967 Directory.

Foreign Policy

On foreign policy, the Sabha stands for befriending all neighbouring Hindu nations such as Nepal, Sikkim, Bhutan, Burma and Ceylon and calls for non-involvement and non-interference in the affairs of other countries.

The manifesto also stands for the liberation of Indian territory from the control of foreign Powers by "all possible means."

The Sabha wants India's withdrawal from the Commonwealth so that India becomes a "really independent country, free from British influence in our internal and external policies."

The Sabha wants the Government to manufacture nuclear weapons for defence purposes "without being bullied by our enemies."

Language Policy

On language, the Sabha stands for resisting all attempts made to dislodge Hindi from the place it has been given in the Constitution as a Union language.

The Sabha wants all administrative work to be conducted in the language which the masses speak.

On Kashmir, the Sabha stands for the abrogation of Article 370 of the Constitution which gives special status to that State.

It also wants the imposition of "effective curbs" on the activities of foreign Christian missionaries.

The Sabha has also promised a ban on cow slaughter. More details were given in the 1968 Directory,

President: Pt. Brijnarayan Brajesh. Total membership of Party: 785,000.

ALL INDIA FORWARD BLOC

(Central Office, 88, North Avenue, New Delhi.)

Gen. Secretary's Office, Chhindwara, M.P.

Chairman: Hemanta Kumar Bose, M.L.A.

General Secretary : R. K. Haldulkar.

The party advocates the nationalisation of all key industries in the country, equitable redistribution of land with special provision to allot land to the landless peasants, fair wage to the workers, right to strike and full trade union rights to the workers, appointment of a Commission to go into the economic condition of kisans and suggest

means of greater production of foodgrains to meet the deficit, action to vacate aggression of China on the northern frontiers of the country, free education to the students upto the degree level and up-to-date training of our defence forces to meet any aggression from outside.

The Party is opposed to any talks with Pakistan over the Kashmir issue and wants military action to vacate the Pak-occupied portion of Jammu and Kashmir.

[•] The articles in this section are based on the material provided by the parties themselves-

BHARATIYA JAN SANGH

(Vithal Bhai Patel Bhavan, New Delhi)

President: Atal Bihari Vajpayee.

Secretary : J. P. Mathur.

Total membership of party in country: more than 25,00,000.

Has branches all over India including NEFA, Tripura & Kashmir.

AIMS AND OBJECTS

Believes in Integral Humanism as opposed to Marxist economic interpretation of history and the individual. Is pledged to checkmate spread of Communism. Stands for Nationalism and Democracy. Stands for determination of limitations on individual property in accordance with the needs and life-values of the society and individual. Does not regard the right to property as absolute and immutable. Looks upon India as an organic entity — geographically, culturally and historically. Have faith in one country, one people, one culture and one nation. Special facilities to backward sections of the society including scheduled castes and scheduled tribes.

Considers concentration of economic power — whether in the hands of some private individuals or groups or the State — as negation of economic democracy. Stands for the establishment of an independent Monitary Authority like the Legislative, Executive and Judiciary, by up-

grading the Reserve Bank as an independent body. Attainment of self-sufficiency in food production and guaranteeing remunerative prices to the grower. Adequate credit facilities to peasants and tillers by banks and altering the concept of creditworthiness in this context. Strict implementation of land ceiling laws and distribution of surplus unoccupied cultivable waste land among landless scheduled castes and scheduled tribes and ex-servicemen. Indianisation of foreign owned tea, drugs, soap, matches, vegetable products, jute and eigarettes industries and nationalisation of foreign banks.

Elementary education through mother tongue, secondary and higher education through regional language with Hindi as a compulsory subject. Hindi speaking sections to study one Indian language.

Regards as out dated the assumption that the world was divided in two power blocs and India having to align with one of these. Stands for liberation of Indian territory under occupation of China and Pakistan. Stands for recognising Israel and Formosa with full-fledged diplomatic relations. Gives high priority to defence. In wake of the Congress split, stands for formation of coalition governments both at the Centre and the states in co-operation with nationalist democratic parties and individuals on the basis of a minimum common programme of public welfare.

COMMUNIST PARTY OF INDIA (MARXIST)

(Central Committee Office: 49, Lake Place, Calcutta 29.)

The Communist Party of India (Marxist), is the party of the Indian working class wedded to the ideology of Marxism-Leninism with the aim of building Socialism and Communism in India through the establishment of a People's Democratic State as the first stage.

The Communist Party has today grown to become one of the major opposition parties in the country.

The Party's Programme based on Marxism-Leninism envisages the replacement of the present State and Government by a State of People's Democracy and a Government led by the working class on the basis of a firm worker-peasant alliance.

The Programme lays emphasis on the task of carrying out radical agrarian and other reforms in the interests of the peasantry and includes eradication and summary expulsion of the foreign monopoly capital from our national economy and thus free the economic, political and social life of our people from all its disastrous influences.

The Party is represented in the Lok Sabha and Rajya Sabha and is recognized in the five States of Kerala, West Bengal, Tamil Nadu, Tripura, and Dadra and Nagar Haveli by the Election Commission.

The structure of the Party is the Branch in the factory, other establishments and villages, with the Local or Town committee above it, then the Taluk Committee, the District Committee with its Secretariat, the State Committee with its Secretariat and the Central Committee with its Polit Bureau.

The Party runs a central English weekly "People's Democracy" and a Hindi weekly "Swadhinta", and has dailies in Kerala (Deshabhimani), West Bengal (Ganashakti and Kisan Mazdur (Urdu) and weeklies in Tamil Nadu (Theekkathir), Karnataka (Aikya Ranga), West Bengal (Desh Hitaishi), Punjab (Lok Lehar) and in Andhra Pradesh (Prajashakti).

Polit Bureau: General Secretary: P. Sundarayya; Members: E. M. S. Namboodripad; A. K. Gopalan; P. Ramamurti; M. Basavapunniah; B. T. Ranadive; Promode Dasgupta; Jyoti Basu and Harkishan Singh Surieet.

The 1967 Election Manifesto was given in the 1967 Directory.

COMMUNIST PARTY OF INDIA

(7/4, Asaf Ali Road, New Delhi.)

Chairman: S. A. Dange; General Secretary: C. Rajeswara Rao.

Aims & Objects:

Establishment of a socialist society in India and ending all forms of exploitation of man by man. Achievement of power by the working people and establishment of proletarian statehood, based on socialist democracy.

Creation of national democratic front.

The Policy:

Reorganise administration and services in such a way as to make them subordinate and responsible to popularly elected State organs at all levels.

Grant universal and equal suffrage to all male and female citizens of India who have attained the age of 18 years in elections to Parliament, legislative assemblies and local bodies through secret ballot; introduce proportional representation in all elections and right of recall of elected representatives by majority of electors.

Abolish second chambers and such reactionary, out dated institutions and practices as the post of State Governors, rule by ordinances, detention without trial and privy purses and other privileges of the princes.

Enforce directive principles of the Constitution like right to work, living wage, free education, social security, etc.

Ensure inviolability of person and domicile, unhampered freedom of conscience, religious belief and worship, speech, press, assembly and organisation, strike and combination, freedom of movement and occupation.

Separate judiciary from the executive. Ensure simpler, cheaper and speedier justice within reach of the common man. Provide free legal aid for poorer sections of population.

Reorganise taxation system and base it on the principle of capacity to bear burden.

Introduce state-trading in essential commodities like foodgrains, cloth, etc. and supply them to people at reasonable prices.

National minimum wage should be fixed and workers should be assisted in securing fair wages which should be above the minimum. Sliding scale of D.A., bonus, gratuity and holidays with pay.

Guarantee full trade union and democratic rights.

All land reform measures be implemented with the help of popular committees of accredited representatives of peasants and agricultual labourers. Financial and technical aid also be distributed in a similar way.

Introduce graded land tax based on income, exempting all uneconomic holding from tax.

Organise multipurpose cooperatives to provide cheap credit, seed, manure, pesticides, etc. to peasants and ensure remunerative prices for their products. Provide cheap irrigation facilities; start agro-industries in the countryside.

Ensure adequate wages and living conditions for agricultural labourers.

More details are given in the 1968 edition of the Directory.

The 1967 Election Manifesto was given in the 1967 Directory.

DRAVIDIAN PROGRESSIVE FEDERATION

(SO CALLED D.M.K.)

(MADRAS.)

President: M. Karunanidhi; General Secretary: V. R. Nedunchezhian; Assistunt General Secretaries: K. Rajaram, M.P., Kanchi Manimozhiyar; Treasurer: M. G. Ramachandran, M.L.A.

Aims and Objects:

The object of the Dravidian Progressive Federation

(D.M.K.) is the upliftment and advancement of the Tamilians by peaceful and constitutional means, to eradicate social injustice, to establish a socialistic society, to avoid Hindi as Official language and to attain self autonomy for the States with a loose federation at the Centre.

INDIAN NATIONAL CONGRESS (ORGANIZATION)

(7, Jantar Mantar Road, New Delhi.)

President: S. Nijalingappa.

General Secretaries: Sadiq Ali; P. Venkata Subbaiah, M.P.; S. D. Mishra, M.P.

Treasurer: S. K. Patil.

Working Committee: S. Nijalingappa, Morarji Desai, K. Kamraj, S. K. Patil, Atulya Ghosh, Dr. Ram Subhag Singh, C. B. Gupta, Sadiq Ali, Hitendra Desai, S. D. Mishra, P. C. Chunder, N. Sanjiva Reddy, Ashok Mehta, Girdharilal, Abid Ali, Rajesh Sharma, Dr. Nagappa Alva, Smt. Sucheta Kripalani, S. N. Mishra, P. Venkata Subbaiah, K. C. Abraham.

Central Parliamentary Board: S. Nijalingappa, Morarji Desai, C. B. Gupta, K. Kamaraj, Dr. Ram Subhag Singh, S. K. Patil, Sadiq Ali.

Central Disciplinary Action Committee: S. Nijalingappa, Morarji Desai, C. B. Gupta, S. K. Patil, Atulya Ghosh, Dr. Ram Subhag Singh.

Chairman, Congress Party, Parliament: Morarji Desai. Leader, Congress Party, Parliament: Dr. Ram Subhag Singh (Lok Sabha); S. N. Mishra (Rajya Sabha).

Deputy Leaders, Congress Party, Parliament: D. S. Raju (Lok Sabha); M. S. Gurupadaswamy (Rajya Sabha).

Secretaries: Manubhai Patel, M. N. Nagnoor (Lok Sabha); G. L. Choudhary (Rajya Sabha).

Treasurer : Kamal Nayan Bajaj.

GANDHINAGAR SESSION

The Indian National Congress (O) is led by Mr. S. Nijalingappa. The 73rd plenary session of the Congress was held at Gandhinagar in Ahmedabad from 21st to 22nd December 1969. The resolutions on economic and foreign policies, communal harmony and on the unemployment problem were all adopted unanimously on the final day of the session.

Economic and Social Policy Resolution

The Congress commitment to socialism involves adherence to a socialist process of change and emergence of a socialist society as the end product. The public sector must continue to expand and has to be efficient, productive and organised to strengthen the democratic growth of society. Immediate steps have to be taken to create a competent cadre to manage public undertakings. The private sector has also to function with a sense of social responsibility and justify itself by improved productivity, technological innovations and managerial competence and continuous research.

The tillers of the soil have to be made owners by a targetted date. Implementation of land reforms has to be speeded up. The insurance of crop and cattle is an absolute necessity.

The Congress welcomes the nationalisation of banks in furtherance of the declared policy of the Congress and urges the need for urgent follow-up measures. It demands clear steps in which credit facilities will be provided to small farmers, artisans, low or middle classes, small-scale entrepreneurs and professions to meet their production and development requirements. Effective steps have to be taken to bring the benefits of this cooperative movement to the submerged sections of the community.

The industrial and other workers have to be helped to organise themselves in healthy trade unionism shorn of interference of employers. The economic and educational advancement of the scheduled caste, and scheduled tribes has to move forward at a faster rate.

The Congress is firmly of the opinion that the privileges and privy purses enjoyed by the princes should end forthwith.

The Congress will work to abridge the sharp inequalities in rural and even more in urban areas.

Expansion of the housing programme for the masses of people requires setting up of a revolving fund annually expanded to carry forward building programme. The Congress reiterates its resolve to bring about prohibition within the period specified by the AICC in Goa.

The religious or linguistic minorities are entitled to necessary protection and to special facilities to enable them to share in a meaningful manner the fruits and efforts of economic and educational development.

Foreign Policy Resolution

The Congress believes in non-alignment. The Congress affirms its support to the freedom-fighters in the African colonies of Portugal.

The Congress refuses to condone intervention by outside armed forces in the internal disputes of a country. At the same time the Congress recognises and upholds the right of every country to its unfettered existence within its own prescribed frontiers.

The Congress is anxious to strengthen bonds of friendship and cooperation with the neighbours and make its contribution to the promotion of their prosperity and strengthening of their security and assures them that differences, if any, with them would be solved promptly and peacefully.

India has no hostility against China or Pakistan. We do have to take note of China's hostile intentions and the fact of its occupation of Indian territory. We will pursue unremittingly our efforts to deal with these situations in the interest of our security and integrity and resist any attempt at subversion or incitement to disloyalty or tradition.

The Congress welcomes the flow of economic and technical aid from one section of the world to the other, but without strings.

INDIAN NATIONAL CONGRESS (RULING)

(15, Windsor Place, New Delhi.)

President: Jagjivan Ram.

General Secretaries: H. N. Bahuguna; Dr. S. D. Sharma. Treasurer: D. P. Mishra.

Working Committee: Jagjivan Ram, Smt. Indira Gandhi, Y. B. Chavan, Fakhruddin Ali Ahmed, C. Subramaniam, D. Sanjivayya, D. P. Mishra, Mohan Lal Sukhadia, V. P. Naik, K. Brahmanand Reddy, Kamlapati Tripathi, Darbara Singh, Kollur Mallappa, D. N. Tiwari, Siddharth Shanker Ray, Chandra Shekhar, Chandrajit Yadav, Henry Austin, Dr. Shanker Dayal Sharma, H. N. Bahu-

Central Parliamentary Board: Jagjivan Ram, Smt. Indira Gandhi, Y. B. Chavan, Fakhruddin Ali Ahmed, C. Subramaniam, D. P. Mishra, Sidhartha Shankar Ray, Darbara Singh.

Central Disciplinary Action Committee: V. P. Naik, D. Sanjivayya, Fakhruddin Ali Ahmed, Mohanlal Sukhadia, D. N. Tiwari.

Leader, Congress Party, Parliament: Smt. Indira Gandhi.

Deputy Leaders, Congress Party, Parliament: R. D. Bhandare (Lok Sabha); Akbar Ali Khan (Rajya Sabha).

Secretaries: B. Shankaranand and R. K. Sinha (Lok Sabha); R. P. Sinha (Rajya Sabha).

Treasurer: S. R. Damani.

Total membership of Party in country: (1967-68): Primary: 1,10,41,847; Activo: 2,08,954.

The total number of members elected on Congress ticket in Lok Sabha in 1967 General Election was 284. The strength of the Congress members in the Lok Sabha at present is 221.

The Indian National Congress includes the following bodies:

The All-India Congress Committee, the Working Committee, Pradesh or Territorial Congress Committees, District or City Congress Committees, Committees subordinate to District Congress Committees like Block or

Constituency Committees and other subordinate Committees to be determined by the Pradesh Congress concerned.

There are 20 Pradesh Congress Committees:

Andhra, Assam, Bihar, Bombay, Delhi, Gujarat, Haryana, Himachal, Jammu & Kashmir, Kerala, Madhya Pradesh, Maharashtra, Mysore, Punjab, Rajasthan, Tamil Nadu, Utkal, Uttar Pradesh, West Bengal and Tripura.

There are six Territorial Congress Committees:

Goa, Manipur, Nagaland, NEFA, Chandigarh and Pondicherry.

There are three District Congress Committees directly supervised by the A.I.C.C. 1. Andaman & Nicobar Islands, 2. L. M. & A. Islands. 3. Dadra and Nagar Haveli.

Fundamental differences among the top leaders of the undivided Indian National Congress came to a head during the election of the President of India after the passing away of Dr. Zakir Hussain, resulting in a split in the party, forming two groups, one under the leadership of Mr. Jagjiwan Ram, now known as Indian National Congress (Ruling) and the other under the leadership of Mr. S. Nijalingappa now known as Indian National Congress (Organisation).

The Indian National Congress (R) is pledged to the establishment of a casteless and classless society based on the principles of social, economic and political justice and equality of opportunity and freedom to work. The main objects and aims of the Congress are given in more detail in the previous edition of the Directory.

AZADNAGAR SESSION

The 73rd plenary session of the Indian National Congress was held at Azadnagar in Bombay from December 25 to 29, 1969. The session passed two important resolutions on Economic Policy and Political Situation. The economic resolution finalised by the ruling Congress Working Committee was adopted by the session on December 28, listing several social commitments. The five major

proposals made in the resolution are: the abolition of privy purses, a ceiling on urban property, nationalisation of general insurance and progressive takeover by the State of the import of raw materials and of the wholesale trade in major agricultural products within the country. State Governments are now being asked to implement all the land reform laws on the statute book by 1970–71. The Congress Governments—at least those aligned with Mrs. Indira Gandhi—were being placed under a compulsion to secure full implementation by the said target date.

State Governments are being urged to take steps to recover lands which had been fictitiously transferred to evade land ceilings and to redistribute the lands to the landless.

The resolution also affirms that it is necessary to enlarge the role of the public sector.

The plea to take over wholesale trade confined formerly to foodgrains, has now been extended to cover all major crops.

The plan for the take-over of the import trade has been medified to give the Government more elbow room in the matter of phasing.

The ideas on the tax reform have been widened. The Expert Committee, which is to be set up to look into the technical, legal and economic aspects, will be asked to judge not only the need for the exemptions now allowed, but also the whole range of problems connected with black money, tax evasion and tax arrears.

The ten-point programme was adopted to put an end to the distortions existing in the economic life of the community. This programme is under implementation — the nationalisation of the 14 major banks and the passage of the legislation against monopolies, constitute an important landmark in the implementation of the programme. The Congress, while renewing its pledge to implement this programme in its letter and spirit, emphasises the early implementation of the other items mentioned in the beginning.

PEASANTS AND WORKERS PARTY OF INDIA

(Jyotiba Phule Road, Naigaum, Bombay 14.)

General Secretary : N. D. Patil.

AIMS AND OBJECTS

To oppose imperialism and all kinds of domination by one country over another and to support the movements for national independence and against racial discrimination, all over the world.

To establish People's Democracy as a first step towards the realisation of the final goal of a socialist society in this country.

To nationalise all key and basic industries and control the industries in the private sector to ensure their management in the interests of the country.

To nationalise banks and the remaining sectors of the insurance business.

To industrialise the country rapidly and ensure labour participation in management.

To abolish unemployment by rapid industrialisation, decentralisation of industries, balanced industrial development of different regions, provision of technical training, promotion of the growth of small-scale and village industries and by increasing the capacity of the existing industries.

To abolish all kinds of feudal relationships in agriculture and introduce co-operative farming.

To guarantee minimum wage to agricultural labour and to distribute surplus and Government lands among them.

To guarantee the right of work and a minimum wage to everybody.

To introduce free and compulsory education upto the age of 14 and to subsidise increasingly secondary and higher education. To provide free technical education.

To abolish untouchability by the economic improvement of the Scheduled Castes and Tribes and other backward communities.

Equal rights to women and the enforcement of the principle of equal pay for equal work.

Total Membership: About 14,000.

PRAJA SOCIALIST PARTY

(18, Windsor Place, New Delhi 1.)

Chairman: N. G. Goray; Dy. Chairman: Mulka Govinda Reddy, MP; General Secretary: Prem Bhasin; Treasurer: Sanat Mehta, MLA.

Central Parliamentary Board: Chairman: H. V. Kamath; Leader, Lok Sabha Group: S. N. Dwivedy; Leader, Rajya Sabha Group: Mulka Govinda Reddy.

Strength: Lok Sabha 18; Rajya Sabha 6. Assemblies: Assam 5, Bihar 18, Gujarat 3, Tamil Nadu 4, Mysore 23, Orissa 21, M.P. 3, U.P. 3, West Bengal 1, Punjab 1.

The PSP stands for greater mobilisation of internal resources through the instrumentality of the State, and demands nationalisation of credit institutions. Planning will have to continue to accord importance to infrastructure, heavy industry, electronics, oils and chemicals.

Nationalisation of key industries like Coal and Steel and consumer industries like Jute, Tea and Sugar is also advocated.

The PSP advocates land reforms like conferment of ownership right of lands of absentee landlords on the tenants, protection against evictions, enforcement of ceiling, distribution of surplus land to small cultivators, substitution of land revenue by graded agricultural tax and encouragement of service and farming co-operatives.

It stands for a national food policy, comprising procurement at remunerative prices, nationalisation of wholesale food trade and scrapping of food zones.

The PSP calls for the strengthening, collectively with other South and South East Asian countries as equal partners, security and sovereignty of each of these countries.

REVOLUTIONARY SOCIALIST PARTY

(780, Ballimaran, Delhi 6.)

General Secretary: Tridib Kumar Chaudhuri, M.P.

The party is a Marxist Leninist Party and is organized on the principle of democratic centralism. But it is opposed to subservience to the foreign policy of Russia or China.

It believes in the redistribution of land with ceilings, joint cooperative farming and mechanization. It believes in the policy of heavy industrialization, nationalization of all basic industries and of all large-scale organized industries, with private sector limited to small and cottage industries only and their organization on co-operative lines. On China, it condemns the Chinese aggression and supports

the Colombo Proposals as a basis for negotiations between the two countries.

The 1967 Election Manifesto was given in the 1968 edition of the Directory.

It wants 'regional autonomy' for tribal areas, nationalization of basic and key industries, overhauling of the planning organization and annulment of rural indebtedness.

The party has branches in Assam, West Bengal, Bihar, Uttar Pradesh, Delhi, Rajasthan, Maharashtra, Tamil Nadu and Kerala.

SAMYUKTA SOCIALIST PARTY

Central Office: Kondra Karyalaya, (16, Vithalbhai Patel House, New Delhi-I.)

Office Bearers: Chairman: Karpuri Thakur; General Secretary: George Fernandes.

Central Parliamentary Board: Ram Sewak Yadav (Chairman); Purushottam Kaushik (Secretary).

Leader of the S.S.P. Group in Parliament: Rabi Roy.

AIMS AND OBJECTS

To achieve, by democratic and peaceful means, a socialist society, free from social, political and economic exploitation of man by man and of nation by nation. The Party is active on the trade union front through the Hind Mazdoor Panchayat, a central organisation of trade unions. On the youth front, it works through the Samajwadi Yuvajan Sabha, while a women's front is organised through the Samajwadi Mahila Panchayat. The Hind Kisan Panchayat organises the small farmers and agricultural labourers.

Membership: About 5 lakhs.

Some of the details on the 1967 Election Manifesto were given in the 1968 Directory.

SWATANTRA PARTY

(143, Mahatma Gandhi Road, Bombay 1).

President : M. R. Masani.

Vice-Presidents: Prof. M. Ruthnaswamy; Smt. Gayatri Devi; R. N. Singh Deo; Dahyabhai V. Patel; N. Dandeker.

General Secretary: Dr. R. C. Cooper.

Treasurers: H. P. Nanda; Lalchand Hirachand.

Joint Secretaries: Harihar Patel; Prof. R. K. Amin; Dr. H. V. Hande; Madhu Mehta; N. K. Somani.

Executive Secretary : S. V. Raju.

The Swatantra Party was established in Bombay on August 1 and 2, 1959.

The Swatantra Party is pledged to social justice and equality of opportunity for all people without distinction of religion, caste, occupation or political affiliation.

The Party's Programme of Ordered Progress.

THE COMMON MAN

The Swatantra Party stands, first and foremost, for the common man and for provision of his food, drinking water, clothing and shelter under hygienic conditions through opportunities of gainful employment as the primary concern of Government.

The Swatantra Party believes in building a democracy in which an individual, whether he is a farmer, artisan, shop-keeper or professional, has the fullest opportunity to thrive and grow without any arbitrary restrictions.

AGRICULTURE

The Party is for giving very high priority to agriculture. This, along with the demand that the heavy order of State Capitalist priorities practised during the past twenty years be reversed has been fully vindicated and is being mouthed with various degrees of mental reservation by other political elements. This will involve inter alia the repeal of the 17th Amendment (which makes the question of compensation for takeover of agricultural lands nonjusticiable) and a fair deal for the rural people not in the abstract but in the creation of conditions in which the benefit of a higher level of production goes to the bulk of the cultivators. It would also mean accepting the right of tenants to a fair rent and security of tenure, the abolition of land revenue, adequate provision of inputs to the agriculturist and support of the system of peasant proprietorship, the acceptance of the farmer's right to the best price he can get for his produce in the free market and guaranteed floor price. The Party stands for the creation of harmonious cooperation among owners, tenants, workers and all others concerned in agricultural production. The Swatantra Party stands for the removal of all compulsory procurement and all zonal and other barriers to the free movement of agricultural products throughout the country.

The Party will undertake to expand irrigation of cultivable land by a scheme of digging wells whose ownership will be passed on to the kisans on payment by instalments spread over a period of years.

The Swatantra Party stands for the protection of landless agricultural workers by insisting upon:

Just and adequate protection of those permanently employed in agriculture and all agricultural labourers; growing opportunities for alternative employment in the countryside through land improvement schemes; provision of free house-sites and drinking water facilities; provision of subsidised building material for their homes; a drastic reduction in the incidence of indirect taxation and arresting the rising cost of living; credit facilities for purchasing livestock and poultry; abolition of hereditary debts and maximum relief from agricultural indebtedness in whatever form.

Large size Government farms, a source of recurring loss, and other cultivable Government lands should be parcelled out in small holdings and let out to landless labour.

INDUSTRY AND TRADE

The Party stands for a balanced development of small, medium and capital intensive industries. It believes in the principle of a mixed economy and the absolute necessity for the State Sector industries to earn a fair return.

The Swatantra Party is opposed to monopolies whether in the State or free sector. Monopolies, where tolerated, will be subject to essential control.

Labour: The Swatantra Party stands for a fair deal to labour, both industrial and agricultural. The Party accepts the workers' right to organise themselves in order to improve their conditions of life and work. Strong and responsible trade unions managed by the workers themselves are an integral part of a democratic industrial order. The Party stands for the workers' right to collective bargaining involving, where necessary, the right to withdraw their labour.

It stands for harmony between the workers and the management and will help to develop a spirit of partnership between them.

The Party stands for a good wage for a good day's work.

Planning: The Swatantra Party believes in planning by persuasion.

It advocates that the objective of such planning bodies should be to promote the balanced and rapid growth of every sector of the economy with least Government interference.

FISCAL AND MONETARY POLICY

An Honest Rupee and stable prices can be provided by (a) abandoning all inflationary policies and practices, (b) a drastic out in the wasteful bureaucratic expenditure of the Governments; and (c) reasonable levels of direct and indirect taxation.

Banks: The Swatantra Party is opposed to the nationalisation of banks and insurance.

Foreign Loans: The Swatantra Party is against extravagant and wasteful borrowings from foreign Governments. Foreign private equity capital coming into the country at its own risk should be encouraged.

Gold Control: Gold control should be entirely abolished.

THE CONSTITUTION AND PUBLIC ADMINISTRATION

The Swatantra Party deplores the repeated Amendments to the country's Constitution, resulting in a serious erosion of fundamental rights. It pledges itself to restore these rights to their original form at the earliest.

All legislation will be such as respects the rights of the citizens to seek redress in the courts on disputed questions of law

The Party will give the country clean, honest, impartial and efficient administration.

The highest priority will be attached to the restoration of law and order.

Justice should be speedy and inexpensive.

The Party's stand taken as far back as 1960 to establish an Ombudsman has been vindicated by the Govt.'s acceptance to appoint a Lok Pal and a Lok Ayukt.

Electoral System: (i) The influence of money power and expenses incurred by candidates should be reduced and (ii) a system evolved to give a fair representation of the electorate's will reducing, if not ending, the distortion that is found at present in the composition of the Lok Sabha and many State Assemblies.

INTERNATIONAL RELATIONS AND DEFENCE

A more imaginative policy towards India's neighbours should be pursued to help the country's defences. A firm and vigilant policy towards Communist China and active steps to recocupy Indian territory at present in China's grip should be taken. The Party stands for the liberation of Tibet and for the recognition of Dalai Lama as the Head of the Government of Tibet in exile.

It is of the view that Pakistan's aggression in 1965 has deprived it of any locus standi in Kashmir.

THE PARTY'S TASK

At its General Council Meeting in New Delhi on November 15 and 16, 1969, the Party adopted a Mid-term Report which has among other things suggested that the work of the Party in the coming two years should be marked by an emphasis on the following aspects:

- 1. The need for social change and the rapid modernisation of the social and economic structure. Our country lags badly behind not only the advanced countries of the West but even a large number of Asian countries many of whom, such as Japan, South Korea, the Republic of China in Taiwan, Hong Kong, the Philippines, Thailand, Malaysia and Singapore have made rapid progress during the past two decades. The Party will have to give more forceful expression to this desire for change and underline its resistance to obscurantism and reactionary attitudes, whether they are cloaked in slogans of the so-called Left or the so-called Right.
- 2. A genuine concern for the underprivileged including the tribal peoples has to be felt and articulated. They

should be assured a minimum standard of living through the creation of adequate employment opportunities.

- 3. The generation gap, which has alienated Youth, will need to be bridged by a conscious approach to the young and an understanding of their needs and aspirations.
- 4. While the Swatantra Party's philosophy and policies are based on the thesis that "the consumer is king" in a competitive economy, there has to be a balancee between the legitimate interest of the producer and the consumer. Neither should be sacrificed to the other. The interest of the consumer can best be served by higher production. A big task faces the Party in this respect. Consumers, apart from buyers of goods, include depositors and customers where banks are concerned, policy-holders in so far as insurance is concerned, parents in relation to problems of education.
- 5. In a multi-lingual and multi-religious nation like ours, maintenance of equality before the law and the protection of Minorities is a major task. A delicate balance has to be maintained between the prevention of discrimination and the protection of minorities. There should be no feeling of insecurity of person or property on the part of members of minority communities, of a denial of fair representation in public services, of equal opportunities in trade, commerce and industry and employment therein, of a fair deal in regard to admission to colleges and professional and technical institutions, of facilities for development of their languages and of some machinery for the redress of their grievances. The participation of all minorities, big and small, in national life is an essential precondition to national integration.
- 6. The erosion of states' rights through encroachments by the Centre has inter alia impeded the economic development of the states and is one of the factors responsible for large-scale unemployment. The time has come to rectify this distortion by restoring to the states the powers of dealing with trade, commerce and industry given to them in the Constitution.

Disputes between States and between the Union and the individual states have tended to plague our national life and to create further trends of a fissiparous nature. The quick resolution of such disputes has, therefore, become a national need. The Swatantra Party would work for the establishment of an Inter-State Council under Article 263 of the Constitution.

OTHER IMPORTANT PARTIES

The other important polititical parties in the country are:-

The Republican Party of India with headquarters at Gandhi Road, Chanda and the Akali Dal of Punjab.

BIHAR VIDHAN SABHA

Electorate: 2,92,81,772.

Party-wise position of the Assembly is as follows: Congress 117, Samyukta Socialist Party 54, Jan Sangh 34, Praja Socialist Party 16, Communist Party 24, Communist Marxist 3, Independents 11, Janta Party 11, Swatantra 2, Soshit Dal 6, Lok Tantric Congress 8, Hul Jharkhand 7, SBKD 4, Forward Bloc 1.

Speaker: Ram Narayan Mandal. Deputy Speaker: Shakoor Ahmed.

ANDAMAN AND NICOBAR ISLANDS

CAPITAL: Port Blair. Pop. 63,548 (1961). Area: 3,215 sq. miles. Literacy: 40·1% (See under Population for more details).

The Andamans are a string of islands of various sizes, large and small, lying between 10° to 13° 45' N latitude and from 92° 15' to 93° 15' E longitude in the Bay of Bengal. They have an average width of 15 miles and an axis of about 200 miles. The northernmost 'Land-fall Island' is 560 miles from the mouth of Hooghly River. The headquarters Port Blair is about 780 and 740 miles from Calcutta and Madras respectively. The main part of the Andaman group is composed of five large islands, viz., North Andaman, Middle Andaman, South Andaman, Baratang and Rutland Islands generally known as the Great Andamans. To the south of the Great Andaman is the island of Little Andaman. These islands consist mostly of a mass of hills covered with dense tropical forests and separated by three straits and several creeks. These islands have several very good harbours-Port Blair, Port Cornwallis, Mayabunder and Port Elphinstone.

The Nicobar Islands from Car Nicobar in the north to Great Nicobar in the south intervene between Little Andaman and Sumatra. The southern island of Great Nicobar is about 100 miles from Pilo Brasse off Achin Head of Sumatra and the northern island of Car Nicobar 75 miles from Little Andamans. These islands are partly hilly and partly flat. The most important harbour in the area is Nancowrie reputed to be the finest harbour in the east.

The Islands are exposed to both monsoons with north easterly gale from November to January and south westerly gale from May to October. The weather is smooth only from January to April and to some extent in October. The average rainfall is 123 inches. The temperature varies between 23.0° C and 31.0° C throughout the year.

FORESTS

Forests cover an area of 6,055 sq. kms. of which 78 per cent is under evergreen and deciduous forests.

The forests are rich in commercial timber and are suppliers of timber to the plywood and matchwood industries.

The species of timber found in the forest region are mainly padauk, Gurjan, Badam, White Chuglam, Papita etc. Annually the Forest department exports, approximately 20,000 tons of timber to the mainland.

Teak plantations have been successfully raised in Andaman Islands. Large areas have been brought under teak, matchwood and cane plantations under the Five Year Plan schemes.

AGRICULTURE

Total reporting area is about 43,000 hectares. The principal crops are rice, coconut and arecanut. The estimated area under paddy cultivation during 1968-69 is about 7,920 hectares. The average yield of rice was 1-35 metric ton per hectare. Commercial prospects of cultivation of rubber, coffee, and lac in these islands are considered to be bright by the experts.

Animal Husbandry: There are at present one veterinary hospital, five veterinary dispensaries and fifteen veterinary outposts functioning in the various parts of these islands.

COLONISATION

Ancillary services like schools, hospitals and dispensaries have been provided in the colonisation area.

Under the development programme submitted by the interministerial team sponsored by the Ministry of Rehabilitation, Government of India, Sahkaris and their families, in addition to some of the staff of the Rashtriya Vikas Dal, have been brought to these islands.

INDUSTRY

Saw milling is the main important industrial activity in the Territory and provides employment to 1,200 workers corresponding to 8 per cent of total industrial employment. The other industries include Government Dockyard, transport workshop, a printing press at Port Blair, tractor repair shop, plywood factory, match splint factory and boat building yard at Long Island. Besides, a number of training-cum-production centres have been started by the Government.

POWER

A.C. Electric Supply in Port Blair was started in 1950 with a 400 kW capacity Steam turbo set. During 1954 a similar set was also installed, During 1963 a 330 kW Diesel Generator set was installed and during the year 1969 one 440 kW Diesel Generator was added in the power house, Chatham.

The construction of a new power house at Phoenix Bay in Port Blair has been taken up to meet further requirement of power.

Apart from Port Blair, electricity is available for the public at the following places. The installed capacity of the power house in (KW) is also given.

Wimberlygunj 72; Mayabunder 72; Diglipur 72; Rangat 72; Car Nicobar (HQ) 72; Nancowrie 18; Biglapathy 9.

It is proposed to electrify the following places during the Fourth Five Year Plan. Campbell Bay, East Bay Katchal, Noil Island, Mailtilak, Havelock, Baratang and Bakultala.

ROADS

At present the Territory has a total length of 389 km. of black top road as against 172 km. in 1960-61.

Transport: The Territory has a city and rural transport service comprising 30 passenger buses.

Minor Ports: Under a Central scheme jetties for inter island communications are being constructed. Installation of navigational aids in Andaman and Nicobar waters had been entrusted to the Director-General of Lighthouses and Lightships.

Shipping: Two passenger-cum-earge ships Viz., T.S.S. State of Bombay and M.V. Andamans and two carge ships viz. M.V. Nicobar and M.V. Shompen ply between the mainland and the Islands. For inter-island communications the vessels S.S. Cholunga, T.S.S. Yerewa, M.V. Little Andamans, M.V. Yamuna, M.V. Katchai, M.V. Teressa and M.V. Onge maintain the communications.

EDUCATION

The Territory is educationally backward and education upto higher secondary stage is free. There are 121 primary schools, 17 Senior Basic Schools, 8 Higher Secondary Schools, one Junior Basic Teachers' Training School, 2 pre-Primary Schools, one Kendriya Vidyalay and one Government College functioning in the Territory.

TOURISM

As a first step towards development of tourism in these islands, one tourists' home at Corbyns' Cove and another at Port Blair have been constructed.

MEDICAL SERVICES

All treatment, medical or surgical is completely free. For specialised treatment patients are sent to the mainland at Government cost.

The G. B. Pant Hospital, Port Blair which is the largest Civil Hospital in this Territory is having 194 beds. All types of treatment except cancer and mental diseases are provided here. There is also a 50-bed T.B. Hospital at Port Blair which is provided with a T.B. Officer. Besides this, there are nine Civil Hospitals, one Primary Health Centre and 45 dispensaries functioning in different parts of these Islands. The Hospitals are located at Port Blair, Car Nicobar, Nancowrie, Campbell Bay, Rangat, Mayabundor, Diglipur, Billiground, Long Island and Bamboof flat. The Primary Health Centre is at Wimberlygunj, in South Andaman. The total bed strength of Hospital and Primary Health Centre is 487 in this Territory.

A 25 unit N.M.E.P. Programme, B.C.G. programme, Filaria Control unit under the national health scheme and N.S.E.P. are functioning in these Islands. A V.D. Unit is also functioning in Car Nicobar.

COMMUNITY DEVELOPMENT

Four C.D. blocks are functioning at present. Out of these three are in Stage I and one is in Stage II.

Panchayats: Thirty-six Gram Panchayats and 36 Nyaya Panchayats have been established in the Andaman group of islands. In the Nicobar group, the traditional Panchayats continue.

CO-OPERATION

The number of co-operative societies in the islands has increased from 182 in 1967-68 to 187 in 1968-69.

BANKS

A branch of the State Bank of India at Port Blair conducts Government Treasury business. A State Cooperative Bank and a branch of Syndicate Bank are also functioning.

ADMINISTRATION

The Islands are administered by the Central Government through a Chief Commissioner. The budget estimates for 1969-70 are as follows:—

Total Revenue Expenditure Rs. 7,84,28,000; Total Capital Expenditure Rs. 3,37,92,000; Total Revenue Receipts Rs. 2,76,60,000.

Chief Commissioner: H. S. Butalia, I.A.S.

Chief Secretary: S. L. Bhargav, I.A.S.; Development Commissioner-cum-Development Secretary: A. H. Scott, I.F.A.S.; Chief Development-cum-Rehabilitation Commissioner: B. K. Halve, I.A.S.; Chief Conservator of Forests: E. S. Thangam.

Secretary (Finance): B. B. L. Bhardwaj; Secretary (Judicial): V. K. Choudhary.

ANDHRA PRADESH

(APITAL: Hyderabad, Area: 1,06,052 sq. miles; APopulation: 3,59,83,447 (Malea 1,81,61,671; females 1,78,21,776 (1961 consus)).

Sex ratio: 98.1 females for every 100 males. Highest sex ratio in Srikakulam—104 females for 100 males. Lowest in Anantapur—94.6 females for 100 males.

No. of Districts: 20. No. of Towns: 212. No. of Talukas: 189.

Density 339 per sq. mile, Literacy 21.20 per cent.

The number of Municipal Corporations: 1. The number of Town Municipalities in Telangana: 79; Number of Municipalities in Andhra: 47; Number of Panchayats in the State: 15,266; Number of Panchayat Samities: 321; Zilla Parishads: 20; Number of inhabited villages in the State: 28,997.

Strength of Legislative Assembly: 288.
The strength of the Legislative Council: 90.

No. of members from Andhra Pradesh in the Rajya Sabha: 18. No. of members from Andhra Pradesh in the Lok Sabha: 43.

DISTRICTS

Districts with District headquarters in brackets:

Anantapur (Anantapur), Chittoor (Chittoor), Cuddappah (Cuddappah), East Godarari (Kakinada), Guntur (Guntur), Krishna (Machlipatnam), Kurnool (Kurnool), Nellore (Nellore), Srikakulam (Srikakulam), Vishakapatnam (Vishakapatnam), West Godavari (Eluru), Hyderabad (Hyderabad), Mahboobnagar (Mahboobnagar), Warangal (Warangal), Khammam (Khammam), Karimnagar (Karimnagar), Adilabad (Adilabad), Nizamabad (Nizamabad), Medak (Sangareddy), Nalgonda (Nalgonda), Ongole (Ongole).

POPULATION

(For area and population of districts according to 1961 Census see under "Population".)

AGRICULTURE

The total geographical area of the State is 67,451,693 acres (1960-61).

Classification of area (1000 hectares)—1966-67; Geographical area 27,524; Forests 6,117; Not available for cultivation 4,139 (area put to non-agricultural uses 2,056; Barren & unculturable land 2,083). Cultivated land excluding fallow land 2,836 (Permanent pastures and other grazing lands 1,157; Land under miscellaneous trees, groves etc. 305; Culturable waste land 1,374); Fallow land 3,040; Net area sown 11,343; Total cropped area 12,676; Area sown more than once 1,333; Net irrigated area 3,070; Gross irrigated area 3,825.

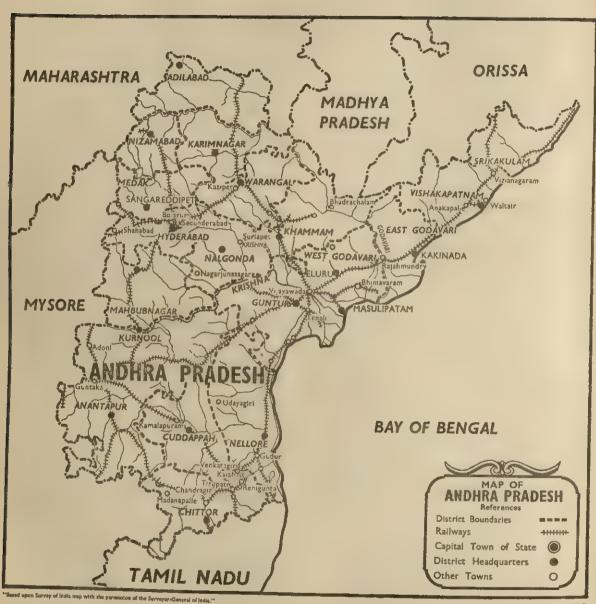

Foodgrains (area in thousand hectares & production in thousand tonnes respectively) 1968-69: Rice 3,053-4; 4,340-5; Jowar 2,680-9; 1,320-4; Bajra 572-3; 232-4; Maize 241-9; 265-0; Ragi 314-1; 255-5; Small millets 804-0; 180-0; Wheat 12-7; 3-0; Total cereals 7,885-1; 6,908.

Oilseeds: Groundaut 1,187·3; 889·5; Castor seed 254·5; 53·3; Sesamum 209·6; 33·6; Rapeseed & Mustard 0·7; 0·1; Linseed 24·8, 3·6; Total oilseeds 1,676·9; 980·1.

Other Crops: Nigerseed 12.7; 1.4; Tobacco 412.4; 347.2; Cotton§ 294.1; 93.0*; Mesta 84.1; 262.7*; Sanhemp 6.2; 1.0; Coconut § 34.2; 181.0‡; Arecanuts 0.2; 0.2@.

Figures are for 1967-68.
 Production of lint (thousand bales of 180 kgs. each.)
 Thousand tonnes of dried nuts without husk.

¹ Production in million nuts.

** Govs. of India Copyright 1981**

Land Reforms

The State Government in consultation with the Government of India enacted the Andhra Pradesh Ceiling on Agricultural Holdings Act, 1961 which prescribed the maximum extent of land that a person may hold. The Bili was passed by the Assembly on July 9, 1960.

(See article "Agriculture" for ceiling on holdings of land)

Fisheries

(Please see main article 'Fisheries')

LIVESTOCK (1966)

(See page 32 under article on "Livestock")

INDUSTRY

The revised total 3rd Plan provision for the entire industrial sector was Rs. 1,672 lakhs. Against this outlay an expenditure of about Rs. 1,513 lakhs was incurred.

The Andhra Pradesh Industrial Development Corporation, the Small Scale Industries Development Corporation and the Andhra Pradesh State Financial Corporation were constituted to attract entrepreneurs. The Industrial Development Corporation offers financial aid to industries and also takes up worthwhile ones for direct promotion with financial collaboration from the private sector wherever necessary.

Industrial Estates

During the Third Five-Year Plan period an amount of Rs. 207-41 lakhs had been provided for establishment of 14 Assisted Private Industrial Estates, 10 conventional type Estates, 5 Rural Industrial Estates and one Cooperative Industrial Estate in addition to the expansion of the existing six Industrial Estates at Sanatnagar, Visakhapatnam, Vijayawada, Warangal, Chandulal Baradari and Cuddapah and Assisted Private Industrial Estate, Sanatnagar.

A large variety of products such as cycles and cycle accessories, steel furniture, scientific instruments, wire nails, radios, tape recorders, electric measuring instruments, cycle dynamo lights, automobile springs, airconditioners, safety razor blades, PVC cables, transformers, switch-gear electric accessories, stainless steel vessels, agricultural implements etc., are being manufactured in these estates.

Industrial Co-operatives

The Industrial Cooperatives are organised for the benefit of artisans engaged in various village and small scale industries. These industries cover Village Leather Industry, Carpentry, Hand Pounding of rice, Hand Made Paper, Pottery and Brick, Village Oil, Handicrafts like Ivory and Horn, Pile Carpet, Silver Filigree, Kalamkari Dying etc.

The number of societies has risen from 319 in 1956 to 2,257 in 1966-67. The position at the end of the Third Plan of the Industrial Cooperatives were: No. of societies, 2,214; No. of members 84,160; Paid-up share capital Rs. 43·17 lakhs; Production valued at Rs. 143·05 lakhs; Sales Rs. 149·14 lakhs.

Provision in Rs. lakhs for the development of industrial cooperatives during the 2nd, 3rd and 4th Five Year Plans: 7.25; 8.45; 10. Expenditure during the 2nd and 3rd Plans in Rs. lakhs: 7.02; 5.64.

The Government have been giving managerial and technical assistance to the deserving societies in addition to providing working capital and share capital loans and grants.

MINERALS

The chief minerals in the State are apatite, asbestos, barytes, clays, coal, copper, gold, graphite, iron ores, limestones, manganese, mica, quartz and steatite. The coal industry is concentrated around Kothagudem and Yellandu in Khammam district and Bellampalli in Adilabad district. Clongsotile asbestos found in Pulivendla taluk of Cuddapah district and produced only in this State, is mostly experted. Good quality barytes is found mainly in Cuddapah, Anantapur and Khammam districts. Mica, concentrated around Gudur in Nellere district, is mainly exported. Good clay deposits are widely distributed in the State. The manganese deposits in Srikakulam and Visakhapatnam districts sustain the Ferro-manganese industry in the State. The State has good reserves of iron ores scattered over several districts. Large deposits of magnetite ores have now been brought to light in Guntur and Nellore districts. Recently the Geological Survey of India has proved very good deposits of copper at Mailaram, in Khammam district and at Agnigundala in Guntur district and gold at Ramgiri in Anantapur district. The State is also an important producer of steatite of lava grade and the deposits are mainly concentrated in Anantapur and Kurnool districts. Large reserves of Cement grade limestones are found in the State. Chemical grade and flux grade limestones are also available. Graphite is found in East Godavari, Visakhapatnam and West Godavari and Khammam districts. The Graphite-crucible industry is situated at Rajahmundry. Good deposits of quartz and silica sands are available in the neighbourhood of Hyderabad. The State has also precious and semi-precious minerals.

COTTAGE INDUSTRIES

The most important industry is that of handloom. There are about six lakh handlooms in the State and provides employment for about three million persons.

The handloom goods exported from the State of Andhra Pradesh will be about 20 to 25 per cent of the export from the country.

The important varieties of handloom goods produced in the State which are exported are as follows: Bleeding Madras — Indian Madras; Madras Handkerchiefs; Lungies, Sarongs; Silks — printed, Tussar.

The production value of cotton handloom cloth, woollen handloom goods and silk handloom cloth in the State during the year 1966-67 in Rs. lakhs was of the order of 3,209, 279 and 15 respectively.

TRANSPORT

The total road mileage including National Highways and State Highways 13,053.

Hyderabad City is connected by air with Bombay, Nagpur, Madras, Visakhapatnam and Bangalore. Hyderabad City is served by Begumpet serodrome. Hyderabad is also linked by air to Delhi and Calcutta.

The following is the vehicular position as on 31st March 1967. The first figure shows the number of registered vehicles and the second number of those in actual use:

Stage Carriages 7,053; 4,342; Goods Vehicles 16,950; 12,509; Taxi Cabs and contract Carriages 1,832; 1,460; Motor Cycles and Scooters 20,290; 14,213; Motor Care and Jeeps 31,141; 19,203; Others 8,039; 3,872.

POWER PROJECTS

The aggregate power demand in Andhra Pradesh which was 190 MW at the beginning of the Third Plan has risen to 258 M.W. at the end of the Third Plan. The installed capacity of 213 MW at the beginning of the

Third Plan, has gone up only to 291.8 MW at the end of the Plan and further to 645 MW by the end of 1967.68.

Machkund Hydro-Electric Scheme (Stage I and Stage II)

The Machkund Hydro-Electric Scheme is a joint venture of the States of Andhra Pradesh and Orissa. The two States share the capital outlay and power benefits in the ratio of 70:30 respectively. An ultimate installed capacity of 1,14,750 kW of which 70 per cent is Andhra Pradesh's share is available under this scheme.

Tungabhadra Hydro-Electric Scheme (Details are given under "Irrigation").

Tungabhadra Nellore Hydro-Thermal Scheme

The scheme envisages the installation of one 30-MW thermal set at Nellore. The plant has been commissioned already.

Upper Sileru Hydro-Electric Scheme

The scheme envisages the installation of two sets of 60 MW each by utilising the tail race waters of Machkund power house. The first 60 MW unit was commissioned in Oct. 1967 and the second unit was commissioned in March 1968.

Telangana Hydro-Thermal Scheme

The scheme envisages the integrated development of power generated at Huesainsagar, Ramagundam Thermal station and at Nizamagar Hydel stations in Telangana region. In addition certain trunk transmission work, subtransmission and distribution works were also included in the scheme to form a grid network in Telangana area. General diesel stations were also installed under this scheme at various places. The scheme is almost complete. The additional boilers erected at Ramagundam and Hussainsagar power houses contributed to the firming up of about 14 MW of existing thermal capacity at these two stations.

Srisailam Hydro-Electric Scheme

The echeme envisages installation of 4 × 110 MW sets in the first stage. Work on the project is proceeding briskly.

The project is estimated to cost Rs. 74.7 crores. The expenditure incurred on the project to the end of 1967-68 was Rs. 21.77 crores.

Balimela Dam

This is a joint scheme of Andhra Pradesh and Orissa Governments under execution by the Balimela Control Board. The total storage capacity of the Dam is 135 T.M. Cft., and 100·25 T.M. Cft. will be the live or effective capacity. There will be a power house erected at the toe of the Balimela Dam. The power generated here, i.e., 40 MW will be exclusively for the use of Andhra Pradesh. Andhra's share of the cost of the project is about Rs. 12 crores and the state will get a continuous discharge of about 2,000 cusecs for utilisation in the projects downstream.

Kothagudem Thermal Scheme (Stages I & II)

This new scheme envisages the installation of 2×60 M.W. sets each under Stages I & II. The sets under Stage I were commissioned in 1966 and the sets under Stage II in 1967. The scheme was executed with the aid of World Bank Loan.

Stage II scheme also contemplates an extension of the existing Kothagudem Thermal Station by an addition of two generating units of 110 MW each being procured from

Bharat Heavy Electricals and is expected to be commissioned in 1972-73.

Ramagundam Thermal Extension Scheme (Stage I)

This new Scheme envisages the installation of one 62.5 MW set at Ramagundam. It is expected to be commissioned in 1970. This is being executed with loan given under U.S. Aid.

Gas Turbo Sets at Hyderabad

This scheme envisages the installation of 2 × 10 M.W. Gas Turbo sets at Erragedda to relieve to some extent the power shortage in the twin cities of Hyderabad and Secunderabad, particularly during the peak load hours. The sets have been installed and commissioned into service.

Lower Sileru Hydro-Electric Scheme (Stage I)

This scheme envisages the installation of 4×100 M.W. Sets at Donkarai village on the river Sileru as the first stage of the project at an estimated cost of Rs. 42.36 crores. The power generated under this scheme will be exclusively for the benefit of Andhra Pradesh. Actual work has started and 2×100 MW sets will be supplied from USSR under Russian aid and two sets by BHEL. Two more units of similar capacity will be added in the Second Stage at a later date. The first stage is expected to be commissioned in 1973-74.

IRRIGATION

The Tungabhadra Dam, inaugurated in 1953, has been completed for irrigating an ayacut of about 492,800 hectares in Andhra Pradesh and Mysore. The Nagarjunsagar Project, comprising the construction of canals and a dam (the tallest masonry dam in the world) on the Krishna river, 160 KMs from Hyderabad, will irrigate about 1,305,000 hectares on completion of the final phase. The first phase of the project is nearing completion. The waters are being let out for irrigation since July, 1966 to the extent of the irrigation potential created.

Major Irrigation Schemes

Prakasam Barrage: The total ayacut benefited under this scheme is 11.06 lakh acres and it is estimated to cost Rs. 291.57 lakhs; Bhairavunitippa Project: It commands an ayacut of 12,000 acres and is estimated to cost Rs. 145.77 lakhs; Upper Pennar Project: Proposed to feed an ayacut of 9,700 acros and is estimated to cost Rs. 158.62 lakhs; Rallapadu Project: Intended to irrigate 11,000 acres and is estimated to cost Rs. 105.81 lakhs; Romperu Drainage Scheme: 10,300 acres are benefited and is estimated to cost Rs. 126.60 lakhs; Tungabhadra Project Low Level Canal: The Canal is designed to irrigate about 1,48,800 acres in Andhra Pradesh costing Rs. 1,281 · 28 lakhs; Tungabhadra Project High Level Canal: Expected to irrigate 1-191 lakh acres and 598 lakh bund area in Andhra Pradesh and 70,300 acres in Mysore State. Estimated to cost Rs. 1,180 lakhs; Rajolibanda Diversion Scheme: The canal irrigates an ayacut of about 5,900 acres in Mysore State and about 87,000 acres in Andhra. Estimated cost is Rs. 383 lakhs; Kadam Project: Total utilization of the ayacut will be 65,000 acres. Estimated cost is Rs. 784 · 12 lakhs; Keddam Project : Irrigates 65,000 acres in the first and 20,000 acres in the second crops, estimated to cost Rs. 798 lakhs; Pochampad Reservoir Project: Designed to irrigate 5.7 lakh acres and is estimated to cost Rs. 40 · 10 crores.

Nagarjunasagar Project, Tungabhadra Project High level canal, Pochampad Project, Vamsadhara Project,* Rajolibanda Diversion Scheme and Kadam Project are

^{*} The foundation for the Vamsadhara project in Srikakulam District was laid on April 16, 1970. In the first stage the cost of work is estimated at Rs. 8.64 crores and is expected to irrigate 2,46,722 acres in the District.

the major projects in Andhra Pradesh that are, at the moment, at various stages of progress. For details about Nagarjunasagar Project and Tungabhadra Project (see page 36 under article on irrigation).

LABOUR

(See article on Labour).

PUBLIC HEALTH

During the three years 1966-67, 1967-68 and 1968-69, Rs. 1,329-24 lakhs were provided for Medical and Public Health Schemes including water supply, drainage and the services operated under the Medical and Health Directorates.

It is proposed to increase the medical facilities and also to improve the quality of services during the ensuing Fourth Five Year Plan.

Hospitals, Beds, Staff etc., as on 31st March 1968:

No. of Teaching Hospitals 24; No. of beds in the Teaching Hospitals 9,572; District Headquarter Hospitals 17; No. of beds in Dt. Hospitals 2,984; General and Taluq Hospitals 210; No. of beds in the Hospitals 3,722; Dispensaries 142; No. of beds in Dispensaries 165; Other Hospitals and Sanitoria 10; No. of beds in Sanitoria and others 1,187; Primary Health Centres 409; Sub-centres 1,122; Beds in PHCS 2,454; No. of Doctors 2,248; Overall bed strength of Govt. Institutions 20,084; Ayurvedic Hospitals 3; Ayurvedic Dispensaries 78; Ayurvedic Vaidyas 127; Unani Hospitals 1; Unani Dispensaries 82; Unani Hakim 145.

Leprosy Control: It is estimated that there are six lakh cases of leprosy in the State. National Leprosy Control Programme was chalked out and the State established 16 Leprosy subsidiary Centres, 2 Leprosy Control Units, 2 Training Centres and 148 Survey Education and Treatment centres in addition to the existing Leprosy clinics at Karwar, Hyderabad. 35 S.E.T. Centres were sanctioned under L.C.P. (Leprosy Control Programme).

Family Planning: 170 Urban Family Planning Centres and 262 Rural Family Welfare Centres with reorganized pattern have been established in the State. The voluntary organisations and local bodies are also running family welfare centres and rendering services on Family Planning Programmes. In the year 1967-68 the State family planning organisations performed 170,796 sterilisations and 54,072 IUCD insertions respectively. During April to August 1968, 543,968 sterilisations and 83,621 I.U.C.D. insertions were done.

National Smallpox Eradication Programme: By end of the IIIrd Five Year Plan 300 lakes of population i.e. nearly 75% of the State population have been vaccinated.

Maternity and Child Health: During the year 1967-68 the average number of mothers who attended the M.C.H. Centres opened during the IIIrd Plan was 7,000 at anti-natal clinics and two thousand at post-natal clinics. Further 22,000 anti-natal mothers were given advice by Centre staff.

EDUCATION

The number of educational institutions and enrolment respectively under each category in Andhra Pradesh during 1966-67 is as follows:

Schools for General Education: Pre-Primary Schools: 75; 3,519; Primary Schools: 36,906; 32,62,123; Upper Primary Schools: 2,782; 6,50,950; Secondary Schools: 2,849; 10,93,855.

Teacher Training Schools: Elementary Grade and (Special Training Schools for Adult Women): 13; 1,891; Secondary Grade: 108; 14,863.

Schools for Special Education: 10; 675; Schools for Oriental Studies: 79; 8,015; Schools for Adult Education: 810; 19,913; Universities: 4; (——); Colleges for General Education: 115; 69,304; Teacher Training Colleges: 10; 2,676; Commerce Colleges: 1; 714; Colleges for Physical Education 1; 255; Medical Colleges: 14; 8,194; Colleges for Oriental Studies: 29; 2,685.

ANDHRA PRADESH AGRICULTURAL UNIVERSITY Dilkusha, Hyderabad 4.

The University is patterned on the Land grant colleges system of the United States. It has seven Colleges, three in the faculty of Agriculture, two in the faculty of Veterinary Science, one in the faculty of Home Science and one College of Basic Sciences.

The total No. of seats available in each faculty is as follows: (1) Agriculture B.Sc. (Ag.) 400; M.Sc. (Ag.) 100; (2) Veterinary Science B.V.Sc. 120; M.Sc. (V. Science) 50; (3) Home Science B.Sc. 65; M.Sc. (Home Science) 10.

The medium of instruction and examination in the University is English.

Chancellor: The Governor of Andhra Pradesh; Vice-Chancellor: O. Pulla Reddi, i.c.s. (Retd.); Registrar: Dr. G. Venkataratnam.

ANDHRA UNIVERSITY (Waltair)

Chancellor: Governor of Andhra Pradesh; Vice-Chancellor: L. Bullayya; Registrar: M. Gopalakrishna Reddi.

Number of University Colleges: 5; No. of professional colleges: 9; No. of affiliated colleges: 53; No. of oriental colleges: 23.

Total No. of students at the University Colleges in 1967-68 was 3,167.

This university is teaching as well as affiliating. English is the medium of instruction.

OSMANIA UNIVERSITY Hyderabad 7.

The Osmania University is a residential, teaching and affiliating university. It comprises eleven Faculties, namely, Arts, Social Science, Science, Commerce, Medicine, Engineering, Education, Law, Technology, Architecture and Ayurweds & Unani. There are six University Colleges, nine constituent Degree Colleges (including one exclusively Women's College and three Evening Colleges for Degree Courses for those in employment) and a Post-Graduate Centre.

63 Affiliated Colleges including 3 Medical, 1 Physical Education, 2 Engineering, 3 Training Colleges, 1 Nursing, 1 Architecture, 52 Degree Colleges of Arts, Science & Commerce (including 11 meant exclusively for women) and 3 P.U.C. Colleges.

Enrolment (1968-69): 47,469 (Arts, Social Science and Science): Boys 24,262; Girls 6,639; Professional: Boys 15,226; Girls 1,342.

During 1968-69, 9 Colleges were affiliated to the University, 1 with Architecture and 8 in Arts, Social Science, Science and Commerce.

Chancellor: Khandubhai K. Desai, Governor of Andhra Pradesh; Vice-Chancellor: Ravada Satyanarayana; Registrar: L. B. Deshpande, B.Sc. Total number of Arts and Science Colleges: Arts Colleges 20; Science Colleges 10; Arts and Science 35 and Professional 16, Total number of Women's Colleges: 12.

Total enrolment in Arts and Science Colleges: Boys 24,262; Girls 6,639.

Total number of Professors: 52; Other teachers 2,342.

Total number of Professional Colleges: 16 (Education, five; Engineering, three; Law, two; Medical, three; Physical Education, one; Nursing, one; Technology, one and Architecture, one).

Budget 1969-70

Receipts: Rs. 1,89,54,290. Expenditure: Rs. 2,67,45,800. Contribution by State Government: Rs. 1,18,38,770; U.G.C.: Rs. 26,120; Other sources: Rs. 70,89,400; Central Govt.: 61,07,772.

SRI VENKATESWARA UNIVERSITY Tirupati

A residential, teaching and affiliating University having jurisdiction extending over the districts of Anantapur, Chittoor, Cuddapah, Kurnool and Nellore in Andhra Pradesh.

There are 7 University Colleges and 33 Affiliated Colleges (27 Arts, 5 Professional and 5 Oriental). The authorities of the University are the Senate, Syndicate, Academic Council, Faculties, Boards of Studies and the Standing Committee of the Academic Council.

Instruction is being provided for Pass and Post-Graduate Degree courses of study in the teaching departments of English, Telugu, Sanskrit, Hindi, Arabic, Persian & Urdu, Philosophy, Psychology, Economics, History, Mathematics, Statistics, Physics, Chemistry, Botany, Zoology, Geology, M.Sc. Home Science in the University College (Arts & Sciences). Research work leading to the Ph.D. Degree is also permissible in all these departments except

in the Statistics Department, M.A. Degree course in Home Science was started in the academic year 1964-65. M.Com. Degree Course has been started during the year 1969.

The University College of Engineering provides instruction for the Five Year Integrated Course in Engineering, Civil, Electrical and Mechanical branches.

There is now a Pre-University course of study followed by a three year degree course. There is also a two year Masterate course instead of the former Three Year Honours course. Provision has also been made for doing research leading to D.So. and D.Litt. degrees.

The medium of instruction and examination in the University is English excepting Modern Indian Languages and the languages for the Oriental Titles.

Chancellor: The Governor of Andhra Pradesh; Vice-Chancellor: Dr. D. Jagannatha Reddy; Registrar: K. V. Subbaraju; Dy. Registrar: K. V. Sambasiva Rao.

Total number of students in the University Colleges at the beginning of the academic year 1969-70: Boys and Girls 1,618.

The total strength of the University (including University College) in 1967-68 was 22,715.

MUNICIPAL CORPORATION OF HYDERABAD

Mayor: N. Laxminarayana.

Deputy Mayor: Mydan Ramchandriah.

PRINCIPAL OFFICIALS

Commissioner: T. N. Capoor; Addl. Commissioner (Incharge), M. Narsing Rao.

BUDGET FOR 1969-70

ASSAM STATE*

CAPITAL: Shillong. Area: 47,094 sq. miles according to Assam Survey. Geographical area 30.1 million acres.

Population (1981 census): 11,872,772. Density 252 per eq. mile (97 per eq. km.). Literacy 27.4 per cent.

DISTRICTS

(See under general article "Population" for names of districts, their population etc.).

There are now 17 Mahkuma Parishads, 121 Anchalik Panchayats and 2,624 Gaon Panchayats in the Plains Districts of the State, These Panchayats have covered 11,085 villages.

Number of Circles: In Assam Tahsils are termed as Circles: 67, Number of Municipalities: 17, Number of Town Committees: 29, No. of Towns: 60.

REORGANISATION OF ASSAM

Under the Constitution (22nd Amendment) Act, an autonomous state within Assam State called Meghalaya comprising the districts of Garo Hills and United Khasi and Jaintia Hills came into existence on April 2, 1970.

COTTAGE INDUSTRIES

Main cottage industries: Sericulture and Weaving. Principal areas for Sericulture: Sibsagar, Nowgong, Goalpara, United Khasi-Jaintia Hills and United Mikir-North Cachar Hills, Lakhimpur and Kamrup districts.

Handloom weaving is done in most of the families in Assam.

AGRICULTURE

Agriculture provides livelihood to about 72 per cent of the total population of the State and contributes about half of the State income. The total area under food grains during 1967-68 was 2·14 million hectares. Rice is the most important crop grown in the State. The area under rice is about 70 per cent of the total cultivated area. Maize is another food crop which grows well in Assam, particularly in the hills districts, but because of the prevailing food habit this crop is not extensively grown. Assam does not grow enough pulses to meet her requirement. Cultivation of other cereals like wheat is not undertaken extensively due to the unsuitability of the climate and soil.

Next to rice, tea occupying about 7 per cent of the total cropped area, is the most important crop of the State. Jute, sugar-cane, mustard and potato are other important cash crops of the State.

Area & Production (1968-69)

Area in thousand hectares and production in thousand tonnes respectively: Rice 2,082.7; 1,979.8; Maize 24.4; 13.1; Small millets 6.5; 3.2; Wheat 6.7; 4.3; Total cereals 2,120.3; 2,000.4.

Pulses: Gram 1.6; 0.9; Tur 3.7; 2.6; Other pulses 85.1; 28.4.

Major oilseeds: Castorseed 2.3; 1.1; Sesamum 9.6; 4.7; Rapeseed 134.8; 48.4; Linseed 1.1; 0.5; Total 147.8; 54.7.

Other crops: Cotton 16.4; 6.5†; Jute 108.1; 778.7†; Tobacco 10.1; 7.6.

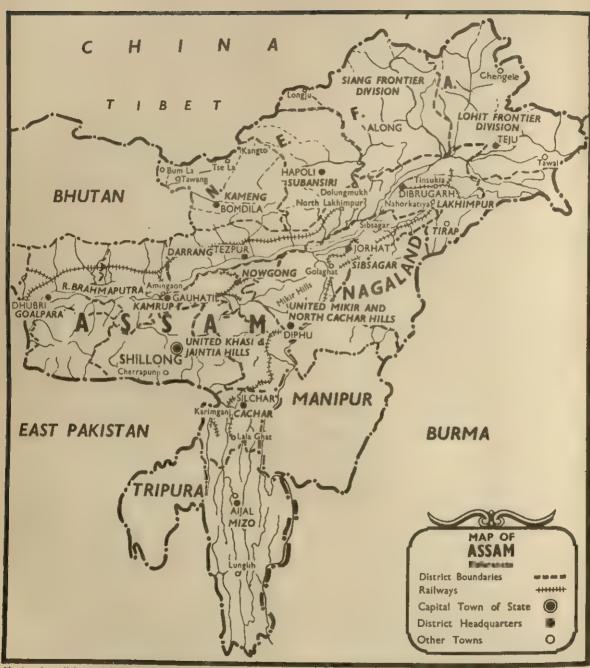

LIVESTOCK AND POULTRY

Estimated output of livestock and poultry products for 1968-69: Milk (lakh mds.) 74.00; Meat (thousand tonnes) 7.4; Eggs (lakh nos.) 1,990.8.

Agricultural implements (1966): Wooden ploughs 14,11,210; Carts 1,07,260; Tractors 589; Irrigation pumps 384; Iron ploughs 18,168.

The livestock position is as follows: Cattle 6,519; Buffaloes 579; Sheep 108; Goats 1,561; Horses and

[•] In the map of Assam details of Meghalaya were not available at the time of finalising the map and so Meghalaya is not separately shown. † Thousand bales of 180 k.g. each.

"Based upon Survey of India map with the permission of the Surveyor-General of India,"

"O Gort. of Italia Copyright 1961!

Ponies 43; Other livestock 375. Total livestock 9,185.

Poultry 9,878.

According to the 1966 livestock census, the cattle and buffalo population in the state are 6,519 thousands and 579 thousands respectively showing an increase of I·I per cent and a decrease of 0·7 per cent to the corresponding population in 1961. Another important livestock is goats which decreased from 1,886 thousands in 1961 to 1,561 thousands in 1966. The poultry population also showed a decrease from 9,907 thousand in 1961 to 9,878 thousands in 1966.

Source: (Economic Survey, 1968).

PLANTATIONS

Latest available data :

Plantation in the State : Tea.

Area under Plantation (Registered hectarage): 3,06,497 · 12.

Hectarage under cultivation: 1,74,134.

Number of Tea Plantations: 674 (covered under the Plantation Labour Act).

Total number of workers as on 30-9-1968: 4,29,404.

Fisheries: Variety of fish produced: Raba, Katla, Mrigal, Mali, etc.

Assam State has met the fish seed demands from their own resources. Culture of mirror carps, scale carps etc. has become popular in the Hill Districts of the State.

FORESTS

The forest area occupies about 47.9 thousand sq. kilometree and covers about 39 per cent of the State's total area. Of the total forest area 37 per cent is under reserved forests. Area under different categories of forests (thousand hectares) during 1967-68 is: Reserved 1,653; Protected 28; unclassed 2,908; Total 4,589; Assam earned Rs. 3.65 crores as revenue from the forest resources of the State during 1969-70 against Rs. 3.27 crores in 1968-69.

Main types of forest with some species of trees of economic importance occurring in them:

Evergreen forests, mixed deciduous forests, deciduous and dry deciduous forests, riverain forests, Savannah forests, swamp forests, bamboos and temperate forests containing sai, teak, hollock, holong, bansam, amari, gamari, ajhar, sissoo, simul, cane, bamboos, reeds and various species of medicinal importance.

Assam possesses one of the richest fauna in Asia and it is claimed that outside Africa, there is no part in the world with so many varieties of animals, birds, reptiles and insects. Rhinoceroses, elephants, wild buffaloes, bisons and mithuns, swamp deer, sambhar, spotted deer, barking deer, tiger, leopards, black panther, king cobra, pink-headed duck and giant hornbill are some of the well-known specimens of wild life.

Five sanctuaries and two game reserves with a total area of about 523.79 sq. miles, are maintained by the Government Forest Department for the protection of the interesting and in some cases the numerically dwindling species. Kaziranga and Manas are the two most famous sanctuaries.

Main forest produce: Timber, firewood, bamboo, cane, lac, elephant tusks, thatch, stone, sand, drugs, incense and perfumes, fibres and flosses. Assam has probably the biggest bamboo and reed reserves, contributing 42 per cent of India's total output. The out-turn of timber and fuel respectively for 1967-68 (thousand cubic metres) is 402 and 430.

LAND REFORMS

Four schemes are under implementation and these will continue in the Fourth Plan also.

- 1. Consolidation of Holdings: The aim is to consolidate and prevent fragmentation of agricultural holdings in the plains districts in order to pave the way for increase in agricultural production. The Consolidation of Holdings Act, 1960 was amended in 1966 to provide for compulsory consolidation of holdings. Consolidation of 4,000 bighas was expected to be completed in 1968-69 and the remaining 46,000 bighas are expected to be consolidated during the Fourth Plan period.
- 2. Strengthening of Primary and Supervisory Land-Record Agencies for Collection of Agricultural Statistics: This aims to ensure proper collection of agricultural statistics for formulation and implementation of agricultural plans by increasing the existing strength of Mandals and Supervisor Kanungos by 100 per cent and 50 per cent respectively. A scheme for recruitment of 1,461 Mandals and 70 Supervisor Kanungos has been continuing from the Third Plan and will continue during the Fourth Plan.
- 3. Preparation of Tenants' and Adhiars' Record of Rights: The scheme is for the preparation of correct and up to date records of rights essential for effective implementation of various land reforms measures. The scheme in the districts of Goalpara, Kamrup and Sibsagar has been undertaken with resettlement operations and has been completed. The scheme has been taken up in 1965 in Nowgong and Lakhimpur and in Darrang in 1968-69 along with resettlement operations but independently in Cachar.
- 4. Resettlement of Landless Agricultural Workers: During the first two Plans 2,081 families were settled in 49,500 bighas of Government waste land in Nowgong, Kamrup and Sibsagar districts. Nothing could be done during the Third Plan as no waste land was available. During the old Fourth Plan the programme was to resettle 2,700 families. In this 350 landless families have already been selected during 1968-69 for allotment of lands in Nakhuti area of Nowgong District. The scheme will continue in the Fourth Plan with a resettlement target of 2,475 families.

MINES, INDUSTRIES

The only minerals in Assam worked on a commercial scale are coal, limestone, petroleum oil and sillimanite. Coal output 487,000 tonnes (1967); limestone output 22,000 tonnes (1968), sillimanite output 2,554 tonnes (1968). The estimated value of mineral production in Assam (excluding petroleum, minor mineral and minerals declared as prescribed substances under the Atomic Energy Act, 1948), was Rs. 16-9 million in 1967 which was less than Rs. 19-1 million in 1966. An oil refinery has already been set up at Gauhati.

Silk is manufactured in the Assam valley; also cotton weaving prevails as a cottage industry, women playing a predominant part.

Tea is the main industry, but there is a large petroleum mining concern with Digboi in Upper Assam as the centre and also some coal-mines. There is a big match manufacturing concern at Dhubri. Boat-building, brass and metal and earthenware, limestone burning, cane and bamboo work, furniture making, sola hat, smithy, brick making, mustard oil pressing, rice and saw mills are other industries.

The following are the provisional figures of out-put in some of the selected industries for 1968: Tea 207 million kilograms; Sugar 6.7 million kilograms; Match 3.91

million grosses; Electricity 161.4 million kwh.; Commercial plywood 3.6 million sq. meters.

Assam holds the premier position in the country in the field of oil production. An estimated reserve of 100 million tonnes accounts for 58 per cent of the country's known reserves. In recent years rich deposits of oil have been struck in Lakowa and Galeki in Upper Assam. Estimates of coal reserves in the State have been variously placed between 2,000 and 3,800 million tonnes which constitute about 3 per cent of the country's total reserves.

POWER

The hydro-power potential of Assam is estimated at 12 million Kw. During the Third Plan a sum of Rs. 417 million was spent for power. The amounts spent for power during 1967-68 and 1968-69 were Rs. 101 millions and Rs. 62 millions respectively. The Umtru Hydol Project has an installed capacity of 11,200 kw. The first stage of Umiam Project and the Naharkatia Thermal Project completed in 1965 has installed capacities of 36,000 kw. and 69,000 kw. respectively. The Noonmati Thermal Plant has a capacity of 12,500 kw. During 1968 certain residual works in connection with Umiam Hydel Project, Stage II and Namrup Thermal Station Extension were taken up. The other projects now awaiting completion are Gauhati and Garo Hills Thermal Projects.

The total installed capacity of the projects now in commission is about 153 m.w. In 1967-68 the per capita consumption of electricity in Assam was estimated to be 34 kwh against 45 kwh for India. Total generation of electricity in Assam was 157 million kwh in 1967-68 and 286 million kwh in 1968-69. The number of electrified villages in Assam at the end of 1968 was 379.

INDUSTRIES

Gas-Based Industries: The two projects which have been decided to be taken up as part of the first phase natural gas utilisation programme are (1) a power project, with an installed capacity of about 69,000 k.w. near Nahorkatiya and (2) a fertiliser plant at Namrup near Nahorkatiya with an annual production pattern of 55,000 tons of urea, 1,00,000 tons of Ammonium Sulphate, 66,000 tons of Ammonia, 82,500 tons of Sulphuric Acid. Both these projects are in the public sector. The Government of Assam have undertaken a programme for setting up a Petro-Chemical Industry.

The Spun Silk Mill at: Jagiroad (Public Sector) has gone into production. The coment factory at Cherrapunji with a capacity of 250 tons daily, (State Govt. Undertaking) has already gone into production. Steps have been taken to expand its capacity to about 850 tons. Steps have been taken for the establishment and expansion of a number of other industries such as large paper and pulp industries, hard board, chip board, commercial plywood, timber seasoning units, steel fabrication and light engineering manufacture.

A unit manufacturing hard board has been established.

Handloom Industry

Handloom industry is the largest and the most important cottage industry next to Agriculture, both in hills and plain districts. Most of the weavers of the State are women and they generally weave cloth for their domestic use in leisure time.

Cooperative Sector: From 664 societies at the beginning of the Second Plan period, the number of societies has gone up to 1,623 at the end of 1966-67. Similarly, the membership has gone up from 18,983 to 50,690 during the same period. The issue of Share Capital loan and Working

Capital loan has also gone up from Rs. 1·18 lakhs and Rs. 5·67 lakhs in 1955-56 to Rs. 8·70 lakhs and Rs. 64·32 lakhs respectively at the end of 1965-66.

TRANSPORT

Much of the trade of Assam is carried by river. Steamer companies maintain fleets of vessels which ply to and from Neamati, Tezpur, Gauhati, Goalpara, Dhubri, Karimganj, Silchar and many other smaller stations,

The entire railway system in Assam comes under the North East Frontier Railway. Pandu (Maligaon) near Gauhati has been made the headquarters of N.E.F. Railway.

Because of the slender surface link between Assam and the rest of India, air services are of great value to the State. Almost all the big towns—Tezpur, Jorhat, Dibrugarh, North Lakhimpur, Silchar, Dhubri and Gauhati are now served by daily scheduled flights. Pasighat and Along in NEFA have also been placed on the airmap.

The total length of motorable roads as on March 31, 1966, stood at 20,200 kilometres.

The length of roads under the management of Public Works Department was 20,678 km. in March 1968 out of which approximately 17,500 km. were motorable. Adding to this about 2,400 kms. of motorable roads under the management of the local bodies the length of motorable roads in the State in 1968 was around 19,900 kms. leaving a gap of 15,300 kms. to be constructed over the next 13 years or so.

At the end of 1967-68, the length of the nationalised road transport has increased to 2,989 kms. The gross capital investment in the nationalised transport as of March 1967 was Rs. 40.26 million, having a fleet of 724 vehicles. The State Transport carries on an average 30,000 passengers and 3,500 quintals of goods daily.

Number of vehicles both public and private in the State in 1967 (including Government and foreign): Motor vehicles 2,275; motor cars 12,083; taxi cabs 432; buses 1,998; private carriers 7,490; public carriers 4,510; trailer 2,781; tractor 2,449; vehicles owned by local bodies 12; Government vehicles 11; auto-rickshaws 30.

CIVIL SUPPLIES

Latest figures:

The approximate monthly import requirements in tons of food-stuffs and other essential commodities are as follows:—Wheat 5,000; Salt 7,600; Sugar 5,500; Gur 2,000; Mustard Oil 3,000; Pulses 6,000; Paper 150; Cloth 10,000 bales; Yarn 2,500 bales; Iron & Steel 4,600; Cement 10,000; Misc. goods 15,000; Rice 42,000.

CO-OPERATION

The outlays in the State Plan for 1968-69 and 1969-70 respectively in Rs. lakhs are: General 15; 45; Hills 10; 15. The amounts allocated for long, short and medium term plans during 1968-69 was Rs. 2·26 crores and for Hill plan Rs. 10 lakhs.

For statistical data about credit and non-credit societies see general article on "Cooperative Movement", p. 118.

EDUCATION

In the first two years of ad hoc Annual Plans (1966-68) the expenditure on education programmes under the Plan amounted to Rs. 401 lakhs. The allocation for 1968-69 was Rs. 162 lakhs under the General Plan and Rs. 78 lakhs in the Hill Plan. For 1969-70 the provision in the General Plan was Rs. 203 lakhs and in the Hill Plan Rs. 55

lakhs. In 1968-69 girls' education was made free up to class VI. In 1967-68 the total allocation on technical education for the plan scheme for general areas was Rs. 45 lakhs, subsequently reduced to Rs. 37.50 lakhs. In the annual plan for 1968-69 the plan allocation for the general areas was Rs. 25 lakhs only and the provision for 1969-70 was Rs. 40 lakhs.

LABOUR

Number of registered trade unions in December 1965: 186. On the basis of returns received from 69 unions the total membership was estimated to be 1,21,195. No. of industrial disputes during 1967 and 1968: 87; 25. No. of workers involved during 1967 and 1968: 73,775; 16,149. No. of man-days lost during 1968 and 1969: 1,82,026; 1.52,026.

Employment in registered factories in 1967: 81,893. Total employment in tea-industry on 31-3-1968: 4,38,630. On 30th September 1968 the employment stood at 4.29,404.

COMMUNITY DEVELOPMENT

The C. D. programme aims at providing extension service for various development schemes taken up for implementation in the rural areas. There are now in all 163 development blocks of which 42 are in the hill areas. The expenditure on development programme amounted to Rs. 22.8 millions, Rs. 73.3 millions and Rs. 117.0 millions during the First, Second and Third Plan respectively. The expenditure during 1967-68 was Rs. 33.8 millions.

Achievements (1967-68): Improved seeds distributed 1,350 tonnes; fertilizer distributed 3,696 tonnes; agricultural demonstrations held 6,992; improved implements distributed 6,856; Composite pits dug 20,444; improved birds distributed 12,587; drinking water wells constructed and renovated 1,802; adult literacy centres started 1,768; adult persons made literate 32,330; land reclaimed 7,723 hectares; area bunded and terraced 585; Roads constructed 910 k.m.

Panchayats: With the enforcement of the Assam Panchayat Act, 1959 the three tier Panchayat organisation came into existence. 2,573 Gaon Panchayats, 121 Anchalik Panchayats and 17 Mahakuma Parishads have been constituted covering all the plains districts of the State. The provision for 1968-69 in the annual plan was Rs. 5-00 lakha.

HOUSING

During 1966-67 and 1967-68 the expenditure on housing was Re. 18-31 lakhs, 47 houses and 486 tenements were completed. For 1968-69 a provision of Rs. 5 lakhs had been made. The outlay for 1969-70 was Rs. 6 lakhs. The schemes relating to low income groups, industrial labour, plantation labour, village housing and land acquisition and development will continue.

For the Hill Plan there was a provision of Rs. 4 lakhs for 1968-69. The provision for 1969-70 was Rs. 9 lakhs. 25 houses and 40 units of Harijans' quarters were expected to be undertaken during 1968-69. The programme for 1969-70 included the completion of Harijan quarters and construction of additional 50 houses and 40 tenements under other schemes.

IRRIGATION

The Annual Plan allocation for 1968-69 for medium irrigation was Rs. 76,00,900 for the general areas and Rs. 10 lakhs for the hilly areas. For 1969-70 the provision was Rs. 80,15,929 and Rs. 19 lakhs respectively. Three schemes have been taken up for implementation, namely the Jamuna, the Sukhla and the Patra-Disa. Another scheme the Harguti Irrigation project at a cost of Rs. 40 lakhs in the Mikir Hills has already been taken up for execution. This and the Sukhla project will continue in the Fourth Plan. The Patra-Disa has been completed during 1968-69.

ASSAM AGRICULTURAL UNIVERSITY

(Jorhat-4)

Courses provided: (a) Agricultural Course; (b) Veterinary Course.

Degrees offered: (a) Post-graduate — M.Sc. (Agri.) — four years' course; (b) Undergraduate Course — B.V.Sc. — five years' course; (c) Post-graduate — M.V.Sc. — two years' course.

DIBRUGARH UNIVERSITY

It is a teaching and affiliating University.

Chancellor: B. K. Nehru, Governor of Assam & Nagaland. Vice-Chancellor: Dr. B. R. Seth.

Rector: L. P. Dutt.

Registrar: Dr. A. K. Borkskoty.

Number of affiliated Colleges: 35.

Number of University Departments of Post-graduate Studies & Research: 13.

GAUHATI UNIVERSITY

Gauhati-14, Assam.

Chancellor: Governor of Assam,

Vice-Chancellor: Dr. M. N. Goswami, M.A., B.L., Ph.D. (Cal.).

Registrar : C. Das, M.A., B.L.

Teaching, Affiliating and Residential.

Subjects where provision exists for post-graduate and research:

Assamese, Philosophy, Economics, History, Education, Mathematics, Statistics, Botany, Commerce, English, Physics, Chemistry, Geology, Anthropology, Agricultural Botany, Sanskrit, Political Science, Bengali, Geography, Zoology.

Number of colleges affiliated: 93 (Permanently affiliated 88; Temporarily or provisionally 5 including one constituent college).

Number of students: Affiliated Colleges: 46,456, University Departments: 2,096; Constituent College (Law College): 1,245.

Budget 1969-70.

Grant from State Government:

Annual recurring grant of Rs. 23,50,000.

Receipts: Rs. 1,35-21 lakhs.

Expenditure: Rs. 1,38.31 lakhs.

(Roads and Buildings Wing), G. C. Momin; Secretary, P.W.D. (Flood Control and Irrigation Wing), A. Rashid.

Heads of Departments

Commissioner of Plains Divisions, B. S. Saraw, I.A.S.; Commissioner of Agricultural Production, R. Chandra, I.A.S.; Director of Agriculture, K. C. Mahanta, I.A.S.; Director of Agriculture, K. C. Mahanta, I.A.S.; Director of Industries, A. D. Adhikari; Director of Public Instruction, U. Sarma; Director of Health Services and Inspector-General of Prisons, D. Phukan; Director of Economics and Statistics, J. N. Sarma; Director of Information and Public Relations, B. Barua; Director of Technical Edn., H. N. Barua; Director of Inland & Water Transport, K. Gogoi; Registrar, Co-operative Societies, B. Barua; Chief Conservator of Forests, P. Barua; Inspector-General of Police, Lala B. K. Dey; Dir. of State Transport, B. Hazarika.

High Court

Gauhati

Chief Justice, P. K. Goswami; Judges, M. C. Pathak, I. M. Sen; Registrar, B. N. Sarma; Advocate-General, J. C. Medhi (Assam), S. K. Ghose (Nagaland).

North-East Frontier Agency Shillong

Adviser to the Governor, P. N. Luthra; Security Commissioner, K. A. A. Raja; Development Commissioner, S. M. Krishnatry; Inspector-General, Assam Rifles, Maj.-General V. B. Tuli.

NORTH-EAST FRONTIER RAILWAY

Maligaon, Gauhati 11.

General Manager, N. N. Tandon; Senior Deputy General Manager and Chief Vigilance Officer, D. G. Divgi; Deputy General Manager (9), J. A. Webster; Chief Personnel Officer, H. N. Kidwai; Chief Operating Supdt., P. K. Anantanarayanan; Chief Engineer, M. I. Chhaya; Chief Mechanical Engineer, D. K. Subarwal; Financial Advisor and Chief Accounts Officer, G. M. Gidwani; Chief Electrical Engineer, P. Varadachari; Chief Signal & Tele-Comm. Engineer, D. P. Purang; Chief Commercial Supdt., H. P. Verma; Chief Security Officer, P. C. Barbora; Chief Medical Officer, Dr. B. S. Agarwal; Controller of Stores, V. N. Agharkar.

NORTH-EAST FRONTIER AGENCY

HEADQUARTERS: Shillong, Assam. Area: 31,438 aq. miles (81,425-9 sq. kilometres); Population: 3,36,558.

The Agency is now under the administrative control of the Home Ministry.

Districts in the Agency with headquarters in brackets: Kameng District (Bomdila); Subansiri District (Ziro); Siang District (Along); Lohit District (Tezu); Tirap District (Khonsa).

FORESTS

About 60 per cent of the land area is under forests. The reserve forests constitute 1,779·32 sq. miles, proposed reserve forests 2,911·99 sq. miles and private forests 56·92 sq. miles. There are about 15,000 sq. miles of Unclassed State forests. Most of the forest area remains unsurveyed. In 1968-69, 1,21,302 cu. m. of timber was extracted (the bulk of which is from reserve forests) and a total revenue of Rs. 98,26,500 was earned as against Rs. 92,58,752, Rs. 74,26,366 and Rs. 68,80,569 during 1967-68, 1966-67 and 1965-66 respectively.

NEFA has a rich fauna and flora. There are wild elephants, bisons, buffaloes, tigers, leopards, various kinds of deer, bears, pigs and wild goats. Peculiar to NEFA are the following — takins, musk-deer, lesser pandas, clouded leopards and mountain goats. To the people of the Agency the 'Mithun' or 'Gayal' is the most important animal as it serves, apart from its religious and sacrificial significance, as a medium of barter.

The monsoon sets in from the May/June and continues till the end of September. The average annual rainfall at Bomdila is 40·12"; Pasighat — 220·05"; Tezu — 160·30" and Changlang 78·22". The snow line starts from about 13,000 feet altitude and the whole of the northern region along the international boundary is under snow during the winter months.

TRIBES

The Agency is inhabited exclusively by Hill Tribes. A broad list of the main tribes district-wise is given below:

Kameng District:—Monpa, Sherdukpens Bangnis (Yanoo and Khrodeng), Aka or Hrusso, Khowa or Bugun, Miji or Dammai, Khamba, Sulung, Bangro.

Subansiri District: —Tagin or Moya, Dafla or Nisi/Nishang, Apatani, Bangro, Mikir, Hill Miri, Sulung.

Siang District:—Adi (it has some 20 sub-tribes, some of them are almost treated as main Tribes), Khamba, Memba, Hill Miri, Idu Mishmi.

Lohit District:—Padam Hill Miri, Mishmi (Digaru or Taraon), Idu or Chulikata, Miji or Kaman, Singhpho, Khampti,

Tirap District:—Nocte, Singpho, Tangsa, Wancho, Yobin.

About 50 distinct languages and dialects are spoken. Each tribe is divided into a number of exogenous clans. As a general rule, the tribes do not intermarry.

EDUCATION

Education in the Agency is of the basic type with due emphasis on crafts and agriculture. 167 schools have already been converted to basic pattern.

Upto the end of the primary stage, the mother tongue of the students is the medium of instruction in schools, and text books in various tribal languages have already been prepared upto Class I. Assamese will be the medium of instruction from Class IV onwards and it will also be introduced as a subject of study early in the primary stage. Hindi and English are also taught as compulsory languages from Classes III and IV respectively.

During 1964-65 there were 268 institutions distributed as follows: Higher Secondary 4; Higher English 4; Middle English 35; Lower Primary 212; Nursery 4; Training Institute 1; College 1.

Enrolment: in classes I to V during 1968-69: 16,800; in classes VI to VIII: 3,000; in classes IX to XI: 1,700.

Enrolment at school stage by sex during 1968-69: Classes I to V: Boys 15,000; girls 1,800; Total 16,800. Classes VI to VIII: Boys 2,000; Girls 1,000; Total 3,000. Classes IX to XI: Boys 1,300; Girls 400; Total 1,700.

Statewise allocation for Education in the Fourth Plan; General education Rs. 205.18 lakhs; technical education: nil; total Rs. 205.18 lakhs.

The most important aspect of the educational programme in NEFA has been the establishment and reorganisation of schools in the border areas.

COTTAGE INDUSTRIES

Regular Cottage Industries Training Centres have been opened at 22 places to impart training in weaving, spinning, tailoring, carpet-making, carpentry, wood-carving, cane and bamboo work, smithy, painting, sawing, soap-making and pottery. Rearing of silk and endi is demonstrated at sericultural farms at Pasighat, Changlang and Namsai. There are also 12 irregular centres.

As of March 1965, the total number of persons trained was 2,600. Expenditure during 1964-65 was Rs. 12-88 lakhs.

PUBLIC HEALTH

Figures for 1968-69: The number of patients treated throughout the Agency 223,654; Number of hospitals, dispensaries, health units 95; Number of doctors sanctioned 124, present 84; Number of compounders sanctioned 120, present 89; Number of nurses sanctioned: 130; present 85; There was one doctor for every 4,007 persons, a nurse for every 3,959 persons; one hospital/dispensary for every 3,543 persons.

45 teams have been raised under the national small-pox eradication programme. Two BCG teams worked in Lohit, Daporijo, Siang and Pasighat Districts and vaccinated over 50,000 peoples. A 50 bedded T. B. Hospital continued to function at Margherita which was established during 1962.

AGRICULTURE

Area under Cultivation: 1,92,000 Acres; Land Development: 48,884 Acres; Area brought under Irrigation 31,242 Acres; Annual Food Production: 69,000 tons; Additional increase in food grains: 16,000 tons; Agriculture Farms: 11; Horticultural Nurseries 5; Peoples' Horticultural Gardens 52; Veterinary Dispensaries 38; Veterinary Aid Centres 29; Cattle upgrading Farms 11; Government Fish Farms 5; People's Fish Farms 6; and Village Fish Ponds 697.

CO-OPERATIVE MOVEMENT

Most of NEFA tribes have a very strong social sense, and every village is in its own way a Co-operative Society. There were on January 30, 1969, 97 Co-operative Societies which included 48 Consumers' Co-operatives, 7 Multipurpose Co-operatives, 10 Marketing and Processing

Societies, six Farming Co-operative Societies, three Thrift and Credit Co-operative Societies, two Industrial Co-operative Societies, two Builders Co-operative Societies, 11 School Co-operatives, two Labour Co-operatives, 6 Transport Co-operatives, one Co-operative Store and one Union Store.

COMMUNITY PROJECTS

Total number of C. D. Blocks (NEFA "A" and "B" type); 43; Normalised (Post Stage II Blocks); 15; Area

covered 25,609 sq. miles; Villages covered 2,060; population covered 3,03,000.

COMMUNICATIONS

Physical achievements from 1951 to 1965 consist of roads (jeepable) 1,186-11 kilometres, mule paths 399-50 miles, porter track 2,235-50 miles, bridle paths 131 miles, improvement to roads 237-87 miles, improvement to porter tracks 416-50 miles.

MEGHALAYA*

THE hill State of Meghalaya created under the Assam Reorganisation (Meghalaya) Act, 1969 of Parliament passed on December 24, 1969, was inaugurated by Prime Minister Mrs. Indira Gandhi on April 2, 1970.

This new autonomous state which is in the nature of a State within the State of Assam consists of two revenue districts of Assam, viz. (i) United Khasi and Jaintia Hills and (ii) Garo Hills. Meghalaya is hemmed in by East Pakistan in the south and west and Brahmaputra valley on the north and North Cachar and Mikir Hills on the east.

AREA AND POPULATION

Area in Sq. Km. and population respectively according to the 1961 census: United Khasi and Jaintia Hills 14,363·92; 4,62,152; Garo Hills, 8,081·07; 3,07,228. Total 22,444·99; 7,69,380. According to August 31, 1969 census, the total population is recorded as 8,74,601 in the three regions. Of the remaining hill districts, the North Cachar Hills and the Mikir Hills have opted to remain within the Assam State while the option of the Mizo Hills district has to be decided later.

The hill areas of Assam have a total population of over one and a half million. According to 1961 census the density of population per square mile in Garo Hills and Khasi and Jaintia Hills was 97 and 83 persons respectively.

The population of Meghalaya predominantly consists of the Khasi, Jaintia and Garo tribals.

Both these districts of Meghalaya are connected through Kamrup and Goalpara of Assam. In area and population, this autonomous state is bigger than Nagaland and also bigger in area than all the Union Territories excepting Himachal Pradesh. Its important urban centres are Shillong, Jowai and Cherrapunji in the United Khasi and Jaintia Hills and Tura in Garo Hills.

Cherrapunji claims to have the world's highest rainfall and Assam Government's cement factory is located there. Shillong is the capital of both Meghalaya and Assam.

PRINCIPAL CROPS

The principal crops of Meghalaya are potato, tezpata and fresh fruits in United Khasi and Jaintia Hills and cotton in Garo Hills. United Khasi and Jaintia Hills are the largest producers of potato and Garo Hills in cotton among all the districts of Assam.

Minerals

Meghalaya is rich in both mineral and forest resources, but the transport difficulty is one of the major hurdles in the way of planned development and progress and exploitation of these resources. The mineral wealth of United Khasi and Janitia Hills district includes coal, sillimanite, limestone, unworked lithomarge, white clay and corundum. This area produces one-fifth of the State's output of coal, 95 per cent of India's total output of sillimanite and all of Assam's output of limestone.

The Garo Hills district is a potential mineralised area of Assam. There are deposits of coal, limestone, fireday and light coloured sandstone, which are virtually untapped. Plans have been made to exploit them but transport difficulties have so far been insuperable.

Forests and forest products are the chief resources of the new State. Fireclay, abrasive and ceramic are also available.

POLITICAL SET-UP

The new State has a 38-member Legislative Assembly. The members of the Assembly have already been provisionally elected by indirect election. In the elections the All Party Hill Leaders Conference secured a majority in the provisional legislative assembly and the party Chairman, Captain Williamson Sangma, has been designated the Chief Minister of the State. Captain Sangma has selected a five-member Council of Ministers who assumed office on April 2, 1970. The new State will have control of 61 out of 65 subjects in the State list.

So far as Meghalaya areas are concerned the Government and legislature of Assam will have jurisdiction in respect of only certain subjects of common importance including state highways, major industries, and hydroelectric projects. While the overall responsibility for law and order in Meghalaya will remain with the Assam Government, the new autonomous state will have its village and town police. It will also enjoy enforcement of power so far as 61 subjects in its State list are concerned. The Assam and Meghalaya States will have concurrent powers requiring ratifications by both State Assemblies in 13 subjects including acquisition of lands.

The new State will have a common Governor and a common High Court with Assam. Shillong, the present capital of Assam and a popular hill station will be the common capital of both the States.

ADMINISTRATIVE PERSONNEL

Shillong

Chief Minister, Political, Public Relations, Home, Administrative Reforms, Re-organisation, Cabinet Affairs and Law, Captain Williamson Sangma.

Agriculture, Industry, Irrigation, Cooperation, Forests, Revenue, Labour, Supply, Transport and Tourism, S. D. D. Nicholas Roy. Education, Social Welfare, Health and District Council, S. Marak.

P.W.D., Public Health Engineering, Town and Country Planning, E. Barch.

Finance, Excise, Planning and Taxation, B. B. Lyngdoh.

^{*} The annual Plan of Meghalaya for 1970-71 envisages an outlay of Rs. 684 98 lakhs.

BIHAR STATE

CAPITAL: Patna. Area: 67,196 sq. miles. Geographical ares: 42.8 million acres (5.8 per cent of the area of India).

Total Population: 46,455,610 (1961 census). Density 694; Literacy 18:4 per cent. Population (1966) 52:1 million.

Administrative Divisions:—Patna, Bhagalpur, Tirhut and Chota Nagpur.

Districts with names of District Headquarters in brackets in each Division:

Patna Division: Patna (Patna); Gaya (Gaya); Shahabad (Arrah). Tirhut Division: Muzaffarpur (Muzaffarpur); Saran (Chapra); Champaran (Motihari); Darbhanga (Laheriasarai). Bhagalpur Division: Bhagalpur (Bhagalpur); Monghyr (Monghyr); Purnea (Purnea); Santal Parganas (Dumka); Saharsa (Saharsa). Chota Nagpur Division: Ranchi (Ranchi); Hazaribagh (Hazaribagh); Palamau (Daltonganj); Singhbhum (Chaibassa); Dhanbad (Dhanbad).

Number of Districts: 17; Number of District Boards: 17; Number of Municipalities (including Patna Municipal Corporation): 54; Improvement Trust: 4; Notified Area Committees: 45.

Names of towns with a population of over 50,000: Patna, Monghyr, Jamshedpur, Muzaffarpur, Gaya, Chapra, Bhagalpur, Arrah, Ranchi, Darbhanga, Dhanbad, Biharsharif, Katihar and Jamalpur.

(For names, area and population of districts see article on 'Population')

LARGE AND MEDIUM INDUSTRIES

For the development of industries in the State some of the major steps taken by the State Government include the establishment of The Bihar Industrial Development Corporation, Bihar State Agro-Industrial Development Corporation, Spun Silk Mill and Industrial areas.

Bihar State Industrial Development Corporation. (Please see "State Corporations").

Bihar State Superphosphate Factory, Sindri. (Please see under "Govt. Industrial Undertakings").

High Tension Insulator Factory, Ranchi. (See under "Govt. Industrial Undertakings").

Electric Equipment Factory, Tatisilwai: An Electric Equipment Factory is being established at Tatisilwai near Ranchi, for manufacture of electrical equipment such as power distributors, transformers, industrial motors and switchgears in collaboration with the G.E.C. of India.

The total estimated cost of the project is about Rs. 2-24 crores. The erection of the factory is likely to be completed soon.

Bihar State Agro Industrial Development Corporation. (Please see under "State Corporations").

Spun Silk Mill: A Spun Silk Mill is being established at Bhagalpur at an estimated cost of Rs. 143 lakhs. The mill will have 3,000 spindles for manufacture of pure silk yarn and 420 spindles for manufacture of ordinary yarn.

The mill is expected to go into production sometime in 1970.

Industrial Areas: Industrial areas have been established at Adityapur, Ranchi and Patna.

Three more Industrial areas at Barauni, Bokaro and Patratu are also being established.

Industrial Estates and Workshop Sheds: Industrial Estates have been set up at Muzaffarpur, Bhagalpur, Purnea, Daltonganj, Tillaiya (Hazaribagh), Ramnagar (Champaran), Barcon (Gaya), Lakhisarai (Monghyr), Jasidih and Murliganj (Saharsa) during the Third Five Year Plan. In all these estates altogether, construction of 183 factory sheds of different sizes has been completed out of which 110 sheds have been allotted.

KHADI AND VILLAGE INDUSTRIES

The area of Bihar has been divided into 588 anchal-cumdevelopment Blocks, out of these 490 have been covered by some kind of development activity under the Khadi and Village Industries. In 1968-69 Khadi and Village Industries in Bihar produced articles worth Rs. 1,148-01 lakhs. The sales effected were Rs. 1,070-01 lakhs. The total number of persons finding part time or whole time employment was 2,61,368 and the sum of Rs. 349-11 lakhs was distributed among them as wages. The number of Khadi Bhawans in the State is 464.

Industries other than the Khadi, which are being organised in Bihar are as follows:—

Ghani oil, hand processing of cereals and pulses, leather, gur khandsari, palmgur, non-edible oil and seap, handmade paper, bee-keeping, pottery, fibre, cottage match, carpentry and blacksmithy, gobar gas, limestone and gram-eksi.

The Industries which have made considerable progress are ghani oil, hand processing of cereals and pulses and bee-keeping. The ghani oil industry has 882 co-operatives which have produced oil worth Rs. 406-81 lakhs and have given employment to 8,061 persons. The hand processing of cereals and pulses has 579 co-operatives which have produced rice worth Rs. 53-90 lakhs and have given employment to 8,322 persons. The bee-keeping industry made a remarkable progress in the year 1968-69. 7,099 bee-keepers produced honey worth Rs. 9-23 lakhs.

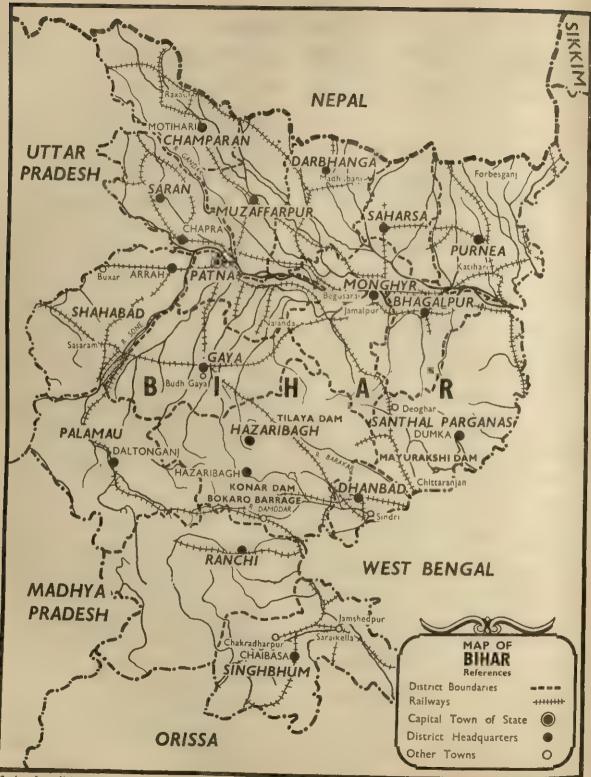

SMALL-SCALE INDUSTRIES

Common facility service centres, rural workshop production centres, model workshops and raw materials depots are some of the important schemes which have been implemented for the development of small-scale industries. Fifteen model workshops namely Blacksmithy and Mechanised carpentry units were set up during the Second Plan period.

During the Third Plan period three industrial pilot projects, three women's industrial schools and 5 rural industries projects for intensive development of rural industries were set up.

Cluster Type Industrial Training Centres: There were 20 Cluster Type Institutional Training Centres in the State during the year 1968-69.

Rural Industries Project: There are five such projects located at Nawadah. Pusa, Dumka, Buxar and Ranchi. 709 Co-operative Societies have been organised and these societies have produced and sold goods worth about Rs. 70,24,000. These societies have provided full employment to about 17,000 persons.

Assistance under the State Aid to Industries Act: A sum of Rs. 2.81 crores was sanctioned as loan under the State Aid to Industries Act during the three Plan periods and subsequently during the three annual plan periods.

Bihar State Small Industries Corporation.

(Please see under "State Corporations").

Handloom: Handloom is the most organised cottage industry in the State employing nearly 10 lakhs of persons annually on two lakh looms which are capable of producing goods worth Rs. 30 crores per year. A State Handloom Board has been set up for initiating a comprehensive scheme of organisation and technical improvement like setting up of dyeing and finishing units.

Handicrafts: During the Third Five Year Plan two production centres, in cane and bamboo, one each in papier mache and one centre for bell and brass metal have been set up. A craft museum has been located in Patna for display of handicrafts products. For supply of raw materials to handicrafts workers at reasonable prices, a raw materials depot has been located in Patna. An institute of industrial designs is functioning at Dighas which besides making research in designs, also conducts training courses for artisans and instructional staff of training centres. Several procurement centres are being set up in different parts of the State.

Sericulture: Bihar is the largest producer of tassar in India and about one lakh persons in this State are engaged in different branches of this industry, from the rearing of silk worm to the finishing of silk fabrics. In 1967-68, 7.94 lakh disease-free layings were produced and distributed to 29,000 rearers free of cost; 1,31,928 kahans of tassars occoons were produced, 31 Training programmes were organised, 2,430 persons were trained in tassar silk worm rearing, reeling and spinning of tassar and 473 reeling-cum-twisting machines and 473 improved spinning machines were distributed. The State Government has started three tassar marketing organisations in the district of Singhbhum, Santhal Parganas and Hazaribagh. Two silk Institutes at Bhagalpur and Chaibassa are run by the State Government to impart training in scientific method of sericulture.

MINERALS (Latest available)

Mine	ral		Unit of quantit	-	Value Ra. '000

[†] Production (thousand bales of 180 kgs. each).

The districtwise distribution of the minerals (names of districts in brackets) is as follows:—

Apatite (Singhbhum); Asbestos (Singhbhum); Bauxite (Ranchi, Palamau & Monghyr); Chinaclay (Singhbhum, Bhagalpur, Santhalparganas, Ranchi); Chromite (Singhbhum); Coal (Dhanbad, Hazaribagh, Palamau & Santhalparganas); Copper Ore (Singhbhum); Crude Mica (Hazaribagh, Gaya, Monghyr); Dolomite (Singhbhum, Palamau, Shahabad, Hazaribagh); Felspar (Hazaribagh, Gaya, Monghyr); Fire-Clay (Dhanbad, Hazaribagh, Palamau & Santhal Parganas); Iron-Ore (Singhbhum, Palamau); Kyanite (Singhbhum); Limestone (Shahabad, Palamau); Hazaribagh, Singhbhum, Ranchi); Manganese Ore (Singhbhum); Pyrite (Shahabad); Quartz & Silica (Singhbhum, Dhanbad); Steatite (Singhbhum).

The State Government has formed a body known as the Mica Syndicate to improve the mica industry in Bihar. The State Government is also taking steps to set up cement factories, and investigations are in progress for the search of fresh lime stone deposits to feed these proposed factories.

The site of the proposed sulphuric acid plant has been shifted to Sindhri from Shahabad.

AGRICULTURE

Bihar, with 5.71 per cent of the Union's land area, has 10.59 per cent of her population. The proportion of total population depending on agriculture is estimated to be 77 per cent.

Total geographical area and classification as on May 31, 1969 in 1,000 hectares: 17,401; Forests: 2,892; Area put to non-agricultural uses 1,450; Barren and uncultivable land 1,158; Permanent pastures and other grazing land 206; Land under miscellaneous trees 192; Cultivable waste land 595; Area & production of food-grain crops (1968-69) (figures being in thousand hectares and thousand tonnes respectively): Rice 5,255-4; 4,731-6; Jowar 10-7; 6-2; Bajra 12-9; 9-0; Maize 989-1; 1,129-8; Ragi 206-1; 175-8; Small miliets 247-7; 110-3; wheat 1,054-4; 913-5; Barley 360-9; 266-8; Total cereals 8,137-2; 7,343-0.

Oilseeds: Groundnut 5.2; 4.2; Castor seed 6.4; 4.0; Sesamum 32.3; 15.7; Rapeseed & Mustard 79.3; 39.6; Linseed 63.0; 18.7; Total 186.2; 82.2.

Cotton†: 2.4; 3.3 ;Jute† 90.3; 399.9; Sannhemp 7.8; 2.8; Mesta† 23.4; 92.0.

Other crops: Tobacco 14.23; 13.5; Nigerseed 46.6; 14.9; Safflower 0.7; 0.3; Turmeric 7.3; 11.3; Potato 109.3; 1,117.1.

Sugarcane is mostly grown in the districts of Champaran, Saran, Darbhanga and Muzaffarpur. Jute is cultivated in the districts of Purnea and Saharsa. Tobacco is grown in Muzaffarpur, Purnea and Darbhanga.

There are about 503 seed multiplication farms in the State for growing nucleus improved seeds for distribution to the growers. Fertilizers are distributed to the cultivators through Bihar State Co-operative Marketing Union which maintain a net work of sub-centres throughout the State. The consumption of fertilizers has now reached a level of about 1.50 lakh tonnes of nitrogenous fertilizers and 0.50 lakh tonnes of phosphatic fertilizers. Intensive Package Programme has been initiated in the districts of Shahabad, Purnea, Saharsa, Monghyr, Patua, Gaya, Saran, Champaran, Ranchi and Santhal Parganas.

FORESTS

Main fore	st prod	nce		Outturn (1966-67)
Timber		4.6		3,35,594 Cubic meters
Fuel				3,05,247 Cubic meters
Bamboo			* *	1,70,000 tons
Sabaigrass	* * *			10,000 tons
Kendu leaves	4.0			26,236 tons

Forests occupy about 31,427 sq. km. i.e., 18 per cent of the total land area of Bihar. There are two national parks, 16 games sanctuaries and 234 shooting blocks in the State.

An area of 1,24,978 hectares of land has been planted up to the end of 1967-68 with bamboo over 20,998 hectares, Eucalyptus 8,725 hectares, Teak 7,000 hectares, Sissoo 16,317 hectares and other species 71,938 hectares.

(See also under "Forests" for other particulars).

ROAD TRANSPORT CORPORATION

"Sultan Palace", Patna

The total fleet strength at the end of the Third Plan was 1,146 and the number of schedules was 822. The scheduled mileage was 1.20 lakhs.

The Corporation serves 14 districts, 3 in North Bihar and 11 in South Bihar.

IRRIGATION

The water resources available and the present possibilities of utilising the same through various assured irrigation schemes in the three natural divisions of this State, (i) South Bihar Plains; (ii) Chotanaguar and Santhal Parganas; and (iii) North Bihar, have been assessed on the basis of the rainfall pattern and failure of crops and a master-plan of irrigation in Bihar has been prepared. The irrigation schemes aim at bringing 104 lakh acres of culturable land under assured irrigation.

Major and medium irrigation schemes are under the control of the Irrigation Department and the River Valley Projects Department.

During the three Five Year Plans and the subsequent three Annual Plans, a total irrigation potential of 32 lakh acres was created from major and medium irrigation schemes against which the utilization was of the order of 20 lakh acres.

By the end of the Third Five Year Plan period, about 5,00,000 acres of land had been reclaimed by drainage of chaurs.

During the first three Five Year Plans and the subsequent three Annual Plans, a sum of Rs. 40.56 crores has been spent on the flood control schemes in this State, giving protection against floods to an area of about 32 lakh acres.

POWER

An initial provision of Rs. 79.55 crores including the sum of Rs. 20.04 crores earmarked for the power schemes of the D.V.C., was made in the Third Five Year Plan, against which the Bihar State Electricity Board spent Rs. 80.92 crores on its various schemes during the Third Plan period. During the subsequent three Annual Plans a sum of Rs. 58.74 crores has been spent by the Board.

The major power generating schemes under execution of the Bihar State Electricity Board consist of (a) Patratu Thermal Power Station at Patratu in South Bihar, (b) Barauni Thermal Power Station at Barauni in North Bihar,

(c) Subarnrekha Hydel Power station at Getalsud in South Bihar and (d) Kosi Hydel Power Station at Birpur in North Bihar. The first two already generate electricity. The progress of electrification up to 1968-69 is given below:—

Item	the end	Achieve- ment at the end of the Second Plan	Achieve- ment at the end of the Third Plan	Achieve- ment at the end of 1968-69

Patratu Thermal Power Station: In the first stage the Power Station will have an installed capacity of 400 MW consisting of four sets of 50 MW each and two sets of 100 MW each. In the second stage the capacity is to be augmented to 620 MW by addition of two sets of 110 MW each during the Fourth Plan period. Three sets of 50 MW each have already been commissioned. The fourth 50 MW set was also commissioned in October 1969. The total estimated cost of the 400 MW stage is Rs. 5,271·10 lakhs and for the extension Project of 220 MW Rs. 3,700·00 lakhs.

Subarnrekha Hydel Power Station: The total installation will consist of two sets of 65 MW each. No substantial progress has been made except for investigation and design work. Work on intake structure has started. The scheme is expected to be completed in 1973-74. The estimated cost of this project is Rs. 1,290.00 lakhs. Owing to increase in prices, the cost estimate is being revised.

Barauni Thermal Power Station: The total capacity envisaged under the scheme is 145 MW consisting of three sets of 15 MW each and two sets of 50 MW each. Three 15 MW sets have already been commissioned. The first 50 MW set was also commissioned in August 1969. The total estimated cost of the scheme is Rs. 1,914.00 lakhs.

Gandak Hydel Power Station: It is proposed to construct a power house with three sets of 5 MW each on the western canal of the Gandak Project. Civil work has commenced and detailed design is in progress. It is expected that the three units will be commissioned by 1972-73. The revised cost of the scheme is estimated at Rs. 517-90 lakhs.

Kosi Hydel Power Station: It will have four sets of 4.8 MW each. Civil works are complete and the erection of the power plant is in progress. The estimated cost of the schemes is Rs. 700.00 lakhs (revised). One set was likely to be commissioned by the end of 1969-70.

Railway Electrification Scheme: With a view to augmenting the transportation capacity of the railways the programme of electrification of large sections of the S.E. Railway and the Eastern Railway was taken up. For supplying power to the various substations along the Rly. tracks, 160 miles of single circuit 132 KV line and 118 miles of double circuit 132 KV transmission lines and six stations were constructed. The work was completed during 1961-63. The cost of the scheme was Rs. 419.98 lakhs.

Maithon-Sultanganj Transmission Scheme: A 110 mile long 132 KV transmission line extending from Maithon to Sultanganj was constructed in 1961-62 in order to meet the demand for power in East Bihar region. Substations were also erected at Deoghar and Sultanganj during 1963-64. The revised cost of the scheme is put at Rs. 267-69 lakhs.

Transmission: For transmitting the electrical energy generated at Barauni, Patratu, Subarnrekha, Gandak and Kosi power stations, it is proposed to have a wide network of 220 KV and 132 KV transmission lines together with 220/132 KV and 132/33 KV grid substations at various load centres in the State. By the end of the Third Plan, 50 miles of 132 KV double circuit transmission line from Ramgarh to Hatia via Patratu and 70 miles of 132 KV double circuit transmission line some state of the Muzaffarpur were completed.

After the Third Plan, the Board has completed 220 KV line from Hatia to Chandil (67 miles), 220 KV line from Patratu to Gaya (85 miles), 132 KV single circuit line from Barauni to Purnea (120 miles), 132 KV single circuit line from Chandil to Adityapur (10 miles), 132 KV line from Gaya to Mokameh (93 miles), 132 KV line from Samastipur to Chapra (71 miles), and commissioned 132/33 KV Grid Sub-stations at Muzaffarpur, Hatia, Karmass, Kendposi, Biharshariff, Adityapur, Samastipur and Purnea. The scheme to link up North and South Bihar at 132 KV by laying a cable over the Mokameh Bridge was completed in August 1969.

Rural Electrification: 3,990 villages and towns were electrified and 10,556 tubewells/surfacewells energised by the end of the Third Plan. A record number of 14,012 tubewells/surfacewells were energised in some 3,314 villages during 1966-67 when there was widespread drought in the State. The Board energised 15,807 pumping sets in about 664 villages during 1967-68, 9,163 pumping sets in about 915 villages during 1968-69. The total number of pumping connections given upto March 1969 was 49,528, and that of villages/towns electrified 6,685.

Per Capita Consumption: The per capita consumption of electricity in Bihar increased from 41 units as at the end of the Second Plan to 66 units as at the end of 1968-69.

LAND TENURE

At present all intermediary interests have been acquired by the Government. The Zamindari system in Bihar now stands completely abolished.

The Government has laid down a sliding scale for the assessment of compensation. Where the net income does not exceed Rs. 500, the compensation payable is twenty times the net income, and where the net income computed exceeds Rs. 1,00,000 it is payable at three times the amount subject to a minimum of Rs. 4 lakhs.

The total compensation is estimated at about Rs. 100 crores besides Rs. 51·25 crores payable as interest on the bonds. Of this, a sum of Rs. 16·54 crores in bonds, Rs. 7·76 crores by adjustment against Govt. dues and Rs. 9·74 lakhs in cash totalling Rs. 24·39 crores have been paid up to 1968-69.

Provision has also been made for ad-interim payment. A total sum of Rs. 20.98 crores has also been paid upto the period ending 31st March, 1969 on this account.

The assessment of compensation for mines and minerals has either to be fixed by agreement or by a tribunal appointed for the purpose.

As for funds to finance compensation, the proposal for Zamindari abolition in Bihar has been drawn up as a selfliquidating scheme.

The gross rental from the agricultural lands including cess, road cess and other miscellaneous demands in the State is about Rs. 9.53 crores, which is likely to increase further as a result of reclamation of waste lands and fixation of rent on unassessed lands.

COMMUNITY DEVELOPMENT AND PANCHAYATS

The Community Development Programme now extends over the entire State of Bihar. There are 587 blocks of which 90 are in Stage I while 181 and 316 are under Stages II and Post Stages II respectively. Besides the normal programme of all round development, special programmes like the Applied Nutrition in 59 blocks (upto 1969-70), drinking water well construction in all blocks and tribal development in 63 blocks (upto 1969-70) are also being implemented.

As in other States, the Panchayati Raj scheme in the State has also three tiers of local administration—Village Panchayats at the village level, Panchayat Samities at the Block level and Zilia Parishads at the district level. This Panchayati Raj Scheme is in force in three districts only of the State: Viz. Bhagalpur, Ranchi and Dhanbad.

CO-OPERATION

Figures as of June 1969:

Number of Co-operative Societies of all types—36,000 ; Membership— $32 \cdot \hat{1}6$ lakhs.

Types of Co-operative Societies and number of each type as on 30th June 1969:

Provincial and Central Co-operative Banks 29; other central societies 31; Co-operative Farming Societies (including Sarvodaya Samities) 339; Agricultural Credit Societies 16,500; Weavers' Co-operative Societies 1,167; Oilmen's Co-operative Societies 1,096; Fishermen Co-operative Societies 346; Co-operative Stores 600; Primary Marketing Societies 273; Salary Earners' Co-operative Societies 263; Canegrowers Co-operative Societies 4,231; Milk Societies 218; Industrial Societies and other types of societies 11,062.

Weavers' Societies: No. of societies as on 30th June, 1969-1,167; value of goods produced Rs. 340.00 lakhs.

LIVESTOCK

According to the Livestock Census 1966, Bihar possesses the following livestock: Cattle 1,51,56,456; Buffaloes 36,54,364; Sheep 12,46,890; Goats 78,01,141; Pigs 6,46,248; Poultry 1,08,49,858; Horses and Ponies 1,15,828; Camels 122; Mules 1,519; Donkies 32,810. Total livestock: 2,86,55,428.

Cattle Development: At present seven Govt Cattle breeding farms and one Bull Rearing Farm are functioning in the State to produce improved bulls. In addition.

47 key village blocks, 10 large town A.1 centres, 107 artificial insemination centres, 6 key village extension centres, three semen banks and two intensive cattle development blocks are functioning in the State for upgrading the local cattle, more milk yield and better draught performances. 208 improved bulls have been distributed in the Community Development Blocks for natural mating during 1966-67.

Piggery Development: For the development of pigs, a Piggery Development Unit and 15 Piggery Development Blocks are functioning. Besides, a Pig Breeding Farmcum-Bacon Factory is being established at Kanke (Ranchi).

Sheep & Goat Development: Two sheep breeding farms are functioning in the State, one at Chatra and another at Gaya. Besides, 20 Sheep and Wool Extension Centres have been established for the production of quality wool and mutton. 49 rams and 308 bucks have been distributed in C. D. Blocks during 1966-67 for grading up the local sheep and goat respectively.

Poultry Development: For the development of poultry, birds of improved breeds are being introduced in the State through four range poultry farms, 21 poultry extension centres, 12 poultry development centres, 11 poultry farms at C. D. Block headquarters in the industrial belt, 92 poultry hatching and rearing centres, two intensive poultry development blocks and two intensive egg and poultry production cum marketing centres. A small poultry dreasing plant has started functioning at Patna to meet the domand of dressed poultry meat and another is being established at Ranchi. 42,570 improved birds, 86,742 eggs, 60,777 day old chicks have been distributed in the State during the year 1966-67.

Disease control: 632 veterinary hospitals and dispensaries including 18 mobile veterinary dispensaries are functioning in the State.

Other Institutions: Bihar Veterinary College, Patna; Veterinary College, Ranchi; Livestock Research Station, Patna; Animal Production Research Institute, Pusa; Stockman Training Centre, Dumraon; Extension Training Centre, Bhagalpur.

HEALTH SERVICES

The following particulars are for 1969-70:

Allopathic hospitals 135; Allopathic dispensaries 895; Primary health centres 587; Beds in allopathic hospitals including primary health centres 13,466; Ayurvedic and Unani dispensaries 336; T. B. hospital 1; Mental hospitals 2; Beds in T.B. hospitals 1,362 and in Mental hospitals 2,083.

Allopathic doctors 10,003; Nurses 881; Student Nurses 2,194; Lady Health Visitors 311; Dais/Nurse-Dais 2,650 (trained); Compounders 4,586; Ayurvedic and Unani doctors 336; Compounders in Government employment 691.

Number of Medical Colleges (Allopathic) 4; Dental Colleges 1. Annual intake of the medical colleges 630.

There is one Govt. T.B. sanatorium at Itki, two T.B. Demonstration Centres one at Patna and the other at Darbhanga, one Govt. Hospital at Koilwar, three private sanatoria, two at Ranchi and one at Dehri-on-Sone (Shahabad) and 28 T.B. clinics.

There is a leprosarium at Brambay near Ranchi with a provision of 150 beds. Two leper asylums one at Gaya and the other at Deoghar with bed capacity of 150 and 100 respectively are also functioning. The leprosy subsidy centre at Monghyr with 30 beds is also functioning.

† Candidates placed in employment 27,912.

Under health schemes the programmes for the eradication of malaria and small-pox, and family planning have been intensified during the year 1968-69. During 1969-70, 587 primary health centres were functioning in the State.

LABOUR

Number of registered factories as on Dec. 31, 1987; 14,136; number of workers employed; 2,51,727.

Number of employees covered by the Employees State Insurance Scheme as on March 31, 1968: 63,500.

Number of Employment Exchanges during 1969: 26; Employment Information and Assistance Bureaux 6; University Employment Information and Guidance Bureaux 4; Vacancies notified 43,180†.

25 welfare centres were opened till March, 1968 by the State Government to provide opportunities for cultural activities and sports and training in crafts for supplementing the industrial income.

HOUSING SCHEME

The progress of the various Housing Schemes since the inception of the Housing Department is given below:

Name of the scheme, provision, expenditure and physical achievement respectively are as follows. The provision and expenditure are given in rupees lakhs.

Subsidised Industrial Housing Scheme 338·47; 323·77; 10,222; Low-Income Group Housing Scheme 374·60; 375·41; 4,532; Slum Clearance Scheme 138·57; 123·77; 272; Middle-Income Group Housing Scheme 201·82; 178·24; 893; Land Acquisition and Development Scheme 311·37; 275·30; 621 acres of land acquired; Housing Scheme for Scheduled Castes 88·76; 72·49; 7,111; Rental Housing Scheme 82·30; 65·71; 648.

EDUCATION

The State Government provides free and compulsory primary education for all children of the age-group 6-11. At the end of 1968-69, there were 44,500 primary schools with 44.44 lakh pupils and 95,441 teachers. The number of pupils in the middle school, in the age-group of 11.14, was 8.2 lakhs. The number of high school attending pupils was 5.09 lakhs.

At the end of the three Annual Plans, the percentage of the pupils in 6-11 age-group was 57.4.

POPULATION

(See article on "Population".)

BHAGALPUR UNIVERSITY

Bhagalpur.

Chancellor, Nityanand Kanungo; Vice-Chancellor, Satyendra Narayan Aggarwal; Registrar, Amarendra Narayan.

Bhagalpur University is a teaching and affiliating University.

The medium of instruction in all the non-language subjects for the Pre-University, 3-year Degree Course, B.A., B.Sc., B.Com., Examinations in Arts, Science and Comerce is Hindi provided that technical terms in English may be used for the present. The medium of instruction in non-language subjects for all other examinations is English.

Provision for teaching upto the Post-Graduate Standard exists in the following subjects:—(a) Hindi (b) Commerce (c) Rural Economics & Cooperation (d) Sociology (c) Labour and Social Welfare (f) Statistics (g) English (h) Political Science (i) Philosophy (j) Mathematics

(k) Economics (l) History (m) Psychology (n) Physics (o) Chemistry (p) Botany (q) Zoology. There is also provision for research by scholars for doctorate degrees.

Number of Post-Graduate Departments: Arts 10, Science 6, Commerce 1.

Number of Colleges: Constituent colleges 3. Affiliated 44. Technical & Professional 5.

Number of students: -35,275 (Men 33,302, Women 1,973).

Budget Estimates (1968-69)

Re.

UNIVERSITY OF BIHAR

Muzaffarpur.

Chancellor, Nityauand Kanungo; Vice-Chancellor, Dr. P. S. Muhar; Registrar, Dr. K. S. Varma.

The Bihar University is a teaching-cum-affiliating University.

Medium of instruction: Hindi upto Bachelor's degree in the Faculties of Arts. Science and Commerce.

Number of colleges affiliated: Constituent Colleges: 4; Technical and Professional Colleges: 6; Affiliated Colleges: 35.

Number of students: 41,640 (1967-68).

Income (1968-69 budget estimates): Rs. 1,06,69,925; Expenditure Rs. 1,06,99,977.

MAGADH UNIVERSITY

Bodh Gaya

(Camp-Gaya, Bihar)

Nature: Teaching-cum-affiliating University.

Medium of Instruction:—English in Post-Graduate Classes and Hindi up to Degree Standard.

Chancellor, Governor of Bihar; Vice-Chancellor, B. M. K. Sinha; Registrar, K. P. Sinha.

KAMESHWARA SINGH DARBHANGA SANSKRIT UNIVERSITY

Darbhanga (Bihar).

Chancellor, Governor of Bihar; Vice-Chancellor, Vacant; Registrar, Dr. S. N. Choudhary.

The University provides teaching in all branches of Sanskrit learning in both the Systems of Prachin and Navin from Madhyama upto Acharya Examinations (including Shiksha Shastri (B.Ed.) Acharya is the highest standard of teaching. Sanskrit is the official language of the University.

The subjects taught are: —Veds, Darshan, Vyakaran, Jyotish, Dharmashastra, Puran, Arthashastra, Sahitya and Ayurveda etc., etc. along with a comparative study of these with the advancement of modern allied subjects.

It provides higher researches in all the above mentioned branches of Sanskrit learning.

Number of Colleges: Government Colleges 4, Affiliated Colleges 32, Govt. Sanskrit High School 17, Affiliated High School 84 and Vidyalayas 300.

It awards degrees of Madhyama, Shastri, Acharya and Shiksha Shastri which are equivalent to B.A., M.A. and B.Ed. in the modern University and research degrees of Vidyavaridhi and Vidyavachaspati which are equivalent to the degrees of Ph.D. and D.Litt. respectively.

PATNA UNIVERSITY

Patna 5.

Chancellor, Governor of Bihar; Vice-Chancellor, Dr. K. K. Datta; Treasurer, R. Chinnappa; Registrar, Sita Ram Prasad.

No. of Constituent Colleges: 10.

University Departments: Arts, Science, Medicine, Commerce, Education and Law.

Number of teachers in the University during 1966-67: 700.

Number of students in the University (1967-68): 12,346 (Men and Women).

The language of instruction and examination is Hindi in all undergraduate classes in the Faculties of Arts, Science and Commerce and Bachelor of Education examinations. Hindi or English is the medium of instruction in every subject other than languages for the Master's examinations in Arts, Commerce and Education. English is also the medium of instruction for the Master's degree in the Faculty of Science and all the examinations in the Faculties of Law, Engineering and Medicine.

RANCHI UNIVERSITY

Ranchi

Chancellor, Governor of Bihar; Vice-Chencellor, Dr. George Jacob; Treasurer, S. G. Minz; Registrar, D. P. Varma.

The Ranchi University is a teaching-cum-affiliating University.

Medium of Instruction: Hindi upto Bachelor's degree in Arts, Science and Commerce and Hindi and/or English for the Honours and Post-graduate classes in Arts and Science. For the rest of the Faculties the medium of instruction is English.

Number of Colleges affiliated: Constituent Colleges: Four; Technical and Professional Colleges: Nine; Other Affiliated Colleges: 28.

Number of students: 36,892 (1968-69).

Income: Rs. 1,30,09,492 (1968-69).

Expenditure: Rs. 1,45,35,752 (1968-69).

Grant from the State Government and U.G.C. Recurring Rs. 33,98,329 (1968-69). Non-recurring Rs. 16,91,500 (1968-69).

DELHI

AREA: 1,483.05 Sq. Kms.; Pop. 37.66 Lakhs.

Delhi is a Union Territory. Has an elected Metropolitan Council consisting of 61 members including 5 nominated by the President of India.

The Lt. Governor is the Administrator who is assisted by 4 Executive Councillors (one Chief Executive Councillor and three Executive Councillors) appointed by the President of India on the recommendation of the Union Home Ministry.

The presiding officer of the Metropolitan Council is called Chairman of the Metropolitan Council.

The entire Territory is covered by three Local Bodies viz. Delhi Municipal Corporation, New Delhi Municipal Committee and Delhi Cantonment Board.

The Union Territory has a High Court. From 2nd October, 1969 the judiciary has been separated from the Executive.

(Figures given below are the latest available.)

REVENUE AND EXPENDITURE

The total revenue receipts for 1969-70 has been estimated to be Rs. 4365-60 lakhs. Total expenditure on the other hand, has been estimated to be Rs. 7371-49 lakhs. Out of this the Plan Schemes account for Rs. 23 crores. The major items of expenditure are loans and advances (Rs. 2,673-27 lakhs), Housing Scheme Revolving Fund, Public Buildings Junghi Jhompri etc. (Rs. 1,419 lakhs), Education (Rs. 1,400-59 lakhs) and Police (Rs. 564-13 lakhs).

IMPORT OF ESSENTIAL ARTICLES

The following are the estimated quantities of certain selected commodities imported into Delhi Territory (monthly average in tonnes) for the calendar year 1966:

Wheat 50,938; Gram 1,959; Rice 788, Pulses 1,027; Refined Sugar 8,325; Tea 360; Ghee, Cream and Butter 2,286; Dried Fruits and Nuts 4,357; Provisions 2,062; Spices 619; Steam Coal, Soft Coke and Hard Coke 1,00,233; Kerosene Oil ('000 litres) 9,505; Hides and Skins 372; Agra Stone 9,161; Cement 32,138; Chemicals 1,483; Face Cream etc. 22; Hair Oil 53; English Medicines 2,452; Soap 349; Shoe and Chappal, 212; Hardware and Cutlery 8,852; Photo Goods 123; Betal Leaves 56.

INDUSTRY

The main industries are: room coolers; power presses; electric motors; amplifiers; radio parts; automobile accessories; bicycle parts; lathe machines; drilling

machines; bicycle parts; safety razor blades; cotton mills; hand and powerloom weaving; hosiery; pottery; flour mills; vegetable oil mills and expellers; paints and varnishes; rubber goods; imitation jewellery; copper and brass utensils; wire netting; sola hats; leather goods, sports goods, tanning and fibre industry.

The total number of registered factories at the end of 1968 was 1,504 with an average daily employment of about 78,000 workers.

The total number of handlooms in Delhi is 2,015 and the total production is estimated at Rs. 117 lakhs.

The prototype production-cum-training centre at Okhla Industrial Estate is an Indo-German venture. This will manufacture prototypes of machines and machine tools and train about 500 workers every year.

Industrial Estates

The Okhla Industrial Estate, seven miles south of Delhi is one of the biggest of its kind in Delhi. There are 35 factory sheds in Okhla Industrial Estate, Phase I and 45 factory sheds in the Okhla Industrial Estate, Phase II. 41 Sports Goods factories have also been set up at Okhla Industrial Estate. These factories are exclusively meant for sports goods factories. The items manufactured by the units in the Estate include amplifiers, radio parts, electric motors, room coolers, power presses, automobils accessories, bicycle parts, lathes, drilling machines, machine tools, safety razor blades, insulated wires and household and utility articles, sports goods and dolls etc.

In the Badli Industrial Estate set-up in the rural area, 7 sheds were constructed and occupied by the industrialists and are engaged in the manufacture of agricultural implements, stainless steel utensils, hospital equipment, time pieces, autoelectric cables, insulated cloth, processed nylon yarn and electrical iron clad switches.

Employment

According to 1967 figures there were 11,539 registrations (monthly averages) at the Regional Employment Exchange and 2,758 placings against 3,189 vacancies notified. The number of registrations on the live register at the close of 1967 was 74,565. The number of registrations for March 1968 was 9,290 and placings 2,097 against 2,795 vacancies notified. The total number of registrations at the end of the month was 78,377.

AGRICULTURE

Figures given below are for 1967-68:

Total land: 365,598 scres; area under forests: 7,888 scres; area not available for cultivation: 1,05,587 acres; other uncultivated land excluding fallow land: 7,806

acres; fallow land: 41,274 acres; net area sown: 2,03,143 acres; total irrigated area: 62,463 acres.

Area in hactares and production in metric tonnes respectively of each crop for the year 1968-69 are given below. Figures in brackets show production.

Rice: 3,138 (3,395); Wheat: 41,842 (68,964); Jowar: 8,012 (2,732); Bajra: 19,130 (13,992); Maize: 1,413 (893); Barley: 2,456 (2,015); Gram: 4,625 (2,687); Sugarcane: 2,337 (1,231); Oilseeds (Rape & Mustard): 512 (80); Cotton: 313 (111).

Land Reforms

The Delhi Land Reforms Act, 1954 provides for the abolition of proprietary rights and conferment of ownership on all tenants and subtenants from whom compensation would be recovered and paid to owners. Over 8,000 tenants of various categories have acquired Bhumidari rights in an area of about 38,000 acres.

The Delhi Land Reforms Act was amended in October 1956 to exclude areas controlled, notified, held, occupied or owned by the Delhi Improvement Trust from the purview of the Act.

The Delhi Land Reforms (Amendment) Act, 1959 removes some difficulties in the working of the Act and includes Improvement Trust areas excluded by the 1956 Act.

The Delhi Landholders (Ceiling) Bill passed in Aug. 1960, fixes the ceiling on land holdings at 30 standard acres for a family of five. Leases in future have been prohibited except by small owners holding less than eight standard acres and persons suffering from a disability. Future tenants will have a minimum term of five years. The maximum rent has been fixed at one-fifth of the gross produce.

Dairy, Poultry

It is estimated that there is one mileh animal for every 52 or 53 persons. The annual average yield of a cow and buffalo comes to 14.41 quintals and 24.49 quintals respectively.

The annual average daily production of milk is estimated at 3,602 quintals.

According to the livestock census 1966, the total number of poultry stands at 1,37,398, out of which 8,241 are cocks; 79,662 hen; 47,597 chickens and 1,898 Ducks and other poultry. The number of improved varieties amongst the fowls is 1,07,972 out of the total of 1,35,500 which reveals that improved varieties of fowls are becoming popular in the Union Territory of Delhi.

TRANSPORT

Delhi occupies a pivotal point in the network of national railways, highways and airways. It is one of the biggest railway junctions in the country. All the principal inter-State roads of significance converge on Delhi. It is also linked with important cities and foreign countries by air through its two airports, Safdarjung and Palam.

The Delhi Transport Undertaking of the Delhi Municipal Corpn. had (as on 30th April, 1969) 1,203 buses operating on 60 routes (excluding 10 inter-State routes). Daily average operating kilometers during the month was 1.77 lakh kms. Number of Traffic accidents during the year 1968 was 1,858 in which 354 persons were killed and 1,574 injured.

(See main article 'Roads' for more details.)

HEALTH

(Monthly Average 1967/68)

Per thousand of population: Birth rate 28.3; death rate 7.5; infant mortality rate: 64.1.

Deaths: Caused by fever 3,085; Dysentery and Diarrhoea 867; Respiratory diseases 2,999 and Injuries and suicides 748 and others 17,877.

There are 43 hospitals and 45 dispensaries and 7 Primary Health Centres. The total bed strength is about 9,338.

EDUCATION

The number of Higher Secondary Institutions during the year 1968-69 was 445. Sixteen new Higher Secondary Schools have been opened in rural and urban areas and 7 schools have been merged with other schools during 1969-70.

The number of all types of institutions on general education at Pre-Primary, Primary, Middle and Higher Secondary Stage was 1,879 during 1968-69 and the total enrolment in these schools was 7,90,917 in that year.

Out of 445 Higher Secondary Schools in Delhi during 1968-69, 277 were providing instructions in science subjects at the higher secondary stage. Since 1962, 41 text books have been nationalised in one or more than one edition.

Number of Arts and Science Colleges in Delhi stood at 39 as on 1st August 1968. There were 12 colleges of engineering and technology during 1966-67.

COMMUNITY DEVELOPMENT

The village development scheme covers 277 villages under five community development blooks viz., Alipur, Najafgarh, Shahdara, Mehrauli and Kanjhawala. The area is also covered under the Intensive Agricultural District Programme. 172 Gram Panchayats and 23 Circle Panchayats were functioning on 31st May, 1969. The total number of Co-operative societies as on June 30, 1969 stood at 656 with a membership of 47,075.

DELHI DEVELOPMENT AUTHORITY

The Delhi Development Authority formed in December 1957 has drawn up a Master Plan for planned development of the national capital.

Under its programme, the D.D.A. has so far acquired 30,000 acres of land, out of which 23,000 acres have been taken over by D.D.A. itself for implementing different schemes. About 13,000 residential plots have been provided. Besides, 1,200 builtup flats have been disposed of. Several big projects like construction of Inter-State Bus Terminus at Kashmere Gate, Cycle market at Jhandewalan, redevelopment of Jama Masjid area etc. have been launched. An ambitious River-Front Scheme has been launched with a view to improving the western bank of river Jamuna.

DELHI MUNICIPAL CORPORATION

The Delhi Municipal Corporation has 106 members including six aldermen.

An estimate of the party position including the six aldermen is as follows: Jan Sangh 54, Congress 42, Communists 2, Independents 6, S.S.P. 1, Republican 1

Mayor, Hansraj Gupta.

Deputy Mayor, Balraj Khanna.

Officials.

Commissioner, R. N. Chopra, L.A.S.

INDIAN COUNCIL OF MEDICAL RESEARCH Medical Enclave (Ansari Nagar), New Delhi-16.

Indian Council of Medical Research promotes Biomedical research in the country.

The Council has established a Research Cadre and a Supernumerary Research Cadre to attract workers interested in bio-medical research. A scheme for appointment of Emeritus Medical Scientists has been initiated to enable eminent retired scientists to pursue the research work in which they are specialised and to train younger workers.

The Council maintains the Nutrition Research Laboratories, Hyderabad, the Virus Research Centre, Poona, the Tuberculosis Chemotherapy Centre, Madras, the Cholera Research Centre, Calcutte, the Indian Registry of Pathology, New Delhi and an Occupational Health Institute at Ahmedabad. It has established a number of Units for important subjects. A Blood Group Reference Centre, a Reproductive Biology and a Contraceptive Testing Units have been set up in Bombay. Besides, a large number of ad hoc research schemes are sanctioned by the Council each year. In collaboration with the Central Council of Ayurvedic Research, the Council has set up a number of circuits for undertaking a comprehensive programme for research on indigenous drugs.

The Council also awards a number of research fellowships. It maintains a Library at Kasauli and has also set up a Microfilm and Photocopy Service Unit at Kasauli.

GOA, DAMAN AND DIU

APITAL: Panaji; Area: 1,431 sq. miles (Gos 1,394 sq. miles; Daman 22 sq. miles; Diu 15 sq. miles). Pop.: 6,26,667 (1961 Census).

The Hindu population is estimated at 3,84,378; Catholics 2,27,202; Muslims 14,600.

All the three territories are situated practically within the areas covered by Mysore, Maharashtra and Gujarat States. Goa is on the Konkan Coast; Daman lies on the Gujarat coast at the entrance to the Gulf of Cambay; and Diu is a tiny islet and along with the isolated spots, Gogola and Simbor, lies on the southern fringe of the Kathiawar peninsula.

The Goa region constitutes one district under the charge of a Collector, with headquarters in Panaji. The district is divided into two sub-divisions, namely, the north sub-division comprising Goa, Pernem, Bardez, Bicholim and Satari and the south sub-division comprising Ponda, Sanguem, Quepem, Salcete. Mormugao and Canacona. The Daman region is also under the charge of a Collector while Diu is in charge of an Administrator.

Important towns: Panaji (Capital: Pop. 35,468); Margao (Principal business centre: Pop. 15,364); Mapuca (Pop. 8,198); Vasco da Gama (Pop. 6,483).

Other towns: Ponda, Pernem, Canacona, Quepem.

Rivers: Mandovi, Zuari, Tiracol, Chapora, Baga, Talpona, Sal and Galgibaga.

Ferries: Panaji—Betim (over Mandovi); Agacaim—Cortalim (over Zuari); Panaji—Aldona (over Mandovi); Dona Paula—Mormugao (over Zuari).

HISTORIC AND RELIGIOUS PLACES

In Old Goa, about eleven Kms. from Panaji, there are several convents, the most important among them being the Basilica of Bom Jesus, popularly known as the Church of St. Francis Xavier. The body of Goa's patron saint, St. Francis Xavier is kept there. Not far from this Church are the Cathedral Sé Convent built between 1562 and 1619, the Convent of St. Francis Assisi the Church of which was consecrated in 1603. At Pilar, five miles from Panaji, is located the noted Pilar Seminary. The exposition of the Body of St. Francis Xavier was held at Bom Jesus Basilica in December 1964.

Goa is well known for its famous Hindu temples. The temple Saptakoteshwar, the family deity of the ancient Kadamba rulers of Gomantaka is situated at Naria (Bicholim). Noted among the temples from Ponda taluka are, Mangesh at Priol, Shanta Durga at Queula, Mahalakshmi and Naguesh at Bandora, Mahalsa at Mardol and Gopal Ganapati at Farmagudi.

HISTORIC DATES

These are given in the 1968 edition of the Directory.

INDUSTRIAL DEVELOPMENT

Since liberation about 450 Small-Scale Units manufacturing consumer and capital goods have been registered with the Department of Industries. In order to encourage prospective entrepreneurs who established Small-Scale Units many incentives like power subsidy, managorial subsidy, matching share capital to Industrial Co-operatives, loans on easy terms etc. are provided.

In order to overcome the difficulty of land and readymade factory sheds, one Industrial Estate at Corlim near Panaji has been established. Sheds in this Industrial Estate are given to industrialists for setting up small-scale industries on rent at reasonable rate. One more Industrial Estate at S. Jose de Areal near Margao is being set up and about 15 sheds are constructed and will be allotted to intending industrialists shortly. The development of Industrial Estates and areas are being looked after by the Gos, Daman and Diu Industrial Development Corporation set up in the year 1966.

In the large scale sector, 13 major projects have been licensed. These include textile mills, pig iron plants, pelletization plants, fertilizer project, brewery project etc. Total investment contemplated in these projects will be around Rs. 87-52 crores and will provide employment to about 6,000 people.

BANKS

State Bank of India has, since liberation, opened eight branches in Goa in the prominent cities like Panaji, Vasco, Margao and Mapusa. Some of them are located in the interior towns.

Other national Scheduled Banks have opened their branches all over Goa. Goa State Co-operative Bank also has opened five branches and five sub-branches in the Union Territory of Goa, Daman and Diu with its head office functioning at Panaji. Besides, several local Urban Banks are also operating in places like Mapusa and Panaji.

The Life Insurance Corporation of India operates in the Territory.

AGRICULTURE

Net area sown in Gos, Daman and Diu is 68,628, 3,636 and 362 hectares respectively. The food crops that are commonly grown include rice, nachini, and pulses. Vegetables of all types are grown as rainfed crop in Khariff and as irrigated crop in Rabi season. The main commercial fruit crops grown in Goa are coconut, cashewnut, beteinut (areca-nut) and mango. The other common fruits available in this Territory are pineapple, jackfruit, breadfruit, various types of citrus, papaya and bananas.

Mangoes and pineapples are canned in Goa and exported to the other parts of the country and also abroad. Pineapples are mostly utilised for canning industry.

In Goa paddy is the predominant crop and occupies about 13 per cent of the cultivable area. The annual normal production of rice is about 50,000 to 60,000 M. tons and the consumption is estimated to be about 75,000 to 80,000 M. tons. In order to meet the deficit of 20,000 M. tons of rice, the Department of Agriculture introduced in 1966 for the first time high yielding varieties of paddy.

The area covered and the yield obtained are as under:-

Season/Year	Taichung	Additional yield obtained
Khariff 1966 Waingan 1966-67 Khariff 1967 Waingan 1967-68 Khariff 1968	3,160 acres 2,863 acres 7,623 acres 11,775 acres 14,275 acres	2,000 M. tons 3,000 M. tons 10,000 M. tons 11,000 M. tons
Waingan 1968-69	10,061 acres	14,000 M. tons 12,000 M. tons

The IR-8 variety has been found more suitable for this tract than Taichung and is particularly recommended for the khariff season. The new release of "Padma" has just been tried on a small-scale in the farmers' fields and is also found useful due to its earliness. In Daman also paddy is grown mainly during Khariff season. Taichung was introduced there in Khariff 1966 in an area of 60 acres. During Khariff 1967 about 550 acres were brought under cultivation. In Diu no paddy is grown while bajra occupied about 1,000 acres out of 1,300 acres of cultivable area. In Rabi season, wheat crop is grown in Daman (500 acres) and Diu (100 acres).

Ragi (Nachini) is grown in the hilly areas of Goa, in an area of about 5,000 acres. Maize (hybrid) occupies about 250 acres, while groundnut, legumes and pulses together cover about 1,000 acres.

There is wide scope for sugarcane development in Goa. This crop was grown on about 600 acres of land in 1967-68, while the present area under the same is about 1,600, and it is proposed to bring an additional area of 1,000 during the planting season of 1969-70 under new variety Co. 740. Due to this, jaggery production will go up from 70,000 lumps of jaggery to 1,40,000.

Tapioca is a subsidiary crop which is being popularised, especially in the coconut gardens. Sets of the improved variety Malayan-4 are being made available to the farmers by the Department of Agriculture.

Green manure crops such as Dhaincha and Gliricidia are widely used for manuring coconut trees.

Comunidades: A large part of the cultivable lands belongs to village communities, popularly known as comunidades which are a type of agricultural co-operatives. There are a number of such communities in each of the 11 administrative divisions—31 in Ilhas, 40 in Salcete, 39 in Bardez, 14 in Mormugao, 28 in Ponda, 21 in Bicholim, 24 in Quepem, 12 in Pernem, 7 in Sanguem, 2 in Satari and 7 in Canacons. The Land Reforms Commission has suggested in its report that their administration be turned over to Block Development officers.

MINERAL ORES

Goa has vast mineral wealth. Export of iron ore, low grade manganese ore and bauxite is the backbone of Goa's economy and has been a valuable foreign exchange earner. Goa has been contributing nearly 50 per cent to the total exports of iron ore from India.

The main operational centres are Bicholim, Kudnem, Pali, Pailigao and Sirigao for iron ore, Sanguem Taluka for manganese ore and Quepem Taluka for bauxite. The usual percentage of iron content varies from about 57 to 62 per cent in the case of iron ore and 60 to 65 per cent in the case of iron ore fines and blue dust.

The manganese ore deposits found in Goa are Pyrolusite and Psilomelanc. Most of these deposits occur in pocket formation

Production during 1968 (metric tons): Iron 68,56,480; low grade manganese 51,414; bauxite 14,806.

The export of iron ore during 1968 was of the order of 7.6 million metric tons. The export of low grade manganese ore was about one lakh metric tons. The export of bauxite was not started during 1968.

Mormugae Harbour one of the major natural harbours in the country, is the main outlet for the ore. Plans are under way for extensive dredging of the harbour in order to accommodate bigger ships. The installation of a high capacity ore handling plant is also under the said plan. With this modernisation, the bigger ships will be loaded at a much higher rate.

COTTAGE AND SMALL-SCALE INDUSTRIES

Some of the Small-scale industries in Goa are: ornamented wood works (Cuncolim), cashewnut peeling-packing factory (Bicholim), umbrella factories. (Piedade

and Margao), soap factories (Bicholim and Mapuca), handloom factory (Aldona), candle factory (Margao) and pottery works (Bicholim). A Small Industries Service Institute has been set up in Margao and Department of Industries has been attached to the Secretariat in Panaji for promoting projects for rapid industrialisation of the Territory.

A Handicraft Emporium has also been opened in Tourist Hostel, Panaji, where various handicraft articles are displayed for sale.

A capital outlay of Rs. 20 lakhs has been sanctioned for the rural development projects.

EDUCATION

Four Arts and Science Colleges, one Commerce College and one Secondary Teachers' Training College in Goa have been started by private societies since liberation. Govt. has also set up 1 Arts and Science College at Daman, since June 1966. A Polytechnic leading to diploma courses in civil, mechanical and electrical engineering has started functioning since June 1963. Also an engineering college providing facilities for degree courses in civil, mechanical and electrical engineering has started functioning since June 1967. The old Goa Medical School was upgraded into a Medical College providing facilities for M.B.B.S. course since June 1963. The School of Pharmacy was also upgraded into a Pharmacy College leading to the degree of B. Pharm. since July 1963.

Two Primary Teachers' Training Colleges are functioning in the Territory. One Foodcraft Centre has also started functioning at Alto de Porvorim, Bardez taluka.

Free and compulsory education has been introduced upto Standard IV in primary schools. Education is also made free in this Territory upto Standard VIII.

There were 861 Govt. and 65 non-Govt. Primary Schools, with a total enrolment of 94,429 students (Stds. I to IV) during the year 1968-69.

The number of middle schools during 1968-69 was 225 which includes 38 non-Govt. middle schools. The total enrolment in all these middle schools was 37,428 students in Standards V to VII (including middle sections attached to high schools).

In the field of secondary education the Grant-in-aid Code has been introduced as per the pattern followed in Maharashtra State. There were 169 schools eatering to the needs of high school education during the year 1968-69 with a total enrolment of 22,871 students from Standards VIII to XI.

TRANSPORT AND COMMUNICATIONS

There is a direct train service between Vasco da Gama and Poona.

Mormugao, the chief port described as the "Gateway of Goa", is one of the major harbours on the west coast of India. It permits ocean-going vessels of various sitze from all parts of the world, but ships mainly from Japan, America and Europe call at the port to take cargo of iron and manganese ore. Coastal steamer services operate between Bombay and Panaji and Bombay and Mormugao.

Road transport services between Panaji and Belgaum via Anmod, to and from Sawantwadi via Doddamarg and between Betim and Poona and between Hubli and Panaji have also been introduced. Additional bus services introduced between Goa, Maharashtra and Mysore are from Sawantwadi to Margao, Sawantwadi to Vasco-da-Gama, Hubli to Margao, Sadashivgad to Panaji, Mormugao Harbour and Mapuca, Belgaum to Mapuca, Bombay to Betim and Belgaum to Margao.

Goa is criss-crossed by as many as half a dozen rivers and rivulets, and internal waterways are being developed fully for transport of men and goods. Bridges across Mandovi and Zuari rivers at Panaji and Cortalim have also been planned. A bridge across the Diu crock at Tad, about three miles from Diu, which links Diu with the mainland of India has been constructed.

There are at present 2,440·189 kilometres of roads in this Territory of which 1,203·650 kilometres are village roads. Nearly 50 per cent of Government roads have black-topped surface.

The West Coast Highway, linking Bombay with Cape Comorin, is expected to be completed shortly, as far as the Goa portion is concerned, to the extent of 140 kilometres.

Construction of the major bridge over Mandovi linking Panaji to Betim was expected to be completed by the end of 1969.

Postal and telegraphic facilities: At present there are 123 post offices in Goa out of which, 53 are provided with telegraph facilities. All towns with more than 2,000 population are proposed to be covered with one post office each. There are nine telephone exchanges with the total installed capacity of 2,200 lines. There are 27 Public Call Offices.

PRESS

Newspapers: Dailies: English 1, Marathi 2, Konkani 1, Portuguese 1; Weeklies: Konkani 3, Portuguese 2; Fortnightly: Konkani 1; Monthlies: English 2, Marathi 2; Portuguese 2, Konkani 1.

DAMAN

Total area 22 sq. miles; Population: 22,390 (1961 census), mostly of Gujarati extraction.

There are some very interesting historical relics here such as the old fort and a few surviving churches reminiscent of the old times.

DIU

About 150 miles to the north-west of Daman lies the tiny islet of Diu off the southern coast of Kathiawar. It is a small town separated from the mainland by a narrow area of the sea. Dependent on it and surrounded by the territory of Junagadh is the enclave of Gogola and also the island and fort of Pani Cota in the bay of Simbol.

Diu is reached from Bombay by the Western Railway viz Viramgam and Delwada. Access by sea is easier and more rapid but there is no harbour.

Area: 15 sq. miles. The population is 14,280 (1961 census).

PUBLIC HEALTH FACILITIES

Before liberation the Territory had 4 general hospitals, 6 regional hospitals, 3 T.B. hospitals, 1 mental hospital with a total bed strength of 1,098. After liberation a Medical School and a Pharmacy School in Panaji were converted into full fledged Colleges. A basic nursing school and 3 auxiliary midwife schools were also started. Six new Cottage hospitals, a general hospital at Daman and a maternity-cum-family hospital at Aquem were started thereby providing all the Talukas with at least one hospital. At the end of 1968 there were 26 hospitals with a total bed strength of 1,843.

CO-OPERATIVE MOVEMENT

All the 267 villages in this Territory are covered by the service Co-operatives. In all there are 377 societies of 12 types. Service 177, Consumers 53, Dairy 49, Transport 7, Fisheries 11, Industrial 29, Poultry 4, Housing 14, Farming 3, Marketing 6, Credit 19 and Banks 3. The total membership of societies is 91,895.

VILLAGE PANCHAYATS

The entire rural area in the Territory is covered by Village Panchayats, numbering 167. The aggregate income of the Panchayats during the year 1968-69 was Rs. 6,28,127.00 as against Rs. 4,88,049.00 during 1967-68.

HOUSING BOARD

The Goa, Daman and Diu Housing Board was constituted on 20-3-1969. A tentative plan has been framed envisaging a total outlay of Rs. 2-5 crores for the Fourth Five Year Plan. Within this outlay nearly 1,600 tenements are proposed to be built under various schemes.

ELECTRICITY

The Electricity Dept., in the Territory was created early in Jan. 1963. In 1965-66 bulk power for distribution in the Territory was obtained from Mysore and Maharashtra to Goa and from Gujarat to Daman and Diu. The

aggregate maximum power demand in the Territory has increased from 2·4 M.W. in 1965-66 to 12·54 M.W. during 1967-68 and the units sold correspondingly increased from 5·2 million KWH in 1965-66 to 44·3 million KWH in 1967-68. The revenue realised from sale of energy amounted to Rs. 61·0 lakhs in 1967-68 against Rs. 22·5 lakhs in 1965-66. The number of towns and villages electrified at the end of 1967-68 stood at 11 and 48 respectively.

There are two power development schemes in progress in the Union Territory i.e. (1) Power Development in Goa and (2) Power Development in Daman and Diu for which the Planning Commission has approved an outlay of Rs. 502.00 lakhs during the Fourth Plan period.

ADMINISTRATIVE PERSONNEL

Panaji

Lt. Governor of Goa, Daman and Diu (Concurrently Administrator of Dadra and Nagar Haveli), Nakul Son.

Ministers

Chief Minister, General Administration, Spl. Deptt., Planning, Development, Home and Finance and Information and Tourism, Dayanand B. Bandodkar.

Law Agriculture, Industries, Labour and Lagislative Affairs, Anthony J. D'Souza.†

Education, Public Health, Med. Services, Public Works, Gopal Govind Mayekar. †

Minister of State

Planning, Development, Animal Husbandry, Irrigation, Public Assistance, Social Welfare, Small Savings and Panchayat, Atchyut Kashinath Sinai Usgaonkar.

Chief Secretary, K. N. Srivastava, I.A.S.; Collector of Daman, M. S. Dayal, I.A.S.; Civil Administrator, Diu, P. L. Sarda; Judicial Commissioner, C. Morahari Rao; Development Commissioner, T. Kipgen, I.A.S.; Secretary Law, Legislative Assembly, O. P. Garg; Secretary, Industries and Labour, B. Ram, I.A.S.; Finance Secretary, Puran Singh; Revenue Secretary, W. G. Ranadive; Director, Information and Tourism, K. H. Katekar.

DADRA AND NAGAR HAVELI

Headquarters :- Silvassa.

Administrator: Nakul Sen, 1.0.6.; Collector: M. S. Dayal, I.A.S.; Secretary: P. K. Thakkar.

Area: 489 sq. kms.; Population: 57,963 (29,524 Males, 28,439 Females as per 1961 census); Sex Ratio: 963 females per 1000 males; Density: 119 per sq. km.; Literacy: 9.5 per cent.

The Union Territory of Dadra and Nagar Haveli is situated at 500 feet above mean sea level.

The major occupation of the population of this Territory is Agriculture. The rainfall for this Territory is 2,408.8 mms. spread over 72 days in 4 months. The judiciary of the Union Territory is under the jurisdiction of the Bombay High Court. The Varistha Panchayat which is the apex advisory body of the panchayat administration has 21 elected members.

FINANCE

During the year 1969-70, the Territory had a budget provision of Rs. 1,09-81 lakhs (Plan 41-938 lakhs; Non-Plan 58-572 lakhs, Centrally sponsored Schemes 9-30 lakhs).

AGRICULTURE AND VETERINARY

An area of 16,527 hectares is under food and nonfood crops while the remaining area is under forest and grass. The major food crop is paddy. The area of paddy under intensive cultivation was 365 hectares. The total quantities of improved and high yielding seeds distributed for paddy were 14,915 kgms. and 3,627 kgms. respectively. The area under Rabi campaign is 331 acres (wheat). Total chemical fertilizers distributed to cultivators was 79.455 tons. The Territory has one Hindustan Tractor of 50 H.P., four Massey Ferguson, four Russian tractors, 14 D. T. and one Escorts Tractor.

The Administration has one veterinary dispensary and two veterinary aid centres. 4,200 animals were given free treatment. Moreover, 3,807 birds and 1,593 animals were protected against contagious diseases. 53 animals were castrated.

One dairy farm for demonstration purpose has been established where the total strength of animals is 52. The average production for milch animal is 5-5 litres per day.

FOREST

Forest occupies 43 per cent of the total area. During the year Teak and Khair species were planted in 20

[†] Have since resigned and their portfolios have been taken over by the Chief Minister.

hectares. Bamboo plantation was done in four hectares and cashewnut in 8 hectares. Six kms. of roadside were planted with Eucalyptus. There are two wet nurseries in this Territory.

CO-OPERATION

One society was registered during the year bringing the total number of co-operatives to 19 with 3,410 members. The administration has allotted plots to the Government Co-operative Housing Society. Financial assistance to the extent of Rs. 10,000 by way of loans and Rs. 8,000 by way of subsidy for management expenses were granted during 1968-69.

EDUCATION

Twenty-four new primary schools were opened during 1969-70 bringing the total number of primary schools to 150. Number of Pre-primary schools and High schools remained four each. The total enrolment reached 7,168 in the classes I to V, 1,066 in classes VI to VIII and 419 in classes IX to XI. Post Matric scholarships as well as lower income group scholarships to the extent of Rs. 19,919 were given to deserving 35 candidates of which 26 were from lower income group. Also Rs. 3,000 were awarded as scholarships to 20 students studying in High schools for sanskrit

study. 350 boys and 29 girls take advantage of the nine hostels for Adivasi students.

POWER

The total no. of villages electrified is 5. The number of consumers during the year 1968-69 was 763 (661 lighting, 5 street lighting, 54 motive, 15 domestic and 28 agriculture).

INDUSTRIES

An industrial estate is rapidly coming up near Piparia, about 2 kms. from Silvassa. By now 109 units have been registered as small-scale units in the field of pesticides, chemicals, plastics, opticals, wood industry, automobile parts, manure mixtures, mineral products, aromatic chemicals and perfumes, engineering products, etc. There are aslo textile and processing units. Out of 109 units registered 24 units have started production and 11 units are under process of installation. The existing units provide employment to 200 workers.

The administration has advanced Rs. 2,08,000 as loans under State Aid to Industries Rules, benefiting 27 parties during 1966-67 to 1968-69. Further, Rs. 17.84 lakhs have been advanced by Gujarat State Industrial Finance Corporation on the recommendation of this Territory.

GUJARAT

APITAL: Gandhinagar.

Area: 187,091 sq. kilometres. Population: 20-63 million (1961 census). See "Population" for detailed 1961 census figures.

There are 19 Districts and 186 Talukas. The number of municipalities is 59 (including Ahmedabad Municipal Corporation).

Districts with headquarters in brackets are as follows:-

Ahmedabad (Ahmedabad), Baroda (Baroda), Banaskantha (Palanpur), Broach (Broach), Mehsana (Mehsana), Kaira (Kaira), Panch Mahals (Godhra), the Dangs (Ahwa), Surat (Surat), Sabarkantha (Himatnagar), Jamnagar (Jamnagar), Bhavnagar (Bhavnagar), Amreli (Amreli), Junagadh (Junagadh), Kutch (Bhuj), Rajkot (Rajkot), Surendranagar (Surendranagar), Bulsar (Bulsar), Gandhinagar (Ahmedabad).

Gujarat State has a unicameral legislature. The strength of the Legislative Assembly is 168. The State sends 11 members to the Rajya Sabha and 24 to the Lok Sabha.

Though the State has fertile land it is deficit in food to the extent of 1.8 million tons a year. Its resources of industry and power are at the present time low. There is also a surprisingly high percentage of backward and Scheduled Classes and Scheduled Tribes. They constitute 93 per cent of the population of Dangs, 53 per cent in Surat, 38 per cent in Panch Mahals, 47 per cent in Broach and 27 per cent in Baroda. One bright feature is the existence of mineral oil in the Ankleshwar, Kalol and Cambay region.

Gujarati is the language of administration, law courts and university, and Hindi for communication with the Union Government.

At current prices the per capita income in 1966-67 has been provisionally estimated at Rs. 468 compared with Rs. 482 for the Indian Union as a whole. The main source of income is agriculture.

State income for 1966-67 (provisional) in Rs. crores 1,120. Sector-wise distribution: Agriculture and allied industries 599; mining, manufacturing and small enterprises 246; banking insurance, transport and Commerce 136; other services 139.

The percentage of area under barren and unculturable land is very high. This is partly because of extensive barren lands in Kutch. The State is rich in permanent pastures and grazing lands.

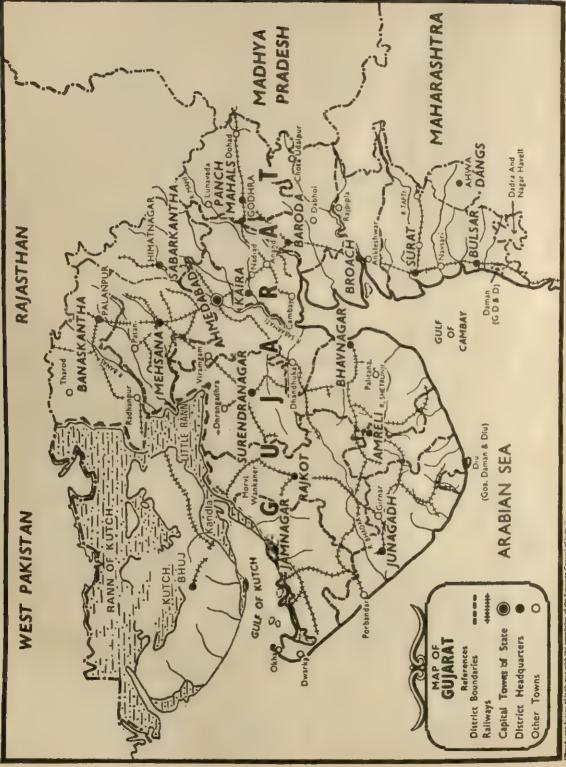

The main foodgrains are bajri, jawar, rice and wheat. Rice is grown chiefly in the south Gujarat districts of Kaira, Panch Mahals, Baroda and Surat; cereals are grown in the north Gujarat and Saurashtra Districts. Wheat is grown more especially in north Gujarat and to some extent in Saurashtra. The district of Panch Mahals is also noted for maize.

Among non-foodgrain crops, cotton, tobacco and groundnut are important. More than one-fifth of the area under cotton in the Indian Union is in this State.

The State has limited forest resources. The area occupied is about 9 per cent of the total geographical area of the State. The forest areas are concentrated mainly in Dangs, Junagadh, Panch Mahals, Baroda, Broach, Surat and Banaskantha Districts and to some extent in Jamnagar and Kutch.

The major forest produce are teak, bamboos, yellow wood, red wood, black wood, sandalwood, Khar, Simal, Dhumds, Dudhia, etc. Minor forest products are grass, honey, wax, colouring wood. Dangs has rich teak forests. The Gir forests in Saurashtra contain a lions' sanctuary, the only one in India.

The State has a total livestock population of 143.38 lakhs and poultry 23.24 lakhs. There is a high proportion of she-buffaloes over three years. The State is noted for its high yield of milk per head of cattle. Certain breeds like Kankrej and Gir are wellknown. The high milk yield generally contributes to the high production of milk and dairy products. (See also page 32.)

O Cent of India Courticks / Sta

Banking facilities are better than in many other States; there were 617 offices of commercial banks located at 255 centres at the end of 1967-68. The co-operative banking offices numbered 394 and they cover 275 places. The deposits and bank credit of the commercial banks amounted to Rs. 329 crores and Rs. 163 crores at the end of 1967.

The Gujarat State Cooperative Land Development Bank Ltd., functions in the State through its 147 branches and 4 Primary Banks.

Gujarat is rich in minerals like salt, limestone, manganese, gypsum, china clay, calcite, bauxite, etc. Large deposits of bauxite of very good grade are located in Saurashtra and Kutch. The reserves of bauxites in the State are of the order of 17 million tonnes. The fluorite deposit located near Chhotaudepur in Baroda district is one of the largest in Asia and has reserves of the order of 11.6 million tonnes. Limestone reserves in the State run into several thousand million tonnes, the best quality limestone being located in Saurashtra and Kutch. The State also has deposits of lignite, china clay and other clays, glass sand and quartz, dolomite, agate, calcite etc.

Oil and natural gas have been found in Ankleshwar, Kalol and Cambay oil fields where drilling is in progress. A refinery has been set up at Koyali in Baroda District.

The major industries of the State are textile (including ginning and pressing of cotton), general and electrical engineering, vegetable oils, chemicals (including salt), soda ash and cement. The concentration of industry is most striking in Ahmedabad, Baroda and Surat.

The distribution would roughly be as follows:—textiles and its ancillaries in Ahmedabad, silver thread in Surat, cement at Porbandar, Dwarks and Sikks, chemicals around Barods.

There are 49 industrial estates in the State and more are to be started shortly. Government has also decided to carry out pilot plant tests of certain minerals for industrial use.

The available power supply fells short of demand. At the end of 1967-68 only 2,773 villages were electrified by the State Electricity Board out of 19,017 villages in the State.

Road transport is not satisfactory for the State as a whole — 14.7 kms. for 100 square kilometres of area or 113 kilometres for a lakh of population.

Saurashtra has a net-work of railways. The Baroda area is also well-served.

There are 51 ports in Gujarat (one major, ten medium, 40 minor). The bigger ports with annual (1966-67) cargo handled:—Kandla (26-61 lakh tonnes), Okha (6-48 lakh tonnes), Bedi (3-66 lakh tonnes), Bhavnagar (7-73 lakh tonnes), Verawal (2-77 lakh tonnes), Sikka (2-37 lakh tonnes), Porbandar (2-61 lakh tonnes).

About education nearly 13.34 per cent of the population attends school.

There are seven universities in Gujarat—the Gujarat Vidyapeeth in Ahmedabad, the Gujarat University in Ahmedabad, the Maharaja Sayajirao University in Baroda, the Sardar Vallabhbhai Vidyapeeth in Vallabh-Vidyanagar, South Gujarat University in Surat, Saurashtra University in Rajkot and Ayurved University in Jamnagar.

Each Government dispensary or hospital in the State serves about 18,000 of the population and each bed about 2,400. On an average about 8,540 persons register every month for employment. Out of this about 847 are placed in employment. The Third Plan total revised outlay was Rs. 236.50 crores and the expenditure during the Plan period was about Rs. 240.19 crores.

PANCHAYATI RAJ

The three-tier Panchayati Raj system of democratic decentralisation started functioning with effect from 1st April 1963.

It has been accepted as the pattern of local development administration. At each level-village, taluka and district, there is a link between the administrative organi sation and the elected representatives. Apart from carrying out the Municipal functions, Panchayati Raj institutions, are closely and actively involved in the very process of economic development and social advance.

Villages with a population under 10,000 have Gram Panchayats and with 10,000 to 20,000 have Nagar Panchayats. At present there are 11,884 Gram Panchayats and 55 Nagar Panchayats. They cover a rural population of 1.53 crores. Under the Act, 182 Taluka Panchayats and 17 District Panchayats have been established covering the whole State except Dangs and Gandhinagar Districts.

The distinctive features of the Panchayati Raj in Gujarat are as under: A single enactment creating organically linked autonomous statutory bodies at the three tiers; Though autonomous within its own sphere the Gram Panchayat is subordinate to respective District Panchayats; The creation of a powerful executive body at the district level; The conferment of a special status on the Education Committee at district level; Statutory provision for a State Council for Panchayats to advise Government on all policy matters concerning Panchayats; Genuine transfer of powers, functions and duties in the development sphere within the district, along with requisite funds and staff; Built-in scheme for further devolution of powers and dispersal of authority; Transfer of certain regulatory revenue functions to the Panchayati Raj Bodies; Statutory assignment of 100 per cent land revenue to Panchayati Raj Bodies; Creation of non-lapsable funds for assisting weaker areas, encouraging taxation efforts and financing developmental activities; and Constitution of a Service Selection Board at the State level and District Selection Committees at the District level for recruitment and advice in service matters.

Village Volunteer Force

For the total mobilisation of both human and material resources for the defence effort the scheme of the Village Volunteer Force has been implemented throughout the State with effect from Jan. 26, 1963.

As an integral part of this scheme, Defence Labour Banks are being organised in every village. The total number of Defence Labour Banks organised upto August 1965 is 4,845. The bank is based on the donation of free labour at the minimum rate of one day per month from every able-bodied adult or monetary contribution in lieu.

BASIC FACTS AND FIGURES

No. of towns 181; no. of villages 19,017.

Land utilisation—in '000 Hectares for 1965-66: Area under forest 1,635; Barren and uncultivable land 4,377; Permanent pastures and grazing groves 1,010; Net area sown 9,688.

Geographical area and classification—as on May 31, 1969 (area in '000 hectares): 18,709; reporting area for land utilization 18,533; Forests 1,618; Area put to non-agricultural uses 522; Barren land 4,395; Permanent pastures 1,010; Land under miscellaneous trees 23;

Culturable waste land 541; Fallow lands 294; Current fallows 442; Total 736; Net area sown 9,688; Total cropped area 10,188; Area sown more than once 500; Net irrigated area 1,041.

Cereals—area & production for 1968-69 (figures in '000 hectares and 1000 tonnes respectively): Rice 513.8; 463.5; Jowar 1,354.9; 400.5; Bajra 1,791.5; 1,182.7; Maize 236.4; 275.8; Ragi 62.4; 50.8; Small millets 135.0; 102.3; Wheat 552.6; 700.4; Barley 3.3; 1.6; Total 4,649.9; 3,177.6.

Oilseeds: Groundnut 1,798.0; 806.2; Castorseed; 50.3; 18.6; Sesamum 121.8; 25.7; Rapeseed & Mustard 27.5; 11.2.

Cotton 1,607.9; 1,424.8; Sannhemp 1.7; 0.7.

OTHERS: Potato 3.8; 74.6; Guarseed 138.91; 80.01.

Agricultural implements in 1966: Wooden ploughs 14,40,965; Iron ploughs 1,44,543; Carte 7,32,982.

Sugarcane crushers worked by power 2,100; Sugarcane crushers worked by bullocks 2,677; Oil engines with pumps for irrigation 112,428; Electric pumps for irrigation 14,729; Government tractors 222; Ghanis five kgs. and over 1,837; Ghanis less than five kgs. 1,362.

Livestook position in 1966 (The figures in lakhs): Total livestock population 143.38; Total Poultry 23.24; Buffaloes—Females over 3 years 18.20; Cows over 3 years 17.80.

Co-operation in 1966-67** (Number of societies): Agricultural societies 11,413; Non-agricultural societies 7,199; Land mortgage banks (including State Level Banks) 5; Central Banks (including State Banks) 20; Total 18,637.

Their membership, share capital and loan operations can be seen from the table below:-

			Membership as on 30-6-1967 (in '000)	Share capital as on 30-6-1967 (Rs. in lakhs)	Loans advanced during 1966-67 (Rs. in lakhs)	Loans recovered during 1966-67 (Rs. in lakhs)	Loans out- standing as at the end of 1966-67 (Rs. in lakks
Agricultural Societies		 	1,671	2,552	6,037	5.246	5,827
Non-Agricultural Societies		 	1,128	1,487	5,406	4,427	4.658

Joint-Stock Companies as in March 1967:—(Provisional). The first figure shows the number of companies, the second authorised capital and third paid-up capital in '000 Rs. Agricultural and allied activities 6; 3,300; 2,582; Mining and quarrying 16; 24,435; 15,047; Processing and manufacture of food, textile, leather and products thereof 233; 10,47,228; 471,824; Processing and manufacture of metals, chemicals and products thereof 278; 10,06,811; 397,400; Processing and manufacture not elsewhere classified 116; 317,570; 124,614; Construction and utilities 35; 51,510; 18,908; Commerce (Trade and Finance) 311; 337,483; 115,018; Transport, communications and storage 19; 42,325; 11,986; Community and business services 34; 5,887; 2,347; Personnel and other services 19; 27,000; 17,008; Total 1,067; 2,863,549; 1,176,734.

Medical Statistics for 1966:—No. of hospitals and dispensaries 1,273; no. of beds 11,092; no. of indoor patients treated 3,34,000; no. of outdoor patients treated 63,74,000; no. of doctors 1,492; no. of nurses 1,645. There are four Govt. Medical Colleges in the State in addition to a Dental College. An outlay of Rs. 14-63 crores has been provided in the Fourth Plan.*

Educational Statistics for 1968-69 (Provisional): Below we give the number of institutions under each category and the students respectively. Primary Schools 21,500; 3,400,000; Secondary Schools 2,010; 7,30,000; Higher Secondary Schools 250; 125,000; Others 2,950; 130,000.

Electric Power: Installed capacity (provisional) in M.W. as on 31-3-1967: 618; No. of places electrified by Gujarat Electricity Board as on 31-3-1968: 2,628.

Industries (as at the end of 1968):—No. of factories 5.094; employment 4.05 lakhs.

Information about number of working factories and average number of workers employed therein daily respectively under each category is given below:—

Textile 981; 184,855; food except beverages 711; 30,153; tobacco 227; 7,619; non-metallic mineral products

except petroleum and coal 482; 29,131; processes allied to agriculture 467; 42,062; machinery except electrical 607; 26,481; transport equipment 189; 15,685; others 1,530; 69,065.

Mineral Production as in 1967. The gross value of production (in '000 Rs.) of certain minerals is given below.

Bauxite 1,677; Calcite 49; Chinaclay 1,316; Dolomite 932; Fireclay 272; Limestone 11,075; Quartz and Silica 192; Salt 35,343.

Employment Exchanges

During the year 1968-69, about 14,000 persons were placed in employment as against the total registration of 176,000.

Transport (Nationalised Motor Transport system—Statistics for 1968-69): Number of routes operated 4,235; Route kilometres covered 189,000; Average number of passengers carried per day 10.94 lakhs; Average daily traffic earnings Rs. 7.33 lakhs.

Number of motor vehicles on road as on 31-3-1969: Motor Cycles 29,174; Motor cars 24,813; Taxi cabs 1,158; Auto Rickshaws 5,081; Stage carriages 4,096; Private carriers 3,028; Public Carriers 11,262; Others 9,909.

Roads: Length of roads as on 31-3-1969: 29,533 kilometres.

Railways: Approximate mileage (1968-69) in kilometres: Broad Gauge 931; Metre Gauge 3,381; Narrow Gauge 1,141.

Village Panchayats (1967-68):—

Taluka Panchayats 182; Gram Panchayats 11,864; Nagar Panchayats 54; District Panchayats 17.

Community Development Programme 1968-69:

Stage I blocks 55·00; Stage II blocks 51·75; MDP and T.D. Blocks 50·00; Population covered by C.D. & T.D. Blocks 1·83 crores.

† Production (thousand bales of 180 kgs.). ‡ Figures are for 1967-68.

As originally conceived.
 See also pages 120 to 122 under article on "Cooperative Movement."

The physical achievements in respect of the main items are as follows:

Fertilizers distributed ('000 Quintal) 3,447; composite demonstrations held (Nos.) 10,912; additional area brought under irrigation ('000 Hectares) 130; drinking water wells constructed (Nos.) 646; drinking water wells renovated (Nos.) 787; adult education centres started (Nos.) 1,505; adults made literate (Nos.) 24.991; kscha roads constructed (kms.) 1,187.

Small Savings:—During 1967-68 the target for small savings was fixed at Rs. 12 orores against which the net collections amounted to Rs. 4.74 erores.

Housing: The total allocation for housing in Gujarat in the Third Plan was Rs. 1,039 lakhs. The allocation for the first three years was Rs. 391.07 lakhs, but the amount actually drawn was only Rs. 246.11 lakhs.

Consumer Price Index number (base 1960 = 100):— (For Ahmedabad).

Index nos, of wholesale prices (base 1962 = 100) :- as in 1968.

Rice (medium) 260.9; wheat (medium) 176.9; Jowar 175.5; Bajri 177.9; Turdal 226.7; Groundnut oil 158.5; Gur 339.9; Sugar 140.2.

Small-Industries Corporation: The corporation is expected to give aid, counsel, assist and to promote the interests of small industries in the State by providing technical and managerial assistance, and procuring raw materials, machinery, equipment, tools etc. required by the small industries.

ELECTRIC POWER PROJECTS

The position as at the end of 31st March, 1969 in respect of the entire power system under the Board's control was as follows:—

Gross fixed assets of the Electricity Board: Rs. 11.822.24 lakhs. Amount spent on electricity: Rs. 1,565.89 lakhs. Working expenditure: Bs. 1,379.25 lakhs. Particulars of installed generating capacity, maximum demand etc., are given below:—

- 1. Installed Generating Capacity (M.W.): (a) Thermal 384.500; (b) Diesel 32.711; Total 417.211.
- 2. Firm Generating Capacity (M.W.): (a) Thermal 287.000; (b) Diesel 17.594; Total 304.594.
- 3. Maximum Demand (M.W.): 348.600 (coincident).
- Units Generated and or Purchased (KWH × 10):
 By Thermal Power Station 2,152·7; (δ) By Diesel Stations 20·0; (c) Bulk Purchase 103·6; Total 2,276·3.
 - 5. Units Sold (KWH × 10): 1,752.33.
- 6. Auxiliary consumption (KWH \times 10) and percentage respectively: 174.9 (7.69).
- 7. Transmission Losses (KWH \times 10) and Percentage respectively: 349.07 (15.35).
 - 8. Connected load (MW): 830.0.
- 9. Consumers served (No.): (a) Agricultural 38,735; (b) Total 5,58,998.

- 10. Transmission lines (11 KV and above) (Circuit KM): 25.780.
 - 11. Distribution lines: 15,442.
 - 12. Transformer Capacity (MVA): 2,612.
 - 13. Towns and Villages electrified (No.): 2,904.

IRRIGATION PROJECTS

Over Rs. 1,700 lakhs have been allocated for irrigation schemes in Gujarat for the year 1968-69.

Below we give a table in which are shown irrigation projects under construction:—

	Name of Project (in	Estimated cost lakhs of Re- 2	irrigated on completion
1.	Ukai (under revision)	6,120.02	3,76,600 In addition it will assure
2.	Kadana	1,790 · 76	irrigation to 5,62,250 acres of Kakrapar. 40,905 In addition it assures
•			irrigation to 6,39,600 acres under the com- mand of Mahi Right Bank Canal Project Stage I.
3.	Narmada*	4,141-43	9,97,500
4.	Kakrapar	. 1,857-00	5,62,250
Б.	Mahi Right Bank Canal	2,456 · 83	4,80,000
	Project Stage I	1,087.94	1,10,000
	Dantiwada	544.58	92,900
7.	Hathmati	044.00	Including 47,800 acres of land under the existing canal system.
0	Moshwa	314-33	59,050
	Saraswati (under revision).	131 - 53	16,600

11.	Bhadar@	417-29	42,400
	Shetrunji	@ 190+88	19.000
	(Khodiar)		19,000
	Machhu II	213 · 88	70,000
14.	Sabarmati (Dharoi)	1,655 - 00	98.000 (direct)‡

* Final decision on the scope of the project is pending.

@ Practically completed. † For 3 ft. high gates over the spillway of the dam. ‡ In addition it will assure irrigation to 62.000 acres under the Fatewadi canal system. Clearance from Planning Commission is awaited.

Ukai Project

The project envisages the construction of a reservoir on river Tapi at Ukai in Surat district at an estimated cost of Rs. 6,120-02 lakhs (as revised) to irrigate 376,600 acres of land in Surat and Broach districts. In addition 5,62,250 acres, at present under Kakrapar canals, will get assured supply of water.

Besides, 27,800 acres under command of Ukai canal and 56,200 acres under Kakrapar system will receive perennial irrigation. It also provides for generation of installed power of 1,93,000 kW. at 35 per cent load factor.

The works on the project have now gathered full momentum.

Expenditure at the end of March 1969 was Rs. 46-84 crores, Budget provision for the year 1969-70 was Rs. 11-74 crores under irrigation sector and Rs. 3-00 crores under power sector.

Kadana Project (Mahi Stage-II)

The project envisages the construction of a reservoir on the Mahi river near Kadana village of Santrampur taluka in the Panch Mahale District at an estimated cost of Rs. 1,790.76 lakhs. The catchment area of the site is 9,840 sq. miles. A direct canal from the reservoir will irrigate 40,905 acres of land in the Panch Mahala district. The storage will also provide assured water to 6.39 lakh acres in the command of Mahi Stage I project.

It is also proposed to generate hydro-power from the irrigation releases. A hydro-power project estimated to cost Rs. 5·16 crores is submitted to C.W. & P.C.

Expenditure to the end of March 1969 was Rs. $2\cdot49$ crores. Budget provision for the year 1969-70 was Rs. $2\cdot45$ crores.

Narmada Project

The first stage sanctioned for Rs. 4,141.43 lakks envisages construction of a dam across the river near the village Navagam in Rajpipla taluka of the Broach District with canal system to irrigate an area of 9,97,500 acres of the Broach and the Baroda districts. The Committee appointed by the Government of India in 1964 under the chairmanship of Dr. A. N. Khosala has recommended F.R.L. 500 for the Navagam Dam, irrigation of 45.81 lakh acres in Gujarat and I lakh acres in Rajasthan and installation of generating units of 1,000 M.W. and 240 M.W. in the river bed and canal power houses respectively. As an interstate understanding could not be reached on the basis of these recommendations, the Government of India has referred this matter to a tribunal constituted under Inter-State Water Disputes Act, 1956. Pending the final decision on the scope of Narmada Project, only preliminary works are in progress.

Expenditure to the end of March 1969 was Rs. 4-36 crores. The budget provision for 1969-70 was Rs. 27-25 lakhs.

GUJARAT HOUSING BOARD

The Gujarat Housing Board: The present term of the Board expires on 31-8-1970.

The Board collects annually about Rs. 50 lakks by way of rent and Hire Purchase instalments. The management expenses for collection of the above revenue is met with within 0.5 per cent of the capital fixed assets of the Board. The financial position of the Board is in excellent state.

ACHIEVEMENTS:--

(a) Housing Scheme:

	no. of tene- ments comple- ted plus under construction on 31-3-1969	Expenditure incurred upto 31-3-1969
1 Col titod Tolloadd		Rs.
1. Subsidised Industrial Housing Scheme	19,740 + 150	727.72 lakhs
2. Low Income Group Housing Scheme	2,362 + 1,574	256.81 lakhs
3. Middle Income Group Housing Scheme		137.74 lakha
Total	22,708 + 2,126	1,127.27 lakhs

(b) Employees' State Insurance Scheme:

		Work done	Cost		
-			Rs.		
1.	Dispensaries	33 completed	90.00 lakhs		
2.	Hospitals	2 under con- struction	150-00 lakhs		
3.	Diagnostic Centre	1 under con- struction	15.00 lakhs		
4.	Staff quarters	70 completed	7.00 lakhs		
5.	Local office building	4 completed	11.00 lakhs		
	Total		273-00 lakhs		

The Board has constructed 2,222 flats/houses on Hire Purchase basis in the various towns of Gujarat till the end of 31-3-1969. In addition, 2,024 flats/houses were under construction during the year 1969-70.

The Board has also prepared detailed regulations with the approval of the State Govt, for sale of existing tenements constructed under the Subsidised Industrial Housing Scheme occupied by workers on hire or direct purchase basis. The State Govt, had moved the Union Govt, to approve the proposal of the Board and the Govt, of India has conveyed its approval to the sale of 16,689 tenements to the eligible occupants on Hire Purchase basis without the elements of subsidy i.e., at full cost. This scheme will be launched by the Board very soon.

Employees' State Insurance Scheme

Under this scheme the Board has already undertaken works of about 3 crores of rupees. The Board has constructed 33 dispensaries in Ahmedabad and the same have been handed over to the E.S.I. Corporation. The work of constructing 200 bedded T.B. Hospital at Narods. Ahmedabad is nearly completed. The 500 bedded General Hospital at Bapunagar, Ahmedabad is also under construction and it is expected to be completed very shortly. The Board has also been entrusted with the work of constructing dispensaries and hospitals at Baroda, Rajkot, Surat, Bhavunagar and Wankaner.

AHMEDABAD DISTRICT*

Headquarters: Ahmedabad.

Talukas or Mahals: Deskroi, Dhandhuka, Dholka, Dehgam, Viramgam, City Taluka Sanand.

The District as a whole is open and poorly wooded. The chief trees are mango, rayan, mahua and nim. Many of the trees and shrubs supply food, medicines and material for dyeing and tanning.

The rainfall varies but slightly between the central portions of the District and the outlying tracts. The annual rainfall averages about 30 inches.

The chief food crops are wheat, jowar and bajra and the chief money crop, cotton. The best rice is grown in Daskroi and the next best in Sanand and Dholka.

Ahmedabad city which is the second biggest textile centre in India is the only large industrial area in the District. The number of textile mills and factories is about 150 including about 72 textile mills. Ahmedabad is also a centre of railway communications. Ahmedabad has also a number of archaeological landmarks and an international diversionary airport.

The population of Ahmedabad City according to the 1961 census was 11.5 lakhs, but the present population is about 14 lakhs.

AHMEDABAD MUNICIPAL CORPORATION

Mayor: Narottambhai K. Jhaveri.

Dy. Mayor: Dahyabhai K. Patel.

ADMINISTRATIVE PERSONNEL

Municipal Commissioner : P. B. Mehta, 1.A.S.

Deputy Municipal Commissioners: N. H. Thacker, M. Com., LL.M. and M. A. Panchal.

Municipal Secretary: N. M. Desai.

Budget 1968-69

Revenue Receipts: Rs. 10,49,18,184; Expenditure: Rs. 10,53,71,156; Outlay on works: Rs. 6,22,12,000.

GUJARAT UNIVERSITY

(Ahmedabad 9) (Total Affiliated Colleges: 113)

Chancellor: Shriman Narayan.
Vice-Chancellor: U. J. Joshi, M.A.

Registrar: K. C. Parikh.

Budget 1968-69

Income: Rs. 90,39,550 (Recurring), Rs. 1,75,532 (Non-recurring).

Expenditure: Rs. 65,02,330 (Recurring), Rs. 2,59,300 (Non-recurring).

Total number of students on the rolls of the colleges and recognised institutions (1968-69): 39,866.

Number of External students registered (1968-69): 9,207.

GUJARAT VIDYAPITH

(National Univ. of Gujarat) Ahmedabad-14

Founded by Mahatma Gandhi in 1920. The Vidyapith works for spreading national education and particularly strives to make basic national education popular and was founded with the aim, among others, of providing university instruction in the mother-tongue. It confers the degree of Bachelor of Social Sciences to its students who have undergone three years' course after matriculation. It has provision for Post-graduate teaching for Master's degree in Hindi, Gujarati, Rural Economics, Social Anthropology, Education, Gandhian Philosophy and for Certificate courses in Translation and Linguistics. It also runs a Tribal Research & Training Institute, an experimental basic school and five village-service centres including one for training Panchayati Raj administrators. It also conducts two courses for training Hindi teachers equivalent to T.D. and B.Ed. and another course equivalent to B.Ed. for Basic Education Teachers for Secondary Schools. Since 1963, the Vidyapith has been declared by Government of India as an institution deemed to be University under Section 3 of the U.G.C. Act.

Chancellor: Morarji Desai; Vice-Chancellor: Thakorebhai Desai; Mahamatra: Ramlal Parikh.

AMRELI DISTRICT*

Headquarters : Amreli.

Talukas and Mahals: Amreli, Kodinar, Dhari, Khambha, Jafrabad, Rajula, Lilia, Lathi, Kunkavav, Vadia, Babra.

The District is level country broken only by Gir Hills in

the Dhari Taluka. The average yearly rainfall is between 23 to 25 inches.

The Okha Port in Amreli District is one of the best deep sea ports in India. In Okhamandal Taluka, Port Okha, Mithapur and Dwarka have become industrial centres.

BANASKANTHA DISTRICT*

Headquarters : Palanpur.

Talukas and Mahals: Palanpur, Deesa, Dhanera, Vadgam, Tharad, Wav, Deodar, Kankerj, Danta, Radhanpur, Shanthalpur,

[•] See article on " Population" for area and population figures.

BARODA DISTRICT*

Headquarters : Baroda.

Talukas and Mahals:—Baroda, Savli, Waghodia, Padra, Karjan, Sinor, Dabhoi, Sankheda, Naswadi, Chhota-Udepur, Jabugam, Tilakwada.

Geological experts of the Oil and Natural Gas Commission of the Govt. of India are prospecting for oil in Barods. Oil and Natural gas workshop has been located at Baroda at a cost of Rs. 2 crores. Gujarat Refinery with a capacity of 3.5 million tons has been set up in this District, and the capacity was to be increased to 4 million tons by June 1970.

Ankleshwar gas will be made available to Baroda industries and domestic consumption soon.

The first phase of the public sector Petro-Chemical Complex to be located near Baroda will go into stream by the end of 1970, when T.N.T. the basic raw-material for terylene fabrics would be manufactured, followed by benzine.

The District as a whole has not less than 1,656 primary schools, 185 secondary schools, 800 libraries, 300 gymnasiums and welfare associations.

The annual rainfall averages about 30 inches. The chief food crops are wheat, jowar, bajra, pulses, kodra, bawta, maize. Rice is now grown extensively interspaced with cotton.

Baroda, the headquarters of the District is fully modernised. The District is also well advanced in industry. In recent years a number of factories, big and small have sprung up. It is also the Headquarters of Oil & Natural Gas Commission Establishment in Gujarat.

Among the large medical institutions the most important is the Shri Sayajirac State General Hospital in Baroda city. There is also the Shri Jamnaba Hospital run by the Government. A new Hospital at a cost of Rs. one crore is under construction. Shri Padmavatibai Tuberculosis Hospital and Sanatorium is located some 8 miles from Baroda city.

MAHARAJA SAYAJIRAO UNIVERSITY OF BARODA Baroda 2.

Chancellor: His Highness Shrimant Fatesinh Gaekwad, Maharaja of Baroda.

Vice-Chancellor: Dr. C. S. Patel.

Pro-Vice-Chancellor: Prof. P. J. Madan.

Registrar: B. K. Zutshi.

Budget for the year 1969-70:

Estimated Income: Rs. 1,25,84,142 including Government of Gujarat grant of Rs. 66,81,000. Estimated Expenditure: Rs. 1,51,11,902.

BHAVNAGAR DISTRICT*

Headquartere : Bhavnagar.

Talukas: Bhavnagar, Botad, Gadhada, Kundla, Mahuva, Palitana, Sihor, Talaja, Datha, Umrala, Vallabhipur, Gariadhar, Gogho. The port of Bhavnagar is well-equipped, and it is one of the main trading centres of the area.

The main crops are bajra, jawar, oilseeds, rice, cotton and wheat.

BROACH DISTRICT*

Headquarters: Broach. Sub-Division: Rajpipla.

Talukas and Mahals: Broach, Vagra, Amod, Jambusar, Ankleshwar, Hansot, Nandod, Jhaghadia. Valia, Dediapada,

The language spoken is Gujarati.

BULSAR DISTRICT

Population: 1,042,561. Headquarters: Bulsar, Bulsar City. Talukas: Navsari; Chikhli; Bansda; Bulsar; Dharampur; Pardi and Umbergaon.

Mahal: Gandevi Mahal.

Bulsar is a "BAGAYAT" district famous for its fruit gardens especially as "Mango" producing centre. Its

importance has increased due to the establishment of Atul Products at the foot of the Parnera Hills, near Bulsar. On the other side of the Town is situated 'Tithal' on seashore a place for Holiday Home. The new district can also choset of having one sugar factory at Gandevi.

DANGS DISTRICT*

Headquarters : Ahwa.

Taluka : Dangs.

The language spoken by the Dangis is called Dangi.

* See article on "Population" for area and population figures.

The District contains some of the richest forests in Gujarat State, which form the principal source of revenue. Dangs teak is considered as one of the best varieties of Indian teak.

JAMNAGAR DISTRICT*

Headquarters: Jamnagar.

Talukas: Jamnagar, Dhrol, Kalavad, Khambalia, Jamjodhpur, Bhanvad, Jodia, Kalyanpur, Laipur, Okhamandal.

There are seven towns and 656 villages in the District.

People live mainly on agriculture. Including both cultivated and waste land the District has an area of 21,97,674

acres. The average rainfall is 20" to 22". Potato is cultivated on a large scale in the district.

The main small industries are the manufacture of agricultural implements, brass and copper vessels, the making of baskets, the manufacture of tiles, lime, oil crushing, handlooms, salt, the keeping of poultry.

Sikka, Bedi and Rosy are the three ports of the district. Sikka is known for its cement industry.

JUNAGADH DISTRICT*

Headquarters: Junagadh.

Talukas and Petas: Bhesan, Junagadh, Keshod, Kutiyana, Malia, Manavadar, Mangrol, Mendarda, Patan, Porbandar, Ranavay, Talala, Una, Vanthali, Visavadar.

Agricultural land under paddy, jawar, bajra, wheat, groundnut and cotton is 14,09,400 acres in extent.

Junagadh is well-known because of the lions in the Gir forests. This is the only place in Asia where lions are found.

Porbandar and Veraval are the two important ports in the district.

The main industries of the district consist of coment, ginning and pressing, oil, etc. New industries like sodaash and rayon are coming up.

KAIRA DISTRICT*

Headquarters: Kaira (Revenue), Nadiad (Judicial).

Talukas and Mahals: Matar, Mehmedabad, Nadiad, Kapadvanj, Anand, Borsad, Thasra, Balasinor, Cambay, Petlad.

The language spoken is Gujarati.

Tobacco is grown in Kaira District while at Sevalia in the Thasra, the A.C.C. has a coment factory. The Government of India have opened a tobacco research institute at Anand.

There is an Infant Food & Cheese Plant at Anand run by the Kaira Dt. Co-op. Milk Producers' Union Ltd.

SARDAR PATEL UNIVERSITY

Vallabh Vidyanagar, W. Rly. (Gujarat).

The Sardar Patel University is a teaching and affiliating University in a rural setting with the object of accelerating the process of regeneration of villages by the application of modern Arts, Sciences and Technology to rural requirements.

Constituent Colleges: 14.

Post-graduate Departments: 14.

Chancellor: Shriman Narayan, Governor of Gujarat.

Vice-Chancellor: I. J. Patel. Registrar: K. A. Amin.

KUTCH DISTRICT*

Headquarters : Bhuj.

Talukas and Mahals: Bhuj, Mandvi, Mundra, Anjar, Rahpar, Bhachau, Nakhatrana, Lakhpat, Abdassa, Khavda and Khadir.

Kutch is a semi-arid region, Rainfall is very irregular and scanty. Sub-soil waters in 70 per cent of the area are saline.

Agriculture: There is a fair proportion of good cultivable land in Kutch, the principal crops being bajra, jawar, wheat, barley, cotton and pulses. The cultivation of groundants is also increasing day by day.

The whole Dist. is covered under the Community Development Programme.

Position of the road mileage at the end of the Third Five Year Plan period: Total mileage 1,178; National Highways 47 miles, State Highways 311 miles, Major District Roads 432 miles, other District Roads 306 miles and village approach roads 82 miles.

The District is rich in gypsum, clays and limestone, and has large deposits of lignite, bauxite and ochres.

Kutchis are an enterprising and seafaring people. Over fix lakhs of Kutchis are distributed in principal cities of India and over 15,000 are abroad.

* See article on "Population" for area and population figures.

The main items of export are salt, cotton, wool, easter seeds, bones, hides, skins and fish. The main items of import are foodgrains, oil seeds, cloth, condiments, etc.

Education: There are 39 High Schools and 686 primary schools. There are also two Basic Training colleges for primary teachers and a school for the deaf and dumb. There are 3 colleges at Bhuj, Adipur and Mandvi.

Health: Free medical relief is available in the district. There are 24 hospitals, 57 dispensaries, 9 primary health centres, one T.B. sanatorium, 3 T.B. clinics, one mental hospital, one laboratory and two eye hospitals. There are also 21 private hospitals and dispensaries.

Transport: 447 villages and towns are served by Road Transport Corporation on 11 different routes covering a route of 3,897 miles a day. The length of railway line passing through the district is 202-13 K. metres.

Kandla is a major port. Minor ports are Mandvi, Mundra, Jakhau, Lakhpat and Koteshwar.

The new townships of Gandhidham and Adipur have been established near Kandla to resettle the displaced persons from West Pakistan. One Industrial Estate is also organised near Gandhidham.

MEHSANA DISTRICT*

Headquarters: Mehsana.

Talukas and Mahals: Patan, Chanasma, Sidhpur, Mehsana, Kheralu, Visnagar, Kalol, Vijapur, Kadi, Sami, Harij.

PANCH MAHALS DISTRICT*

Headquarters : Godhra.

Talukas and Mahals: Godhra, Dohad, Kalol, Halol, Jhalod, Deogad-Baria, Limkheda, Santrampur, Lunavada and Shehera Talukas, and Jambughoda Mahal.

The total area under agriculture is 14,42,666 acres yielding 421,000 tons of foodgrains including cereals. pulses, oilseeds and all edibles principally groundnuts. The acreage under different crops are: Paddy 31.842, Bajri 5,740, Jawar 2,540, Groundnuts 43,530, Wheat 10,168, Maize 72,026, and Gram 3,970. The areas covered by cash crops are Digvijaya and Vijaya cotton 47,798, CO2 12,549, Tobacco 2,861 acres. There is a Hybrid maize breeding research centre in 25 acres at Vavdi-Bijarag on the outskirts of Godhra.

The average rainfall in the district is now only 25 inches. The lowest temperature is 40 degrees F. heat and highest 115 degrees F. heat.

The District has a forest area of 515,848 acres. The forests yield teak-wood, and hard-wood such as Mahuda, Sadad, Kher and Dhavda. The forests also produce Mahuda flowers, hay-fodder, timru leaves for bidi manufacture, and bamboos.

The irrigation projects in the District are Pata-Dungri Dam south of Dohad, Suki Dam north of Dohad in Jhalod Taluka, Titodi Dam south of Jhalod, and Karad Right Bank Dam in Devgad-Baria Taluka, and Tanachhida Irrigation project 15 miles from Dohad.

Agriculture, Mining and Forest produce are the main industries in the district which contains rich mineral deposits such as manganese ore, galena, copper, limestone. There are big manganese mines worked at Shivrajpur, Pani Mines and Bamankuwa,

COMMUNICATIONS

Bombay-Delhi Broad-gauge main line of Western Railway passes through Panchmahals district. Gujarat State Road Transport Corporation also runs various bus services and operates numerous routes in the district.

Pavagadh Hill station about 2,600 feet in height is situated in Halol taluka about 22 miles from Godhra. It is also a pilgrim centre.

The famous Bhadrakali temple of goddess is on the peak of the Hill and there are ancient monuments preserved by Archaeological Department of the Central Government.

RAJKOT DISTRICT*

Headquarters : Rajkot.

Talukas: Rajkot; Jasdan; Babra; Morvi; Wankaner; Gondal; Jetpur; Dhoraji; Kandorna; Kotda-Sangani; Lodhika ; Maliya Padadhari, Upleta.

Rajkot District has four sub-divisions, nine talukas, five mahals and one peta mahal.

The area of the land under cultivation is about 21,38,678 acres. The main industries of Rajkot District consist of textiles, hosiery, handlooms, the production of hydrogenated oils, potteries, salt-making, engineering, etc.

SAURASHTRA UNIVERSITY

Rajkot

Instructions in the following faculties are imparted in the University:

Arts, Science, Commerce, Education, Agriculture, Medical, Law, Rural Studies. Of these, the faculties of Education, Science. Commerce and Rural Studies of the University are at Bhavnagar.

It is an affiliating University.

Chancellor: Shriman Narayan, Governor of Gujarat State; Vice-Chancellor: D. R. Mankad; Registrar: V. M. Desai.

No. of affiliated Colleges: 42. No. of Recognised Institutions; 2; No. of Students in the University: 20,700.

Budget (1969-70).

Total Income: Rs. 26,52,000 (excluding Govt. Grant).

Total Expenditure: Rs. 42,56,000.

SABARKANTHA DISTRICT*

Headquarters: Himatnagar.

Talukas and Mahals: Himatnagar, Prantij, Modasa, Bayad, Idar, Khedbrahma, Bhiloda, Meghraj, Vijaynagar, Malpur.

The average yearly rainfall is between 25 and 30 inches.

The principal crops are bajri, maize, paddy, jawar, cotton, wheat, sesamum and groundnut. About 30 per cent of the people consist of Bhils and other backward classes. The main occupation of the people is agriculture. Except for a few ginning factories and oil mills, the District is very backward in industry.

SURAT DISTRICT*

Headquarters: Surat.

Talukas: Olpad; Chorasi; Mangrol; Kamrel; Mandvi; Bardoli; Songadh; Vyara and Mahuva.

Mahals: Palsana; Valod; Uchhal and Nizar.

• See article on "Population" for area and population figures.

Besides being noteworthy historically, Surat is the biggest jari production as well as artsilk powerloom centre. Nearly half the population of the city depends on handicrafts. Jari work, laces, silk and jari brocades, embroidery, ivory and sandalwood carving, inlay work of

varakh-nakashi and ivory bangles are the major handicrafts for which Surat is famous not only throughout India but even abroad. A co-operative industrial estate which has developed at Udhna, three miles from Surat, is stated to be the biggest industrial estate of its type in the country. There is one sugar factory at Bardoli.

SOUTH GUIARAT UNIVERSITY

Navyug College Bhavan, Rander Road, Surat-1.

It is a teaching and affiliating University.

Chancellor: Shriman Narayan, Governor, Gujarat State. Vice-Chancellor: Prof. C. N. Vakil; Registrar: G. A. Desai.

No. of Affiliated Colleges: 27.

SURENDRANAGAR DISTRICT*

Headquarters: Surendranagar.

Tahsila:—Wadhwan (Wadhwan); Chotila (Chotila); Mull (Mull); Dhrangadra (Dhrangadra); Halvad (Halvad); Dasda (Dasda); Limbdi (Limbdi); Lakhtar (Lakhtar); Sayla (Sayla).

There are about 12 towns with a population of over 5,000 and 672 villages.

About 70 per cent of the population lives in the rural areas. The main occupation of the people is agriculture, and the important crops are bajra, jawar, cotton, paddy, groundnut, wheat and gram.

The main industries of the district consist of textiles, sait, soda-ash, potteries, ginning and pressing factories.

ASSOCIATIONS

Ahmedabad

AHMEDABAD MILLOWNERS' ASSOCIATION Post Box No. 7, Navrangpura, Ahmedabad 2.

President: Priyakant T. Munshaw; V. President: Jayantilal Bhikhabhai.

AHMEDABAD TEXTILE INDUSTRY'S RESEARCH ASSOCIATION

Navrangpura, Ahmedabad 9.

Aims and Objects: 1. Research for improved materials, technology and human relations in industry. 2. Dissemination of scientific knowledge and consultation to member mills to solve current operational problems. 3. Training for specialised jobs such as laboratory-in-charge, quality control officers, supervisory and operative training officers, guidance to research student for post-graduate degrees of Gujarat University, M. S. Univ. of Baroda, Bombay Univ. and Madras Univ.

GUJARAT VEPARI MAHAMANDAL (Guiarat Chamber of Commerce)

Ranchhodlal Marg, Post Box No. 162, Ahmedabad.

President: Madhubhai M. Patel; V. President: Balkrishna Harivallabhdas; Hon. Secy.: Rasiklal V. Vasa.

HAROLD LASKI INSTITUTE OF POLITICAL SCIENCE

Mavalankar Haveli, Bhadra, Ahmedabad I.

It is an educational, non-partisan, non-profit-making body, with the aim of development of demoncratic education and enlightened citizenship. The Institute encourages and facilitates the scientific study of political and allied questions and problems. It does not seek any government grant as a matter of principle nor does it take any money from Foreign Foundations. It is supported by individual membership and patronage.

Founder Director: Prof. P. G. Mavalankar.

INDIAN INSTITUTE OF MANAGEMENT Vastrapur, Ahmedabad 6.

Aims: (i) To provide educational facilities for training young men and women for management careers, and for developing experienced administrators. (ii) To conduct research and to contribute to the growth of knowledge

of business and administration. (iii) To provide for the developments of teachers in management and administration and (iv) To assist organisations to improve

management practices.

Chairman: S. L. Kirloskar; Director: Prof. Ravi J. Matthai; Secretary: M. K. Subramaniam.

NATIONAL INSTITUTE OF DESIGN Paldi, Ahmedabad 7.

This Institute is an autonomous non-profit training, service and research centre in design and allied fields sponsored by the Government of India in cooperation with the Ford Foundation and the State of Gujarat.

HARYANA

A REA: 43,869 square kilometres. It has an annual budget of approximately Re. 80 crores. It has only one division, seven small districts, 27 tehsils 62 towns and about 7,039 villages. It is essentially a rural State with a population of 75,90,543 of which 13,07,680 are in urban areas.

Districts: Ambala, Karnal, Rohtak, Gurgaon, Mohindergarh, Hissar & Jind. (For figures of area and population, see under the respective districts under composite Punjab in the main article on "Population").

Its Legislative Assembly consists of only 81 members. It is being represented by five members in the Rajya Sabha and by nine in the Lok Sabha.

Rainfall is comparatively low and erratic, soil is sandy and light in texture, and above all, there is paucity of sub-soil water and in a large number of tracts it is brackish.

There are no mineral resources except in Mohindergarh. The area is frequently visited either by heavy floods or by serious droughts.

ECONOMY

There are six cotton textile mills in Haryana located at Bhiwani, Hissar, Faridabad and Rohtak. Two sugar factories at Rohtak and Panipat were added to the existing one at Yamunanagar. There are three paper mills and two cement factories.

There are a shoe factory, five large-scale cycle assembling and cycle components units and eight rerolling mills, besides more than 2,000 units engaged in the manufacture of agricultural implements, machine tools, electric goods and bolts and nuts. There are two treator manufacturing and one motor cycle manufacturing units.

INDUSTRIES

Number of registered working factories (Jan. 1969): 1,240; No. of working factories: 1,200; No. of workers engaged in the registered factories: 64,600.

Production of important industries in the State (1967-68):—Cotton textiles worth Rs. 17,91,26,000; Cement: 5,23,336 tonnes; Paper: 43,192 tonnes; Sugar: 53,752 tonnes; Cycles: 3,79,000; Sewing Machines: 30,587; Agricultural implements and machine tools worth Rs. 481 lakhs; Steel rerolling: 15,905 tonnes; Scientific instruments worth Rs. 1,35,71,000; Wood and machinery screws worth Rs. 6,17,000; Glass worth Rs. 18,019,000; Woollen textiles worth Rs. 13,50,000.

AGRICULTURE

Total area of Haryana according to village records pertaining to agricultural year 1968-69: 43,99,000 hectares as per details given below:—

Area under forests: 93,000 hectares; area not available for cultivation: 4,89,000 hectares; Other non-cultivated land excluding fallow land: 1,37,000 hectares; Fallow land: 2,59,000 hectares.

Net area sown: 35,24,000 hectares; Area sown more than once: 16,36,000 hectares; Total cropped area; 51,60,000 hectares.

As much as 89 per cent of the people living in rural areas in the State are dependent on agriculture.

The production of foodgrains during 1968-69 was 31,00,000 tonnes; Sugar cane 6,20,000 tonnes, oil seeds 85,000 tonnes and cotton 3,35,000 bales.

The targets of agricultural production fixed for the year 1970-71 are as follows:--

Foodgrains 43.70 lakh tonnes; Sugar cane: 8 lakh tonnes; Oil seeds: 1.30 lakh tonnes and cotton 4.25 lakh bales. Intensive cultivation programme of cotton, rice, maize, oil seeds, and bajra has been launched. The coverage of blocks during 1968-69 was cotton: 15 blocks; rice nine blocks, oil seeds 13 blocks, bajra two blocks and wheat 34 blocks.

At the close of the year 1968 the total number of agricultural credit societies in the State was 7,000 with a membership of 5.50 lakhs and working capital of various categories of Co-operative Societies was Rs. 57 crores.

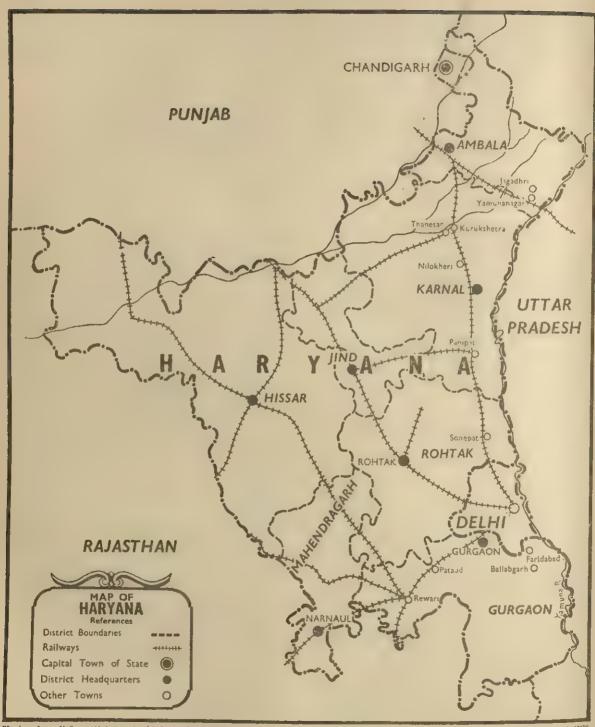

These societies advanced short-term and medium-term loans to the extent of Rs. 10 crores during 1968-69 and lending operations are expected to increase to Rs. 15 crores by the end of the 4th Five Year Plan. In Haryana there were 2,016 regular fertilizer depots in the year 1968-69 supplying fertilizers.

ANIMAL HUSBANDRY*

Livestock (census 1961): number of animals in the State: 49,34,000; cattle other than bullocks: 22,47,900; bullocks: 16,53,900; horses and ponies: 17,400; donkeys: 80,100; mules 6,500; sheep: 3,344,000; goats: 3,62,300 camels: 1,22,500; pigs: 90,600.

The State has 140 veterinary hospitals and 98 veterinary dispensaries. 320 first aid centres have also been set up.

^{*} Livestock statistics (1966 census) are not available.

"Based upon Survey of India map with the permission of the Surveyor-General of India,"

" Govt. of India Copyright 1963"

HARYANA 429

The State has a big and modern livestock farm at Hissar at which systematic and scientific breeding of cattle, buffaloes, sheep, goats, donkeys, pigs etc. is undertaken.

The State is famous for two breeds of cattle and buffaloes namely Haryana and Murrah.

LANG REFORMS

The 102·22 lakh acres of land to be consolidated in the State have been consolidated by the end of 1967-68.

The Haryana Government has passed a legislation abolishing land revenue upto 5 acres in the State on Aug. 23, 1967. This will cause an annual loss of Rs. 14 lakhs to the exchequer.

IRRIGATION

According to the village papers, the total area of Haryana State is 43,99,000 hectares of which net area sown was 34,23,000 hectares in the year 1967. At that time only 12,93,000 hectares were under irrigation of which 9,91,000 acres were irrigated by government canals, 2,28,000 by wells and 74,000 by other sources including tanks.

Haryana is one of the three participating states in the two multi-purpose river valley projects known as the Bhakra and the Beas River projects.

In addition to these projects, the Haryana Government is negotiating for an equitable apportionment of available water in the Ravi and Beas rivers. Haryana will also have a share in the schemes of Kishau Dam on the river Yamuna and Thein Dam on the river Ravi as and when the projects are executed.

While Bhakra project is complete, Beas project is at an advanced stage of completion.

The state has also prepared its own irrigation schemes known as Gurgaon Canal Project, Western Yamuna Canal feeder, Western Yamuna Canal remodelling, Rewari Lift Irrigation scheme, Dadri Lift Irrigation scheme, Nehar Salwas Lift Irrigation scheme, Installation of tubewells along Ghaggar river and Western Yamuna Canal tract and Link works from Sutlej basin to Western Yamuna Canal basin.

The proposed outlay for the Fourth Five-Year Plan on minor irrigation and power schemes for 1968-69 was Rs. 12,85.50 lakhs.

A provision of Rs. 500 lakhs for flood control drainage and anti-water logging schemes and Rs. 71 lakhs for soil conservation schemes has been made in the Fourth Five-Year Plan.

ELECTRIC POWER

Considerable progress was made in the completion of the Right Bank Power House of Bhakra Nangal Power System during 1968-69. This power house has five units. Five units of 90 M.W. each of the Left Bank Power Project of Bhakra were commissioned long time ago. All the five units of 120 M.W. each on the Right Bank Power House have since been commissioned, the total installed capacity of Bhakra system ending 1968-69 being 930 M.W. The work on the Beas Project is progressing according to schedule. Power from this project is likely to become available after the Fourth Plan

In addition to the above schemes, work was also in progress on the following generating schemes during 1967-68: (i) Bassi Power House (Uhl Project Stage 2); ii) U.B.D.C. and 15 KW thermal station, Faridabad.

At present the State is getting 665 million units of power from Bhakra, 220 million units from I.P. station and 56 million units from 15 M.W. thermal plants.

As many as 45,370 tubewells were energised during the year 1968-69. The number of villages electrified increased to 1,459 in the year 1968-69. The position of other connections during the year 1968-69 was: domestic: 3,80,376, commercial: 67,326 and industrial 12,528.

TRANSPORT

There are about 5,638 kilo metres of metalled roads in Haryana. Government has decided to nationalise all road transport by 1970-71.

The state transport known as the Haryana Roadways has a fleet of 639 vehicles. These vehicles operate on 290 routes, cover a mileage of 81,043 miles daily and carry about 1,16,800 passengers per day.

LABOUR

Number of registered factories in the State: 1,224; number of workers in these factories: 64,564.

Employees Provident Fund scheme has been enforced in the State. Employees State Insurance scheme, which was enforced in 1963, covers nearly 50 per cent of the workers.

LEFTCATION

Number of students (boys and girls) receiving education in government and private schools in 1968-69 in Haryana was 11,99,201. Total number of institutions in the State was 5,881.

A provision of Rs. 1,303 lakes has been made for the development of general education during the Fourth Plan period. Of this Rs. 220 lakes were proposed to be spent during the year 1968-69.

To increase enrolment at all stages and to cope with additional enrolment, 200 primary schools were upgraded to middle standard and 120 middle schools to high standard. About 2,000 additional posts of teachers were created at the school stage and 71 posts of lecturers for government colleges.

HEALTH

285 hospitals with 5,064 beds and 124 dispensaries of sub-centres under each primary health centre are functioning in both rural and urban areas of the State. Seven hospitals at Kaithal, Panipat, Rewari, Sonepat and Hissar were upgraded in 1967-68. The bed strength at Jind and Narwana was raised to 50 and 29 respectively and that of Ambala and Karnal to 200 each. Twenty allopathic dispensaries have been converted into ayurvedic dispensaries due to shortage of qualified doctors.

There are 91 family planning clinics in the State. As many as 16,689 sterilization operations were performed and 58,061 I.U.C.D. insertions made.

At present there are 26 Family Planning clinics in rural areas and eight in urban areas. It is proposed to have 3,33,334 loop insertions and one lakh vesectomy operations during the Fourth Plan period.

Malaria has been fully controlled in the State under the National Malaria Control programme. For the control of tuberculosis stress is being made on preventive immunization against T.B. and early diagnosis and treatment. With a view to eradicating small-pox, primary vaccination has been made compulsory in the State.

There is a Medical College at Rohtak with an intake capacity of 50 students.

CO-OPERATION

The total membership of all types of societies on November 1, 1968 stood at 9,18,756. Considering that one member represents a family of five members, 80 per cent of the total population is within the co-operative fold. The working capital of 10,076 societies of all types was Rs. 6,54,026.

PANCHAYATS

There are 7,039 villages in the State. These are covered by 4,595 Panchayats at village level, 82 Panchayat Samitis at block level and six Zila Parishads at district level. The Zila Parishad, Jind is yet to be constituted.

The separation of the Judiciary from the executive was formally inaugurated on October 2, 1964.

FOURTH PLAN

The Planning Commission had fixed the State's plan outlay at Rs. 225 crores. The Central assistance for the Plan is Rs. 78 crores.

Though a sector-wise division of the total outlay has yet to be fixed, power and irrigation would be given top priority, allocation for power alone being Rs. 80 crores.

It is expected that next year's Plan would be Rs. 40 crores — the highest after the formation of the State.

HARYANA AGRICULTURAL UNIVERSITY

(Hissar)

Chancellor: Governor of Haryana; Vice-Chancellor: A. L. Fletcher.

The University has programmes of resident instruction (teaching), research and extension education. The University follows the trimester system, as in the Land Grant Universities in the United States.

Present Constituent Colleges: (a) College of Agriculture, (b) College of Animal Sciences, (c) College of Veterinary Medicine and (d) College of Basic Sciences and Humanities,

Degrees Awarded: B.Sc. (Agr.), B.Sc. (Animal Science), and B. V. Sc. & A. H.

Research: Research is coordinated on HAU's first-rate animal farm and a 1,600 acre crop farm at Hissar and HAU's four regional research stations at Gurgaon, Karnal, Rohtak and Yamunanagar. Research programmes of all departments of HAU are coordinated by a Director of Research.

Extension Education: Dissemination of technical knowhow based on research findings is coordinated by a Director of Extension Education through three services, (a) a Farm Advisory Service, (b) a Farm Information Service and (c) a Farm Training Service.

KURUKSHETRA UNIVERSITY

Kurukahetra.

It is a teaching-cum-residential University for the encouragement of higher education and research especially in Sanskrit, Prakrits and modern Indian languages as also in Indian Philosophy and ancient Indian History and other aspects of Indology.

Chancellor: Governor, Haryana State; Vice-Chancellor: S. K. Dutta; Registrar: Dr. S. S. Gupta.

Number of Constituent Colleges: Two; Number of Recognised Colleges: Two.

Budget Estimates for 1968-69

Total Income: Rs. 73.21 lakhs; Total Expenditure: Rs. 85.83 lakhs.

HIMACHAL PRADESH*‡

CAPITAL: Simla. Area: 56,019 sq. Km.; Population: 2.81 million (1961 census); Strength of Vidhan Sabha 63.

The Territory of Himachal Pradesh is divided into ten districts, viz.: Kinnaur, Simla, Sirmur, Bilaspur, Kangra, Lahaul-Spiti, Mandi, Kulu, Mahasu and Chamba.

ECONOMY

The main agricultural wealth of the Territory consists of fruits such as apple, apricot, peach and vegetables like seed potato, ginger, tomato, peas etc.

The climatic conditions of the Pradesh are suitable for the growing of a large variety of fruits including citrus, and dry fruits. Apples and pears are grown in the cooler regions. The superior varieties of apples which were restricted to Kotgarh and Kotkhai are now being grown extensively in the other parts of the Pradesh ranging between five thousand to eight thousand feet above sea level. With the new orchards rapidly coming up, the production of fruit increased considerably during the 3rd Five Year Plan.

Salt is another important item; while forests yield timber, fire-wood and charcoal. Handierafts which include Pashmina shawls, wool of fine quality, resin, herbs and skins are another source of income.

Himachal Pradesh forests supply the largest quantities of coniferous timber in Northern India. They are the main source of revenue in the Territory, the estimated revenue during 1969-70 being Rs. 6-10 crores. The entire Territory is divided into eight forest circles which are further subdivided into 30 territorial divisions. Besidee, 7 other divisions have been created to develop the resources of the Territory. Bilaspur Circle has been created under the Soil Conservation Scheme.

Seed potato is the chief cash crop in which the Territory has established itself as an important supplier to the plains of India. During 1969-70, 75,000 metric tonnes of potato is estimated to be produced over an area of 13,770 hectares.

One of the oldest foundries of the country is located at Nahan besides two resin and turpentine factories.

Agriculture

Geographical area and classification in thousand hectares 1966-67: 5,566; Forests: 1,014; Area put to non-agricultural uses 175; Barren & Noncultivable land 2,233; Permanent pastures and other grazing land 1,543; Land

under trees and groves 39; Culturable waste land 134; Fallow lands 60; Net area sown 534; Total cropped area 869; Area sown more than once 335; Net area irrigated 90; Gross area irrigated 150.

Food grains in 1968-69: Area & Production in thousand hectares & thousand tonnes respectively: Rice 97.4; 110.3; Maize 255.8; 486.5; Ragi 13.8; 6.9; Small Millets 27.2; 14.7; Wheat 311.1; 262.8; Barley 41.0; 46.2; gram 18.5; 8.5; Tur 0.2; 0.1; Other pulses 38.7; 11.7; Total food grains 803.8; 897.7.

Oil seeds: $3\cdot3$; $3\cdot3$; Sesamum $7\cdot6$; $1\cdot7$; Rapeseed & Mustard $3\cdot8$; $1\cdot0$; Linseed $5\cdot1$; $1\cdot0$.

Cotton: 0.8; 1.1†; Cottonseed 0.2; 0.4; Sannhemp 0.7; 0.1; Tobacco 0.9; 0.3.

Others: Potato 20; 83.3.

Under the Rs. 139·20 crores revised draft Fourth Plan as submitted to Planning Commission for approval, roads and transport have been given top priority with Rs. 32 crores; power projects come next with Rs. 21 crores 9·43 lakhs. A sum of Rs. 18 crores 40·32 lakhs has been earmarked for agriculture and Rs. 15·75 crores for forests. Industries, Education, Medical and Public Health, Animal Husbandry, Panchayats, Cooperation and Community Development have been allotted Rs. 30 crores 53·64 lakhs.

Power—The Department of Multipurpose Projects & Power started functioning in April, 1964 to investigate the vast hydroelectric potential of H.P. Besides this, the Department is also required to deal with problems connected with soil conservation and flood control.

Work on Giri Hydro Electric Project, the first in the series of power projects to be taken up on Himachal waters by the Pradesh Government has already been started with the inauguration of the first stage of the project by the Prime Minister of India, on June 30, 1967.

Giri Hydro Electric Project has been designed in two stages in all generating 2-01 lakh kW. of electric energy besides providing irrigation facilities to 13,000 acres of land in the fertile Paonta valley in Sirmur district.

All five rivers—the Chenab, the Ravi, the Beas, the Sutlej and the Yamuna—flow through the Territory. It is estimated that the Government can have an annual income of Rs. 200 crores once Himachal's vast forest, hydel and mineral resources are fully exploited.

^{*} See article on "Population" for population and area of districts. † Production in thousand bales of 180 kgs. each. † The Prime Minister announced in the Lok Sabha on July 31, 1970 that the Government has decided to grant full statchood to Himachal Pradesh and that a Bill will be introduced in the Parliament as early as possible. H.P. will thus be the 18th State.

JAMMU AND KASHMIR STATE

CAPITAL: Srinagar. Area: 2,22,870 sq. kms.; Population: 35.61 lakhs (1961 census).

The area of 2,22,870 sq. kms. includes territories illegally occupied by China and Pakistan. The population, on this side of the cease-fire line according to 1961 census is 35,60,976; male 18,96,633; female 16,54,343.

The State has a Legislative Assembly and Legislative Council.

The State is divided into 10 districts, viz. Srinagar, Anantnag, Baramulla, Ladakh, Jammu, Udhampur, Kathua, Doda, Poonch and Rajouri.

The State is multi-lingual in character. Different dialects in different areas are spoken. Commonly spoken are, Kashmiri, Dogri, Balti, Dardi (Pali), Punjabi, and Bodhi. Urdu is the official language of the State. English is used as a medium of official correspondence and medium of instruction at University level.

AGRICULTURE

Agriculture is the main occupation of the people. More than 80 per cent of the population depends on it. Paddy, wheat and maize are the main crops grown in the State except in Ladakh where gram is grown. Besides, Jawar and Bajra are also grown in some parts of the Jammu region.

The total area in the State under crops is estimated at 21,22,000 acres. The total irrigated area during the Third Plan period covered more than 7.73 lakh acres. An additional area of 1.7 lakh acres is proposed to be covered during the Fourth Five Year Plan.

The area (in '000 acres) under High-yielding Varieties Programme during the year 1968-69 was as follows:—Wheat 90; Paddy 200; Bajra $4\cdot50$; Maize 15; Oilseeds 1.

Food production during the Third Plan period was 7.76 lakh tonnes and during the year 1968-69 it was 6.89 lakh tonnes. Distribution of chemical fertilizers to the peasants

for increasing productivity of the soil is receiving due attention of the Government. Upto Kharif 1968 10,10,270 quintals of fertilizers have been distributed to the cultivators in the State.

IRRIGATION

Out of the total area sown in the State only 41 per cent receives irrigation. Of this 70 per cent is fed by Zamindari Khuls. The importance of this source of irrigation is even more significant in the case of Kashmir valley where out of a total net irrigated area of 4.61 lakh acres, 3.92 lakh acres or 85 per cent are dependent on these Zamindari Khuls.

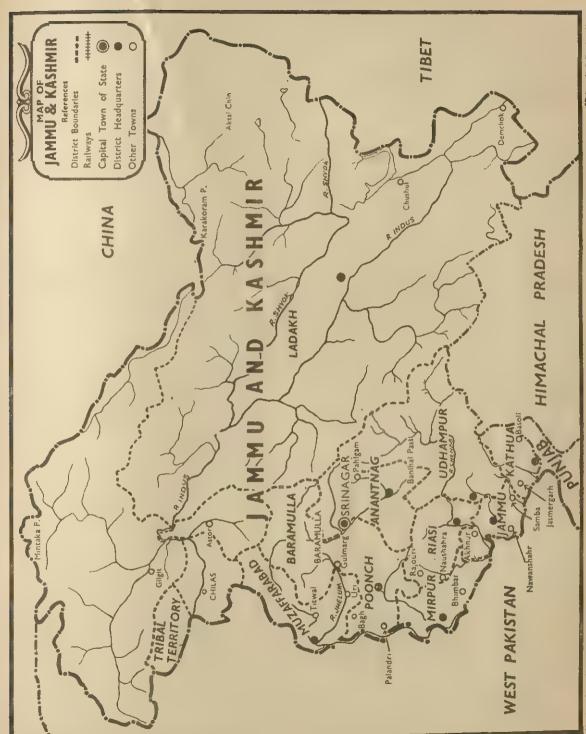

INDUSTRIAL DEVELOPMENT

Both the big and small industrial units are coming up in the State. There are at present 25 medium and large-scale units in the State. Of these 21 fall in the public sector. Eighteen units are being administered by the two Corporations, namely, the Jammu and Kashmir Minerals Ltd. and the Jammu and Kashmir Industries Ltd.

There are also two factories, one each at Srinagar and Jammu which are directly under the control of the Central Government. Six hundred and sixty-two units have been registered till March 31,1968 by the Industries Department. These units function with a capital investment of Rs. 229.27 lakhs and provide employment to 4,391 persons. There are 186 factories registered under the Factories Act. There are 20 Industrial Estates established in the State.

POWER DEVELOPMENT

Power development has received great emphasis in the development programmes. Power position in the State has increased from 4 MWS in 1947 to 40 MWS at present. Under the rural electrification programme 563 villages have been electrified during the Third Five Year Plan. Electricity has been provided for the first time to Leh and Kargil in the Ladakh district.

1)

lease upon Survey of India may with the permission of the Surepur-Ceneral of India "

TOURISM

About 1.46 lakh tourists have visited Kashmir during 1967-68 including 10,946 from foreign countries.

Greater attention has been paid by the State Government to the development of popular tourist resorts, such as Cheshmashahi, Dal Lake, Pahalgam, Kokernag, Achhabal and Gulmarg. A number of Tourist Reception Centres, rest houses, hutments, parks and dormitories have been constructed and existing ones improved.

EDUCATION

A sustained campaign against illiteracy has been launched and maximum educational facilities are being extended to the backward and far-flung areas. The number of educational institutions has multiplied. The increase of primary schools has been as high as 334. There are at present 427 High and Higher Secondary Schools with a total enrolment of about 41,000 in the State. The number of colleges for both Arts and Sciences has multiplied. The professional institutions in the State include a Medical College, Engineering College, Ayurvedic College, Tibia College, Polytechnic and Industrial Training Institutes.

ROADS

At the end of the Third Five Year Plan the road length had reached upto 3,225 miles. During the two Annual Plans namely 1966-67 and 1967-68 this road length has further been developed and increased upto 3,741 miles. The expenditure incurred during the two annual plans was Rs. 90 lakhs and Rs. 216 lakhs respectively. During the Fourth Five Year Plan the road length is expected to increase upto 4,654 miles with an expenditure of Rs. 1,856 lakhs.

HEALTH SERVICE

Health Services run throughout the length and breadth of the State. Well-equipped hospitals and dispensaries function in the districts and tehsils. All the 60 C.D. blocks have been provided with one health centre each. Fell diseases like malaria, tuberculosis, leprosy, small-pox, trachoma, V.D. etc. have either been controlled or completely eradicated through various State-wide campaigns. The total bed-strength in the hospitals and dispensaries has risen from 600 in 1947 to 3,956 at present. Expenditure on health services has risen to Rs. 4 crores from Rs. 18-94 lakhs in 1947. Per capita expenditure on public health has also shot up to Rs. 7-49 against 44 paise in 1947.

CO-OPERATIVES

Nearly 46 per cent of the rural population is covered by agricultural credit societies, which number nearly I,100. There are 6,559 villages in the State and nearly 87 per cent out of these villages are served directly or indirectly by these Co-operatives. Membership in these Societies is 2.77 lakhs. During 1967-68 these societies advanced Short Term, Medium Term and Khush-kharid advances of Rs. 5.85 crores including Rs. 2.09 crores on account of fertilizer and seeds.

Consumer goods for Rs. 1-39 crores were sold by these Societies during 1967-68. Other activities of these societies include procurement of paddy and wheat valuing Rs. 2-29 crores.

FOREST DEVELOPMENT

The State has a forest area of over 8,139 sq. miles. Of this 2,887 sq. miles are available for timber exploitation and the rest function chiefly as protective forests. Revenue from forests rose from Rs. 0.25 crores in 1947 to Rs. 4.07 crores in 1967.

ANIMAL HUSBANDRY

Cattle wealth constitutes a vital sector of the rural as well as urban economy. 1966 Census (in thousands): Cattle 1,791; Buffaloes 428; Sheep 1,152; Goats 605; Horses & Ponies 66; Other livestock 36.3; Total 4,079; Poultry 1,535.

During the Fourth Plan period the Department proposes to spend about 190 lakhs of rupees on various schemes and raise the milk production by 60,000 tonnes by the end of 1973-74 and per capita consumption to 124 grams per head.

A chain of 5 sheep breeding and research farms have been set up in the State. So far 75,000 sheep of exotic varieties have been evolved. The target for 1970-71 is two lakhs.

Great stress is being laid in the State on poultry development. During the Third Five Year Plan, a couple of poultry development schemes were implemented. Two Central poultry farms, one at Belicharana at Jammu and the other at Srinagar were also set up with about 400 layers as the basic stock. The number of layers in Belicharana has increased from 500 layers in 1967-68 to 2,000 in 1968-69. For the Fourth Five Year Plan the target for the two Central Farms has been fixed at 4,000 layers each. During the Fourth Five Year Plan 60 lakhs of rupees have been provided to be spent on the scheme.

CONSTITUTION

A Constitution was finally approved and adopted unanimously on November 17, 1956. It came into effect on January 26, 1957.

The Constitution declares the State of Jammu and Kashmir to be "an integral part of the Union of India." This is irrevocable. Section 147 of the Constitution lays down that no amendment seeking a change in this can be moved in either House of the legislature.

With the adoption of the Constitution, the State has come much closer to the rest of the country. Having entered into financial arrangements with the Union Government in 1957, the State is on par with other States in respect of financial matters including proportionate allocation of funds from the Centre. The development schemes and projects under the Five Year Plans are being approved by the Planning Commission and expenditure on them is sanctioned on the recommendation of the Commission. Every major project is examined by various central agencies like the Central Water and Power Commission and Working groups of Central Ministries and the Planning Commission to ascertain their technical and economic feasibility.

A State cadre of IAS and IPS officers has been created. This has brought about the integration of services ensuring the sharing and pooling of experience and talent. The State's participation in the Northern Zonal Council has widened the area of co-operation with other States leading to greater exchange of experience, technical know-how and pooling of administrative and other resources in various fields of development. The Accounts and Audit department of the State is now under the Auditor-General of India.

The recommendations of the State Legislature to amend the State's Constitution to provide for the extension of jurisdiction of Election Commission and Supreme Court over the State have been incorporated in the Indian Constitution through a Presidential Order issued on January 26, 1960.

An Act passed by the Legislative Assembly of the State authorises the Government to permit those non-State

KERALA

subjects to purchase land and other immovable property in Jammu and Kashmir who intend to set up industries in the State. The Government of Jammu and Kashmir have also entered into agreement with some Indian firms to establish industrial enterprises in the State. There is no ban now on the investment of outside capital in Jammu and Kashmir. In addition to the constitutional and economic integration, the Government of Jammu and Kashmir is also endeavouring to foster cultural and literary synthesis between Kashmir and the rest of the country.

UNIVERSITY OF KASHMIR

Amarsingh Bagh, Srinagar 6.

Chancellor: Bhagwan Sahay, Governor.

Pro-Chancellor: G. M. Sadiq, Chief Minister.

Vice-Chancellor: Noor-ud-Din. Registrar: Prof. Abdul Aziz.

Number of affiliated colleges and oriental institutions:

Number of students who appeared for the previous examinations in 1967-68: Men 11,972; Women 4,300.

The medium of instruction is English except in classical and modern Indian language classes, where the medium of instruction is the language concerned or an allied language. (From September 1969 a new University by the name of University of Jammu came into being).

KERALA

CAPITAL: Trivandrum. Area: 38,855 Sq. Km. Coastal line: 580 Km. Total population 16,903,715 (1961 census). Density of population (1961): 435 per Sq. Km. Sex ratio: 1,022 females per 1,000 males. Literacy per 1,000: 468.

Figures for December 31, 1969: Number of districts 10; taluks 56; villages 1,635; municipal towns 26; corporations 3; panchayats 950. One more district the Malanad District is proposed to be formed by bringing together certain portions of Ernakulam and Kottayam districts.

KERALA 437

The report of the committee on Malanad has been submitted to the Government.

Names of Districts with names of District Headquarters within brackets: Trivandrum (Trivandrum); Quilon (Quilon); Kottayam (Kottayam); Alleppey (Alleppey); Trichur (Trichur); Cannanore (Cannanore); Kozhikode (Kozhikode); Palghat (Palghat); Ernakulam (Ernakulam); Malappuram (Malappuram)

For population of districts according to the 1961 census, see "Population." As a result of the formation of Malappuram District on 16-6-1969 the area of Kozhikode District has been reduced to 1.433 · 1 square miles.

Geography: The climate of the whole region is generally temperate and the rainfall heavy. Languages spoken in the State are Malayalam, Tamil and Kannada.

INDUSTRIES

Important industries of the State: Coir, textiles, tea, rubber, manufacture of bricks and tiles, fertiliser, chemicals, electrical accessories, cashew nut processing, printing, saw milling including plywoods and manufacture of splints and veneers for matches, rice milling, handloom, handicrafts and extraction of oils.

Main large-scale industries of State: Rubber, plywood, fertilisers and chemicals, rayons, glass, paper, aluminum, sugar, cement, textiles, titanium dioxide, soaps, shark liver oil, ceramics, rare earths and engineering cables, penstock, wire ropes, heavy transformers, spinning mills, D.D.T., machine tools & petroleum products.

Chief products of the large-scale industries of the State: Chemicals, ammonium sulphate, ammonium chloride, ammonium phosphate, superphosphate, sulphuric acid, ammonia, caustic soda, chlorine, calcium carbide, copper sulphate, titanium dioxide, rare earth salts, cycle rims, crockery and sanitary wares, electric porcelain, fire bricks, china clay, rayon grade pulp, sugar, etc.

Miscellaneous: Aluminium ingots, glassware, cement, rayon, transparent paper, vegetable oils and soaps, vanaspati, alcohol, pharmaceuticals, galenicals, plywood, ceramicware, rubber goods, paper, cotton textiles and engineering materials, agriculture implements, dyeing and printing, manufacture of jewellery, canning and preservation of fish, starch, cutlery, locks, rubberised coir products, cycle parts and sewing machines.

The six Government owned companies are Trivandrum Rubber Works, Trivandrum Spinning Mills Ltd., The Kerala Ceramics Ltd., Kerala Electrical and Allied Engineering Company Ltd., Travancore Plywood Industries Ltd., and Kerala Soaps and Oil Ltd.

Under the private sector, the Kerala State Industrial Development Corporation (KIDC) has been organised to help capital formation in respect of deserving enterprises. The Corporation has undertaken to offer financial and technical services to industrialists for setting up industries.

Plantation Industry: The programme of development comprises planting by Government and individuals and encouraging distribution of loans to auction purchasers of forest lands. With this end in view Government have reconstituted the Plantation Corporation of Kerala.

Village and Small Industries: To promote the growth of industries in the rural and underdeveloped areas, a scheme of giving subsidies to small scale industrialists starting industries in such areas, has been drawn up. The Kerala State Small Industries Development Corporation have taken up works in connection with the above programmes.

Industrial Estates: During 1968 there were eighteen Industrial Estates under the management of the Kerala State Small Industries Corporation.

"Small Scale production in NES Blocks" has been taken up for implementation during the first phase of the Fourth Five Year Plan. The programme was to establish small scale production centres preferably in NES Block areas each costing Rs. one lakh. During the year Government have accorded sanction for starting 2 units in each of the Districts. For this the scheme has been selected and approval accorded for implementation.

The establishment of development areas in all the districts is an important item in the industrial development in the State which has acquired added significance in the context of the Industrial policy announced by Government. According to the Scheme, Development Areas have been established at Kadakampally and Akulam in Trivandrum District, Aroor in Alleppey District, Edayar and Angamaly in Ernakulam District and Pudussery in Palehat District.

Industrial Co-operative Societies: There were 2,031 industrial Cooperative Societies in the State at the end of the year 1966-67. These societies had 1,61,012 members. The value of goods produced in all these societies amounted to Rs. 83,19,406.

Handicrafts: Brass and bell metal work, handloom furnishing fabries and lace cloth, acrewpine, kore grass and palmyra leaf weaving, rattan work, kuft gari, bamboo and reed weaving, Kathakali costumes manufacture, traditional folk jewellery making, Aranmula Metal Mirror making, laminated woodwork, toys and dolls making, lace and embroidery, lacquerware, ivory, horn, wood, coconut shell carvings, etc. are the important handicrafts of this State. There are about 15,000 persons employed in 3,000 establishments in these crafts. There are about 300 Handicraft Co-operatives in the State.

With a view to developing the handicrafts industry in Kerala, boost the export of handicraft articles and render assistance to the artisans both in the co-operative sector and outside, the "Handicrafts Development Corporation of Kerala Private Ltd.," has been registered in November 1968.

Handloom Industries: Total No. of looms in the State: 1,20,000; Total No. of looms in the Co-operative fold (Regd.) as on March 31, 1966: 45,401; Total No. of looms registered outside Co-operative fold as on March 31, 1966: 63,596; Total No. of societies in the State as on March 31, 1967: 401; Total No. of individual members as on 30th June 1967: 51,808; Total paid-up share capital as in June 1967: Rs. 32,01,515; value of goods produced in all the societies: Rs. 2,55,59,820; the amount of sales; Rs. 2,46,03,068.

6,42,996 metres of handloom cloth were produced in 1966-67, out of which 25,582 metres were from co-operative sector. The production of powerloom cloth was 13.6 lakh metres, of the value of Rs. 15.6 lakhs.

Conversion of handlooms into powerlooms has been taken up as a centrally sponsored scheme. 1,000 powerlooms have been distributed to 87 societies in the State.

Government of India have allotted 3,900 powerlooms to the State for installation during the Fourth Plan period. The looms are intended to be installed in the Co-operative and Private Sectors.

With a view to rendering assistance to private individuals engaged in handloom industry outside the Copperative Sector, Government constituted the Handloom Finance Corporation with an authorised capital of Rs. 1 erore.

Cashew Industry: There are about 250 cashew processing factories in India of which nearly 75 per cent are in Kerala, employing more than a lakh workers.

Coir Industry: The important items in the programme will be the organisation of primary coir co-operatives, coir marketing societies, and societies for the manufacture of mats and mattings, ropes, bristle and mattress fibre. A model coir factory has already been organised at Beypore to modernise the manufacturing side of the coir industry. Total number of primary Coir Co-operative Societies (figures for 1968): 543; membership in all the Societies: 1,25 lakhs; Paid-up share capital Rs. 17,52,551.

Khadi and Village Industries: The Kerala Khadi and Village Industries Board was constituted in August 1957 so as to help the villagers in organising co-operatives and to give loans and grants and other technical assistance for the development of Village and Cottage Industries such as Khadi and Ambar, village oil, hand-pounding of paddy, village pottery, non-edible oil, soap, handmade paper, gur, khandsari, bee-keeping, village leather, palm gur, fibre, carpentry, blacksmithy, etc. Financial assistance for the development of Khadi and 14 other village industries is being given by the Board.

The value of village industries products rose from Rs. 227.77 lakhs in 1965.66 to Rs. 236.83 lakhs in 1966.67. The production in 1966.67 was nearly 4 per cent higher than that in 1965.66. The major Khadi production Centre at Payyannur is run by the Board. The production of the Centre in 1966.67 was to the value of Rs. 8.78 lakhs. There were 3,744 spinners and 187 weavers in the centre by the end of 1966.67.

Chief minerals produced in the State: The beach sands contain the much valued and strategic mineral monazite besides five others of great economic value namely ilmenite, rutile, sircon, sillimenite and garnet. The extensive white clay deposits contribute to the ceramic industry. Other minerals available are mica, graphite, limestone, quartzeand and lignite.

Substantial white sand reserves suitable for glass manufacture have been found in some places of Alleppey and Ernakulam Districts. Deposits of Kaolin have been found in Kundara, Quilon District and several other places in the districts of Trichur and Cannanore.

LABOUR

Names of industries in which a minimum wags is fixed: For the whole State upto 31-12-1967: Rice mill, flour mill or dal mill, tobacco (including beedi making), plantations (coffee, tea, rubber & cardamom), oil milling, local authorities (municipalities and Panchayats), construction and maintenance of roads and buildings, stone breaking and crushing, public motor transport, tanneries and leather manufactory, match industry, shops and establishments including hotels and restaurants, cashew industry, tile industry, printing presses, timber industry, toddy tapping, agriculture, coir manufacture, plywood industry and minor ports.

Revision of minimum wages in 1968: Tobacco industry (for the employees in beedi rolling sector to have a change in the payment of D.A. to the workers), Agriculture (for employees employed in Agricultural operations).

Number of registered factories in the State as on 31st December 1967: 2,955; Number of working factories in the State as on 31st Dec. 1967: 2,845; Number of working factories which submitted the annual returns: 2,053; Average daily employment in the working factories

submitting returns: 1,35,244. Total average daily employment in all the registered working factories (estimated) 202,589.

Number of accidents in registered factories during 1967 (including fatal cases): 2.717.

Number of fatal accidents: 12.

Number of registered Trade Unions as on 31st December 1967: 2,149.

Kerala Labour and Industrial Bureau: The Bureau will promote and co-ordinate research in labour and industrial problems, including organisational and administrative aspects. It will also foster the application of research in the development of commerce, trade and industry and for the fruitful utilisation of natural resources in the industrialisation of the State.

The Bureau has initiated an 'industry study series' intended to give wide knowledge of the problems of industrial development in general and more in particular of those concerning the economy of Kerala. The Bureau has published books on 'Cashew Industries' and 'Plywood Industries' in Kerala. A book on Match Industry in Kerala is ready for publication. The work on tile industry is in progress,

Equipment: Ploughs (wooden: 562,281; iron: 6,441); carts: 21,040; sugarcane crushers (power 175; bullooks 1,071); oil engines: 3,372; electric pumps: 2,565; tractors: 276; Ghoris (more than 5 seers: 2,058; less than 5 seers: 2,164).

LIVESTOCK 1966

(See under main article "Livestock")

AGRICULTURE

The per capita extent of cultivated area is 0.11 hectare (1967-68).

Foodcrops: Rice, jowar, ragi, other cereals and millets, tur, other pulses, sugarcane, pepper, chillies, ginger, turmeric, cardamom, beteinut, mango, citrus fruits, banana (including plantains), cashewnut, tapioca, sweet potato and onion.

Main cash crops of the State: Coconut, Arecanut, Tes, Coffee, Cardamom, Rubber, Pepper, Gingelly, Cotton, Turmeric, Sugarcane, Ginger, Lemon grass, Groundnut and Cashewnut.

Equipment (agricultural 1966): Wooden ploughs 4,75,930; Iron ploughs 17,179; Carts 16,309; Sugarcane Crushers (power) 457; Sugarcane Crushers (bullocks) 989; Oil engines 6,824; Electric pumps 4,869; Tractors 418; Ghanies (more than 5 Kgms.) 692; Ghanies (less than 5 Kgms.) 628.

Classification of area in hectares as on 30th June 1968: Forests 10,55,811; Barren and uncultivable land 91,830; land put to non-agricultural use 2,40,830; cultivable waste 98,556; permanent pastures and grazing lands 27,800; land under miscellaneous crops not included in net area sown 1,61,862; fallow land other than current fallows 29,656; Current fallow 28,333; net area sown 21,28,845; area sown more than once 6,28,594; total cropped area 27,57,439; net area irrigated 4,10,510; gross area irrigated 5,72,200.

Total number of rubber, coffee and tea plantations: Rubber 88,156 (as on 31st Dec. 1967); Tea 2,451 (as on 31st Dec. 1967); Coffee 18,902 (as on 30th June 1969).

LAND REFORMS

The Kerala Land Reforms (Amendment) Bill, 1968, further to amend the Kerala Land Reforms Act, 1963 has been passed by the State Legislative Assembly. The President has given assent to the Bill and the new Act has come into force from 1st January 1970.

Foreign Aid: The Swiss Government will grant 1,640,000 Swiss france for carrying out the first stage of a farming development project in Kerals which has been located in the High Ranges.

FISHERIES

See article on 'Fisheries' for details.

FORESTS

The figures relate to 1968-69.

Total forest area in State: 8,827 sq. km. 31 · 85 Hectares; Reserved land 189 sq. km. 79.07 Hectares; proposed for fuel and fodder reserves 1 sq. km. 16-5 Hectares; private forests proposed to be acquired 1,950 sq. miles.

Location of forests: The main forest tract lies north to south, along the Western Ghats, forming the eastern boundary of the State.

Revenue from the forests: Rs. 8,28,48,741; expenditure: Rs. 2,84,54,137.

Main forest produce: Timber, firewood, bamboos, reeds and ivory.

Quantity of each variety: Timber (round logs) 4,82,864 cum, and 77,124 B.G. units of sleepers and 19,23.400 kg. of Bandalwood; Poles 2,88,543 nos.; Firewood 2,29,734 tonnes; Bamboos 62,63,077 nos.; Charcoal 3,22,015 bags; Ivory 50-116 koms

TRANSPORT

Total length of roads: 15,220 km.

National Highways 448 km.; State Highways 2,470 km.; District Roads 6,658 km.; Village Roads 5,644 km.

Total mileage of waterways: 1,116 miles (Navigable length of rivers 521 miles; navigable length of canals and cross canals 595 miles).

Total number of aerodromes: Two.

Particulars of Ports: Major Ports: I.—Cochin; Intermediate ports: 2—Alleppey and Calicut; Minor Ports: 9—Trivandrum, Quilon, Koilthottam, Ponnani, Badagara, Tellicherry, Cannanore, Azhikkal and Kasargod.

Number of ports and harbours: 11. Number of broadcasting stations: 2.

Kerala State Road Transport Corporation :

Road mileage over which services are operated along with private operators as on 30th September 1968: N.A.

Number of routes: 880.

Route kilometreage: 31,407. Number of buses owned: 1,188.

Number of lorries owned 59. Number of other vehicles: 58,

Total number of employees: 14,974 (including daily rated employees).

Passenger earnings: Rs. 82,49,067.

Kilometres operated per day by buses: 2,41,212. Kilometres operated per day by lorries: 2,205. Number of persons transported per day: 7,23,915.

Total amount of goods carried: about 16 lorries of 5 tons each a day.

Capital invested: Rs. 744 lakhs as on 31-3-1969.

POWER PROJECTS Projects in Operation

Pallivasal H. E. Project: In the high ranges in Devicolam below Munnar. Installed capacity 37,500 kW. Actual production during 1968-69: 207-35 million units.

Sengulam Hydro-Electric Scheme: The power station is located at Vellathuval below Pallivasal and is a tail race development of Pallivasal scheme. The installed capacity is 48,000 kW. Production during 1968-69: 127-75 million units.

Poringalkuthu Hydro-Electric Scheme: The power station is located at Poringalkuthu on the Chalakudy river in Trichur District. The installed capacity now is 32,000 kW comprising four generating sets of 8,000 kW each. Production during 1968 69: 175.55 million units.

Neriamangalam Hydro-Electric Scheme: The power station is located at Panamkutty on the right bank of the Periyar river. The installed capacity of the station is 45,000 kW comprising 3 generating units each of \$15,000 kW. The production during \$1968-69:217.59 m. units.

Panniar Hydro-Electric Scheme: The power house is located on the left bank of the Muthirapuzha river almost opposite to the Sengulam power house. The power station has an installed capacity of 30,000 kW comprising two units each of 15,000 kW. Production during 1968-69:72-75 million units.

Sabarigiri (Pamba) Hydro-Electric Project: This envisages development of power from the waters of the Pamba and Kakki rivers. The project was inaugurated on Aug. 28, 1967. The power station has an installed capacity of 300,000 kW, consisting of six units of 50,000 kW cach, involving an expenditure of Rs. 40 crores approximately.

The project involved the construction of a 52 metres high dam across Pamba river, and a 110 metres high dam across Kakki river, with a saddle dam, and interconnecting tunnel, 3,210 metres long between Pamba and Kakki reservoirs.

The head-race tunnel, about 5,500 metres long, having a capacity of 55.7 m² per sec., took off from Kakki reservoir. The project was executed with loan from U.S. AID (Agency for International Development).

4 units of 50 MW capacity each were commissioned between April 1966 and June 1967. The remaining 2 units were commissioned in October and November 1967. During the year 1968-69 the Station generated 608.33 million units.

Sholayar Hydro-Electric Scheme: This scheme is located on the bank of the Sholayar river, a tributary of the Chalakudy river in Trichur District. The generating station has three sets each of 18,000 kW capacity. The estimated cost of the scheme is Rs. 750 k.khs. The first unit of 18,000 kW capacity was commissioned in May 1966. The remaining two units were commissioned in January and May 1968. Production during 1968-69 was 213-74 million units.

The present installed capacity of the Hydro Electric Stations in the State is 546,500 kW. The energy output from the hydro electric stations during the year 1968-69 was 1,623-05 million units.

Idikki H. E. Project: This is the largest hydro electric scheme planned for execution in the State with Canadian assistance having an installed capacity of 780,000 kW. The first stage of the scheme estimated to cost Rs. 6,820 lakks will have an installed capacity of 390 MW, developing frem power of 210 MW at 100 per cent load factor. The scheme after completion will irrigate 115,000 acres in Thodupuzha, Meenachil and Vaikom Taluks and will be located in the Kottayam and Ernakulam Districts across the Periyar River. The first unit of 130 MW capacity is expected to be in service during 1972.

Kuttiadi H. E. Project: The project envisages power development from the Kuttiadi river in Malabar area of this State. The scheme estimated to cost Re. 825 lakhs will contribute 245 million units to the energy potential of the grid. The power station will have an installed capacity of 75,000 kW comprising three units of 25 MW each.

The Kerala and Tamil Nadu systems are inter-connected by a 220 kW interstate transmission line constructed between the Sabarigiri Power Station in Kerala and Madurai receiving station in Tamil Nadu. The line is in commercial operation delivering power to Madras.

For distribution in Cannanore District in Malabar area power is purchased from Mysore State through a temporary 110 kV interstate link. All the other areas are covered by supply from the state's grid.

Out of 1588 villages in the state 1,135 villages have already been electrified by the end of March 1969. It is proposed to electrify all the remaining villages by the end of IV Plan. The Edamalayar River Valley Project primarily to augment the river flow in the lower reaches of Pariyar has been started.

IRRIGATION

Major Irrigation Schemes: The following are the major irrigation projects:

	Name of Sch	eme		Estimated cost in Rs. lakhs	Area to be served in acres
1.	Malampuzha	* :		580-00	47,600
2.	Walayar			131-66	8,000
3.	Mangalam	4.6	4.1	106-00	8,000
4.	Vazhani	* *		107-57	8,810

KERALA

IRRIGATION-(Contd.)

	Name of Scheme		Estimated cost in Rs. lakhs	Area to be served in acres
5.	Peechi		235-00	43,380
6.	Chalakudy (1st sta	ge)	153 · 25	28,400
	(2nd st	age)	60 - 00	20,250
7.	Neyyar (let stage)		226 - 00	19,000
	(2nd stage)		170-00	10,000
8.	Gayathri	4.5	220 - 00	13,500
9.	Kallada	2.4	1,328.00	1,30,000
10.	Pamba		863·12	33,000

12.	Kanjirapuzha		365 · 10	24,000
13.	Chittoorpuzha		105 · 63	27,800
14.	Pazhassi	4.5	442 - 40	40,000
15.	Pothundy		234 · 25	11,000
16.	Cheerakuzhy	* *	90 - 76	4,000
17.	Periyar Valley	4.4	640 - 00	63,300
	Land Development	Schem	es :	
1.	Thannirmukkom			
	Regulator		313.00	1,21,000
2.	Kattampally		52 · 81	4,000

Of the above schemes Malampuzha, Walayar, Mangalam, Vazhani and Peechi Schemes and the 1st stage of Chalakudy have been fully commissioned. Finishing works, minor extensions, improvements etc. are however being carried out in Malampuzha. Walayar, Vazhani and Peechi schemes.

Besides these, the Chalakudy second stage, has been commissioned. Gayathri scheme first stage has been completed. Schemes viz. Chulliar (Gayathri 2nd stage), Neyyar I & 11 Stages and Cheerakuzhy are nearing completion. Periyar Valley has been partially commissioned. Work in P thurty project nearing completion. Schemes viz. Pothuncy, Neyyar I and II, Cheerakuzhy and Gayathri 2nd stage also have been partially commissioned.

Six new projects had been taken up for execution during the Third Five Year Plan and they are Kallada, Pamba, Kuttiadi, Kanjirapuzha, Pazhassi and Chittoorpuzha. Works in these projects are in various stages of progress.

Work relating to the regulator at Thannirmukkom, the Second stage of the Kuttanad Development Scheme is in progress and the Kattampally Project is completed. When the second stage of the Kuttanad Development Scheme is completed, an area of about 1,21,000 acres will be benefited in the Kuttanad area.

Shipyard: The work on the second shipyard at Cochin is expected to start during the Fourth Plan period.

The Union Government proposes to build at Cochin ocean-going steamers with 20,000-ton displacement.

Land Tenure: There are a number of land tenure systems in the State. Janmam lands, Pandaram, Kanapattam, Verumpattam, Adima, Anubhogam, etc., are some of these.

Panchayati Raj: Elected panchayats are now functioning all over the State.

PUBLIC HEALTH

Figures as on 1-1-1968:

Number of medical institutions 490; Government hospitals 107; Govt. dispensaries 197; Primary health centres (including one M. C. H. Centre) 164; grant-in-aid institutions 15; secondary health centres 1; mobile deutal hospital 1; T.B. clinics 20; beds (Govt.) 19,004; beds (grant-in-aid) 1,194; out-patients treated 24,667, 058:

in-patients treated during 1967: 9,95,993; out-patients treated in grant-in-aid institutions 3,23,639; in-patients treated in grant-in-aid institutions 19,146.

441

FOURTH FIVE-YEAR PLAN

The total outlay for Kerala's Fourth Five-Year Plan has been provisionally fixed at Rs. 258 crores and the State's annual plan for 1970-71, Rs. 46 crores.

(See under main article on "Fourth Five-Year Plan".)

EDUCATION

Particulars showing the number of students in schools run by Government and private bodies respectively within brackets for 1967-68 were as follows:—

Number of students under instruction 44,52,637 (23,92,030 boys, 20,60,607 girls); Percentage of the total number of pupils under instruction to the total population: 23-26.

Percentage of literacy (1961 Census): 46.8.

19·12 lakhs of children participated in the CARE feeding programme and an amount of Rs. 42,63,771·12 has been spent during 1967-68.

Gross expenditure on General Education during 1967-68: Re. 36.50,10.519 47.

Special Schools

Strength of students in each category of Spl. Schools with classification of boys and girls respectively in brackets are as follows:—

Nursery Schools 7,347 (3,715 boys and 3.632 girls): Schools for the handicapped 509 (395 boys and 114 girls); Training Schools 13,488 (4,623 men and 8,865 women).

Distribution of Institutions

No. of High Schools 1,283; Post Basic Schools 3; Anglo High Schools 7; Upper Primary Schools 2,406; Senior Basic Schools 71; Anglo Indian U.P. Schools 2; L. P. Schools 6,566; Junior Basic Schools 364; Anglo Indian L.P. Schools 1; Basic Training Schools 104; Anglo Indian Training Schools 1; Nursery Training Schools 3; Pre-Primary Schools 150; Fine Arts Schools 2; Schools for Handicapped 7; Hindi Training College 2; Basic Training College 1; Language Teachers Training Centre 5.

Total number of arts and science colleges (Govt.) as of December 1965: 10; Govt. Training Colleges 4; Govt. Physical Education Colleges 2; Govt. Sanskrit Colleges 3; Govt. Music College 1; Govt. Music Academies 2.

No. of technical institutes in Kerala State under the Directorate of Technical Education: Public Sector: Ten. Private Sector: Six.

Craft education in various subjects such as bookbinding, cutting and tailoring, coir work, rattan work, gardening, spinning and weaving, fishing, wood work, etc., has been introduced in all the upper primary and secondary schools, the subjects chosen in each school being dependent upon the availability of raw materials and local conditions.

New Universities

A third University, the Cochin University was expected to start functioning from July 1970. An Agricultural University will be started shortly in Trichur.

UNIVERSITY OF CALICUT P.O. Tenhippalam, Calicut-5

Chancellor: V. Viswanathan, Governor, Kerala; Pro-Chancellor: Minister for Education, Kerala; Vice-Chancellor, M. M. Ghani; Registrar: K. C. Chacko. No. of affiliated Colleges 56; No. of University Departments 4; No. of Students in the University 31,205 (1968-69)

Budget Estimate for 1969-70: Receipts Rs. 92,08,600-00. Expenditure: Rs. 92.08,600-00

New Courses started: Bachelor of Technology; B. Tech. (Forestry); B. Tech. (Fisheries).

UNIVERSITY OF KERALA

Trivandrum.

The jurisdiction of the University extends to the Revenue Districts of Trivandrum, Quilon, Alleppey, Kottavam and Ernskulam.

Chancellor, V. Viswanathan (Governor of Kerala). Pro-Chancellor, C. H. Mohammed Koya, Minister for Education, Kerala. Vice-Chancellor, Dr. A. Aiyappan, M.A., Ph.D. (Lond), Registrar, A. Sreedhara Menon, M.A., A.M. (Harvard).

Type of University: Teaching and Federal.

Subjects in which there is provision for post-graduate teaching and or research courses leading to the M.A., M.Sc., rh.D., and D.Sc. Degrees: English, History, Economics, Politics, Philosophy, Psychology, Social Work, Sociology, Education, Mathematics, Physics, Applied Physics, Chemistry, Applied Chemistry, Analytical Chemistry, Botany, Genetics & Plant Breeding, Zoology, Statistics, Geology, Home Science, Demography, Malayalam, Tamil, Sanskrit, Hindi, Linguistics, Marine Biology, Oceanography, Law, Engineering, Medicine; Dental Surgery, Commerce and Agriculture.

Number of colleges under the University: Arts and Science Colleges 50; Professional Colleges 25; Colleges under the Faculty of Oriental Studies 3; Junior Colleges 25

Total number of students in the University during 1968-69: 1,06,673 (Men 63,365; Women 43,308).

Medium of instruction : English.

ASSOCIATIONS

ANANDA NRITYA KALALAYAM SCHOOL OF KATHAKALI DANCE

LACCADIVE, MINICOY AND AMINDIVI ISLANDS

HEADQUARTERS: Kavaratti Island. Administrator, C. H. Naire, I.A.S.

Secretary, P. M. Joseph.

Area: 11 sq. miles; Pop.: 24,108 (1961 census). Sex ratio: 1,020 females per 1,000 males. Density: 2,192 per sq. mile, Literacy: 23.3 per cent.

Island	Area	Popu- lation	Density per sq. mile
Minicoy	1.75 sq. miles	4,138	2,360
Kalpeni	1.02 sq. miles	2,613	3,393
Androth	1-67 sq. miles	4,183	2,504
Agatti	1.08 sq. miles	2,411	2,232
Kavaratti	1-35 sq. miles	2,828	2,095
Amini	0.97 sq. mile	3,531	3,640
Kadmat	1.17 sq. miles	1,851	1,582
Chetlat	0-39 sq. mile	953	2,451
Kiltan	0.62 sq. mile	1,520	2,443
Bitra	0-05 sq. mile	80	1,600

The Laccadive, Minicoy and Amindivi group of Islands form a small sprawling group of coral islands in the Arabian Sea, lying between the latitudes of 8° and 12° north lat. and they now constitute a Union Territory under an Administrator.

Ten of the islands are inhabited out of a total number of 20. Minicoy, Kalpeni, Kavaratti, Agatti and Androth lie in the Laccadive group and Amini, Kadmat, Kiltan, Chetlat and Bitra in the Amindivi group.

The islands lie from north to south, Minicoy being the southernmost and Chetlat the northernmost. They are within 20 to 114 miles away from one another except Amini and Kadmat which are only six miles apart. The islands lie 125 to 250 miles off the Kerala coast.

Mainly as a result of isolation, the Islanders have remained backward economically. They have been declared 'Scheduled Tribes' but in reality are far more advanced than tribes elsewhere.

The Judiciary of the Union Territory is under the jurisdiction of the Kerala High Court. The L, M & A Islands (Civil Courts) Regulation which came into force from November 1967, have replaced the traditional courts of Village headmen which functioned in the Territory, by regular courts. There are now two Munsiff Courts and one court of the Subordinate Judge for the administration of Civil Justice, and four Sub-Magistrate's Courts and one District Magistrate's Court for the administration of Criminal Justice in the Territory. The sessions jurisdiction is vested in the Sessions Judge of Calicut in Kerala State.

For the first time one member has been elected to the Lok Sabha from the Islands in the General Election held in Feb. 1967. Till 1967 there was a nominated member from this Territory in the Lok Sabha.

ECONOMY

The main industry on the islands is production of coir.

During the Second Plan about 800 people were trained in improved methods of coir twisting on charkes at the Coir Training-cum-Production centres. A handloom weaving centre was started at Agatti during 1960-61, which has since been shifted to Chetlat island. A few islanders have been trained in weaving and they produce clothing to meet local needs. An oil mill has been started in Kavaratti under the Co-operative Sector, during 1966. A hosiery factory has been set up in Kalponi. A unit for the manufacture of curled fibre from coconut husks has been established in Androth Island.

AGRICULTURE

The only agriculture on the islands is coconut cultivation. Cultivation of coconuts is now done scientifically with departmental advice and direction. The total area under coconut cultivation is about 2,600 hectares. In order to diversify the agricultural base of the economy, paddy cultivation on an experimental basis has been started, in about 120 acros in Androth and Kalpeni. Intercultivation of other food crops like Maize, Ragi, Tapioca, Sweet Potatoes etc. among coconut groves was also launched in 1968. Oil engine pump sets are being made available to cultivators on hire, for irrigating these intercrops.

ANIMAL HUSBANDRY

Six poultry units and a model poultry farm were started during the IInd Plan. There are a farm and a veterinary hospital at Kavaratti and a new poultry farm has been opened at Androth Islandalso. Good quality bucks are supplied to all islands to improve goat rearing. A Dairy Farm has also been opened in Kavaratti Island.

THE RIES

Fisheries development has been taken on a fairly big scale. On Minicoy, the bonito or mass fishing forms an important and valuable industry. This industry has been extended to Kavaratti and Agatti Islands.

A small unit for canning tuna fish was opened at Agatti Island. Another canning unit is expected to be opened at Minicoy shortly. In order to popularise modern fishing techniques, the Fisheries Department has been giving modern fishery requisites to the people at subsidised rates. The Department has a Boat Building Yard where all types of mechanised boats required in the Territory are now built.

CO-OPERATION

All the Islands have now Co-operative Societies, which supply the consumer goods needed by the islanders. They also market the islands' products like copra on the mainland markets. During 1967-68 consumer goods worth Rs. 46-5 lakhs were supplied by the co-operative societies and the total value of copra marketed through them came to Rs. 43-7 lakhs. A Co-operative Marketing Federation has been registered in 1966 to centralise marketing activities of the various Co-operative Societies in the Islands.

PUBLIC HEALTH

Leprosy was on the increase in two islands, Minicoy and Androth which have now been brought under control. A leprosy colony started in 1952 at Androth with the aid of a local committee has been taken over by the Government.

In Minicoy too there is a leprosy colony. At Kadmat another colony was started on Sept. 22, 1960. The spread of this dire disease has been brought under control. Filariasis has also been brought under control. A recent survey has shown that the overall rate of filariasis has come down from 14.8 per cent in 1951 to 6.08 per cent.

There are two hospitals at Kavaratti and Minicoy and seven primary health centres in the Union Territory at present. Each Island has a Medical Officer. In addition to this, there is one Lady Medical Officer each for Minicoy and Kavaratti and another for the remaining Islands.

Medical aid is free in all the islands. Acute cases which cannot be treated in the islands are brought to the mainland and the patient is provided facilities to get free medical aid and the expenses.

EDUCATION

There are four high schools, one higher secondary school, 10 senior basic schools, 18 junior basic schools, six nursery schools in the islands at present. When the Administration took over in 1966 there were only nine incomplete elementary schools. From 1,521 students in 1956-57, the strength has increased to 5,920 in 1967-68. The number of teachers has increased from 14 to 286 in 1967-68.

Education is free at all stages. For those going to colleges scholarships are given and free boarding and lodging facilities are provided. There are at present 118 scholarship holders for post-matriculate courses of which 16 are for M.B.B.S., two for B.Sc. Engineering, one for BSc. Agriculture, 10 for various degree courses, 33 for predegree courses and the remaining for Arts and Science and other professional courses.

TRANSPORT AND COMMUNICATIONS

The normal communication to the islands is by means of island sailing boate during the months of October to May when the islanders buy all their requirements from the mainland and sell their produce especially copra, coconute, cadjan leaves, vinegar, palm gur, dried fish and coir in the mainland markets. For the rest of the year the islands are practically out off from any contact with the mainland.

The Administration has now its own ship "M. V. Laccadives" which costs about Rs. 30 lakhs for service to the islands. She can provide accommodation for 39 passengers and carry 100 tons cargo. One more motor vessel has also been chartered for Laccadives Service. A small power launch has also been purchased by the Administration for inter-island communication of touring officials. One more powerful launch has been procured by the Administration for this purpose.

Every inhabited Island has a wireless station except the tiny Island of Bitra where the population is less than 100.

There are post offices in all the islands and money order facilities have been provided.

POWER

It is proposed to electrify all the islands by the end of the Fourth Five-Year Plan. So far electricity has been introduced in six islands, viz. Minicoy, Amini, Kavaratti, Agatti, Androth and Kalpeni Islands.

FOURTH FIVE-YEAR PLAN

The Planning Commission has sanctioned Rs. 40.08 lakhs for development works in Laccadive Islands during 1970-71. The main heads of expenditure are: Agricultural development Rs. 2.98 lakhs, animal husbandry Rs. 0.96 lakh, fisheries Rs. 16.07 lakhs, co-operation Rs. 4.28 lakhs, electricity Rs. 4.95 lakhs, rural industries Rs. 0.84 lakh and transport and communication Rs. 3.67 lakhs.

(See also main article).

MADHYA PRADESH

Area: 171,221 square miles.

Population (1961): 32.37 million. Mean decennial growth rate 1961: 21.56; density 189; sex ratio 953 females for every 1,000 males; literacy 17.1 per cent. For district population see under "Population".

Main languages spoken in the State are: Hindi, Urdu, Marathi, Rajasthani, Gujarati, Sindhi,

ADMINISTRATIVE SET-UP

The State has been split up into the following seven divisions namely Bhopal, Bilaspur, Gwalior, Indore, Jabalpur, Raipur and Rewa. The following are the names in italics of the headquarters of the divisions with the area in sq. miles of each division and names of districts (headquarters in brackets) under their charge:—

- Bhopal (22,234): Raisen (Raisen); Hoshangabad (Hoshangabad); Betul (Betul); Rajgarh (Rajgarh); Shajapur (Shajapur).
- (2) Bilaspur (21,305): Bilaspur (Bilaspur); Raigarh (Raigarh); Surguja (Ambikapur).
- (3) Gwalior (17,253): Gwalior (Gwalior); Bhind (Bhind); Morens (Morens); Shivpuri (Shivpuri); Guna (Guna); Datia (Datia).

- (4) Indore (27,341): Indore (Indore); Ratlam (Ratlam); Ujjain (Ujjain); Mandsaur (Mandsaur); Dewas (Dewas); Dhar (Dhar); Jhabua (Jhabua); West Nimar (Khargone); East Nimar (Khandwa).
- (5) Jabalpur (29,329): Jabalpur (Jabalpur); Balaghat (Balaghat); Chhindwara (Chhindwara); Seoni (Seoni); Sagar (Sagar); Mandla (Mandla); Damoh (Damoh); Narsimhapur (Narsimhapur).
- (6) Raipur (30,916); Raipur (Raipur); Bastar (Jagdalpur); Durg (Durg).
- (7) Resc (22,843): Rews (Rews); Sidhi (Sidhi); Satna (Satna); Panna (Panna); Chhatarpur (Chhatarpur); Tikamgarh (Tikamgarh); Shahdol (Shahdol).

Number of Districts 43; Number of Tahsils 190; Number of Municipalities 160.

PANCHAYATS AND SOCIAL WELFARE

The Directorate of Panchayats and Social Welfare comprises three units namely — Panchayats, Social Welfare and Social Education.

Based upon Survey of Ind a map with the permission of the Surveyor-General of India.

The Madhya Pradesh Panchayat Act 1962 envisages a three-tier system of panchayats, viz., Gram Panchayats at Village Level, Janpada Panchayats at Block Level and Zila Panchayats at District Level.

For the purpose of constituting Gram Panchayate, the State has been divided into 12,801 Gram Sabha areas, comprising 1,81,448 wards. The 12,801 Gram Panchayats have started functioning in 1965. Out of these, two have been converted into Municipal Councils.

2,373 Nyaya Panchayats have been established in July 1966 under the new Act.

The Directorate runs 24 institutions in the fields of Women and Child Welfare, Social and Moral Hygiene, Welfare of the Physically Handicapped and After-care. Four hundred and five institutions are run by non-official agencies. Grant in aid to the tune of Rs. 10 lakhs is given annually to various institutions and individual beneficiaries.

In the field of Social Education, Adult literacy classes are run by the Gram Panchayats, Municipalities and nonofficial organisations for which they receive grant-in-aid. Grant is also given for libraries and reading rooms. A monthly wall-newspaper and a quarterly magazine for the neo-literates and 'Samaj Sewa' Patrika—a monthly magazine for the workers of the field are also published by this Directorate.

FOREST

About 66,000 sq.miles constituting about 2/5 of the State's lands are under the management of the Forest Department. Forest area per thousand persons works out to 1,300 acres. Roughly the State contains about 16,000 sq. miles, of 'Sal' forest and the remaining 35,500 sq. miles of mixed forest. Other important species are Bija, Saj, Tinsa, Salai, Semal and Haldu. An amount of Rs. 1,143·26 lakhs was spent on various forest development schemes during last three Five-Year Plans and Plan interval (1966-67 to 1968-69). State trading of tendu leaves has been introduced to augment the revenue. The State forests yielded a revenue of Rs. 25·28 crores during the year 1968-69.

MINERALS*

Madhya Pradesh possesses a large variety of minerals. The important minerals produced are coal, iron-ore, manganess-ore, limestone, bauxite, fireclay and china clay, dolomite, corrundum, ochre, asbestos, diaspore, pyrophyllite, felspar, silimanite and vermiculite etc. This is the only State in India producing diamonds.

There were 614 mines of different minerals existing in Madhya Pradesh as on 1.1.1969.

During the year, 1968, the total value of mineral production in the State was Rs. 5,065.83 lakes about 13.76 per cent of the all India value and an increase of Rs. 164.81 lakes over 1967.

A short summary of the different major minerals exploited in the State is given below:

Iron-Ore: The chief iron-ore bearing areas in Madhya Pradesh are in Bastar and Durg districts, though smaller quantities are also found in Jabalpur district. The State Department of Geology and Mining have investigated the iron-ore deposits occurring near the villages of Santao and Panihar in Gwalior district, and in Kanwara area and in Sehora tähsil of Jabalpur district. Export of iron-ore to Japan has started from the Bailadila Iron-ore mines in district Bastar. Madhya Pradesh produced 55.69 lakh metric tonnes of iron-ore valued at Rs. 511.37 lakhs in 1968 against 47.62 lakh M. T. valued at Rs. 367.06 lakhs in 1967.

Coal: The total estimated coal reserves of Madhya Pradesh are 8,210 million tonnes, out of which about 2,000 million tonnes have been proved. Coal is at present exploited in Surguja, Bilaspur, Raigarh, Chhindwara, Shahdol, Sidhi and Betul districts under public and private sectors. In 1967 the quantity of coal produced was 107.65 lakh tonnes, valued at Rs. 3167.87 lakhs against 115.86 lakh tonnes valued at Rs. 3.794.61 lakhs in 1968.

Manganese-Ore: Manganese-ore deposits in the State are confined to Balaghat, Chhindwara and Jhabua districts. The Manganese ore production in the State during 1967 was 2.97 lakh tonnes valued at Rs. 326.58 lakhs compared to 2.60 lakh tonnes valued at Rs. 297.18 lakhs in 1968.

Bauxite: The important deposits in Madhya Pradesh are in Jabalpur, Shahdol, Bilaspur, Surguja, Balaghat, Mandla, Durg, Raigarh, Shivpuri and Guna districts. The bauxite reserves have been estimated at about 33 million tonnes. The total production of bauxite during 1968 was tonnes. The total production of bauxite during 1968 was 1.81 lakh tonnes valued at Rs. 18.54 lakhs, against 1.74 lakh tonnes valued at Rs. 18.02 lakhs in 1967.

Diamond: At present, district Panna is the only centre of diamond production in the country. Occurrence of diamonds are also reported in district Satna. Both industrial and gem variety of diamonds are mined from the Panna diamond fields. M/s. National Mineral Development Corporation are operating their mines on a large scale in this area. During the year 1968, production of diamonds was 8,764 carats valued at Rs. 32.69 lakhs as compared to 7,626 carats valued at Rs. 31.67 lakhs in 1967.

Limestone: Vast reserves of limestone are found in M. P. At present limestone is produced mainly in Bilaspur, Durg, Satna, Jabalpur, Jhabua, Mandsaur and Morena districts of Madhya Pradesh. In 1968, 37.35 lakh tonnes of limestone was produced in the State valued at Rs. 350.97 lakhs.

Dolomite: Marbles occur in Jabalpur, Bilaspur and Dhar districts of Madhya Pradosh. The dolomites of Baraduar, Akaltara, Jairamnagar, Relia, Chhatona, Hirri etc. in Bilaspur district some of which are of flux grade, are being exploited to meet the requirements of iron and steel and glass industries. The dolomite is mined at Bilaspur, Jhabua, Hoshangabad and Chhindwara districts of M. P. The State Department of Geology and Mining has carried out survey for dolomite deposit in the east of Jagdalpur in district Bastar. All grade dolomite reserves of about 47.8 million tonnes are estimated in this area during the field season 1968-69. The production of dolomite was 4.68 lakhs tonnes valued at Rs. 42.83 lakhs in the year 1968.

Some minerals other than those given above, districts of occurrence in brackets, production in tonnes in 1968 and their value in Rs. respectively are as follows: Chinaclay (Durg, Jabalpur); 7,214, 58,000; Fire-clay (Jabalpur, Chinidwara, Bilaspur, Satna, Shahdol); 76,010, 814,000; Ochre (Jabalpur Satna, Gwalior, Panna and Rewa); 8,123, 214,000; Pyrophyllite (Shivpuri); 6,623, 37,000; Quartz & Silica (Morena, Dewas, Satna, Rewa, Durg, Jabalpur, Vidisha); 37,655, 368,000; Steatite (Jabalpur, Narsingpur & Mandsour); 4,963, 128,000.

Besides the above minerals, occurrence of mica, gypsum, beryl, shale, marble, graphite and galena etc. is also found in Madhya Pradesh.

TRANSPORT (As on 31st August 1968)

The Madhya Pradesh State Road Transport Corporation is operating bus services on 840 routes by pressing into service 1,537 vehicles. These vehicles cover a daily run of 3,30,932 kms. and carry approximately 3 lakh passengers daily.

Capital investment: Rs. 1.59 crores; net loss as at the end of March 1969: Rs. 1.34 crores.

[·] Madhya Pradesh accounted for 13.88 per cent of the total mineral production in 1969-70 and carned a revenue of over Rs. 428 lakhs.

MEDIUM AND LARGE-SCALE INDUSTRY

Main medium and large-scale industries of the State with location in brackets:—

Cotton Textiles (Indore 7, Gwalior 2, Ujjain 4, Mandsaur 1, Dewas 1, Ratlam 1, Bhopal 1, Burhanpur 1, Rajnandgaon 1, Bilaspur 1, Khandwa 1, Sanawad I); Newsprint Paper Mill (Nepanagar); Cement (Banmore, Kymore, Satna, Jamul); Sugar (Jaora, Dalauda, Mehidpur, Dabra. Schore); Potteries (Gwalior, Ratlam, Jabalpur); Refractories (Jabalpur, Katni, Newar); Iron and Steel (Bhilai); Heavy Electrical Equipment (Bhopal); Jute Mill (Raigarh); Art Silk fabrics (Indore, Gwalier, Ujjain, Nagda); Staple, fabrio Yarn (Nagda); Viscose Staple Fibre (Nagda); Sul-phuric Acid (Nagda, Kumhari); Superphosphate (Kumhari); Carbon-di-Sulphide and Anhydrous Sodium Sulphate (Nagda); Glue (Bhopal); Asbestos Cement Sheets (Katni); Roller Flour Mill (Indore, Ujjain, Bhopal, Ganj Machinery (Gwalior); Biscuits (Indore, Gwalior); Textile Machinery (Gwalior); Welding Electrodes (Raipur, Indore); Power Driven Pumps (Dewas); Steel Castings (Indore, Kumhari, Raipur); Re-rolling Mill (Kumhari, Raipur, Indore, Ujjain, Bangrod); Vegetable Oil (Dewas, Khandwa, Ujjain, Ganj Basoda); Vanaspati (Indore); Alcohol (Ratlam, Burwaha); Valves (Bhopal); Densified Wood (Bhopal); Cables (Satna); Police Boots (Morar); Straw Board (Bhopal, Ratlam); Glass (Jabalpur); Starch (Mandsaur).

The Cotton Textile Industry in the State has 13,768 looms and 6,08,431 spindles in 22 mills (18 composite, and 4 spinning).

The State-owned Cotton Spinning Mill at Sanawad has been licensed to expand their capacity from 12,500 spindles to 25,000 spindles and this is in progress. A licence has also been given for a co-operative Cotton Spinning Mill for 12,500 spindles at Burhanpur.

The biggest cement factory in the country is situated at Kymore near Katni. Other cement factories are at Banmore, Satna and Jamul. Mossrs. Audh Sugar Mills have been licensed to set up a unit at Maihar, District Satna, to produce two lakh tonnes of cement per year. Work is fast progressing.

The country's only Newsprint paper mill is situated at Nepa Nagar with a rated capacity of 30,000 tonnes per annum. A licence has been given to expand its capacity upto 75,000 tonnes per year of newsprint and this is under progress.

The paper plant, the biggest in Asia having a single unit capacity of 200 tonnes of paper daily has been set up at Amlai in District Shahdol.

The Public Sector Steel Plant has also been licensed to expand the capacity from 2.5 million tonnes per annum to 3.2 million tonnes,

The State-owned Ratlam Alcohol Plant has been licensed to set up a unit to manufacture Carbon-di-Oxide. There is a cable factory at Satna with an investment of Rs. 175 lakhs.

A steel casting factory with 3,000 tonnes capacity has commenced production at Kumhari (Durg).

Messrs. Indore Wire Co. Ltd., Indore licensed to produce 3,000 tonnes of high tensile steel wire and 900 tonnes of mild steel wire per annum respectively has commenced production.

A flour mill of 50 tonnes daily capacity has also gone into production at Manglia (Indere). Another flour mill of 50 tonnes daily capacity is being set up at Gwalior by M/s. M. P. Flour Mills,

Gelatine factory having a production capacity of 1,200 tonnes per annum of gelatine is ready to go into production at Jabalpur.

A moped (Scooter) unit has been established with German collaboration and is almost complete at Gwalior. The unit will produce 7,500 Nos. of mopeds per year and has applied for expansion.

The other important industries for which licences have been given under the Industries (Dev. & Reg.) Act, 1951 for this State are:—Staple fibre manufacturing plant (Nagda), A.C.S.R. Conductors (Gwalior), Transmission Towers (Indore) and Oxygen Gas (Indore, Bhopal).

NEW INDUSTRIES (1970)

The Government of India has recently sanctioned a one-lakh tonne alumina plant at Korba with an investment of Rs. 33·50 crores. The Cement Corporation of India is setting up a Cement plant of 2 lakh tonnes at Mandhar in Raipur district. The M.P. Industries Corporation has been granted a licence for the expansion of its existing textile mills at Sanawad. The Corporation has also proposed to set up a plant for the manufacture of caustic soda with a capacity of 27,000 tonnes and a B.H.C. plant with a capacity of 3,000 tonnes per annum at Korba. The Nepa Mills has expanded the capacity from 33,000 tonnes to 75,000 tonnes per year. A spinning mill of 25,000 spindles at Bastar is under consideration.

In the private sector, the Century Chemicals are putting up a Coment plant at Tilda in Raipur district. Kirloskar Bros., manufacturing pumps at Dewas are to expand from 20,000 to 40,000 per annum. Bhandari of Kanpur are setting up a plant for the manufacture of 12,000 tonnes of high carbon and alloy steel wires at Bhilai. Bilaspur Spinning Mills have been granted a licence for expansion to 25,000 spindles at Bilaspur. A nylon filament yarn plant is being set up at Ujjain by Shree Synthetics at an estimated cost of Rs. 7 crores. A Sugar Mill in the co-operative sector is being set up at Morena. M's. Synthelves Ltd., Calcutta is setting up an average Nylon Yarn Plant of 3 tonnes near Ujjain.

COTTAGE INDUSTRIES

The State is also famous for traditional village and home crafts. The Handloom Industry has carned a good reputation for its Chanderi and Maheshwari Saris, Kosa Silk and other traditional fabrics. The well-known Handlorafts are printing (Chanderi, Hands), leather toys, papier mache, lacquerware articles, rug dells, Sari supari works, soft stone work, Bhopal zari purses, cow dung toys of Shoopur, stone carving at Gwalior, bell metal articles of Jagdalpur, leather crafts, screw pine articles, palm leaf articles, glass bead, lac ornaments and others.

Main Cottage Industries in the State with location in brackets:— Handloom (1,00,000 looms) spread all over the State but best developed at Chanderi, Maheshwar, Silk (Raigarh Champa, Bilaspur, Surguja); Mulberry (Indore, Jhabua, Depalpur, Dhar); Fine sarces (Chanderi, Maheshwar, Burhanpur). Wood work and lacquerware (Shoopur, Sabelgarh, Budhni, Rewa, Gwalior); Wooden toys (Rewa, Bhopal, Gwalior, Ratham); Soft-stone (Jabalpur, Chhatarpur); Lac (Seoni, Raipur, Bilaspur, Umeria and Rewa); Saw Milling (Betul, Bhopal, Balaghat, Bilaspur, Raipur, Indore, Jabalpur, Sagar and Mandla); Brassware (Balaghat, Chhindwara, Indore, Gwalher, Raipur and Chhatarpur); Toxtile hand printing (Ujjain, Mandsau, Morena, Indore, Hoshangabad); Diamond cutting and polishing (Panna); Papier Mache (Gwalior, Ujjain, Indore); Zari embroidery (Bhopal); Art Metalware (Bastar, Betul, Hoshangabad, Satna, Mandla,); leather toys (Indore).

LIVESTOCK (1967-68)

Cattle 2,31,75,299; Buffaloes 55,87,532; Sheep 9,81,451; Goats 57,64,525; Horses & Ponies 1,37,845; Other Livestock (Mules, Donkeys, and Pigs) 3,84,941; Total livestock 3,60,31,593,

Poultry 39,64,956.

AGRICULTURE (1967-68)

Total net area sown: 17,797,469 hectares; Total area under food crops: 16,185,827 hectares; Total net area irrigated: 1,143,052 hectares.

Production intonnes:* Rice 3,167,529; Wheat 1,880,810; Jowar (Kharif & Rabi) 2,079,582; Maize 670,702; Bajra 149,324; Barley 168,014; Gram; 827,105; Kodon-Kutki 314,518; Tur (Arhar) 308,372; Moong & Moth (Kharif & Rabi) 52,052; Urad (Kharif & Rabi) 127,202; Kulthi (Kharif & Rabi) 47,198; Lac (Tiwra) 79,253; Masur 90,260.

CASH CROPS

Production in tonnes:* Sugarcane (in terms of Gur) 95,051; Groundnut 335,339; Linseed 135,366; Rape and Mustard 39,857; Castor 1,366; Tobacco 1,655; Nigarceed 44,347; Cotton (in bales of 180 kgs.) 315,309.

CEILING ON AGRICULTURAL HOLDINGS

The achievements made in the implementation of the M.P. Ceiling on Agricultural Holdings Act, 1960, upto 30th September 1969 are as below:

32,540 cases have been instituted till September 1969 and 31,436 cases have been disposed off so far leaving a balance of 1,104 cases. 66,644 acres of land has been vested in the State upto July 1969 according to Section 12 of the Act out of which possession of 41,242 acres has been taken. Out of 41,242 acres land 9,130 acres have been allotted to landless persons.

Compensation of surplus land as provided in Section 16 of the Act has been determined to the tune of Rs. 22,37,425.

ELECTRICITY

Madhya Pradesh in its Fourth Five Year Plan proposes to spend some Rs. 8,200 lakhs to install 55 MW of generating capacity, to erect about 617 Kms. of new E.H.T. transmission lines and to electrify 1,00,000 irrigation pumps.

A brief description of the continuing schemes of the Third Plan and new schemes of the Fourth Plan is given as under.

Korba Thermal Station

The Second Plan witnessed the erection and commissioning of 90,000 kW power station at Korba to which a 10,000 kW unit was added in July 1963. In the Third Plan, 200 MW extension scheme was taken in hand, with Russian aid. All the four units, each of 50 MW, have been commissioned.

Satpura Thermal Station

Satpura Thermal Station, will have an installed capacity of 312.5 MW. Of the five units each of 62.5 MW, four units have gone in operation and the fifth is expected to be commissioned by the end of the current financial year.

Amarkantak (Birsinghpur) Thermal Station

This 60 MW (2 \times 30 MW) station awaits further expansion upto 115 MW during the Fourth Plan, with one additional unit of 55 MW.

Chambal Hydel Projects

Madhya Pradesh and Rajasthan are equal partners in harnessing the power potentials of Chambal. It will have an installed capacity of nearly 400 MW, besides providing water for irrigation to a vast area on both sides of the river. It is being implemented in three stages.

Stage I-Gandhisagar Hydel Station

Under Stage I, a power station at Gandhisagar Dam in M.P. has been completed. The station has an installed capacity of 115 MW $(5 \times 23 \text{ MW})$.

Stage II-Ranapratap Sagar

This will be the largest power station of the Chambal basin with an installed capacity of 172 MW ($4 \times 43 \text{ MW}$). All the four units of 43 MW each have been commissioned.

Stage III—Jawahar Sagar

This scheme when completed will yield 99 MW of power (3 sets of 33 MW each). Work on it is expected to become operative in 1970-71.

Transmission Grid

3,830 kilometres of main transmission line have been completed and energised. Another 220 Kms. are under erection, these lines are Amarkantak-Korba 220 KV, and Damoh Bijawar 132 KV.

The Fourth Plan will further strengthen this system by another 617 Kms. of E.H.T. lines. Some important lines proposed for implementation, during the Fourth Plan period are Gwalior-Pichhore, Ujjain-Ratlam-Nagda and Bhilai-Balaghat-Seeni 132 KV (225 Kms.). Fourth Plan proposals also include providing second circuit on some 615 Kms. of E.H.T. lines.

The sub-transmission system of 11/33 KV lines is 14,000 Kms. long. Another 19,200 Kms. are proposed to be added to it during the 4th Plan.

Rural Electrification and Lift Irrigation Schemes

Rural electrification and power irrigation (lift irrigation) schemes are closely linked in the State. Till the end of 1968-69, 2,973 villages and 31,469 irrigation pumps had been electrified. 1,00,000 pumps and 6,500 villages are proposed for electrification during the IV Plan.

EDUCATION

The figures relate to 1967-68:

Total No. of Degree Colleges: 176 (Govt. colleges 68, Private 108).

Total No. of Teachers Training Colleges: 120 (106 B.T. Institutions, 11 Govt. Colleges of Education, 3 non-P.G.B.T. Colleges).

Total No. of Professional Colleges: 28.

(Medical 6, Engineering 9, Agriculture 6, Veterinary 3, Avurvedic 3).

Polytechnics: 24 (14 Govt., 10 non-Govt.).

Number of Universities: 8.

PUBLIC HEALTH

Figures for 1968-69:

Common diseases in the State: Malaria, Filaria, Tuberculosis, Venereal diseases, Dysentery, Diarrhoea, Gastroenteritis and Leprosy.

Total No. of patients treated in the State during 1968: 3,45,106 (Indoor); 1,12,45,035 (Outdoor).

Number of Medical Institutions and beds at the end of the year 1968:

Number of Hospitals & Dispensaries		527
Number of beds	6.5	14,635
Number of Medical Colleges		6
No. of allopathic hospitals		148

LABOUR

Position as on 31st Dec. 1968:

Number of registered factories (including 22 defence factories): 2,570. No. of working factories 2,389.

Number of workers employed in registered factories: 1,91,300 (excluding 22 defence factories).

Important industries with the number of units (employing more than 100 workers), and workers employed respectively in each industry within brackets:

Processes allied to Agriculture 18(3066); Sugar 4(2922); Rice 1(114); Oil (including Hydrogenerated oil) 6(1416); Flour 1(117); Bakery 1(725); Dal Nil; Beverages 2(370); Tobacco 11(2123); Textile (Cotton, Jute, Silk, Weollen, Carpet weaving etc. Mills) 28(46,760); Wood and Cork except furniture 5(1813); Paper and Paper Products 7(3816); Printing, Publishing and Allied Industries 5(1362); Rubber Products 1(196); Chemicals and Chemical Products 7(2581); Potteries 7(2390); Cement 4(4221); Asbestos 1(1273); Non-metallic Mineral Products (Bricks and Tites Stone dressing and crushing and others 4(910); Basic Metal Industries (Iron & Steel, Rolling into Basic Forms and Rough casting) 27(15,308); Motal Products (except Machinery and Transport Equipment) 3(700); Machinery (Except Electrical Machinery) 10(4078); Electrical Machinery, Appliances, Apparatus and supplies 4(12,728); Transport Equipment 8(1,757); Electricity, Gas and Steam 7(2,980); Starch 1(250).

On December 31, 1967, the number of registered trade unions was 581 (excluding cancelled unions) out of which 403 unions had submitted their returns for the period January to December 1967. After scrutiny 243 returns had been accepted by the Registrar of Trade Unions, membership of which came to 88,092.

Total number of employments covered under the Minimum Wages Act: 13 (1968).

Approximate number of workers employed in the above employments: 7,21,361.

Important categories of employments under the Minimum Wages Act and the approximate number of workers employed in each category:

Rice, flour and dal mills 9,759; Tobacco (including Bidi making) manufacturing 2,44,178; Oil mill 4,128; Local authority 14,352; Construction or maintenance of roads or in building operation 21,402; Stone breaking or stone crushing 2,998; Public motor transport 20,559; Shops and Commercial Establishments 68,194; Saw Mills 4,832; Cotton, ginning and pressing 1,550; Printing Press 3,138.

The Madhya Pradesh Shops & Establishments Act, 1958 was in force in 58 towns and four local areas in the State on December 31, 1968.

There were 1,08,210 registered establishments out of which 8,780 were found closed and 99,430 live establishments left at the end of 1968.

Provident Fund Scheme (December 1968)-

Number of factories covered by the Employees' Provident Fund Scheme (December 1968)—1,218. Number of factories exempted—52. Number of factories partially exempted—12, total number of workers contributing under the Scheme—2,14,921.

Number of family units (one family unit assumed to be comprised of three adults and one minor) covered by the Employees' State Insurance Scheme (December 1968)—1,02,666. The Scheme was in operation in Banmore, Bhopal, Burhanpur, Dewas, Gwalior, Indore, Jabalpur, Mandsaur, Nagda, Raigarh, Raipur, Rajnandgaon, Ratlam, Satna and Ujjain.

The number of Family Welfare Planning Centres sanctioned by the Govt, of Malara-htra during the years 1968-69 and 1969-70 was 26 and 4 respectively. The total expenditure incurred was Rs. 2-42 lakhs.

UNIVERSITIES

Awadesh Pratap Singh University Rewa (M.P.).

A teaching, affiliating and residential University. At present it is only an affiliating University

Chancellor: K. C. Reddy, Governor of Madhya Pradesh; Vice-Chancellor: L. O. Joshi, I. A. S., Registrar: B. R. B. Mathur, M. A.

Territorial jurisdiction of the University: Rewa, Sidhi, Satna, Shahdol, Panna, Chhatarpur and Tikamgarh revenue districts of Madhya Pradesh.

Number of constituent colleges 10; Number of affiliated colleges 29; Number of faculties 7; Number of students 16,186.

BUDGET ESTIMATES FOR 1969-70.

Total Income Rs. 15,07,700. Total Expenditure Rs. 10,69 953.

Indira Kala Sangit Vishwavidyalaya Khairagarh

Chancellor: K. C. Reddy, B.A., B.L., LL.D., Governor, Madhya Pradesh.

Pro-Chancellore: J. N. Awasthi; Raja Bahadur Birendra Bahadur Singh; Rani Padmavati Devi.

Rector: Vacant; Treasurer: G. C. Jain; Registrar: D. K. Ghosh.

It is a teaching, affiliating, examining and residential University of Music and Fine Arts.

Number of affiliated Colleges: 16.

Number of students in the University: 1,901.

The media of instruction for all classes are Marathi, Hindi and English,

From the examination of December, 1968, private candidates also are admitted to University examinations.

Indore University Indore.

It began as an affiliating University, but is intended to develop as a federal University with teaching departments. Teaching departments: Education — Foreign Languages with a certificate Course in Russian language. Business Management. University departments of Physics, Mathematics, Statistics and Economics are also being established.

Chancellor: K. C. Reddy, B.A., B.L., LL.D., Governor of M.P.; Vice-Chancellor: K. L. Joshi, M.A. (London); Registrar: G. N. Tandan, M.A.

No. of affiliated colleges: 22.

University Teaching Depts. : 3.

No. of students in the University: 19,736.

Jabalpur University Jabalpur,

It is a teaching and affiliating University.

Chancellor: K. C. Reddy, B.A., B.L., LL.D., Governor of Madhya Pradesh; Vice-Chancellor, Dr. Raj Bali Pandey, M.A., D.Litt.; Rector and Treasurer, Dr. S. C. Barat; Registrar: S. C. Seth, M.A.

Number of affiliated colleges: 16; Number of constituent colleges 7; Number of University Departments of Post-Graduate Studies and Research 17; Number of students in the Colleges and University Departments 16,038.

Jawaharlal Nehru Krishi Vishwavidyalaya Jabalnur.

Chancellor: K. C. Reddy, Governor, Madhya Pradesh: Vice-Chancellor : Dr. L. S. Negi : Registrar : T. C. Masib.

BUDGET (1969-70)

Receipts: Rs. 233-20 lakhs. Expenditure: Rs. 244.45 lakhs.

(On revenue and capital expenditure only,)

liwaii University

Gwalior.

It is a teaching, affiliating and residential University. Chancellor: K. C. Reddy, Governor, Madhya Pradesh: Vice-Chancellor : S. S. Bhandarkar, M.A. ; Registrar : A. K.

No. of affiliated colleges: 28 (as on 30-6-'69). No. of constituent colleges: 9 (as on 30-6-'69).

BUDGET (1969-70)

Receipts: Rs. 52.26,900. Expenditure: Rs. 53,70,000.

Ravishankar University

Raipur.

Chancellor: K. C. Reddy, Governor, Madhya Pradesh; Vice-Chancellor: B. L. Pandey, M.A., ILI.B. (Allahabad), I.A.S. (Rotd.): Registrar: K. K. Srivastava. Constituent Colleges: 11. Affiliated Colleges: 38. Students (1968-69): 21.040.

Saugar University

Chancellor: Governor of Madhya Pradesh; Pro-Chancellor: Minister for Education, Madhya Pradesh; Vice-Chancellor: Prof. Ishwar Chandra; Registrar: S. J. Naidu, B.A., LL.B. (LAS., Retd.).

It is a teaching and affiliating University. Number of affiliated colleges: 44. Number of students: Teaching Departments: 3,415. Affiliated Colleges: 9,817.

Vikram University

(Uijain)

It is an affiliating and teaching University. The media of instruction are English and Hindi.

Chancellor: K. C. Reddy, B.A., B.L., LL.D., Governor of Madhya Pradesh; Vice-Chancellor: Dr. Shiv Mangal Singh 'Suman': Registrar: V. Shankaran, M.A.

Number of University Schools of Studies: 12. Number of Constituent Colleges: 31. Number of Affiliated Colleges: 20. University Teaching Department: 1. Number of Students (1968-69): 37,754 (Regd.).

BIRLA RESEARCH INSTITUTE FOR APPLIED SCIENCES

Birlagram-Nagda (M.P.)

Objects: To help national industrial growth through research.

Director-General : Dr. S. M. Mitra.

CENTRAL INDIA CHAMBER OF COMMERCE & INDUSTRIES Bambakhana, Ujjain.

CENTRAL INDIA COTTON ASSOCIATION LTD. Chhota Sarafa, Ujjain.

> THE CHAMBER OF COMMERCE Ratlam.

FEDERATION OF ALL INDIA LOCAL AUTHORITIES "Chandralok", Satna.

THE INDORE AUTOMOBILE DEALERS ASSOCIATION

C/o Fairdeal Motors, Bombay-Agra Road, Indore.

INDUSTRIAL ESTATE MANUFACTURERS' ASSOCIATION

Industrial Estate, Polo Ground, Indore 3.

INSTITUTE OF PLANT INDUSTRY Old Residency Area, Indore.

JIWAJI INDUSTRIAL RESEARCH LABORATORY Tansen Road, Gwalior 2.

MADHYA PRADESH CHAMBER OF COMMERCE AND INDUSTRY

"Chamber Bhavan", Dharma Mandir Road, Lashkar, Gwalior 1.

President: D. P. Mandelia; Vice-President: B. B. Bhargava; Hony, Secretary: L. G. Vaishya.

MADHYA PRADESH ANAJ TILHAN VYAPARI MAHASANGH

Hanumanganj, Bhopal.

President : Basant Kumar ; Gen. Secy. : Das Rathi.

MADHYA PRADESH ORGANISATION OF INDUSTRIES

33. Malviyanagar, Bhopal.

MADHYA PRADESH TEXTILE MILLS ASSOCIATION

8. South Tukoganj, Street No. 1, Indore.

MADHYA PRADESH STATE COUNCIL FOR CHILD WELFARE

Secretariat Building, Bhopal.

MADHYA PRADESH WELFARE ASSOCIATION FOR THE BLIND

83, Bozanket Market, Indore.

MAHAKOSHAL CHAMBER OF COMMERCE Jawaharganj, Jabalpur.

THE MALWA CHAMBER OF COMMERCE 57, Sitlamata Bazar, Indore City.

M. P. READYMADE VASTRA VIKRETA SANGH M. G. Road, Indore.

> M, P. SUGAR MILLS' ASSOCIATION Jail Road, Indore.

NARBADA SAMBHAG ANAJ TILHAN VYAVASAYEE SANGH Pipariya (Dt. Hoshangabad). RAIPUR CHAMBER OF COMMERCE & INDUSTRIES
Sadar Bazar, Raipur.

SCINDIA ORIENTAL INSTITUTE University Road, Uijain,

SHRI GOVINDRAM SEKSARIA TECHNOLOGICAL INSTITUTE

Opposite Nehru Park, Indore.

THE TRIBAL RESEARCH INSTITUTE Chbindwara.

ADMINISTRATIVE PERSONNEL

Bhopal

Governor K. C. Reddy

Ministers

Chief Minister in charge of General Adm., Home, Publicity, Languages, Irrigation & Electricity, Shyama Charan Shukla; Local Government (Urban), Hari Prasad Chaturvedi; Commerce and Industry, Vasant Rao Wickey; Forest, Natural Resources, Public Health Engineering, Shatrughan Singh Tiwari; Education, Jagdish Narain Awasthi; Harijan Welfare & Transport, Vedram; Revenue, Survey and Settlement, Land Records, Land Reforms, Law, Krishnapal Singh; Labour, Housing, Gangaram Tiwari; Tribal Welfare, Bhanu Pratap Singh Komakhan; Public Health and Jail, Dr. Devi Singh; Local Government (Rural), Social Welfare, Shiv Bhanu Solanki; Public Works, Mahant Bhahudas; Agriculture, Food, Civil Supplies, Bhagwat Sabu; Planning and Development, Economics and Statistics, Co-operation, Rehabilitation, Krishna Narain Pradhan; Planning and Development, Ganesh Ram Anant.

Ministers of State

Education, Bhopalrao Pawar; Home, Nandkishore Sharma; Education, Social Welfare, Shrimati Sushila Dixit; Electricity and Irrigation, Kumuri Vimla Verma; Irrigation, Jhumaklal Bhedia; Forest, Parasram Dhurve; Separate Revenue, Local Government (Rurai), Hariprasad Shukla; Tribal Welfare, Pyarelal; Public Health, Cooperation, Chitrakant Jaiswal; Home, Brijkishore Pateria; Irrigation, Chandmal Lunia; Agriculture and Public Works, Madhavlal Dube; Revenue, Survey and Settlement, Land Records, Land Reforms, Law, Kedarnath Rawat; Commerce and Industry, Jugalkishore Bajaj; Local Government (Urban), Jail, Prabhu Narain Tandon; Housing, Waaf, Mohammed Bashir Khan; Publicity, Nandram Das Balkavi Bairagi.

Deputy Ministers

Tribal Welfare, Prabhudayal Gahalot, Deo Sai; Local Government (Rural), Kanhaiyalal Kosariya; Harijan Welfare, Chhotelal.

Parliamentary Secretaries

Public Health, Lakshman Ram; Electricity, Sitaram Sadho; Public Works, Ram Prasad Singh; Forest, Fatch Singh Wadiva.

Secretaries

Controller of State Income and Expenditure, R. C. V. P. Noronha; Chief Secretary & Vigilance Commissioner, R. P. Nayak; Addl. Chief Secretary, Home, M. S. Chaudhari; Spl. Secretary, Home, R. C. Roy; Spl. Secretary, Revenue, M. A. Khan; Spl. Secretary, Planning & Development, B. P. Pathak; Spl. Secretary, Tribal Welfare, T. C. A. Ramanujachari; Secretary, Education, L. O. Joshi; Secretary, Finance, R. N. Malhotra; Secretary, Public Health Deptt., B. K. Dube; Secretary, P.W.D., B. Vora; Secretary, Commercial & Industries, Devi Sahai; Secretary, Agriculture, R. P. Mishra; Secretary, Irrigation, S. B. Lal; Secretary, Law, S. V. Pagare; Secretary Forest, M. S. Singh Deo; Secretary, Tribal Welfare, Harijan Welfare, P. M. Singh; Secretary, Local Goot. (Urban), G. L. Shukla.

Heads of Departments

Inspector General of Police (Bhopal), B. M. Shukul; Director of Agriculture (Bhopal), R. P. Kapoor; Director of Industries (Bhopal), Manish Bahel; Chief Conservator of Forests (Bhopal), K. N. Mishra; Labour Commissioner of Forests (Bhopat), K. N. Mishra; Ladour Commissioner (Bhopat), B. M. Date; Director of Public Instruction (Bhopat), S. P. Verma; Director of Veterinary Services (Bhopat), N. C. Kaushas; Director of Health Services (Bhopat), Dr. Prakash Narain; Inspector General of Prisons (Bhopat), L. S. Naidu; Director of Tribal Welfare (Bhopat), P. N. Abbi; Excise Commissioner (Gwalior), M. M. Khar; Director of Panchayat & Social Welfare, R. S. Khanna; Sales Tax Commissioner (Indore), N. V. Krishnan; Director of Economics & Statistics (Bhopal), Dr. K. B. L. Bhargava; Director of Fisheries (Bhopal), G. P. Dube; Director of Food & Civil Supplies (Bhopal), K. G. Telang; Transport Commissioner (Gwalior), Jagat Swaroop; Registrar of Cooperative Societies (Bhopal), A. N. Verma; Director of Land Records & Settlement Commissioner (Gwalior), N. N. Chaturvedi; Development Commissioner (Bhopal), B. P. Pathak; Director of Training & Employment (Jabalpur), L. P. Tiwari; Director of Information and Publicity (Bho-pal), A. M. Shastri; Director of Tourism (Bhopal), I. S. Parihar; Director of State Lotteries (Bhopal), V. G. Nigam; Chief Engineer, Major Projects (Irrigation), (Bhopal), K. L. Handa; Chief Engineer, Roads & Buildings (Bhopal), N. N. Shah; Director of Treasuries (Bhopal), A. S. Krishnamurty; Public Health Engineer (Bhopal), R. D. Jagannath Rao.

High Court

Judges at Jabalpur, Bishambhar Dayal (Chief Justice), T. P. Naik, P. K. Tare, K. L. Pandey, Shivdayal, N. M. Golvalker, S. P. Bhargava, R. J. Bhave, Surajbhan Grover, A. P. Sen, G. P. Singh; Judges at Indore, H. R. Krishnan, S. B. Sen, M. A. Rezzaque, G. L. Oza; Judge at Gwalior, S. M. N. Raina.

MAHARASHTRA

Capital : Bombay.

Area: 306,345 Sq. Kilometers; Population: 39.55 millions (1961 census).

It is the third biggest State in the Union both in respect of area and population.

The strength of the Maharashtra Assembly is 270, of the Council 78. The State sends 19 members to the Rajya Sabha and 47 to the Lok Sabha.

DISTRICTS

(For the names, area and population, see under article "Population").

The State is divided into 26 Districts. There are 231 Talukas and Mahals and 223 municipal towns.

The Districts with their headquarters in brackets are :-

Dhulia (Dhulia), Nasik (Nasik), Thana (Thana), Greater Bombay (Bombay), Kolaba (Alibag), Ratnagiri (Ratnagiri), Ahmednagar (Ahmednagar), Poona (Poona), Satara (Satara), Sangli (Sangli), Kolhapur (Kolhapur), Sholapur (Sholapur), Jalgaon (Jalgaon), Aurangabad (Aurangabad), Parbhani (Parbhani), Bhir (Bhir), Osmanabad (Osmanabad), Nanded (Nanded), Buldhana (Buldhana), Akola (Akola), Amravati (Amravati), Yeotmal (Yeotmal), Wardha (Wardha), Nagpur (Nagpur), Chanda (Chanda), Bhandara (Bhandara).

These 26 Districts are grouped into four Divisions.

Bombay Division: Greater Bombay, Thana, Kolaba, Nasik, Dhulia, Jalgaon, Ratnagiri.

Poona Division: Ahmednagar, Poona, Satara, Sangli, Kolhapur, Sholapur.

Aurangabad Division: Aurangabad, Parbhani, Bhir, Osmanabad, Nanded.

Nagpur Division: Buldhana, Akola, Amravati, Yeot-mal, Wardha, Nagpur, Bhandara, Chanda,

BASIC FACTS AND FIGURES

Income during 1965-66@ (in crores of rupees): 2,309 (100.0). Agriculture and allied activities 732.6 (31.7); Mining, manufacturing, small enterprises and construction 742.1 (32.1); others 834.7 (36.2). Per capita income Rs. 520.6. Figures in brackets show percentages to the total income.

LAND UTILIZATION

Classification of land and area in '00 hectares for 1966-67 respectively are:

Total Geographical Area 307,695; Area under Forests 54,164; Net Area Sown 1,82,131; Gross Cropped Area 189,754; Barren & Uncultivable Land 17,532; Land put to non-agricultural use 6,933; Culturable waste 8,059; Land under miscellaneous tree crops 1,864; Permanent pastures 14,215; Current fallows 11,117; Area sown more than once 8,874; Other fallows 11,678; Gross Cropped area 1,91,005.

Area and Out-turn Under Different Crops

Crop wise area in '000 hectares and out-turn in '000 tonnes respectively under cultivation during 1967-68 are:

Rice 1,367; 1,437; Wheat 891; 360; Jowar 6,246; 3,393; Bajra 1,821; 493; Total cereals: 10,301; 6,003; Total Pulses: 2,379; 822; Sugarcane 165; 1,189; Cotton (Lint) 2,794; 244; Groundnut 1,066; 619; Tobacco 18; 7.

(In '000 Hectares)

Area irrigated by crops during 1965-66: Rice 249; Wheat 205; Jowar 316; Sugarcane 171; Cotton 47; Groundnut 26

Area Irrigated by Sources ('000 hectares), 1966-67; Govt. canals 259; tanks 211; wells 717; other sources 55; net irrigated 1,242; gross irrigated 1,427.

Agricultural Machinery & Implements (1966): Wooden ploughs 1,764,899; Carts 1,461,154; Sugarcane Crushers 17,694; Oil Engines with Pumps for Irrigation purposes 146,736; Electric Pumps for Irrigation 37,979; Tractors 3,274; Ghanis 3,777.

Livestock 1966:

Total cattle: 14,729,446; Total buffaloes 3,041,919; Sheep 2,205,063; Goats 5,121,337; Horses & ponies

101,004; Pigs 181,122; Camels 1,935; Total livestock 25,449,033; Poultry 9,901,987.

Cooperation: Number of societies, number of members ('000) and working capital (Rs. lakhs) respectively as in 1967-68.

Agricultural and non-agricultural credit apex and central 29; 73; 36,875; Agricultural credit* 20,750; 3,616; 22,963; Non-Agricultural 2,502; 2,195; 10,531; Marketing 425; 247; 3,289; Productive enterprises 6,857; 735; 11,059; Others 8,658; 384; 6,569; Total number of altypes of cooperative societies, total number of members and total working capital (Rs. lakhs) respectively: 39,221; 7,750; 91,286.

Various types of banking offices at the beginning of

Scheduled banks 944; Non-Scheduled banks 8; Cooperative banks 1,029; Total banking offices 1,981.

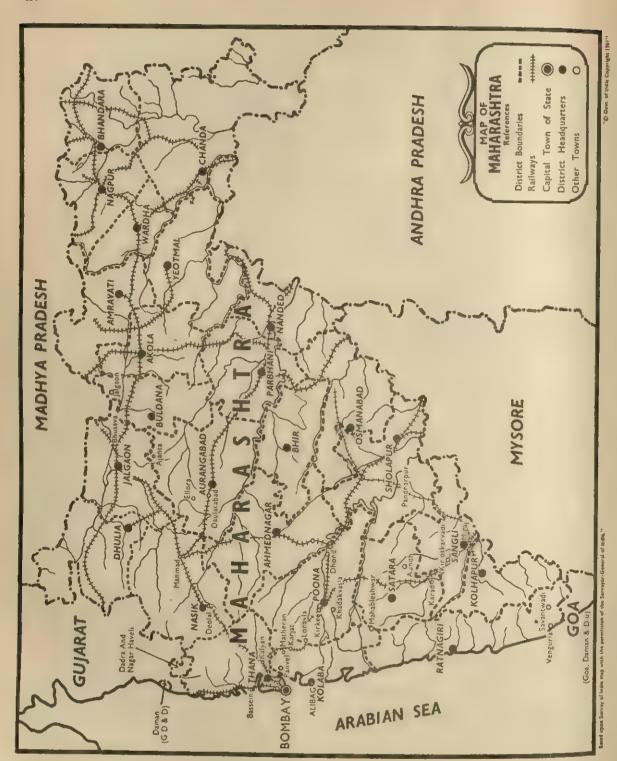

Education (1967-68): No. of Institutions and pupils respectively under each category is as follows:—Pre-Primary 507; 36,387; Primary 43,709; 5,909,071; Secondary 4,578: 1,727,131; Higher 365; 236,166; Teachers' Training 253; 29,043; Professional & Special 781; 82,478; Institutions for Adult education 245,282; 1,346,734.

TECHNICAL EDUCATION

Engineering Colleges 7; Other degree colleges 1; Autonomous governing bodies 6; Polytechnics 24; Other diploma institutions 15; Industrial training institutes and centres 47; Technical high schools 89; others 434; Total 623.

Electricity: (Figures in million kilowatt hours) as in 1967-68. Output: Steam 2,775, Oil 44, Hydro 4,003; Consumption: Domestic light and small power 536, Commercial light and small power 480, Industrial power 3,850, Public lighting 61, Traction 583, Irrigation and dewatering 155, Water works 101.

Community Development Programme:—Coverage as on 31-3-1969: No. of blocks of CPA pattern 4501; No. of villages covered — including 37 non-Municipal urban areas 38,904; Population covered 2,87,06,000.

Achievements during 1968-69 and progressive achievements upto 31-3-1969 respectively. Figures within brackets indicate units: Distribution of fertilisers ('000 tonnes) 337; 1,934; Distribution of improved seeds ('000 tonnes) 20; 251; Animais costrated ('000 No.) 292; 2,516; Pedigree Bulls supplied (No.) 652; 10,827; Area reclaimed and bunded ('000 Hectares) 465; 3,602; Additional area irrigated ('000 Hectares) 57; 715; Drinking water wells constructed (No.) 2,959; 27,399; Adults made literate ('000 No.) 1,719; 5,196; Katcha roads constructed (Kilometres) 1,826; 26,542; People's contri-bution ('000 Rs.) 3,445; 128,193; Government Expenditure ('000 Rs.) 27,642; 670,182.

Medical: - (Figures as on 1-4-1968): Number of State Government hospitals and dispensaries in the State: 112; Number of beds 17,583; Municipal Hospitals and dispensaries 1,001; Number of beds 6,701; Private aided and non-aided 268; Number of beds 11,961.

Transport and Communications: Figures as on lat Jan. 1969*: Number of motor cycles 51,999; Motor cars 98,335; Taxi cabs 13,696; Auto Rickshaws 1,736; Stage carriages (Diesel engined 6.835; Petrol engined 305); Lorries: Public carriers (Diesel engined 17,621; Petrol engined 12,261); Private carriers (Diesel engined 5,817; Petrol engined 8,017); Ambulances 371; School buses 427; Private Service vehicles 556; Trailers 5,726; Tractors 5,467; Others 625; Total number of vehicles 2,29,794.

Roads: (b) in Kilometres (Figures as on 31st March 1968): Total 55,103; National highways 2,370; State highways 11,093; Major district roads 13,447; Other district roads 9,228; Village roads 18,965.

A road styled Bombay-Goa Road connecting Goa with Bombay, under construction, is expected to be completed by 1970.

Railway kilometrage: Total 5,162 (Broad Gauge 2,752: Metre Gauge 1,308; Narrow Gauge 1,102).

Nationalised Road Transport (c) (Figures as in March 1969): No. of routes 4,596; route distance in km. 2.96,730; average no. of vehicles on road per day 4,205; average daily earning Rs. 14,23,921; average no. of passengers who travelled per day 13,98,937.

Employment Exchange Statistics: (d) (Figures for 1968-69): Registrations 4,00,108; Vacancies notified 80,076; Placements 39,973; Those on the live register 2,92,422.

Village Panchavats: The total income of Village Panchavata in 1967-68 was Rs. 13-1 crores as against Rs. 14-32 crores in 1966-67. The Government grants contributed about 60 per cent of the total revenue. The total expenditure of Village Panchayats in 1967-68 was about Rs. 11.5 crores.

The receipts of the Zilla Parishads (1968-69 budget estimates) amounted to Rs. 75.0 crores of which 92.1 per cent were Government grants. The purposive grants and the Plan grants including block grants formed the major share e.g. 51-6 per cent and 19-8 per cent respectively of the total Government grants.

As against the total revenue receipts of Rs. 75.0 crores. the total revenue expenditure was Rs. 76.1 crores.

Small Savings: In small savings Maharashtra enjoyed the premier position in India till 1964. The total net collections during 1968-69 were Rs. 16-11 crores as compared to the collection of Rs. 18.98 crores in 1967-68. Thus the collection declined by 15 per cent.

Working Class Consumer Price Index Numbers(6)

Statement showing the Consumer Price Index Numbers for Working Class, for the year 1966, 1967 and 1968 for 7 Selected Centres of the Maharashtra State.

Year	r	Bombay year ended June 1960 = 100	Sholapur year ended January 1960 = 100	Nagpur year ended August 1960 = 100	Jalgaon year onded August 1961 = 100	Nanded year ended July 1961 = 100	Aurangabad year ended July 1961 = 100	Poons 1961 = 100

All India Index Number of Wholesale Prices (See page 256).

ECONOMY

Rice is abundantly grown in the Coastal Districts of Thana, Kolaba, Ratnagiri and also in Chanda and Bhandara. It accounts for one-fifth of the foodgrains grown in the State. Wheat accounts for a little more than one-twentieth. Millets are grown abundantly in the Deccan, Vidarbha and Marathwada districts. Jowar is the major cereal and accounts for half the production.

The production of cotton in 1965-66 was 1,74,000 metric tons and groundnut 4,50,000 metric tons in Maharashtra. The production of cotton and groundnut was 8,47,000 metric tons and 40,22,000 metric tons respectively in the

The State has abundant forest wealth. Forests form 20.7 per cent of the area of the State. There are forest areas in all districts, but the thickest forest areas are, in Chanda, Amravati, Yeotmal, Bhandara, Nagpur, Dhulia, Thana and Nasik Districts. They produce various types of timber, teak and minor forest produce.

In the matter of live-stock, the milk-yielding buffalo population is greater than the cattle only in Kolhapur and Greater Bombay. The sheep and goat abound in all Districts but are particularly noticeable in Nasik, Dhulia, Ahmednagar and Sholapur. The concentration of horses and ponies is greater in Marathwada, Dhulia and Ahmednagar.

The more important industries are cotton textiles, general and electrical engineering, chemicals, petroleum, transport and transport equipment, sugar, vegetable oils, paper, paper boards and soap. In 1966 there were 9,043 working factories in the State providing employment to about 8,79,000 workers. Out of the registered factories, about 49 per cent factories are in the Greater Bombay

Out of the Rs. 866 crores of productive capital in Maharashtra in 1963, the textile industry alone accounted for 16 per cent. It is apparent that Greater Bombay alone contributes 69 per cent of productive capital.

(d) Source: Director of Employment, Bombay.
(e) Com Corporation. (e) Commissioner of Labour, Bombay.

Jt. Stock Companies (March 1966): No. of Jt. Stock Companies limited by shares: 5,363; Paid-up capital: Rs. 742 crores.

No. of new Jt. Stock Companies incorporated & registered with Authorised capital (Rs. in lakhs) respectively: 1964-65; 267; 10,558; 1965-66: 284; 4,446; 1966-67; 227; 3,169; 1967-68: 249; 4,069.

Mineral Production (1968): The quantity being in '000 tonnes & value in Rs. '000 respectively:

1968: Chromite 0.6; 68; Coal 1,256; 40,162; Iron ore 208; 3,209; Limestone 64; 341; Manganese ore 290; 30,446; Chinaclay: 3; 17; Bauxite 46; 547; Salt 450;

12,037; Dolomite 22; 189; Gypsum —;—; Quartz & Silica 19; 156; Ochre 1: 12.

Source : Indian Bureau of Mines, Nagour,

Vidarbha region of Maharashtra is outstandingly rich in mineral wealth. Nagpur and Bhandara districts of Vidarbha region possess some of the largest deposits of manganese ore in India. Salt is produced in the coastal districts. The only Coal hearing area, having extensive reserves of first grade and medium grade Coal is found around Kamptee, Umrer and Bokhara in Nagpur district and Warora in Chanda district. Large deposits of iron ore are found in Ratnagiri and Chanda districts. Limestone is at present mined only in Nagpur and Yeotmal districts.

ELECTRIC POWER DEVELOPMENT

Today all places with a population of 50,000 and over are electrified. Power generation and consumption in Greater Bombay are high.

Generation 1968-69: Power generated: 2,990·169 MV. Purchased from M.S.E.B.; 1,838·640 MV. Total available 4,828·809 MV.

Consumption during 1968-69: 3865-574 MV.

The allocation for Irrigation and Power during 1968-69 was Rs. 17 crores or about 11.05 per cent of the total Annual Plan of Rs. 154 crores.

The total installed capacity as on 31st March 1969 was 1,596 592 MW; output of electricity during 1968-69 was 7,262 134 million KWH and consumption was 5,856 360 million KWH. The per capita power generated and consumed was 183 5 KWH and 148 KWH respectively in the Indian Union as a whole.

The power requirements of the State have been assessed at 2328 MW at the end of the Fourth Five Year Plan. To meet this demand, the State's Fourth Five Year Plan includes projects, hydro and thermal, of a total capacity of 985 MW. This together with 190 MW accruing from the Nuclear Power Station will be 1,175 MW. So the total effective capacity at the end of the Fourth Five Year Plan will be 2,735 MW. Taking into consideration the stand-by capacity and Power Station auxiliary load, the net effective capacity at the end of 1973-74 will be 1,923 MW; thereby the State as a whole will experience a shortage of power to the extent of 405 MW by 1973-74.

Maharashtra has a hydro potential of over 3,000 MW mainly concentrated in or around the Western Ghats,

The second stage of the Koyna Hydro Power Station is completed and the power station is now operating at full capacity of 540 MW. The work on third stage is in progress. The Purna Project is completed and the power station is commissioned with its full capacity of 22.5 MW. The extension of Khaperkheda and Paras Power Stations is also completed and the power stations are now operating at 114 MW (due to boiler limitation 120 MW capacity is derated to 114 MW) and 92.5 MW capacity respectively. The construction work of 62.5 MW Bhusawai Thermal Power Station is also completed and the power station was commissioned during the year 1968-69. In the private sector, an additional capacity of 150 MW was commissioned by Tatas in their Steam Power Station at Trombay (during the year 1966).

New Projects: Three more steam stations, of a total capacity of 580 MW, are to be constructed by the State Electricity Board during the Fourth Five Year Plan period. One of these, of 280 MW, will be constructed near Nasik

in the Western Maharashtra, the second of 60 MW in Parli-Vaijnath in Marathwada and the third of 480 MW at Koradi near Nagpur in Vidarbhs. Though of the Fourth Plan programme, advance action in respect of these projects had been initiated in the Third Plan itself and the Nasik Power Station will be commissioned shortly initially with one set of 140 MW.

Transmission Lines: The total length of transmission lines as on 31st March 1966 i.e. as at the end of the III Plan was 22,928 Circuit Kms, and at the end of 31st March 1969 it was 41,304-196 Circuit Kms.

Rural Electrification: In rural electrification, the accent is on electrification of villages which are within easy reach of grid lines and which offer sufficient load, particularly load for agriculture and small industries. There are 35,851 towns and villages in the State. Out of these as many as 10,020 villages had been electrified by 31st March 1969. Agricultural pumps supplied with electricity aggregated 1,23,568 as on 31st March 1969. A target of supplying electricity to 10,000 more villages and 1,00,000 agricultural pumps has been fixed for the Fourth Five Year Plan.

MAHARASHTRA STATE ELECTRICITY BOARD

As on 31st March 1969:

Total installed capacity: 8,73,279 KW

Steam: 2,97,500 KW Hydro: 5,68,324 KW Diesel: 7,455 KW

Number of towns and villages and agricultural pumps supplied with electricity:

		Towns	38	Village	s Pumps
Western Maharashtra		* *	5,	202	67,747
Vidarbha	4.5		3,	,140	34,335
Marathwada		**	1,	678	21,486

Working expenditure during the year 1968-69 (Rs. crores)	27-80

POWER PROJECTS IN OPERATION

The following statement shows particulars of the Board's power projects in operation as on March 31, 1969:

Rombay-Koyna System: Intended mainly to serve the Western Maharashtra region, this system comprises three hydro power stations, viz., the Koyna, Radhanagari and Bhatgar. The first one is interconnected with the power stations of Messrs. Tata's of Rhira, Khopoli, Rhivpuri & Trombay, the Chola Power Station of Central Railway and the Nuclear Power Station at Tarapur. For its schemes in the Bombay-Poona area the Board continued to purchase bulk power from Tatas. The purchase from Messrs. Tatas at Chola Power Station for supply to Igatpuri-Manmad area is stopped since January 1969. Board also continued to supply Electricity to Goa from its Koyna-Radhanagari interconnected system in Western Maharashtra. In addition there was one Diesel Power Station at Nasik, which is closed down with effect from 15-12-69.

Total units generated in 1968-69: 3,005.263 Miln. KWH; Total units purchased in 1968-69: 482.765 Miln. KWH.

Western Maharashtra Region: Total units sold in 1968-69: 3,219:698 Miln. KWH; No. of consumers served as on 31-3-69: 5,41,849; Length of transmission lines 11 KV and above: 22,149:770 Circuit KMs.

Vidarbha-Khandesh-Marathwada grid system: This system is served by four Steam Power Stations — Khaper-kheda 1,20,000 KW; Pares 92,500 KW; Ballarsha 22,500 KW; Bhusawal 62,500 KW; and one hydro-power station Eldari 22,500 KW all inter-connected. There are also three small diesel power stations of a total capacity of 616 KW, at Aheri 100 KW and Sironcha 78 KW in Chandrapur District and at Dharani 438 KW in Amravati District

Total units generated in 1968-69: 1,230 759 Miln. KWH; Total units purchased in 1968-69: (From Madhya Pradesh Electricity Board): 14 529 Miln. KWH.

Vidarbho Region: Total units sold in 1968-69: 665: 882 Miln. KWH; Total number of consumers served as on 31-3-69: 1,94,163; Total length of transmission lines 11 KV and above as on 31-3-69: 12,085: 426 Circuit KMs.

Marathwada:

Aurangabad, Bhir, Parbhani and Nanded Districts of Marathwada region are served by the Vidarbha-Khandesh-Marathwada Grid system and the Osmanabad District is served with power from the Koyna-Tata-Railway-Tarapur Grid system of Western Maharashtra. The Eldari Power Station of the Purna Hydro Electric project was commissioned by the Irrigation and Power Department of the State Government during 1967-68 and the power station is now taken over by the Board on lease since 1-1-69. The Board received 36.856 Miln. KWH from this power station from 1-4-68 to 31-12-68 and the power generated from 1-1-69 to 31-3-69 in Eldari was 24.864 Miln. KWH. This energy is fed in the Vidarbha-Khandesh-Marathwada grid system of the Board.

Total units sold in 68-69: 69: 498 Miln. KWH.

Total number of consumers served as on 31-3-69:

Total length of transmission lines 11 KV and above as on 31-3-69: 7,069 Circuit KMs.

CHOLA, KOYNA

Central Railway's Power House at Chola has a total installed capacity of 136,000 KW and supplies electric power for the requirements of Central and Western Railways' electrified lines in Bombay. This power house is interconnected with the Tata-Koyna system.

The second scheme is Koyna, it is the biggest scheme in Maharashtra.

The Koyna Hydro-Electric Project comprises three Stages. Stage-I of the project is completed and the four generating sets of 60 MW capacity each under stage I have been commissioned and handed over to the State Electricity Board for operation and maintenance from 1st April 1963, Stage-I of the project costs Rs. 38.28 crores.

Stage II of the Project which is estimated to cost Rs. 18-16 crores provides for installation of four additional generating units of 75 MW capacity each and laying of 220 KV Transmission lines to Bombay. All the four generating units under Stage II have already been commissioned and handed over to the Maharashtra State Electricity Board for operation and maintenance. All the work under Stage II of the Project is practically completed.

An expenditure of about Rs. 56.55 crores has been incurred on Stages I and II of the Project till the end of June 1969.

Stage III of the project contemplates further generation of power on the tail-race waters of Stages I & II by constructing a system of balancing reservoirs, Head-race and tail-race tunnel pressure shafts and an underground power house. The Project envisages installation of four generators of 80 MW capacity each for generation of 320 MW of 20 per cent load factor. This station is envisaged to run as a peaking station to meet the demand of power at its peak. Tho work on this Project is in full swing. An expenditure of Rs. 10-01 crores has been incurred on Stage III of the Project till the end of Sept. '69.

TATA PROJECTS

The hydro-electric undertakings in the State are the three schemes developed and brought into operation by Tata Sons, Ltd., and continued under their management until 1929, when they were transferred to the management of the Tata Hydro-Electric Agencies, Ltd., in which Messrs. Tata Sons retain a majority interest. These undertakings are:

(a) The Tata Hydro-Electric Power Supply Company,

Ltd. Supply started in 1915.

(b) The Andhra Valley Power Supply Company, Ltd. Supply started in 1922.

(c) The Tata Power Supply Company, Ltd. started in 1927.

The Tata Electric System is interconnected with Chola Steam Station of the Central Railway, the Koyna Hydro generating station and the newly built nuclear station at Tarapur. Together they are operated as a Hydro-Thermal Nuclear system under the co-ordinated control of the Companies. The Tata-Railway-Koyna System is interconnected with the Gujarat Power system in the North, and with the Eastern Maharashtra Power system, to form the Western Regional Electricity grid.

The Tata Electric Companies serve an area in Maharashtra State of more than 2,072 sq. kilometres.

Electric service is rendered to the textile mills and other industries of Bombay and the suburban areas, to local authorities, and, in bulk for retail distribution, to the electrical undertakings including the State Electricity Board, supplying Greater Bombay and ten other localities within the area.

The transmission network of the Tata system consists of 1,055 circuit kilometres of 100 kV overhead lines and 33 circuit kilometres of 100 kV underground cables and the distribution network of 403 circuit kilometres of 22 kV overhead as well as 244 circuit kilometres of 22 kV underground cables and 44 circuit kilometres of 6.6 kV overhead lines and 192 circuit kilometres of 6.6 kV underground cables. There are also 44 circuit kilometres of 6.600-volt overhead lines.

Substantial additions to the transmission and distribution network are expected to be made during the next few years.

During 1968-69 the peak demand on the Tata Rly. System reached a figure of 856 MW and that on the Tata-Railway-Koyna system was 1,025 MW.

The sales by Tatas during 1968-69 was 4,547 million units and the purchase from the State Electricity Board to supplement Hydro system during the year was 1,839 million units.

NOTE: Because of security reasons, we have been asked not to publish any information relating to location of electricity generating plants.

HOUSING

Housing schemes are coordinated by the Urban Development, Public Health and Housing Department of the Government. The actual building work and ancillary functions are discharged by the Housing Boards. Finance comes partly from the Government of India.

There are two Boards now, the Maharashtra Housing Board for the western Maharashtra and Marathwada areas and the Vidarbha Housing Board for Vidarbha.

Subsidised Industrial Housing Scheme: This scheme is meant for industrial workers whose income does not exceed Rs. 350 per month. The scheme is executed through the Mabarashtra Housing Board and Vidarbha Housing Board, Employers and Co-operative Societies of Industrial workers. The Housing Boards are provided with 100 per cent financial assistance. The financial assistance is given to the employers at the rate of 50 per cent loan and 25 per cent subsidy and to the Co-operative Societies at the rate of 65 per cent loan and 25 per cent subsidy. In addition, employers can also give their 25 per cent share of contribution to the Housing Boards for construction of tenements for their employees. The rents charged are subsidised rents as fixed by the Government of India. The total number of tenements completed, agency-wise till March 31, 1969 is as follows: Maharashtra Housing Board 27,929; Viderbha Housing Board 3,704; Employers 5,256; Cooperative Housing Societies 462; Total 37,351.

Slum Clearance Scheme: This scheme provides for construction of tenements and provision of plots for slum dwellers whose income does not exceed Rs. 250 per month. The scheme is executed through the agency of local bodies and the Maharashtra Housing Board. The rents charged are subsidised rents as fixed by the Government of India. The total number of tenements constructed by the various agencies till the end of March 1969 is as follows: Maharashtra Housing Board 14,894; Bombay Municipal Corporation 4,375; Poona Municipal Corporation 796; Nagpur Municipal Corporation 332 (plots); Nagpur Improvement Trust 50 tenements and 650 (plots); Dhulia Municipality 85; Ahmednagar Municipality 90; Total 20,290 tenements and 982 plots.

Low Income Group Housing Scheme: This scheme is meant for persons whose total annual income does not exceed Re. 7,200. The scheme is in operation in the municipal areas of the State. Loans equal to 80 per cent of the cost of construction subject to a maximum of Rs. 12,500 per tenement are granted under the scheme to individuals, institutions, local bodies etc. The total number of tenements completed through the various agencies till the end of March 1969 is as follows: Maharashtra Housing Board 8,035; Vidarbha Housing Board 315; Individual 649; Local Bodies 1,922; Co-operative Societies 3,453; Institutions 55; Total 14,429.

Economically Weaker Sections Scheme: scheme provides for construction of tenements for persons whose monthly income does not exceed Rs. 350 per month. The scheme is executed through the agencies of the Vidarbha Housing Board and the Maharashtra Housing Board, which are given 100 per cent financial assistance. Under the integrated Subsidised Housing Scheme for industrial workers and economically weaker sections the subsidy portion of central assistance has been raised to 50 per cent from 25 per cent and the rents to be charged would be subsidised rents as fixed by the Government of India. This is applicable only to projects sanctioned after the lat of April 1966. The total number of tenements constructed by the various agencies till the end of March 1969 is as follows: Maharashtra Housing Board 900, Vidarbha Housing Board 272,

Sweepers Housing Scheme: This is meant for providing residential houses to the sweeper employees of the various local bodies in the State. The scheme is now executed through the agency of local bodies and recognised social service agencies, which are given financial assistance by way of 50 per cent loan and 50 per cent subsidy based on the approved cost. The total number of tenements constructed under the scheme till the end of March 1969, is 867.

Middle Income Group Housing Scheme: This scheme is meant for persons whose monthly income is between Rs. 601 and Rs. 1,270. The scheme is implemented through the Maharashtra Housing Board and Vidarbha Housing Board. Funds required by the Boards are made available to them from the loans drawn from the Life Insurance Corporation of India by the Government. The tenements constructed are given on rental and hire-purchase basis. The total number of tenements constructed till the end of March 1969 by the two Boards is 1,741.

Land Acquisition and Development Scheme: The scheme is executed through the agencies of the Maharashtra Housing Board, the Vidarbha Housing Board and the Nagpur Improvement Trust, which are given financial assistance to the extent of 100 per cent. The Maharashtra Housing Board has been allowed to constitute "Revolving Fund" out of the amount of Rs. 110 lakhs given to it under the Scheme. Since 1962-63, assistance for this scheme is given to the two agencies from the loans drawn by the Government from the Life Insurance Corporation of India. The area acquired and notified for acquisition respectively in acres till the end of March 1969 by the three agencies is given below: Maharashtra Housing Board 789; 1,734; Nagpur Improvement Trust 111-15; nil; Vidarbha Housing Board 34.75; 10-19.

The Maharashtra Housing Board has also undertaken the reclamation of 117 acres of creek-land at Mahim causeway near Bandra in Bombay.

ROAD TRANSPORT

A single Road Transport Corporation for the entire State, known as the Maharashtra State Road Transport Corporation, came into existence from July 1, 1961.

The position of Maharashtra State Transport for 1967-68 is given below: No. of passengers carried (in lakhs): 3,991-73; Capital invested (Rs. in lakhs) as on 31-3-68: 3,366-55. Total gross revenue (Rs. in lakhs): 3,894-84; Total revenue expenditure (Rs. in lakhs): 3,880-85.

The operational data of Maharashtra State Road Transport Corporation as of March 1968:

No. of passenger vehicles: 4,657; No. of goods vehicles: 70; No. of routes operated: 4,005; Route kilometres: 2,38,345; Major workshops: One central, 13 divisional and 95 depots; No. of persons employed: 31,460; No. of nationalised city services: 24; No. of Municipalised city bus services: four; Rate per passenger for 6 kilometres 21 P.; Total bus kilometres operated: 2,934.95 lakhs; No. of bus stations (permanent and temporary): 261; No. of refreshment rooms: 568; No. of cloak-rooms: 84; Pick-up stands: 767.

At the end of 1968-69 there were 4,654 routes operating in the State as against 4,005 at the end of 1967-68. The aggregate route distance at the end of 1968-69 was 3.00 lakh kilometres as against 2.38 lakh kilometres at the end of the earlier year. The average number of passengers travelled per day increased to 12.23 lakhs during 1968-69 from 10.91 lakhs during 1967-68. The average daily earnings of the Corporation increased to Rs. 12 lakhs in 1968-69 from 10.25 lakhs during the year 1967-68.

MILK SCHEME-1969

Staff employed: Govt. Regular 4,810; Part-time 3,320; daily rated 2,000.

Area of Govt. Land: 4,693.49 hectares (Aarey 1,282.35 hec.; Palghar 1,460.10 hec.; Dabchari Milk project 1,739.15 hec.; Worli Dairy 7.89 hec.; cultivated under irrigated fodders at Aarey for para-grass 204 hec.).

Daily quantity of milk procured: Aarey 108,608 litres; Kaira District Milk Producers' Union, Anand (Gujarat State) 108,824 litres; Co-operative Societies (Greater Bombay) 9,270 litres; Mofussil Schemes 155,604 litres.

Distribution of Milk (per day in litres):

		· ·	1.00			
		Туре				
Whole Milk			4.4		0.0	359,311
Toned Milk	"	٩			0.0	22,713
Double Toned	Milk t	o Mun	icipal S	chools		39,408
Cow Milk				6.4	+ 1	660

Number of distribution centres: Part-time centres: 1,711; Full-time centres: 21; Mobile milk-bar: 3; Total number of consumers taking milk from scheme: Families: 309,320; Hospitals and Institutions (bulk Supply): 506.

Sale price of milk per litre: Whole Milk Rs. 1-70; Cow Milk Rs. 1-70; Toned Milk Re. 0-90.

Daily average sale of milk products: Cheese 50-431 Kgs.; Butter 132 packets of 100 gram; Ice-cream 61 cups of 4 oz.; Ghee 731-470 kgs. (Butter and ice-cream are prepared at the students dairy, Aarey for training the students of Dairy Science Institute).

Transport: Milk distribution vehicles 196; Milk procurement vehicles 58; Staff Vehicles 55; Vehicles for other work 47. Consumption of Electricity (Weekly): 51,492 units (Aarey); 1,00,770 units (Worli).

Consumption of Fuel Furnace Oil (Weekly): 28,000 litres (Aarey): 40,508 litres (Worli).

Bottles replaced (Weekly): (500 ml.) 13,000 (Aarey); 21,000 (Worli); (200 ml.) 2,000 (Aarey); 2,500 (Worli).

Detergents (Weekly): 3,280 kgs. (Aarey); 5,000 kgs. (Worli).

The Aarey Milk Colony

Started functioning 13th March 1949; Investments by Govt. Rs. 57-5 million; by Cattle owners in Cattle Rs. 30 million.

Number of licensee cattle owners 219; Number of Dairy Farm units 30.

Number of animals at Aarey: Buffaloes (milch) 15,757; dry 293; bulls 160; young stock 3,400; Stock in Young Stock Farm of Govt. 206. Cows (milch) 10 (with licensees), 283 with Govt.; dry 111; bulls 3; young stock 34; Stock in Young Stock Farm of Govt. 112.

Number of animals in districts undergoing salvage: Buffaloes 10,796; at Palghar, 1,208 buffaloes and 157

Average daily milk production per milch animal at Aarev: buffaloe's 6.70 litres; cow's 3.50 litres.

Total daily tonnage of feed and fodder: Cattle feed 80.24; hay and fodder 112.34.

Pasteurisation capacity per hour 18,000 litres.

Bottling capacity per hour 40,800 bottles.

Number of containers in circulation: Distribution cans 500, bottles daily 5,10,938; crates 25,025.

Water consumption daily: 1,814,300 gallons.

The Worli Dairy

Started: Nov. 7, 1961; Investment on land, buildings etc.: Rs. 1,46,05,000; Value of machinery purchased by State Govt. Rs. 38,66,000; Value of machinery supplied by UNICEF Rs. 64,79,000.

Pasteurising Capacity: 40,000 litres per hour; Bottling capacity: 50,000 bottles per hour.

Number of containers in circulation: Distribution cans 490; bottles daily 509,680; crates 24,244.

Water consumption daily: 6,50,000 gallons.

Dapchari Milk Project

Govt. Investments (estimated): Rs. 50.14 million.

Number of animals (a) milch cattle with family of farmers 10,000; with licensees 10,000; with research centre 1,000; (b) dry cattle: 10,000; (c) young stock 10,000.

The project will be completed in another five years and will supply milk to the extent of 1,25,000 litros per day.

LABOUR

Particulars about labour in Maharashtra State are given below:

Total number of registered factories as on 30th June 1968: 10,432.

Number of Works Committees functioning as on 30th September 1969: 190. Dec. 1967: 286.

Average daily number of workers employed in factories as on 30th June 1968: 8,79,350.

Number of towns covered as on 31st August 1969 by the Bombay Shops & Establishments Act, 1948; 130.

Number of industries covered by the Bombay Industrial Relations Act, 1946 as on Dec. 31, 1968: 10 industries in Western Maharashtra. The number of workers covered by the Act in Western Maharashtra as on 31st December 1968: 3,54,372. Bombay Industrial Relations Act is also made applicable to all industries in Vidarbha area except saw mills and ten other industries such as generations and supply of electrical energy, paper & paper products, building and road construction, Dairy and dairy Products, Rice, Flour or dal mills, industries carried on by Municipal Council etc. and to Cotton Textile and Sugar Industries in Marathwada Area.

Trade Unions (December 31, 1967): Number of registered trade unions: 2,552; Total membership of registered trade unions: 11,17,290; Number of regd. trade unions affiliated to I.N.T.U.C.: 100; Membership of unions affiliated to I.N.T.U.C.: 1,68,442; Number of regd. trade unions affiliated to A.I.T.U.C.: 70; Membership of Unions affiliated to A.I.T.U.C.: 53,255; Number of regd. trade unions affiliated to H.M.S.: 43; Membership of unions affiliated to H.M.S.: 2,01,824.

Industrial Disputes in 1968: No. of strikes 618; No. of workers directly involved 1,95,702; No. of workers indirectly involved 7,861; No. of man-days lost 16,14,744.

The Maharashtra Labour Welfare Board Jambori Maidan, Worli, Bombay 18 (W.B.)

The number of welfare centres under the control of the Maharashtra Labour Welfare Board is 76. In addition, there are eight sub-centres carrying out activities on a restricted scale. Activities of these centres include recreation through entertainment, games and sports, health programme through first aid and health education, community and social education, subsidiary occupations and handicraft for women, nursery schools and scouts and guides for children, creches for toddlers, Tailoring Classes, etc.

Along with the programme of mass recreation, health and education, there has also been an emphasis on skilled recreation with an educative bias.

Attendance for 76 welfare centres and eight sub-centres in the State during 1967-68 was 4,30,19,229 with a regular membership of 1,77,477.

OFFICIAL LANGUAGE

Maharashtra Official Language Act, 1964 has been passed in the State Legislature and the Directorate of Languages has nearly finalised the initial preparations like training of typists and stenographers, preparing administrative lexicon and other help books, etc. needed for the change-over from English to Marathi.

DECENTRALISATION OF ADMINISTRATION

In the State all villages have been brought within the fold of Panchayati Raj. Out of the total number of 38,851 villages, 38,259 villages have been covered by the establishment of 22,045 Gram Panchayats. In addition 3,480 Nyaya Panchayats had been notified. Elections to these Nyaya Panchayats have taken place.

EMPLOYEES STATE INSURANCE SCHEME

The number of workers covered in Maharashtra Region centre-wise as on 31st March 1969, was: Greater Bombay 730,450, Poona including Chinchwad and Pimpri 54,650, Sholapur (including Sangli) 21,500, Kolhapur 9,300, Nagpur including Akola, Hinganghat and Nanded 39,100. There are 2 Hospitals viz. Mahatma Gandhi Memorial and Worli in Bombay with 892 general and 120 TB beds commissioned in those hospitals respectively. The number of beds in Maharashtra including reserved beds is 1,784. There are 17 Diagnostic Centree, 15 Ambulance Units, 3 Mobile Dispensaries and 23 State Insurance Dispensaries in Maharashtra. There are in all 1,977 Panel Doctors. For making cash payment to the insured persons 46 Local Offices and 34 Pay Offices have been set up.

IRRIGATION

(Latest available)

The total area irrigated through all irrigational sources in Maharashtra State in 1965-66 was 12,298 hundred hectares (gross).

Below are given particulars about projects in operation.

Bhatghar Dam and Nira Canals:—At Bhatghar, Poona Dist., completed in 1938, irrigates 1,55,582 acres in Poona, Sholapur and Satara Dists. The cost of the scheme is Rs. 7:20 crores.

Bhandardara Dam and Pravara Canals System:—At Bhandardara in Ahmednagar Dist., completed in 1926, irrigates 65,912 acres in Ahmednagar. Cost 1.62 crores.

Darna Dam and Godavari Canals System:—At Darna in Nasik Dist., completed in 1916, irrigates 69,117 acres in Ahmednagar and Nasik Dists. Cost Rs. 3-51 crores.

Chankapur Tank and Girna Canals:—At Chankapur in Dist. Nasik, completed in 1910, irrigates 10,348 acres in Nasik. Cost Rs. 21 lakhs.

Gangapur Dam:—At Gangapur in Nasik Dist. Stage I, physically completed in 1957, would irrigate 21,500 acres in Nasik and 20,000 acres in Ahmednagar Dist. Cost Rs. 3.95 crores. Stage II is completed during the current year. It would irrigate 19,000 acres in Nasik. Cost Rs. 111.55 lakhs. An expenditure of Rs. 5.23 crores has been incurred till March 1966 on Gangapur Stage I and II.

MAJOR AND MEDIUM PROJECTS

In the Third Plan, in all 27 new major and medium irrigation projects were included in addition to the 49 spill over schemes, for a total outlay of Rs. 69-06 crores which included flood protection works, extension and improvement, survey and investigation of major and medium irrigation projects etc. Against this provision expenditure of the order of Rs. 65-83 crores has been incurred during the Third Plan period. Out of the schemes which were under execution in the Third Plan, as many as 46 were physically completed and have started yielding benefits.

MINOR AND MEDIUM PROJECTS

The Third Five Year Plan expenditure for both State and Local Sector was Rs. 1,095 lakhs against a Plan allocation of Rs. 1,361.75 lakhs. Out of the schemes which were under execution in the Third Plan, in all 68 schemes were completed in the State Sector creating an additional irrigation potential of approximately 1,08,000 acres.

During the subsequent three annual Plans expenditure incurred and irrigation potential achieved are as under:

Annual Plan	Expenditure							
Year		fajor and Medium Project Rs. in lakhs	Potential (Addi- tional)	Minor Irrigation Works (S.S.) (Irrigating more than 250 acres) Rs. in lakhs	Potential (Addi- tional) '000 acres			
1966-67	* 4	1,432-69	96.35	384 - 39	14			
1967-68		1,304.55	56 - 79	375.72	21			
1968-69	• •	1,956 - 28	187-59 (Estimated)	525·76	34 Anticipated)			

PARTICULARS ABOUT SOME OF THE VERY IMPORTANT PROJECTS UNDER CONSTRUCTION

Project		Location	Area to be irrigated '000 acres	Districts benefited	Estimated cost Rs. in lakhs	Amount spent upto 31-3-69 Rs. in lakhs
Warna		. Khujgaon, Shirale, Satara Dt.	244.77	Kolhapur and Sangli	3,164.00	51-19
Upper Penganga	7 4	Isapur Village, Pusad Taluka, Yeotmal Dt.	275 · 52	Nanded and Parbhani	3,506.00	3.00

INDUSTRIES

(Latest available)

Engineering:—In the field of engineering industry, there have been several notable developments particularly in the Bombay region. Some of these are machine tools like lathes, shaping machines, pillar drills, power hammers, metal outting saws, steel and malleable iron castings, welding electrodes, electrical stampings, link chains, melting crucibles, umbrella ribs, steel furniture, safes and cash boxes, steel balls and copper roller engraving for textile industry.

Another feature is the beginning made in the manufacture of modern appliances like typewriters, refrigerators, wireless receiving sets, wooden and plastic cabinets and household electrical gadgets. Manufacture of modern equipment for agricultural plant protection, pressure stoves and lamps, stainless steel-pressed wares and equipment, industrial machinery for textile and chemical industries and fabrication of heavy structurals like transmission tower and pipe line, cranes, etc. has also developed in recent years.

The engineering industries located at Kirloskarwadi, Poons and Satara are known for their agricultural implements, engines and other products. There are about 84 units in the Poona division itself, manufacturing diesel engines, oil-engines, sugar-mill machinery, jeep trailors and tractors, non-ferrous utensils, agricultural implements, power looms, etc. In electrical engineering, the manufacture of electrical motors, transformers, cables for transmission and switch gears is worthy of mention.

Sugar:—Maharashtra is one of the major sugar-producing States in the country, having 37 sugar factories with a crushing capacity of 56,350 tonnes per day. They are located in the districts of Ahmednagar (13), Kolhapur (6), Poona (5), Satara (3), Sholapur (3), Nasik (3), Sangli (1), Osmanabad, Aurangabad and Nanded (1 each).

One of the important features of this industry is that 26 are in the cooperative fold. Letters of intent have been granted to 14 sugar mills in co-operative sector, so that 57 mills will be functioning in this state in the near future.

Industrial Alcohol:—Allied to the sugar industry is the industrial alcohol industry, which can be developed from the molasses available from sugar factories. Out of about 162.6 million litres of alcohol made in the country, 40.02 million litres are made in the 8 distilleries located in the State.

Chemicals:—The chemical industry in Maharashtra has made galloping progress.

Bombay and Thana are the main centres of dyestuffs industry manufacturing a wide range of products. Ceramic and glass, gases, oils and soaps, paints, pigments and varnishes, food products, rubber goods and other chemical industries also follow the same pattern.

The Automobile Industry:—Bombay is progressively undertaking the manufacture of cars, utility vehicles and scooters in three large assembly plants. The ancillary industry manufacturing component parts is also steadily developing under the patronage of the automobile industry. The annual licensed capacity for cars is 3,500. Scooters and three wheelers 28,000, others (Jeeps, trucks and tractors) 42,540. The Bicycle Industry is also making headway, having an annual licensed capacity of 2,30,000 bicycles.

Paper Mills:—The paper industry has been delicensed in the State. During 1967 according to factory Act there were three pulp mills, 18 paper mills and 18 paper board mills.

Oil Mills:—Groundnut being one of the important cash crops, there are several oil mills located in various parts of the State. During 1969 in Aurangabad division itself there were 77 oil mills. In Nagpur division, there are about 64 oil mills. In Bombay region the highest number of oil mills is in Jalgaon, followed by Nasik and Dhulia. The total number of oil mills in Bombay Division is 104. Bombay city accounts for 38 oil mills. In addition most of the ginning and pressing factories in the cotton growing tracts which grow groundnuts also have oil mills for off season working.

Ginning and pressing is an important processing industry serving the cotton growing areas. There were 488 such factories all over the State during 1968 a large number of them, having been located in Nagpur division. A little over 85 ginning and pressing units are spread over the entire cotton-producing area in Aurangabad division. In Bombay division out of 77 ginning and pressing factories 24 are located in Dhulia district and 53 in Jalgaon district while there are 88 such factories in Poona division. Nagpur division is having 224 factories, Aurangabad division accounts for 91 ginning factories.

Petrochemical Industry:—The organic chemical industry in India has so far been based upon the fermentation of alcohol, acetylene from calcium carbide and benzene and allied products from coal-tar. With the setting

up of petroleum refineries in the country, there is scope for utilising petroleum naphtha for production of intermediates required for the organic chemical industry. One petro-chemical complex with a total capacity of 45,220 tonnes has come up near Bombay in the Trans-Thana-Creek area. In this complex several organic products such as ethylene oxide, diasetone alcohel, P.V.C. etc., will be produced with petroleum naphtha as the starting material.

Textiles:—During 1968 the total spindle and loom capacity of the state was 26.3 per cent and 37.5 per cent respectively. The total number of mills in the State was 96 (18 spinning and 78 composite) with a capacity of 45,81,617 spindles and 78,203 looms. Of these mills 59 mills are in Bombay city and 37 are in rest of the State.

The total number of workers engaged in textile industry is 2,39,251 of which 1,88,120 are engaged in Bombay city and the remaining in rest of Maharashtra.

Maharashtra occupies an important place in the field of growing of cotton in the country. Of the total production in the country, about 25 per cent is produced in the State, amounting to 14 lakhs of bales. The quality of cotton is mostly short and medium staple. Recently growth of long staple cotton has picked up in certain irrigated tracts in the district of Ahmednagar.

The following figures show the industrywise productive capacity, value of output and value added by manufacture during the year 1966. (Figures in lakh rupees) Textiles 21,579, 47,538, 14,241; food industries except boverages, sugar factories and refineries 4,831, 23,936, 1,706; General electrical engineering 16,655, 21,902, 6,238; Petroleum 6,326, 6,608, 1,238; Transport and Transport equipment 7,107, 12,411, 3,823. Sugar factories and refineries 5,602, 8,359, 1,290. Rubber products 1,813, 4,190 and 1,109; Basic industrial chemicals, paints, varnishes, etc. etc. 23,845, 25,493 and 7,612; Other industries 47,520, 53,803 and 14,853; All industries 1,35,778, 2,04,240 and 51,888.

During 1967, the total no. of working factories was 9,186 with an average daily employment of 8,93,822 workers.

Details about strikes, workers involved, and man-days lost for 1967 (actual) and 1968 (provisional) respectively are: 1967 (672; 2,54,790; 21,39,476); 1968 (618; 2,03,563; 16,14,744).

AGRICULTURE

The crop-wise area for the years 1966-67 and 1967-68 respectively are (Fig. in 000 hectares): Rice 1,346; 1,367; Wheat 876; 891; Jowar 6,131; 6,246; Bajri 1,727; 1,821; Groundnut 1,058; 1,044; Sugarcane 161; 165; Cotton (Lint) 2,611; 2,794. Total cereals 10,555; 10,801; Total Pulses 2,232; 2,379; Tobacco 15; 18; Maize 38; 40; Barley 4; 4; Tur 547; 591; Gram 363; 393; Potatoes 10; 14; Chillies 167; 172; Sesamum 128; 141; Castor seed 5; 4; Rape, Mustard, Linseed 178; 195.

Sugarcane is grown in all the districts of the State except Greater Bombay, Thana and Kolaba districts, the major cane growing districts being Ahmednagar, Kolhapur, Poona, Nasik, Satara, Sangli, Sholapur, Osmanabad and Aurangabad. These nine districts have about 1.46 lakh hectares under sugarcane yielding 11.59 lakh M. tonnes of sugarcane (in terms of gur) in 1964-65. Estimated production of sugarcane in 1964-65 was 12.07 lakh tonnes.

The Marathwada districts have nearly 6.51 lakh hectares under oilseeds, the corresponding figures for Vidarbha districts being 3.37 lakh hectares. The western Maharashtra including Jalgaon has about 8.74 lakh hectares under oilseeds.

As regards cotton, the area (in lakh hectares) and production (in lakh bales of 180 kg. each) in Marathwada, Vidarbha and Western region including Jalgaon are as follows: Marathwada: 7.61; 2.57; Vidarbha: 15.78; 7.23; Western region: 4.85; 2.71.

Although the Konkan districts are lean in the production of food crops, they excel in horticultural wealth. Ratnagiri district had 10,000 acres under mangoes in 1964-65. Similarly, the district has 15,400 acres under cashewnut. Thana district is the home of bananas, with an acreage of 2,600. Nagpur oranges are well-known. They are grown in Nagpur, Amravati and Wardha Districts, which have about 28,500 acres under them. In Jalgaon district also the area under bananas is large viz. about 37,900 acres.

Rice is abundantly grown in the coastal districts of Thans, Kolaba, Ratnagiri and also in Chandrapur and Bhandara. It accounts for one sixth of the food grains grown in the state. Wheat accounts for a little more than one fifteenth. Millets are grown abundantly in the Deccan, Vidarbha and Marathwada districts. Jowar is the major cereals and accounts for half the production.

LAND REFORMS

For the purposes of tenancy reform, Maharashtra State falls into the following main categories:—

- (i) The former Bombay areas consisting of 13 districts in which the Bombay Tenancy and Agricultural Lands Act, 1948 is in force;
- (ii) Vidarbha areas consisting of 4 districts of former Central Province and 4 Berar districts in which the Bombay Tenancy and Agricultural Lands (Vidarbha Region) Act, 1958 is in force;
- (iii) The Marathwada area consisting of 5 districts in which the Hyderabad Tenancy and Agricultural Lands Act, 1958 is in force.

The main provisions of these laws are more or less similar and they can broadly be grouped under the following five topics:—

(i) Security of tenure for tenants, (ii) Regulation of rent, (iii) Resumption of land by landlords for personal cultivation, (iv) Rights of ownership for tenants, (v) Land management.

Details about "Land Reforms" were given in the previous editions of the Directory.

The programme of consolidation of small and uneconomic holdings was completed in 5,680 villages by the end of March 1969, covering an area of nearly 43-12 lakh hectares (107 lakh acres). In the Western Maharashtra about 7,51,283 tenants have till March 1969 become owners of 16-81 lakh acres of land as a result of legislation for compulsory transfer of ownership from landlords to tenants. And in Vidarbha and Marathwada areas 30,211 and 44,991 tenants have till March 1969 become owners of 2-71 lakh and 6-33 lakh acres of land in those respective regions due to the scheme of compulsory transfer of ownership from landlords to tenants.

The Ceiling on Holdings Act, 1961 was brought into force in the State from 26-1-1962 and lands admeasuring about 87,000 acres belonging to Joint Stock Sugar Cosand nearly 1-65 lakh acres of land from individual holders were declared surplus till 30-6-1969. The surplus land is being distributed in accordance with the provisions of Sec. 27 of the Act. Till the end of June 1969 lands admeasuring 39,849 acres were distributed to landless and other persons.

MINERALS

The Maharashtra possesses many useful mineral deposite in the north-eastern and south western parts, the remaining areas being covered mostly by Deccan Traps. The rich deposits of iron ore, mostly confined to Ratnagiri and Chanda districts, large deposits of manganese ore, both of high and low grades, occurring in Vidarbha, particularly in Nagpur and Bhandara districts, extensive deposits of bauxite especially in Kolhapur, Ratnagiri, Kolaba and Thana and good reserves of coal in Vidarbha constitute the main mineral wealth of Maharashtra.

In addition to these major minerals, there also occur other minerals like ilmenite, chromite, dolomite, tungsten ore, mica, silica, limestone, cîay, kyanite, sillimanite, corundum, copper ore, etc.

Iron Ore:—Very rich deposits of iron ore are located in various parts of Maharashtra, particularly in Ratnagiri district and in Chanda district of Vidarbha region. The reserves of iron ore in Ratnagiri district are estimated at about 48 m. tonnes, of which 20 million are workable. In Chanda district the reserves in Surajgarh deposit alone are estimated at 138 million tonnes of which 59 million are proved reserves. Estimated probable reserves in some of Surajgarh, Dhamkodwadvi ranges are placed at about 44 million tonnes. Reserves of magnetite in Bhandara district are estimated at about 4.3 million tonnes down to a depth of 30.4 metres.

Manganese:—The Vidarbha region has very large deposits of manganese ore, both of high and low grade. Most of the areas bearing high grade ore have already been leased out. The total inferred reserves of manganese ore in Nagpur and Bhandara districts are placed at 75 m. tonnes. For the present, a substantial quantity of manganese ore produced is exported in raw condition. The two ferromanganese plants located one each in Nagpur and Bhandara districts consume a sizeable quantity of ore. There is a heavy separation plant at Dongri Buzurg for beneficiating low grade ores.

In Bombay division also, the manganese ore appears to be occurring almost side by side with the three ironore belts running parallel in Ratnagiri district.

Bauxite:—Kolhapur district has rich deposits of bauxite. More than 47 million tonnes of bauxite exist in this zone. They occur at Udgiri, Dhangarwadi, Rangewadi, Radhanagari, Manbet and Idergang all in Kolhapur district.

In the coastal region, bauxite occurs in Ratnagiri, Thana and Kolaba districts and also in Satara and Sangli districts. The deposits of Ratnagiri lie in the up-ghat region at Amboli. The ore occurs at Tungar hills in Thana district and in the Borivli, Jogeshwari and Goregaon area. In Kolaba district, bauxite deposits of good quality have been reported at Dohane, Ambegaon and Wakalghar in Murud taluka and Wave and Shinona in the Shriwardhan taluka. The known total reserves of bauxite of all grades in the above districts are about 66 million tonnes, out of which 13 million tonnes are of high grade.

Coal:—Vidarbha is the only region in the whole of Maharashtra where coal is found. Coal occurs in four detached basins viz. Kamptee, Umrer and Bokhara in Nagpur district and Wardha Valley coal field in Chanda and Yeotmal districts. At present three mines, one each in Kamptee. Sillewara and Umrer in Nagpur district and six mines in Chanda district are working.

The estimated reserves of coal in Kamptee and Umrer are 700 mln. tonnes and 70 mln. tonnes, respectively. The reserves of Wardha valley are Chanda—136 million tonnes,

Ballarpur — 2,000 million tonnes, Sasti-Rajura — 100 million tonnes, Mazri — 50 million tonnes, Warora — 60 million tonnes, Gughus — Telwasa — 1,500 million tonnes and Rajur (or Wun) — 240 million tonnes.

In Nagpur district the estimated total reserves are placed at 373 million tonnes.

On the basis of proved deposits of coal at Umrer and Sillewara an open-cast mine of one million tons capacity is already in production at Umrer by the National Coal Development Corporation and production from Sillewara is also expected soon. The coal produced from both the areas would be consumed mostly by the Khaparkheda thermal power station.

The total coal reserves in the Vidarbha region are of the order of 5,000 million tonnes.

Limestone:—The Marathwada region has limited mineral resources, which consist chiefly of building stones, semi-precious stones, zeolites and material for lapidary industry. Limestone deposits have, however, been discovered south-west of Mohada and Pardi in the Kinwat Taluka of Nanded district. The reserves in these deposits are estimated at 0.78 and 1.6 million tonnes respectively. The deposits are of poor quality.

Important deposits of limestone in Nagpur Division are located in Rajur, Mukutban, Sindola and Chanakha—Bhimkund in Yeotmal district and Warora, Rajura, Sangoda and Naranda-Pimpri in Chanda district. As a result of investigations carried out by the State Directorate of Geology and Mining about 140 million tonnes of limestone has been found in different areas of Yeotmal district and in entire Chanaka-Bhimkund belt the estimated reserves have been placed at 1,300 m. tonnes down to a depth of 20 metres. The estimated reserves of Yeotmal District are of the order of 5,000 million tonnes.

In Poons Division, limestone has been located at Kallur, Nandur, and Khanderawadi in Ahmednagar district. Recent surveys reveal good deposits of limestone in the Miraj taluka of Sangli district.

Reserves in Ahmednagar and Sangli districts are estimated at 0.5 and 1.5 million tonnes respectively.

Dolomite:—Extensive deposits of dolomite and dolomitic limestone occur in Yeotmal, Chanda and Nagpur districts of Vidarbha region. A reserve of 50 million tonnes of flux grade dolomite has been proved in Wani tehsil, Yeotmal district. The reserves of dolomitic marbles in Nagpur district are estimated at 186 million tonnes. The dolomits of Nagpur and Yeotmal districts is used as flux by the ferromanganese plants situated in Kanhan and Tumsar.

The distribution of some other minerals is :--

Ilmenite:—Deposits of ilmenite sand (ilmenite content—70 to 76 per cent) occur sporadically along a 40 kilometre long coastal belt from Purnagarh to Malgund and beyond in Ratnagiri district. Probable reserves at some important localities like Rajwade, Bhatia, Ratnagiri, Purnagarh, Gaonkhedi and Malgund are about one million tonnes. These are not worked at present.

Chromite: Ratnagiri District (Kankavali, Vagda), estimates 72,300 tonnes, and Bhandara district (Pauni), estimates 487,700 tonnes.

Silica:—Ratnagiri District: Important deposits are located at Math, Vetora, Tendoli, Walawal, Chendwan, Phonda Ghat and Kasarde. Estimated reserves over 60 million tonnes. The silica sand is useful for foundry and chemical industries like Sodium Silicate.

Clay:—Ratnagiri District (Talegaon, Malvan, Vengurla, Kudal, Sawantwadi); Thana District (Ghokhara Mouza near Bassein Road); Nagpur District (Bozargaon, Shemda, Khapri); Amravati District (Belkher, Kharaili, Pandhari); Chanda District (Kothari, Isapur, Ballarshah, Junona, Bhaudak). Some leased for pottery works at Nagpur, Jabalpur and Chanda.

Kyanite, Sillimanite and Corundum:—These minerals occur at Pohara, Gobarwahi, Dahegaon, Mugra and other places in Bhandara District. The probable deposits of kyanite and sillimanite in Dahegaon-Pimpalgaon have been estimated at 2.5 million tonnes.

Tungsten:—Wolframite with occasional association of scheelite is reported from Agargaen in Nagpur District.

Barytes —Barytes occurs at Thaneswasna in Chanda district, where the probable reserves are estimated at 26,450 tonnes.

In 1967, the total value of mineral production (excluding minor minerals, common salt and atomic minerals) in Maharashtra was Rs. 85·14 million as against Rs. 77·55 million in 1967. The State ranked tenth in mineral production in the country in 1968.

The table below gives production of various mineral during 1967 & 1968 and the value.

	Minerals -						19	967	1968	
							Quantity (Tonnes)	Value (Rs. '000)	Quantity (Tonnes)	Value (Rs. '000)
Bauxite							23,487	271	45,744	547

GREATER BOMBAY

The area of Greater Bombay is 186 sq. miles and the population 4,152,056 (1961 Census). The population of Greater Bombay has increased by 1.8 million since the last consus in 1961. The present population (1970) is nearly similion, according to a rough estimate that has emerged from preliminary investigations in connection with the decennial national census due to begin from February 1971.

The area of Bombay City is 26 sq. miles and the area of the Bombay Suburban District is 160 sq. miles. For population see under "Population".

The northern boundary runs from the north of Dahisar village in the west, in the centre between the milestones 21 and 22 on the Agra Road.

The municipal area of Greater Bombay described above is also the area covered by Bombay City and the Bombay Suburban District from the point of view of revenue division.

The Collector for Bombay City is also the Collector for the Bombay Suburban District. Bombay City Collectorate is directly under the Government and is governed in accordance with the provisions of the Maharashtra Land Revenue Code, 1966.

The Bombay Suburban District has besides the Collector, one Additional Collector, one District Deputy Collector, one Additional District Deputy Collector and three Mamlatdars one for each of the Talukae. Andheri (also called South Salsette) with headquarters in Andheri, Borivli with headquarters in Borivli and Kurla with headquarters at Mulund (with effect from Aug. 16, 1962). The headquarters of the Additional District Deputy Collector is at Andheri.

There are 35 Presidency Magistrates Courts out of which two are created for the trial of railway cases and one Juvenile Court for the trial of children act cases. Besides there are 12 courts of Honorary Presidency Magistrates, 10 Police Divisions and 39 police stations in Gr. Bombay.

COMMERCE AND INDUSTRY

Commercially and industrially Bombay is the second, if not the first city in India. It is the principal centre of the cotton textile industry (56 cotton mills with 58,547 looms and 31,06,502 spindles). Its share in looms and spindles is 32.45 per cent and 24.06 per cent respectively of the total in the country. There are over 566 textile factories including silk, woollen and hosiery; over 986 engineering undertakings; over 146 establishments manufacturing articles of food, drink and tobacco; over 256 establishments producing chemicals, etc.; 19 hides and skins processing concerns, and over 2,000 factories of a miscellaneous character.

The Reserve Bank of India, the central banking and currency authority has its Central Office in Bombay and 33 Indian Scheduled Commercial Banks operate in Bombay. Of the Indian Scheduled Commercial Banks four have their registered offices here. There are 14 foreign Scheduled Commercial Banks (including one Pakistani bank, which is presently administered by the Custodian of Enemy Property) in Bombay. Of these, eight have their principal offices located in Bombay.

Being the best natural harbour in India, the trade carried through Bombay is about 46 per cent of the total trade of India. The principal items of import are bricks, cement, sand, etc.; China clay; coal; cotton; glassware; grain; hardware; iron and steel; kerosene; fuel oil; mctor vehicle parts; machinery; boilers and railway materials; oilman stores; oils; vegetables, etc.; paper; piece-goods; petrol; sugar; timber; twist and yarn; Government and naval and military stores.

The main exports are coal; cotton; flour; groundnuts; hemp; hides and skins; kerosene and fuel oils; manganese ore; myrobalans; oil-cake; piece-goods; seeds; spices; sugar; wool packages; twist and yarn; Government and naval and military stores.

The total returns to the Central Government from Greater Bombay in customs revenue for the year 1968-69 was about 44.35 per cent of the total revenue from the seaborne and airborne trade of India. The total income-tax collections to the Central Government from Greater Bombay during the year 1968-69 was Rs. 664 crores which is about 32 per cent of the total income from the country. The Corporation Tax amounts to Rs. 117 crores, about 49.5 per cent of the total collections in Gr. Bombay.

COMMUNICATIONS

From the communications point of view Bombay holds a unique position. There are numerous air routes connecting Bombay with the rest of the country, and it is also directly linked with foreign countries aerially. The head offices of two chief railway systems, the Central and Western Railways are in Bombay which is rail linked with Calcutta, Delhi, Nagpur and Madras. It is the second

biggest port and the chief sea communications centre of India. Greater Bombay's transport requirements are met by the local services of the two railways, Central and Western, besides the bus services of the municipalised Bombay Electric Supply and Transport Undertaking.

HOUSING

Statement showing the number of tenements constructed and completed by the Maharashtra Housing Board from April 1, 1947 to Dec. 31, 1968 in the Greater Bombay area, under the respective groups: Old industrial housing scheme 2,608; scheme for B.S.O.R. 500; old low income group housing scheme 2.075; military hutments 1.575; subsidised industrial housing scheme 26,918; rehabilitation scheme 19,715; new low income group housing scheme 7,769; slum clearance scheme 14,921; housing scheme for dishoused persons 200; middle income group housing scheme 1,000; economically weaker section housing scheme 790; Deposit Contribution Scheme 464; Total 79,135; acquisition and development of lands 515 acres: Juhu-Vile Parle development scheme 426 acres; Total 941 acres; Total expenditure incurred during the above period for the whole State Rs. 4.424.87 lakhs. (This is exclusive of Vidarbha region).

THE GREATER BOMBAY CORPORATION

To improve the tempo of civic amenities and to add substantially to the convenience of the public, the administration was divided ward-wise from 1964-65.

The municipal area of Greater Bombay is now divided into 17 administrative wards. These are A, B, C, D, E, F (North); F (South); G (North); G (South); H; K; L; M; N; T; P; R.

For election purposes the municipal area of Greater Bombay is divided into 140 electoral wards—numbered 1 to 140.

The municipal government of Greater Bombay vests in the Municipal Corporation, composed of 131 representatives elected on adult franchise.

The Corporation has four statutory committees, the Standing Committee, the Improvements Committee, the Bombay Electric Supply and Transport Committee and the Education Committee.

The executive power in regard to general municipal administration vests in the Municipal Commissioner. The administration of the B.E.S.T. Undertaking, however, vests in the General Manager, B.E.S.T.

The Corporation is required to meet at least once a month. In actual practice it meets twice a week and oftener if necessary. Meetings of the Corporation are presided over by the Mayor who also convenes the meetings. The Mayor's term of office is one year and he is elected at the first meeting in April.

As per provisions of the Bombay Municipal Act relating to elections amended under provisions of Maharashtra Act No. VIII of 1965, the Municipal General Election was held early in 1968 on the basis of single member constituencies consisting of 140 wards. The term of the constitution was raised from 4 to 5 years.

The four most important officers of the Corporation are the Municipal Commissioner, the General Manager of the Undertaking, the Municipal Secretary and the Municipal Chief Auditor.

EDUCATION AND MEDICAL RELIEF

Primary education is free and compulsory in the Lower Primary standards and the upper primary classes of the Municipal Schools all over Greater Bombay. It is the special responsibility of the Corporation.

But only about 88 children out of 100 receive an education.

There were 1,019 Municipal Schools and Classes conducted by the Education Committee and 562 Aided and Recognised Schools. The total number of pupils in Primary Schools was about 6,64,797 out of whom 4,91,332 were in Municipal Schools and the rest in other Schools. The Corporation spent about Rs. 8,25,97,770 on primary and secondary and vocational education including office in 1968-69. Of this Government contributed Rs. 71,86,340. There was a net increase of 10,121 pupils in Municipal Schools during the year.

Education cess collected during 1988 was Rs, 1.42,50,059.

With the sanction of the State Government the Corporation has started 27 secondary schools. Instruction is imparted through Marathi, Gujarati, Urdu, Hindi and Kannada.

The Municipality maintains the Victoria and Albert Museum at Victoria Gardens and 22 libraries and free reading rooms.

Medical Relief: The Municipality runs one large hospital for infectious diseases (except tuberculosis, veneral disease and leprosy) at Sane Guruji Road and three other large general hospitals in the City proper (K.E.M.; Nair and the Lokamanya Tilak Hospital, previously known as the Sion Hospital) and a group of hospitals for the treatment of tuberculosis at Sewri, an isolation centre at Dadar and four clinics and an ear, nose, throat hospital at Napier Road. Altogether 1,288 beds are reserved for T.B. patients. In the Suburbs there are five small general hospitals and 1

T.B. Clinic and 400 beds reserved for T.B. patients. Medical treatment is administered also through 61 general dispensaries, 2 Ayurvedic dispensaries, 1 Unani, 6 women's and children's clinics, 11 Mobile Hospital Units, and 23 Maternity Homes and 29 maternity and child welfare centres. The five general hospitals have maternity wards where maternity cases are treated free of charge. There are 52 family welfare planning centres in Greater Bombay. Anti-rabic treatment is given free of charge at the K.E.M., Nair and Lokamanya hospitals as well as the Bhabha Hospital at Bandra, the Municipal General Hospital at Ghatkepar (at Rajawadi); K. B. Bhabha Hospital, Kurla and Smt. M. T. Agarwal Municipal General Hospital, Mulund.

WATER SUPPLY

The water supply of the City is drawn from four lakes: Tansa, Vaitarna, Vihar, Tulsi and Ulhas river. The Tansa lake combined with Vaitarna has the maximum supply capacity and it is the main source of water supply. It is situated about 66 miles north-east of Bombay. The Vihar lake can supply 20 million gallons a day exclusively to the north-east part of the City and also partly to Chembur and Kurla. It is situated about 18 miles north of Bombay. The Tulsi Lake which is to the north-west of Vihar Lake supplies 3 million gallons a day.

Under Section 140 of the Bombay Municipal Corporation Act the Corporation can levy water tax on buildings, lands and premises in the City. The tax is fixed as a certain percentage of the rateable value of the building, land or premises. The supply of water to any premises can be cut off in default of payment of water tax or any sum due for water or hire of meter or expenses of work done.

If the Municipal Commissioner finds that any premises are not provided with an adequate supply of pure water he has the power under Section 271(2) to compel the person who pays the property tax to obtain an adequate supply from Municipal Water Works and carry out all such works as is necessary for a proper distribution of water.

For purposes of distribution Bombay is divided into five divisions, viz., area getting supply from (a) Malabar Hill Reservoir, (b) Bhandarwada Hill Reservoir, (c) Worli Hill Reservoir, (d) Gollanji Hill Reservoir and (e) directly from trunk mains.

Total water supplied to Greater Bombay per day during 1968-69 was about 206.87 million gallons.

Quotas have been fixed to limit the consumption of industries requiring more than 32,996 gallons of water per month.

The schemes envisaged to augment the present water supply are: Rs. 5.25 crores Dahisar river dam, which is expected to yield 6 million gallons of water per day and construction of a dam on the Upper Vaitarna river. Other schemes are the Bhatsai, Kalu and Ulhas river schemes. The Govt. of Maharashtra permitted the Municipal Corporation to draw surplus water from Ulhas river.

The Municipal Corporation will have to make arrangements to convey the additional supply (full supply estimated at 120 million gallon per day) by laying an additional pipe line from Tansa to Bombay. The work of driving a tunnel from Mulund to Kandivli is already in progress. The Corporation will also have to construct additional service reservoirs and distributory mains in Greater Bombay area for proper distribution of water. All the works are likely to cost about Rs. 42.2 cores.

Regular bacteriological and chemical analysis of water is carried out by the Municipal Analyst.

PUBLIC HEALTH DEPARTMENT

The Department is divided into several branches such as environmental sanitation, food sanitation and food adulteration, vital statistics, regulation of places for disposal of the dead, prevention and control of communicable diseases, maternity and child hygiene, family planning, medical relief and health propaganda.

The vaccination staff includes a Superintendent, a Head Vaccinator, a number of vaccinators including a Lady Vaccinator. There are 84 public vaccination stations 7 of which work daily at: 1. The Central Vaccine Depot, Parel. 2. The Sanitary Institute Building, Princess Street. 3. Municipal Suburban Offices, Waterfield Road, Bandra. 4. Andheri Maternity Home, Andheri, 5. Seth N. L. High School, Malad, 6. Kasturba Hospital, Sane Guruji Road. 7. Ferry wharf (closed from June 1, to Sept. 30). The remaining centres work on one day every week by rotation for about 2½ hours. Vaccinations are also done at the Municipal general hospitals. The Govt. of Maharashtra has declared Greater Bombay to be an area of compulsory vaccination.

Hygiene includes maternity and child welfare, family planning and school health.

There are 29 maternity and child welfare centres in Greater Bombay and five maternity wards in general hospitals, each in charge of a Lady Medical Officer. A number of Health Visitors do the follow-up work and ensure domiciliary care under the direction of the Lady Medical Officers. A small maternity unit is conducted at Dharavi. Expectant mothers are encouraged to attend ante-natal clinics, of which there are 27 in number. Maternity Homes in the City are at Cadell Road, Victoria Road, Bellasis Road, Khetwadi, Imamwada Road and Naigaum. Child welfare clinics are conducted (besides the Maternity Homes) at Fergusson Road Dispensary at Parel Tank Road, District Dispensary at Souter Street, Tardeo Flats Dispensary, District Dispensary at Charni Road, District Dispensary at Panjrapole, Palton Road Stables Dispensary. Four child health centres, two well-baby centres and three paediatric centres are conducted at Maternity homes.

There are 52 family welfare planning clinics conducted at Municipal maternity homes and hospitals and railway stations where instruction and advice in the spacing of births are given. Operative procedures are done at the larger Municipal hospitals as well as at Naigaum Maternity Home on a voluntary basis only. In addition six information-cum-distribution centres with vasectomy operations were started in co-operation with the Central and Western Railways. Two more such centres are conducted at Nana Chowk and Worli.

School Health Work is limited to Municipal Schools only and is under a Medical Officer. Children found to have defects are taken for treatment in school buses to the school clinic at K.E.M. Hospital. Dental care is given at the Dental Clinic at the Bai Yamunabai L. Nair Hospital. All children in municipal schools are given free milk on working days.

The Public Health Laboratory which is under the charge of a Municipal Analyst conducts routine and special examinations of water, sewage, food, urine, blood and sputs of patients at Municipal Institutions. There is also a Health Museum maintained for the education of citizens.

Conservancy includes cleansing of streets, etc., removal and disposal of refuse, destruction of rats and dogs, veterinary service, removal of carcasses, disinfection, ambulance and so on. Medical Relief is given at the following hospitals:

K.E.M., Nair, Lokmanya Tilak Hospital, R.P.T.B. and Kasturba Hospital, at 61 Municipal General Dispensaries, 11 Mobile Hospital units, one Eye Hospital and Dispensary and an Ear. Nose and Throat Hospital.

WELFARE WORK

'The Bombay Civic Journal' published by the Municipal Corporation, deals with the activities and problems not only of the Bombay Municipality, but also of other local bodies all over the country and seeks to foster 'an objective discussion of civic issues and the larger questions relating to local self-government from the national angle'.

The Public Relations Department, besides doing educative publicity through films, posters, pamphlets, press notes etc., has also been issuing useful booklets for the guidance of citizens.

Other activities include the production of films for health education, the introduction of various modern devices for traffic movement, starting of a unit for research in primary education, the opening of a municipal bank, the building of two open-air theatres for the recreation of citizens, holding of civic exhibitions, organisation of health and cleanliness weeks, conducting of seminars, establishment of an electric crematorium, construction of sub-ways, two fly-overs and the starting of a department of preventive and social medicine at the Topiwala National Medical College and a convalescent home at the K.E.M. Hospital and maintenance of a swimming pool.

GREATER BOMBAY (1968-69)

Area: About 1,08,787 acres.

Population: 41,52,056 (1961 census) (City 27,71,933; Suburbs 10,36,585; Extended suburbs 3,43,538). The mid-year (1968-69) estimated population of the city, suburbs and extended suburbs was over 55,34,000. In 1970, it is nearly six million according to a rough estimate.

THE SALVATION ARMY

The areas served by the Salvation Army have been divided for administrative purposes into 6 territories, (2 of which are outside India) each under a Territorial Commander and one smaller command.

NORTH EASTERN INDIA TERRITORY:

Territorial Headquarters: The Salvation Army, 37, Dharamtalla Street, Calcutta.

Territorial Commander: Colonel Fazal Masih.

General Secretary: Major Gordon Bovan.

The work of The Salvation Army in this territory is in Punjab, Uttar Pradesh, Orissa, Bengal, Delhi, Assam, Bihar, Manipur and Cachar.

Evangelical work is carried out extensively in these States and Union territories. Three hundred and forty officers labour at 831 corps and 1,451 societies and outposts.

Social work comprises Social Service Centre, Girls' Home, Students' Hostel, Men's Home, Free Meal Service, also Motherless Babies Home, Young Women's Hostel, Red Shield Guest House, Mary Scott Home and School for the Blind and orphanages for boys and girls.

Medical work: Mac Robert Hospital in Punjab, Poor

Peoples' Clinic at Calcutta.

Educational Work: A High School in Punjab and numerous village schools.

MADRAS & ANDHRA TERRITORY:

Territorial Headquarters: The Salvation Army, 1C. Ritherdon Road, P.O. 453, Vepery, Madras.

Territorial Commander: Lt.-Commissioner S. Gnana. poplon

General Secretary: Brigadier James Kennedy.

The Territory covers part of Tamil Nadu. Andhra Pradesh and Mysore States and 381 officers work in 170 corps and 176 outposts and societies with a High School and 64 day schools.

Social Work: Mainly comprised of an Agricultural Colony at Guntur district and Women's & Children's Home in Madras.

Medical Work: A Hospital for Leprosy Patients at Bapatls, and a General Hospital at Nidubrolu in Andhra Pradesh.

SOUTHERN INDIA TERRITORY:

Territorial Headquarters: The Salvation Army, Kowdivar. Trivandrum 3.

Territorial Commander: Colonel Harry Williams.

Chief Secretary: Lt.-Colonel Y. S. Chelliah.

The main work of the territory is evangelical and it comprises the whole of the Malyalam speaking State of Kerala and the Southern district of the Tamil speaking State of Tamil Nadu. The work is carried on by 730 officers and 691 outposts and societies with two High Schools and 25 village schools.

Medical Work: A Hospital for Leprosy patients at Puthencruz near Ernakulam and a large General Hospital in Nagercoil, Tamil Nadu.

WESTERN INDIA TERRITORY:

Territorial Headquarters: The Salvation Army, Morland Road, Byculla, Bombay 8 BC.

Territorial Commander: Commissioner Joseph Dahya. The territory covers extensive areas in Maharashtra and Guiarat States and 464 officers work at 242 corps and 527 outposts, covering evangelical, social and medical and educational work.

Social Work: Social Service centre with Waste Paper, Free Meal distribution and Relief depot in Bombay. Women's & Children's Home in North Bombay. Agricultural colony in Gujarat and Young Women's Hostel in Bombay and Poons. Boarding schools for Boys and Girls.

Medical Work: Two general hospitals with dispensaries and Public Health work; also a Red Shield Guest House, in Bombay.

Educational Work: One High School in Maharashtra and 68 village schools in Gujarat and Maharashtra.

BOMBAY LABOUR INSTITUTE
(Government of Maharashtra)
Dadabhoy Chamarbaugwala Road, Parel, Bombay 12.
Director: Dr. B. S. Bhir.

Recognised by the Bombay University as a post-graduate institute of specialised studies leading to 2-year University Diploma in Labour Welfare (D.L.W.). The course is open

to Degree holders in B.A., B.Sc., LL.B., or B.Com. of Bombay University or any other recognised University.

Trains Government Labour Officers, in the short inservice training course of six months' duration; and the successful candidates are awarded the Labour Officers' Certificate (L.O.C.) of the State Government.

The Institute has started a full time one-year post Intermediate (relaxable to S.S.C. level) Diploma Course in Trade Unionism and Industrial Relation's on behalf of the Maharashtra Government with a view to equipping floor-level leaders and others concerned with the welfare of workers with adequate information and knowledge on scientific Trade Unionism, to promote better industrial relations and to strive for unity in the Trade Union movement. The Government of Maharashtra has started a scheme of granting stipends to full-time trade unionists to enable them to undergo the training.

The Institute operates the State Workers' Education Scheme on behalf of the Government to train and discipline the mind of the workers, to enable them to be good and efficient workers and to promote better industrial relations. The class is open to all factory workers and each session lasts for 3½ months.

On behalf of the Planning Commission the Institute conducts from time to time case-studies of Labour-Management Relations in different units.

"DUFFERIN," TRAINING SHIP Off Mazagon Pier, Bombay 10.

(Under the administrative control of the Government of India, Ministry of Transport).

The "Dufferin" is a pre-sea training ship for cadete aspiring to become Navigating Officers and ultimately the Captain of a ship in the Merchant Navy. A large number of Dufferin ex-cadets are also employed as officers in the Indian Navy, Port Services, Mercantile Marine Department and other ancillary services.

The course is of 2 years duration and consists of educational and professional subjects, stress being laid upon officer-like qualities and physical proficiency. All cadets are resident on board and are required to be physically fit to take part in all ship's activities. On satisfactory completion of training, cadets are accepted in sea-going ships of the Merchant Navy for 3 years apprenticeship.

After passing the Ministry of Transport Certificate of Competency they become qualified for apointment as Navigating Officers.

The age limits for admission are 15½ to 18 years on the lat of July of the year of entry. Annually about 80 cadets who have matriculated are selected on the basis of an all-India qualifying examination, and interview. The approximate total cost to a parent is about Rs. 3,000. Å large number of scholarships ranging in value from Rs. 400 to Rs. 3,000 are available.

TATA INSTITUTE OF FUNDAMENTAL RESEARCH

Homi Bhabha Road, Bombay 5.

The Tata Institute of Fundamental Research which carries out fundamental research in physics, mathematics and allied sciences was established in June 1945.

The Government of India has recognised the Institute as the National Centre for advanced study and fundamental research in nuclear science and mathematics. The Institute is permanently recognised by the University of Bombay as a constituent recognised institution for postgraduate research in physics and mathematics.

The Institute is managed by a Council consisting of the representatives of the Govts. of India and Maharashtra and the Sir Dorabji Tata Trust,

J. R. D. Tata (Chairman); Professor M. G. K. Menon (Director).

TATA INSTITUTE OF SOCIAL SCIENCES Sion-Trombay Road, Chembur, Bombay 71, (AS)

Founded by the Sir Dorabji Tata Trust, in 1936, this pioneer institution, which is deemed to be a university, offers programmes of training leading to the Ph.D. degree in Social Work, Ph.D. degree in Social Sciences; M.A. degree in Social Work in the fields of Criminology and Correctional Administration, Family and Child Welfare, Medical and Psychiatric Social Work, Social Research, Urban and Rural Community Development, M.A. degree in Personnel Management and Labour Welfare and a one year certificate programme in Social Research.

The Department of Social Research promotes research in Social problems. The Indian Journal of Social Work, which is a quarterly, is published in April, July, October and January. The Institute has one of the best Social Science Libraries in the country with 26,000 books in

the related fields. A documentation list is published by the Library once a fortnight.

The Institute conducts a Child Guidance Clinic, a special school for bedridden hospitalised children at Parel and the Worli Community Centre.

The Institute provides accommodation for about 130 resident men and women students and some members of the staff.

JAMNALAL BAJAJ CENTRAL RESEARCH INSTITUTE FOR VILLAGE INDUSTRIES Maganwadi, Wardha,

Estd. 1955. Aims & Objects: Research and investigation for the improvement of the tools and techniques of village industries.

SARVA SEVA SANGH Gopuri, Wardha.

Object: The Sangh is to build a stateless and non-exploitative Society based on truth and non-violence. Its basic policy is to preserve moral values in human personality. The Sangh strives to eradicate distinctions of high and low based on caste, race, colour, sex etc. to abolish not only class-conflict, but classes themselves and promote mutual co-operation and remove the economic disparities in agriculture, industry and other fields through Gramdan, Khadi and decentralised economy. So far over 1,50,000 villages have decided to conduct their affairs on lines of Gramdan.

Shanti Sena Mandal is doing peace work in the country in general and in border areas in particular on behalf of the Sangh.

DISTRICTS IN MAHARASHTRA

AHMEDNAGAR DISTRICT*

Headquarters: Ahmednagar.

The language spoken is Marathi.

The staple food grains are jawar and bajra. Wheat and gram are grown in the vicinity of the rivers and rice in the westernmost Akola Taluka including other irrigated areas. Vari and ragi are cultivated in soils which are suited to coarser grain. The pulses are tur, mung, math and kulith. Among the cash grops may be mentioned cotton, hemp, safflower, sesamum, linseed, sugarcane, tobacco, kardi, pan, groundnut, tomatoes, bananas and potatoes. Recently sisal fibre crop plantations are undertaken on an extensive scale.

The chief historical places of interest to visitors are the Ahmednagar Fort, the tomb of Mughal Emperor Aurangzeb (on the outskirts of the town), the temple of Davaneshwar. the residential palaces of the Shindvas and the Peshawas at Jameson and Kopergaon respectively.

Among industries sugar is now one of the most important. There are twelve sugar factories in the District. Gur making, handloom weaving, iron foundries and bidi making are the other important industries.

There are ten irrigation tanks in the District.

There is a Holiday home at Bhandardara, a summer resort and hill station.

MAHATMA PHULE KRISHI VIDYAPEETH

(Agricultural University) Rahuri.

AKOLA DISTRICT*

Headquarters: Akola,

The greater part of it is fertile alluvial land but the Satpura plateau rises abruptly on its northern border with the ancient fort of Narnala nestling on one of the hills and commanding the whole Poorns plain. The

average rainfall is 30 inches and the temperature in summer rises in certain places to 118 degrees during the day.

The District is mainly agricultural but there are cloth mills, a number of cotton ginning and pressing factories and oil mills.

AMRAVATI DISTRICT*

Headquarters: Amravati. Amravati is a plain about 800 feet above sea-level.

The language spoken is Marathi.

The staple foodgrain is jawar. Other foodgrains are wheat and pulses, Cash crops include cotton and oilseeds, of which cotton is the more important,

AURANGABAD DISTRICT*

Headquarters: Aurangabad.

The most important cave temples in India - at Ellora and Ajanta - are found in this District. The great fort of Daulatabad is an extraordinary structure; the village of Khuldabad has the tombs of the Emperor Aurangzeb and of Asaf Jah, the founder of the former ruling dynasty.

MARATHWADA UNIVERSITY

(Aurangabad)

Total No. of Affiliated Colleges: 41.

Total number of students in University Departments and all the affiliated Colleges: 28,526.

There are eight faculties in which provision for teaching courses of study leading to the following degrees has been made :-

Faculty of Arts: B.A., M.A., Ph.D.; Faculty of Science: B.Sc., M.Sc., Ph.D.; Faculty of Law: LL.B., LL.M.; Faculty of Medicine: M.B., B.S., M.D. & M.S.; Faculty of Commerce: B.Com., M.Com.; Faculty of Education B.Ed., M.Ed.; Faculty of Engineering: B.E. (Civil), B.E. (Electrical), B.E. (Mechanical), M.E. (Civil); Faculty of Ayurveda : B.A., M.S.

The University has so far instituted the Departments of (i) Marathi Language and Literature, (ii) Economics, (iii) Chemistry, (iv) Zoology, (v) Political Science, (vi) History and Ancient Indian Culture, (vii) Botany, (viii) Mathematics, (ix) Physics, (x) English, (xi) Commerce, (xii) Sociology, (xiii) Hindi, (xiv) Foreign Languages (German & Russian).

The post-graduate teaching has been instituted in the following subjects :-

English, Marathi, Hindi, Sanskrit, History, Economics, Urdn, Sociology, Education, Medicine, Law, Mathematics. Chemistry, Botany, Commerce, Engineering, Political Science and Zoology.

Research: Facilities exist for research in Economics, Chemistry, Zoology, Botany, Political Science, Marathi Language and Literature, History and Ancient Indian Culture, Mathematics and Physics, English, Urdu, Hindi.

Chancellor: Governor of Maharashtra; Vice-Chancellor: Dr. N. R. Tawde: Registrar: V. K. Dhamankar.

Budget Estimates for 1969-70

Grants from the State Government: Rs. 30,67,174. Grants by the University Grants Commission and the Government India: Rs. 18,80,309. Other Income: Rs. 29,20,622. Expenditure: Rs. 78,68,105.

[·] For the area and population of the districts, see main article Population.

BHANDARA DISTRICT*

Headquarters: Bhandara,

The chief language is Marathi but Hindi is also spoken by a considerable section of the population.

The principal food crops are rice, jawar, wheat, gram, linseed and pulses. Ginger, oranges and plantains are also

grown and sent to Nagpur. Mineral deposits include those of manganese, iron and a little gold.

The chief industries are weaving, making of brass vessels and stone jars, of soft grass matting for bedding, and of bamboo baskets.

BHIR DISTRICT*

Headquarters : Bhir.

There are forts and buildings at Bhir which are of archaeological interest. Amba has a temple dedicated to Jogai. The temple of Baijnath at Parli is a celebrated place of Hindu pilgrimage.

The soil is mostly black cotton. On this are grown cotton, white jawar, gram, gingelly and wheat, while on the masab and kharab soils are grown white bajra, yellow jawar, pulses and oilseeds. Cotton and linseed are produced extensively in the District. The staple food crops are jawar and bajra. Wheat and rice are next in importance,

BULDANA DISTRICT*

Headquarters: Buldana.

The language spoken is Marathi.

Jawar is the chief food crop, though wheat is also grown. The most profitable cash crop is cotton with oilseeds

coming next.

The principal industry is the preparation of cotton for the market. Exports consist of raw cotton, oilseeds, grain and pulses, and the imports include grain and pulses, coal and coke, sugar and salt.

CHANDA DISTRICT*

Headquarters: Chanda.

The languages spoken are Marathi, Hindi, Telugu and Gondi.

Except in the open country on the west and north, the whole District is thickly wooded.

The forest vegetation in the District is of a mixed character. Teak is fairly general but is not anywhere very plentiful. The principal trees are Saj, Bijasal, Rohan, Kaddan, Haldu, Semal, Mahua, Dhaura, Tendu, Garari and Palas. The forests are well distributed, and very few

villages are more than three miles from some part of them.

The annual rainfall averages about 51 inches at Chanda Town and 46 at Warora.

Rice which is the most important crop is grown in the centre and east of the District. Jawar is the chief crop in Sironcha and the Warora Tahsile, while linseed, gram and wheat are grown principally in the black-soil lands of the Chanda Haveli and those adjoining the Wardha river. Cotton is also an important cash grop.

Coal-mines occur and there are match factories, ceramic industries and paper manufacture.

DHULIA DISTRICT*

Headquarters: Dhulia.

The languages spoken are Marathi, Gujarati and Bhil.

The main crops of this District are cotton, wheat, bejra, jawar and groundnut. Sugar-cane and chillies form the main irrigated crops. There are two types of irrigation in this District: (1) Well irrigation and (2) Bandhara irrigation.

There is a Government Agricultural Institute, where Gram Sewaks are trained.

INDUSTRIES

Dhulia is the biggest cotton centre in the Dhulia District and has a well regulated Cotton Market. There is also another regulated Cotton Market at Dondaiche in the Sindkheda Taluka. There are spinning and weaving factories as well as cotton ginning and pressing factories.

Dhulia has also been lately developing into a groundnut oil industry centre. There are about 42 oil mills, including 14 at Dhulia, which together produce about 2,000 tons of groundnut cake. There are also saw mills.

The newly built hill station of Toranmal, is situated on the Satpura range plateau at an altitude of 4,200 feet. The climate is very salubrious.

JALGAON DISTRICT*

Headquarters : Jalgaon.

Jalgaon District, with Jalgaon as capital, is one of the northernmost Districts in Maharashtra.

• For area and population of the districts, see main article Population.

AGRICULTURE

The most important crops are cotton, groundnuts, jawar, bajri, gram, millet, linseed and sesamum. The most

important garden crops are chillies, corriander, melons, watermelons, betel leaf, bananas, mosambis, santra and sugarcane. Cotton and groundnut are even more important. There is a large export trade in groundnut oil and hydrogenated oil or vanaspati.

Jalgaon is the biggest town and District headquarters. a great trade centre, and also an educational centre. The town is 37 miles from Ajanta Caves.

The rainfall (mean annual is 28.27 inches) is usually both general and regular, which fact in itself discourages irrigation, except for two weirs, at Jaunda (Chalisgaon taluka) and Dahigaon (Erandol taluka) on Girna River project. irrigating about twenty thousand B.GTGA of land.

The main industry is based on agriculture. There are several oil mills in the District, besides several bullock driven presses. There is a silk mill in the District. There is also a factory, which manufactures orackers and fireworks.

There are in the whole District three spinning and weaving factories, about 100 cotton ginning and pressing works, about ten dyeing factories, three big railway workshops (at Bhusawal) all employing more than 26,000

KOLABA DISTRICT*

Headquarters : Alibag.

Notable places in the District are Raigarh near Mahad, once the capital of the great Shivaji and Kanakeshwara near Alibag, which is now a holiday resort being situated on a hill. Elephanta in Kolaba is famous for caves. Alibag has the world famous magnetic observatory. The historical sea-fort Kolaba, at Alibag, was the naval capital of Shivaji.

AGRICULTURE, POWER

On the flat lands of the District rice is grown, and the sea-front is fringed by a belt of coconut and arecanut

palms. There is large-scale plantation of mango grafts. There is a thriving fishing industry. The District has three Power Houses. Uran and Pen are big salt-producing centres. Panyel and Khapoli have assumed importance for their industrial growth in recent years.

MATHERAN (HILL STATION)

Matheran is a hill station and sanitarium, about three hours' journey from Bombay and Poona. Visitors are conveyed up the hill from Neral (Central Rly). The town is about 2,500 feet above sea-level, and is a favourite hot. weather resort.

KOLHAPUR DISTRICT*

Headquarters: Kolhapur.

The language spoken is mostly Marathi, though Kannada is also spoken in a few parts. Kolhapur city, the headquarters, is a great trading centre for jaggery.

The chief agricultural products are jawar, rice, cotton, nagli, bajra, wheat, tobacco, sugarcane and groundnut.

Besides cotton mills, there are ginning and pressing factories. There are also ginning and powdering mills, groundnut crushing and oil mills, a sugar mill, cinema-film producing companies and soap factories and repair workshops.

SHIVAJI UNIVERSITY

Kolhapur 4.

It has jurisdiction over the five districts of Southern Maharashtra, i.e. Kolhapur, Sangli, Satara, Sholapur and Ratnagiri. There are 66 colleges and institutes within the area of the University of which seven are situated at the seat of the University. The University has the following faculties. 1. Faculties of Arts and Social Sciences: B.A.: M.A.; Ph.D.; D.Litt.; B. Lib. Sc.; Dip. in Coop.; Certificate in Journalism; M.S.W.; Diploma in teaching English as a foreign language. 2. Faculty of Science: B.Sc.; M.Sc.; Ph.D., D.Sc. 3. Faculty of Law: LL.B.; LL.M.; Dip. in C.F.Sc. 4. Faculty of Commerce: B.Com.; M.Com. 5. Faculty of Education: B.Ed.; M.Ed.; Ph.D.; T.D. (Dip. in Teaching). 6. Faculty of Engineering: B.E. (Civil); B.E. (Mochanical); B.E. (Electrical); M.E. 7. Faculty of Medicine: M.B.B.S.; B.Pharm., M.Sc. (Anatomy), Physiology, Pharmacology, Physiological Chemistry.

Chancellor: Governor of Maharashtra. Vice-Chancellor: Dr. A. G. Pawar. Registrar: R. A. Kadiyal (Acting).

Budget (Estimates) 1969-70:

Total Income: Rs. 93,79,639; Total Expenditure: Rs. 1.05,16,125.

dotted on the hills, extending along the south-western

NAGPUR DISTRICT*

Headquarters: Nagpur.

The language spoken is Marathi.

The richest part of the District is the western half of the Katol Tehsil. It possesses a soil profusely fertile and teems with the richest garden cultivation. From Pikapar Hills in the Katol Tehsil the plains extend to the eastern border. Its surface is scarcely ever level, but it is closely cultivated, abounds in mango groves and trees of all sorts, and towards the east is studded with small tanks which form a feature of the landscape. The elevation of the plain country is from 900 to 1,000 feet above sea-level.

The forests are mainly situated in a large block on the

Satpura Hills to the north-east, while isolated patches are

border. The annual rainfall averages about 47.5 inches.

Cotton and jawar are the chief produce of the District which is also famous for its oranges. There are some manganese mines and limestone quarries in the District and coal-mines at Kamptee.

There are five textile mills in Nagpur City, 2 steel Rerolling Mills, a number of oil mills, a pottery concern, saw mills, a rubber factory, a thriving frame making industry, a large fruit canning industry and a large number of handloom factories. Nagpur saris are in great demand in all parts of the country.

For area and population of the districts, see main article Population.

NAGPUR UNIVERSITY

Chancellor, Governor of Maharashtra. Vice-Chancellor, Dr. V. B. Kolte. Registrar, Dr. S. V. Bhagwat.

Teaching and affiliating: University Colleges 3, University Teaching Departments 25; Affiliated Colleges 97. Students (1968-69):

University Colleges: 1,177 (Men 1,102; Women 75),

University Teaching Departments: 1,191 (Men 811; Women 380).

Affiliated Colleges: 58,949 (Men 48,569; Women 10,380).

NANDED DISTRICT*

Headquarters: Nanded.

The District is on the whole dry and healthy. The annual temperature varies between 100° and 60°. The average rainfall is about 35 inches.

There are tombs of Muslim saints and Nanded has the

Gurudwara of the Hyderabad Sikhs where Guru Govind was buried.

Rabi crop consists of jawar, gram, wheat, oilseeds. The Kharif crop consists of bajra, linseed, cotton and maire. The staple food crop is jawar and the main cash crop cotton.

NASIK DISTRICT*

Headquarters: Nasik.

Nasik District is a historic place in Maharashtra and the city one of the oldest in the Deccan and a place of pilgrimage. The language spoken is Marathi.

With the exception of a few villages in the west the whole District lies on a tableland at an elevation of 1,300 to 2,100 feet above sea-level.

The main food crops are rice, wheat and bajra.

OSMANABAD DISTRICT*

Headquarters: Osmanabad.

The average annual rainfall is about 32 inches.

Six places of archaeological interest are the fort of Naldrug, the Jumma Masjid in Owsa Taluka, the caves around the town of Osmanabad, the two caves at Hasangaon, the old fortress at Parendah. Tuljapur is a place of Hindu pilgrimage.

The staple food grain is jawar. Wheat, rice and bajra are next in importance. Cetton is grown everywhere, while sugarcane is sometimes grown with well irrigation.

PARBHANI DISTRICT*

Headquarters: Parbhani.

The climate is healthy from February to May but it is feverish during the monsoon and the cold weather. The annual range of temperature is from 105° to 60°. The average annual rainfall is about 35 inches.

Structures of note in the District are the temple of Nagnath at Aundh, the Jain temple of Parsnath near Jintur, the temple near Bamu and the shrine of Ramzan shah.

The soil is partly black cotton and partly massb and kharab. On the black soil are grown white jawar, wheat, gram, tuar, while on the kharab soils are grown jawar, bajra, indigo, sessmum, oilseeds and pulses. The staple food crops are jawar, wheat and bajra. Cotton is grown throughout the District. About one-twentieth of the land is under forest.

POONA DISTRICT*

Headquarters: Poona.

The language spoken is Marathi.

The rainfall varies considerably in different parts of the District. In the western parts it is heavy and regular, in the central belt moderate, and in the east very irregular. The main crops are paddy and jawar. But the District is a deficit area in the matter of foodgrains. The District has an exportable surplus of jaggery and sugar.

It is the headquarters of the Southern Command and also of the Poona Sub-Area. The National Defence Academy is located in Khadakvasla. Some of the other military establishments around Poona are: the Ordnance Depot and the Arsenal at Kirkee and the Vehicles Depot at Dehu Road. The Indian Navy Mechanical Training establishment I.N.S. "Shivaji" is located at Lonavla, and the newly established Naval Engineering College, first of its kind in India, in the precincts of I.N.S. "Shivaji". Ammunition Factory, High Explosives Factory and 512 Command Workshop are all at Poona.

Armed Forces Medical College for post-graduate training in military medical science is also located in Poons. A Medical College for degree course run by the Army, which is perhaps the only one of its kind in the world from the point of view that the Army is running it, is located in Poons.

Yet other institutions are the Institute of Armament Studies and the Artificial Limbs Centre, the only one of its kind not only in India but also in South and West Asia and the fourth largest in the world. A gliding centre is also located near Poons. The National Cadet Corps Academy on Purandhar Fort is 30 miles South-East of Poona College of Military Engg.

Other important institutions of All-India character located in Poona are given below:

Meteorological Office; Central Water and Power Research Station; National Chemical Laboratory; Overseas Communications' Beam Wireless Station at Dighi; Headquarters of the Servants of India Society; Bhandarkar Oriental

[·] For area and population of the districts, see main article Population,

Research Institute; Penicillin Factory, Pimpri; Virus Research Centre, the only one of its kind in India; The Film Institute of India.

Besides the two industrial estates at Hadapsar and Pimpri, the whole belt along the Bombay-Poona Road from Kirkee, Dapodi, Pimpri, Chinchwad upto Lonavla is fast attracting industries of various types.

There are 4 sugar factories in the Dist. and 1 sugar manufacturing machinery factory at Pimpri.

The district can also boast of important places of historical and archaeological interests. Shivneri fort, birth place of the great Maratha Hero, Chhatrapati Shivaji, the famous Karla & Bhaja caves which constitute a fine example of Buddhist architecture of 1st Century B.C., Samadhis of Kasturba Gandhi and Mahadevbhai Desai are located in the district.

LONAVLA

This hill station is situated at the top of the Bhore Ghat inclined about 2,030 feet above sea-level.

The Govt. of Maharashtra has started a holiday camp at Karla at a distance of about 1½ miles from Malawali Railway Station.

The following are some of the Forts and places of interest:-

Fort of Lohgadh, Fort of Visapur, Fort of Rajmachi which stands on the top of the Sahyadri Range and commands a grand view of Matheran, Konkan and even part of Bombay, Duke's Nose, Tungarli Municipal Lake.

The temperature varies from 65 in the cold weather to 85 in the hottest month. The rainfall varies from 160 to 250.

MHANDALA

Khandala, a health resort, 78 miles from Bombay by rail and 71 by road lies in Mawal Taluka. It is situated at the top of the Bhor Ghat at an elevation of about 2,000 feet above sea-level, and has an agreeable and bracing climate all through the year.

Among places worth a visit in and around the town are Tata Electric Supply Company's reservoir called Forbay Dam, Byramjee's Point, the Duke's Nose, Tiger's Leap, all of which provide magnificent views of the surrounding country. About nine miles from Khandala are the Karla caves considered to be the oldest specimen of Buddhist caves in India. In Walwan lake which is about four miles from Khandala good mahashir fishing is available. At Khandala "Rajmachi Park" is one of the most beautiful spots.

UNIVERSITY OF POONA

Ganeshkhind, Poons 7.

The University is both teaching and affiliating in character.

It has the following nine Faculties and has provision for courses for the following degrees:—Faculty of Arts: B.A., M.A., Ph.D., D.Litt., B.A. (External), M.A. (External); Faculty of Mental, Moral and Social Sciences: B.A., B.A. (External), M.A., M.A. (External), B.Ed., M.Ed., Ph.D., D.Litt., B.Lib.; Faculty of Commerce: B.Com., B.Com. (External), M.Com., M.Com. (External), Ph.D., D.Litt.; Faculty of Science: B.Sc. (General), M.Sc., M.Sc. (Maths.), M.Sc. (Maths.), Cexternal), Ph.D.; Faculty of Law: I.L.B., I.L.M., I.L.M. (External), Ph.D.; Faculty of Medicine: M.B.B.S., M.D., M.S., Ph.D., B.Sc. (Nursing), M.Sc. (Med.); Faculty of Engineering: B.E. (Civil, Mechanical, Electrical, Telecommunications Instrumentation and Metallurgy), M.E., M.Sc. (Engg.), Ph.D.; M.Sc. (Agri.), Ph.D.; Faculty of Ayurvedic Medicine: B.A.M. & S., M.A.Sc.

The University has instituted external degrees for the benefit of employed persons and married women, the B.A. (External), M.A. (External), B.Com. (External) and M.Com. (External) degrees in the Faculties of Arts and Mental, Moral and Social Sciences and Faculty of Commerce, M.Sc. (Maths.) (External) in the Faculty of Science, LL.M. (External) in the Faculty of Law to which students can qualify by appearing for the examinations direct without having to undergo instruction in a College or University.

The following diplomas and certificates have been instituted (1) Diploma in Oriental (Sanskritic) Learning; (2) Certificate and Lower and Higher Diploma Courses in Modern Foreign Languages (French, German and Russian); (3) Diploma in Public Health; (4) Diploma in Psychological Medicine; (5) Diploma in Ansesthesia; (6) Diploma in Music; (7) Diploma in Clinical Pathology; (8) Diploma in Medical Radiological Diagnosis; (9) Diploma in Gynaecology and Obstetrics; (10)Diploma in Ophthalmic Medicine and Surgery; (11) Diploma in Education; (12) Diploma in Oto-Rhino Laryngology; (13) Diploma in Venereology and Dermatology; (14) Diploma in Chest Diseases; (15) Diploma in Child Health.

The University has in all 65 affiliated colleges and 7 recognized research institutions.

The total strength of students in all the colleges and the University is in the neighbourhood of 42,274.

Chancellor: Governor of Maharashtra; Vice-Chancellor: Dr. B. P. Apto; Registrar: W. H. Golay.

Budget (1970-71)

Income: Rs. 2,22,28,068; Expenditure: Rs. 2,32,26,751.

RATNAGIRI DISTRICT*

Headquartere : Ratnagiri.

This is the backward district with peculiar circumstances. Ratnagiri is known and famous as the birth place of Lokamanya Tilak.

The main crop is Alphonso mange — the king of fruits. The chief crop is rice on banks of rivers and on plain ground on 3,15,840 acres of land yielding 1,13,300 tons. Groundnut and sugarcane crop is under experiment since

Ratnagiri midway between Bombay and Goa is soon going to be converted into an all weather port at Mirya

two years, Second important crop in the form of industry is sea fish.

One hundred and seventy-five High Schools, 5 Colleges, one Agricultural College, 8 Training Colleges (6 males and 2 females), Polytechnic, I.T.I., N.C.C. Unit cater to the educational needs of the district.

[•] For area and population of the districts, see main article Population.

Bay. Jaygad and Vijaydurg are safest ports. Several others are under improvement. Sindhudurg sea fort near Malwan was constructed some 300 years back by Shivaji, of which Government is undertaking reconstruction.

This district has 15 weekly newspapers, all except one at Ratnagiri.

The southern district and Bombay are linked to Ratnagiri by sea in the fair season and by road all the year. State Transport buses are plying direct to Bombay from several places in the district.

Bhagini Mandal and Mahila Mandal are the organisations at Ratnagiri devoted to female activities. At Sawantwadi

there is a NIVARA KENDRA for the relief of the distressed and uncared for ladies. Kasturba Arogya Kendra and Matru Mandir at Lanja and Devrukh respectively do good for ladies and children. Animal husbandry centres, Health and S.M.P. Centres with five Ayurvedia Dispensaries give service to animals and human beings.

Notable place in this district is Marleshwar, a place about 10 miles to the east of Devrukh in Sahyadri in the interior. Temple of God Shiva is encircled by very high hills. This place is known for purity.

The climate of the district is moderate.

SANGLI DISTRICT*

Headquarters : Sangli.

Sub-Divisions: Miraj, Khanapur.

The climate of the District is generally dry and healthy, with an average rainfall ranging from 15 to 25 inches.

The Krishna, the Verala, the Warana, and the Agarani are the four important rivers flowing through the District. The soil on the banks of these rivers is very fertile, yielding rich sugarcane crops.

The principal crops grown in the District are jowar, millets, pulses, wheat, groundnut, turmeric, tobacco,

sugarcane and a little cotton and rice and some oilseeds.

Sangli, which is the headquarters of the District, is an important centre of trade and commerce specially for tobacco, groundnuts, turmeric, jaggery, chillies, ghee, and cotton trade. It has ginning, weaving and spinning mills, groundnut, turmeric, iron and steel factories. The town is also known for its silver, copper and brassware and gold ornaments. Bidi making is another big industry.

Besides, Sangli is a big centre of forward-delivery transactions in groundnut-kernel.

SATARA DISTRICT*

Headquarters : Satara.

The language spoken is Marathi.

The chief agricultural produce are jawar and bajri. Others include ragi, wari, wheat, rice and pulses. Cash crops which are a minor item include tobacco, groundnut and sugarcane.

Forests in the Sahyadri range have considerable store of timber and fire-wood. Sandalwood and bamboo are occasionally found.

Government have undertaken the Koyns river project envisaging the construction of a gigantic Dam close to Helwak village (Patan Taluka) water from which can be used for agricultural purposes by people from Satara, Sholapur and Bijapur Districts and for generating electricity for industrial purposes.

There is a large engineering concern manufacturing farm implements, machine tools, and textile machinery at Satara Road Station. Another engineering concern has been established at Udyamnagar near Karad while the one at Karad proper has been expanded with State aid.

MAHABLESHWAR

Mahableshwar, 75 miles from Poona, is called the queen of the hill stations in Maharashtra. It is situated on one of the great slopes of the Sahyadri range at an elevation of 4,700 feet above sea-level. During the 8 months from October to May the climate is most agreeable. By day the temperature varies between 80 and 86, while the nights

are cool and pleasant. But during the monsoon the rainfall is so heavy, the average being about 250 inches a year, that the place is almost uninhabitable.

It is now possible for people of moderate means to go to the hill station for a comparatively inexpensive holiday and change in the newly opened Holiday Camp set up by the Maharashtra Govt.

The Camp is normally thrown open during the months October to May, and applications for accommodation have to be addressed to the Executive Engineer, Poona Division, Poona. Hotels are open only eight months in the year and are closed during the monsoon.

PANCHGANI

Panchgani is a well-known hill station in Satara District, situated 63 miles from Poona. It is 4,300 feet above sea-level and has a cool, salubrious and comparatively dry climate. The average rainfall is about 80 inches a year. Panchgani is thus a well-known sanatorium.

Panchgani is habitable throughout the year, and there are excellent shops for provisions and oilman stores. The town is electrified and the roads are well lighted. The town has a large and up-to-date tuberculosis sanatorium—Bel Air Sanatorium.

Panchgani is famous for its schools. They all have their own buildings with laboratories, dormitories and hospitals.

SHOLAPUR DISTRICT*

Headquarters: Sholapur.

The languages spoken are mainly Marathi and also Telugu and Kannada.

^{*} For area and population of the districts, see main article Population.

THANA DISTRICT*

Headquarters : Thans.

The languages spoken are Marathi, Gujarati and

In the north-east the hills are covered with wood, and the valleys are but partially cultivated. The villages are seldom more than scattered groups of huts, and the population consists mainly of uncivilised aboriginal tribes. many of whom still wander from place to place as they find water or to suit their fancy.

Thana District is fast developing into a prominent industrial area. Hundreds of acres of land are being converted into sites for factories. Scores of factories have already been set up particularly along the railway track and the Bombay-Agra and Bombay-Poona Roads.

Bhiwandi, a Taluka town nine miles from Thana situated on the Bombay-Agra Road is noted for handloom and powerloom fabrics. The town is mostly inhabited by Momins and in some parts of the town every house has a spinning wheel. Bhiwandi Taluka is also famous for its timber and charcoal trade.

Kalyan, the biggest and the most thickly populated town in the District, is 34 miles from Bombay and is a junction on the Central Railway's north-east and southeast sections. "Ulhasnagar" the largest refugee township in Maharashtra is situated in Thana District, two miles from Kalyan near the Ulhas River. The township is designed to accommodate 90,000 people.

The main produce of the District is rice which is of superior Kolamb variety.

Dahanu and Bassein Talukas are specially famous for fruit gardens and the bulk of Bombay's fruit supply comes from these areas.

At Thana, Bhavandar and Belapur there are extensive salt works.

The chief articles of export from Thana District are paddy, rice, vegetables, salt, betel-leaves, plantains, bricks, grass, firewood, charcoal, lime, fish (fresh or dried), timber, coconuts, mangoes, flowers, saris, handloom fabrics, woollen cloth and milk.

Tansa and Vihar lakes and the Vaitarna river which are the main sources of Bombay's water supply are situated in Thana District and are connected with Bombay by a special trolly line.

The Fort, the Portuguese Cathedral, a few carved and inscribed stones, and several reservoirs are now the only signs that Thana was once an important city. Bassein, on the Western Railway, contains the famous ruins of the ancient Portuguese dominion in Salsette.

WARDHA DISTRICT*

Headquarters: Wardha,

The languages spoken are Marathi and Hindustani. Wardha is noteworthy in that it has been the seat of a number of Gandhian institutions concerned with village uplift and the ideals of self-sufficiency and self-service.

Wardha has black cotton soil and the most important cash crops grown are jawar and cotton. Though there are rivers like Wainganga, agriculture depends on rain. There is thus an elaborate programme today for sinking new wells and deepening old ones. There are pressing and ginning mills in the District and also textile mills.

YEOTMAL DISTRICT*

Headquarters: Yeotmal.

The language spoken is Marathi.

The staple foodgrain is jawar; other foodgrains are wheat and pulses. As elsewhere the most profitable cash crops are cotton and oilseeds. Forests cover a larger area than in any other District in the State and yield considerable quantity of timber and fuel. The principal industry is the preparation of cotton for the market.

MANIPUR

CAPITAL: Imphal.

Officer, Dr. Smt. Madhuri R. Shah.

Area: 8,628 sq. miles; Population (1966): 9,40,876; Density: 109; Sex Ratio: 1,037 females per 1,000 males; Literacy: 30.04 per cent. Strength of Legislative Assembly: 33 including 3 nominated members. The Legislative Assembly was dissolved on 16th October 1969 and Presidential rule was introduced for a second time.

Manipur has been divided into 5 districts. Manipur bounded on the east and south by Burma and on the north and west by the Naga Hills and the Cachar District of Assam, is a highly strategic territory on the eastern frontier of India. Two land routes from Burma pass through its territory.

Seven hundred square miles of the Territory form a central valley, 2,600 feet above sea-level, which is shut in on all sides by extensive hill tracts at places over 6,000 feet, covering the rest of the Territory. The climate varies from temperate in the valley to cold in the high hills. The rainfall on the average is 65 inches in a year.

The main population is "Meiteis" inhabiting the valley with some 40 tribes and sub-tribes known by the generic names of Nagas and Kukis. Though a number of different dialects are spoken in the Territory, Manipuri and English are the official languages. The people are carefree and healthy, with a passion for religious festivals involving community dances in which both sexes join.

AGRICULTURE

The soil is fertile. Rice is the principal crop.

Classification of Land area, 1966-67 (Figures in thousand hectares): Geographical area 2,235; Forests 602; Area not available for cultivation 1,407; Land under miscellaneous trees 24; Current fallows 1; Net area sown 165; Cropped area 174; Area sown more than once 9; Irrigated area 68.

Foodgrains (area and production in thousand hectares and thousand tonnes respectively for 1968-69): Rice 174.0; 246.0; Maize 5.0; 5.0; Total 179.0; 251.0.

Handloom weaving is a popular industry throughout the Territory and Manipuri cloth of various picturesque and indigenous designs is in demand throughout India and even outside.

There are 13 colleges, 123 high and higher secondary schools, 302 middle/senior basic schools, and 2,120 primary and junior basic schools. The total number of students during the year 1968-69 was 2,16,200 including 60,100 below six years of age.

There are 13 hospitals, 59 dispensaries, 12 primary Health Centres, 38 Sub-Centres, one T. B. Clinic, 4 Leprosy Sub-Centres, one V. D. Clinic, two Dental Clinics, one M.C.W. Centre, 12 F.W.P. Centres, one B. C. G. Programme centre and two N. M. E. P. Units,

MYSORE STATE

Area: 192,204 sq. kms. (74,210 sq. miles).

Population: (1961 census): 23,586,772 (Rural: 18,320,279; Urban: 5,266,493); (males 12,040,923; females 11,545,849). Percentage increase 1951-61: 21.57. Sex ratio: 959 females for 1,000 males. Density: 123 per sq. km. Literacy: 25.4 per cent. Population 5.4 per cent of the whole of India and area 6.5 per cent of the whole of India. (See "Population" article for more details.)

Capital: Bangalore.

The State is divided into four Divisions for administrative purposes. There are 19 Districts, 174 Talukas, 231 towns and 26,377 inhabited villages.

AGRICULTURE

Geographical area and classification (1968-67) in thousand hectares: 19,176 (Geo. area); Forests 2,701; Area put to non-agricultural use 917; Barren and unculturable land 883; Permanent pastures and other grazing lands 1,653; Land under miscellaneous trees 364; Culturable waste 650; Fallow lands 2,312; Net area sown 10,014; Cropped area 10,467; Area sown more than once 453; Net irrigated area 1,022; Gross irrigated area 1,187.

Foodgrains (1968-69): Area and production in thousand hectares & thousand tonnes respectively: Rice 1,134.8; 1,796.9; Jowar 2,665.1; 1,438.5; Bajra 772.8; 166.7; Maize 40.0; 75.0; Ragi 811.5; 605.9; Small millets 348-9; 90-9; Wheat 304-7; 133-4; Barley 4-3; 2-8; Total cereals 6,082-1; 4,310-1; Gram 204-3; 90-1; Tur 299-3; 106-2; Other pulses 642-9; 158-8. Total pulses 1,146-5; 335-1; Total foodgrains 7,228-6; 4,665-2.

Major Oilseeds: Groundnut 801.5; 380.7; Castor seed 30.0; 14.7; Sesamum 62.3; 17.0; Rapeseed & Mustard 2.1; 0.6; Linseed 50.6; 14.8; Total oilseeds 946.5; 427-8.

Others: Cotton 1,037.3; 416.1+; (Production of Cottonseeds and kapas 149.8; 224.7); Sannhemp 5.7; 4.4; Mesta 26.5; 41.9; Tobacco 29.5; 14.3; Niger seed 22.2; 4.4; Safflower 132.0; 21.4; Turmeric 1.1; 1.8; Potato 8.7; 31.4; Coconut; 106.1; 446.0*; Arecanut 34.8*; 52.7*@; Areca Catechu (Production) 52.7*.

The important cereal crops of the State are rice, jowar, ragi, bajra and wheat. Important cash crops include coffee, tea, cardamom, pepper, rubber, cotton, tobacco, oilseeds, sugarcane, arecanut, cocoanut, cashewnut and castor. Among the States, Mysore ranks first in respect of the production of coffee, ragi, mulberry and cardamom. Improved and "package" agricultural practices have come into vogue, particularly in Mandya. Hybrid maize, bajra and jowar and high yielding rice and ragi, wheat, cotton, groundnut and sugarcane have been introduced.

Soils: Laterite and lateritic soils, red loams, red sandy loams, black soils and alluvial soils.

Agricultural Education: Agricultural Research Stations 45, Agricultural University 1; Agricultural Colleges 2; Agricultural Schools 7; Gramsevak Training Centres 5; and Seed Farms 100.

Vegetables and Fruits: The area under vegetables was increased during the Third Plan period from 1,40,000 acres to 1.55,000 acres.

Horticulture: The annual output of the various nurseries will be 4 lakh fruit plants. A master plan costing Rs. 10 lakhs has been prepared for the development of horticulture. In execution the plan encourages intensive vegetable and quick growing fruits in Bangalore and Mysore.

Cashew: An area of about 90,000 acres is under cashew in the private sector. The Forest Department has brought 10,000 acres under cashew cultivation.

Cardamom: Cardamom occupies an estimated area of about 49,000 acres. The estimated production is about 1,000 tons which is nearly 45 per cent of the national production.

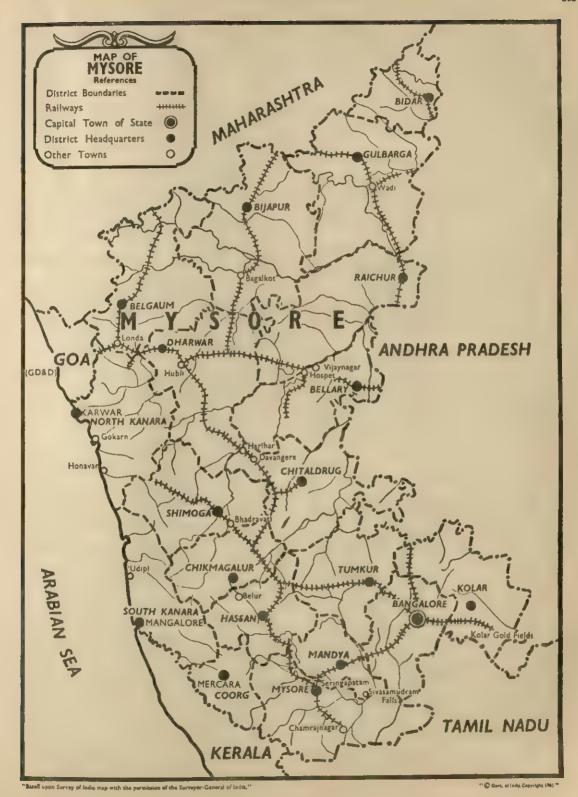

Arecanut: The production is about 25,000 tons of nut which is nearly 27 per cent of the annual production in

Rubber: Plantations extend over 2,000 acres, cinchons plantations over 44 acres and eucalyptus over 20,125 acres.

Animal Husbandry (1966), (Figures in thousands): Cattle 9,685; Buffaloes 2,946; Sheep 4,748; Goats 2,784; Horses and ponies 65; Poultry 8,277.

[†] Production of lint (thousand bales of 180 kgs. each). processed nuts without husk.

[!] Million nuts.

The State has a network of about 659 Veterinary Institutions comprising 174 Taluk Dispensaries and 467 Rural Veterinary Dispensaries. The Mysore Serum Institute produces biologicals to combat and prevent contagious diseases among livestock. Two Clinical Laboratories—one at Belgaum and the other at Mangalore—are also functioning.

Bangalore Dairy Project: Aided by UNICEF, this is designed to handle 50,000 litres of milk with provision to expand the capacity to 1,50,000 litres. At present it supplies 30,000 litres to Bangalore City.

COMMUNITY DEVELOPMENT

The Community Development Programme now covers the entire rural Mysore. On Jan. 1, 1968, there were 268 delimited blocks. Of them were 122 Stage I blocks, 87 Stage II blocks and 50 Post-Stage II blocks. The population covered by these blocks was 217 lakhs in 26,400 villages.

The three-tier system of Panchayat Raj institution is being set up in the State. There are 7,452 panchayats and 174 taluk boards. Towards the ond of 1969, there were 19 District Development Councils. These advisory bodies will be replaced by elected Zilla Parishads, under a Statute on the anvil.

The Programme of Applied Nutrition, implemented in collaboration with UNICEF, FAO and WHO is in operation in 11 blocks.

FOREST

Area: 26,92,000 hectares (18.4 per cent of the State area).

Timber is the main forest produce. Next in importance are sandalwood and bamboo,

Net revenue from forests in 1967-68 was about Rs. 11 crores.

LAND REFORMS

The Mysore Government promulgated on Jan. 5, 1970, the Mysore Land Reforms (Amendment) Ordinance 1970, for speedy implementation of the Land Reforms Act.

The ordinance came into force from January 15 by which munsiff courts have been empowered to deal with cases filed before the land tribunals.

The land reforms cases, pending with the land tribunals, would stand transferred to the munsiff courts of the area to which the cases pertain, after January 15.

The ordinance empowers the courts to decide all cases
--"whether a person is a tenant or not."

Land measurements, would be given in metric measurement under the ordinance.

The executive functions including those relating to assessment of ceiling on land holdings of persons, have been taken away from the tribunals and transferred to revenue officers by the ordinance.

IRRIGATION

The total irrigational potential in Mysore State is 3.34 million hectares against a net irrigated area of slightly over one million hectares. 33.12 per cent of the irrigated area is served by canals, 36.33 per cent by tanks, 19.90 per cent by wells and the remaining by other sources.

Among the major irrigation projects completed or nearing completion are Tungabhadra (Bellary Dist.),

Bhadra (Shimoga Dist.) and Ghataprabha (Belgaum Dist.). Among the major projects under execution are upper Krishna (Bijapur Dist.), Malaprabha (Dharwar) and many medium projects in the cauvery basin in Hassan and Coorg districts.

Tungabhadra Project

One of the important irrigation projects is Tungabhadra Project which will irrigate 12,00,000 acres, of which 8,70,000 acres lie in Mysore State and 3,30,000 acres in Andhra Pradesh. The left bank canal has a gross command area of 10,80,000 acres, the right bank low level canal 8,60,000 acres, the right bank high level canal 5,00,000 acres. The expected expenditure on these canals by the end of March 1969 was Rs. 3,454-61 lakhs, leaving a spillover of Rs. 1,248-39 lakhs. The potential created in Mysore State is 5,80,000 acres in Raichur Dt. by the left bank canal, 92,345 acres in Bellary Dist, by the right bank low-level canal and two lakh acres in Bellary Dist, by the right bank high level canal. In all four lakh acres have been intensively developed.

This is a joint project of Andhra Pradesh and Mysors costing Rs. 108 crores.

The project is expected to be completed in the Fourth Plan. (For more details see under main article on Irrigation.)

Irrigation potential created and utilised (1968) in acres: Tungabhadra (left bank) 5,38,437—4,10,083; Tungabhadra (right bank) 92,353—74,297; Bhadra 2,04,300—1,64,684; Ghataprabha 95,398—48,154.

Fourth Plan: As many as ten major irrigation projects and 26 medium projects taken up during the preceding Plans period will have to be carried out during the Fourth Plan. The amount required for completing the works taken up during the preceding Plans would be of the order of Re. 188-46 crores.

The important projects that will be taken up for construction during the Fourth Plan are: (1) The Tungsbhadra Project High Lovel Canal—Stage II, (2) The Ghataprabha Project—Stage III, (3) The Tunga Reservoir Project, (4) The Upper Tungabhadra Project, (5) The Yagachi Reservoir Project and (6) The Karanja Project.

The total cost of the projects to be taken up in the Fourth Plan will work to Rs. 142.98 crores.

New Irrigation Projects: Preliminary work on Upper Krishna and Malaprabha Projects has started. It is proposed to start preliminary works in respect of Chandrampalli Project in Gulbarga District and of Harangi and Hemavathi Projects in Coorg and Hassan Districts, respectively.

Irrigation Project-Major and Medium

The State has excellent potential for development of major and medium irrigation.

At the end of the Third Five Year Plan, 36 major and medium irrigation projects were taken up at an estimated cost of Rs. 27,049.52 lakhs for construction. These projects have a total Ayacut of 25,98,068 acres on full development and the total potential created at the end of Third Plan period was of the order of 9,03,167 acres and the actual utilisation was 6,88,368 acres.

The following statement gives the financial and physical achievements of some of the Major and Medium Irrigation projects in the State.

Major and Medium Irrigation Projects

Name of the Project.	Location.	When started.	When to be completed.	Area to be irrigated in Acres.	Total cost in Lakhs.	Estimated rise in output of food- grains after com- pletion in Tons.
Hathikoni	Gulbarga Dist.	1959	1970-71	5,300	57 · 84	800
Dharma Project	N. K. Dist.	1958	1970-71	3,200	95.48	2,400
Kabini	Mysore Dist.	1958-59	End of IV Plan.	1,26,000	240.00	N.A.
Lakshmanathirtha Pro-	Coorg Dist.	1958	1969-70	7,000	161-61	1,400
Harangi Project	Coorg Dist.	Not started	Spillover to V Plan.	81,000	1,105-84	16,200
Upper Krishna Project (Stage 1)	Bijapur Dist.	_	—do.—	6,00,000	5,820.00	1,20,000
Majaprabha Project	Belgaum Dist.	1960-61	1970-71	3,00,000	2,000 - 00	40,000
Hemvathi	Hassan Dist.	_	Spillover to V Plan.	33,000	390.00	6,600
Kambadakada	Coorg Dist.		—do.—	22,500	190 - 00	4,500

CO-OPERATION

The structure of co-operative credit in the State consists of three tiers: the primary, the intermediate and the apex. At the apex level, there is the Mysore State Co-operative Apex Bank which has been reconstituted as a federal body and whose jurisdiction is extended to the whole of the State. The Central Land Mortgage Bank has been reorganised and reconstituted with the entire State as its jurisdiction.

There are 19,000 Co-operative Societies with a membership of 50 lakhs. Their total working capital is Rs. 20 lakhs.

Number of Agricultural Credit Societies: 8,800; Number of District Co-operative Banks: 19; Number of Land Development Banks: 155; Number of Primary Marketing Societies: 245; Number of Housing Co-operative Societies: 639; Number of Coir Co-operative Societies: 25. No. of regulated markets: 200; No. of Cooperative spinning mills: 6.

Co-operative Sugar Factories

Nine Co-operative Sugar Factories are in existence in the State of which 4 have gone into production and 5 have secured industrial licence.

Co-operative Farming

There are 310 farming societies with a membership of 8,597 and paid-up share capital of Rs. 10.09 lakhs, commanding an area of 52,869 acres.

Consumers' Co-operatives

There are at present 15 wholesale stores and 780 primary stores with an aggregate membership of 80,000 and share capital of Rs. 60 lakhs.

The Third Plan brought about sixty per cent of the agricultural population under the co-operative fold. Two thousand more service co-operatives, 50 primary land mortgage banks, 44 processing units and 900 godowns were started and 160 marketing societies organised.

ELECTRIC POWER

Major Hydro-Electric Projects

Name of project, location, installed capacity and cost in crores of Rs, respectively: Sharavathi Valley Project (15 miles from Talaguppa Rly. Station near Jog (Linganamakhi); 356,400 Kw.(a); 56 (Revised) (I Stage); Bhadra Hydro-Electric Project (18 miles from Bhadravathi

(Lakkavalli); 33,200 Kw.(b); 3.8; Tungabhadra Hydro-Electric Project Right Bank (4 miles from Hospect Rly. Station); 72,000 Kw.(c); 144 (Mysore's share); Tungabhadra Hydro-Electric Project Left Bank(e); (3 miles from Munirabad Rly. Station (Mallapuram); 27,000 Kw.(d); 6.042.

Estimated rise in output after completion is about 1,466 million units over the 1956-57 figures. (a) 891,000 Kw. ultimate capacity. (b) 40,400 Kw. ultimate capacity (c) This is a joint venture of Andhra Pradesh and Misero, Misero's share is 14,400 Kws. (20 per cent of the generated power.) Two units of 9,000 Kw. installed and two more units being install d at the dam and canal power house. (d) Ultimate capacity 36,000 Kw. (e) Shivasamudram (42,000 Kw.), Shimsa (17,200 Kw.), both Mandya Dist., and Jog (1,20,000 Kw.) in Shimoga Dist., are the other sources. Some 10,000 Kw. of power is also generated by gas turbines.

Names of power stations (besides the ones completed recently) in operation, their location and installed capacity:

Name	Installed capacity (Kw.)	Location		
Sivasamudram	42,000	28 miles from Maddur Rly. Stn. towards South East.		
Shimshapura ,.	17,200	28 miles from Maddur Rly. Stn. towards South East.		
Jog (M.G.H.E. Works)	120,000	12½ miles from Talaguppa Rly. Stn. towards North.		

Villages electrified:—Out of 26,608 towns and villages, 7,000 have been electrified till the end of 1968.

No. of irrigation pumps serviced: 71,189.

Diesel Stations showing within brackets the approximate installed capacity in Kw. and units generated in millions in 1967 respectively: Mercara (414; 0.705); Somwarpet (150; 0.146); Virajpet (240; 0.242); Shorapur (100; 0.065); Gourikoppal (80; 0.111); Raichur (1,240; 2.916); Gulbarga (826; 1.944); Yadgir (400; 0.537); Bailhongal (200; 0.197); Guledgud (567; 1.027); Hukeri (500; 0.975); Ilkar (200; 0.322); Chittapur (50; 0.047); Humnabad (200; 0.055); Aland (100; 0.015); Kushtegi (50; 0.001).

The following are some of the other diesel stations with the installed capacity in Kw.:—Udipi 110 Kw; Karkala 32 Kw; Mangalore 1,017 Kw.

POWER

Mysore's current generating capacity is about 6,20,000 Kw. Surplus power is being sold to Gos, Tamil Nadu, Andhra Pradesh and Kerala.

Sharavathi Valley Project:—The Sharavathi Valley Project now under execution is the biggest and one of the most economical projects in the State and one of the few economical projects in India. The River Sharavathi though only 82 miles in length has a tremendous power potential amounting to about one million kilo watts. In this project four generating units each of a capacity 89,100 Kw. are functioning and six more are proposed.

Bhadra Hydro-Electric Project:—The Bhadra Hydro-Electric Project is mainly an irrigation project and the power generation here is only incidental. The installed capacity of this station is 33,200 KW comprising 2 units of 12,000 KW each in the river bed station, one unit of 2,000 KW in the left bank station and one unit of 7,200 KW in the right bank station.

Tungabhadra Hydro-Electric Project (Left Bank):— This project contemplates installation of 3 units each of 9,000 KW and transmission of power by means of 110 KV transmission line from Munirabad to Shahabad. All three units of 9,000 KW each have been commissioned.

Kalinadi Hydro-Electric Project :—Provisions have been made for carrying out the preliminary works on the Kalinadi scheme during the IV Plan period. This project is to produce more than a million Kw of power.

With the proposed expansion of the existing projects and implementation of new projects, Mysore's generating capacity is expected to go up to 1154.8 MW. by the end of the Fourth Plan.

Mysore State Electricity Board:—It is proposed in the Fourth Plan to construct 4,125 KW of transmission lines and sub transmission lines, erect 94 sub-stations, electrify 5,000 villages and supply power to one lakh irrigation pumpsets. The outlay for these works will be Rs. 6,200 lakhs.

Besides meeting its own demand, Mysore is now in a position to supply power to neighbouring States — Andhra Pradesh, Tamil Nadu, Kerala and Goa—on a temporary basis. Mysore has also offered power to Maharashtra.

INDUSTRIES

Production in some of the important industries 1967-68:—

Industry	Unit	1967~68	
Pig Iron and Ferro alloys Semifinished in-	M. Tons	97,000	
got steels		100.000	
Finished Steel	93	68,000	
Paper	. 19	59,000	
Cement	²000 _{**}	970	
Sandalwood oil	'000 kgs.	100	

Main large-scale industries in the State with location: Textiles (Bangalore, Devangere, Bellary, Mysore, Hubli, Gadag, Gokak, Gulbarga); Engineering (Bangalore, Harihar); Mineral and Metal (Bangalore, Bhadravati, Bellary, Kolar, Shimoga); Food, drink and tobacco (Bangalore); Chemicals, dyes, etc. (Bangalore, Mysore); Paper and printing (Bhadravati, Nanjangud, Dandeli,

Mandya and Bangalore); Process relating to wood, stone and glass (all over the State); Process connected with hides and skins (Bangalore); Gins and presses (Devangere, Belgaum, Bellary, Dharwar, Gulbarga & Raichur); Fisheries (Mangalore, Karwar).

Mysore occupies the eighth place among the States in industrial advancement.

The textile industry is a major industry in Mysore with 27 Cotton textile mills and spindlage of 6,40,000.

No. of Sugar factories 9, Production 2,00,000 tonnes; No. of Cement factories 5, Production two million tonnes; No. of fertilizer factories 2, installed capacity one lakh tonne of super phosphate; Total value of minerals produced in 1967; Rs. 8-40 crores. Minerals include gold, silver, iron, manganese, bauxite, limestone and asbestos.

Mysore is a major silk producing state, accounting for nearly two lakh kgs. of silk per annum valued at Rs. 15 crores.

State Govt. Industrial Undertakings: Central Industrial Workshop, Bangalore; Govt. Central Workshop, Mercara; Govt. Electric Factory, Bangalore; Jai Hind Saw Mills, Dandoli; Mysore Implements Factory, Hassan; Govt. Porcelain Factory, Bangalore; Govt. Soap Factory, Bangalore; Govt. Sandalwood Factory, Mysore and Shimoga; Govt. Spun Silk Mills, Chennapatna; Govt. Silk Weaving Factory, Chennapatna; Mysore Silk Filature, Kanakapura, Kollegal and Mysore; Mysore Chrome Tanning Co., Bangalore; Hutti Gold Mines, Hutti; Mysore Lac and Paint Works Ltd., Mysore; Radio and Electric Manufacturing Co. Ltd., Bangalore; Mysore Sugar Co., Mandya. New Govt. Electric Factory Ltd., Bangalore.

Central Govt. Undertakings: Bharat Earth Movers Ltd., Bangalore; Bharat Electronics Ltd., Bangalore; Hindustan Machine Tools Ltd., Bangalore; Kolar Gold Mining Undertakings, Kolar Gold Fields; Hindustan Aeronautics Ltd., Bangalore; Indian Telephone Industries Ltd., Bangalore.

Private Limited Companies owned by Government: Mysore Iron and Steel Ltd., Bhadrawati, Mysore State Industrial Investment and Development Corporation Ltd., Bangalore, Mysore State Handicrafts Development Corporation Ltd., Bangalore.

Inter-State Govt. Undertakings: Tungabhadra Steel Products Ltd., Tungabhadra Dam.

A watch factory set up at Bangalore in the public sector (as an adjunct to Hindustan Machine Tools) is designed to manufacture about half a million full lever watches annually. The Bangalore factory has the collaboration of the Japanese firm, Citizen Watch Company.

No. of Industrial Estates, 8. (Bangalore, Ramanagaram, Mysore, Hubli, Harihar, Belgaum, Gulbarga and Mangalore,)

A letter of intent has been granted to Indian Aluminium Co., Calcutta, to set up a plant to manufacture aluminium ingots near Belgaum with an initial capacity of 30,000 tonnes per annum. A fertilizer plant in the private sector at Mangalore is in the offing.

LABOUR

No. of registered factories during 1967-68: 3,349; No. of industrial workers: 6,00,000; No. of plantation labour 1,17,000; No. of ('ommercial establishments: 1,25,571; No. of workers in establishments: 1,56,432; No. of Trade Unions: 586; Trade Union membership: 1,68,712.

Labour Welfare Centres: Ten Labour Welfare Centres are functioning in various parts of the State to extend labour welfare activities and provide recreation to the workers.

Banking Facilities to the Industrial Workers: With a view to affording relief to the industrial workers indebted to money-lenders, a scheme to provide credit facilities at reasonable rates of interest on co-operative basis was taken up and it is now under the charge of a co-operative officer deputed by the Co-operative Department.

Apprenticeship Act: Under this scheme 2,000 candidates were receiving training in 1968.

Employment Exchanges: No. of employment exchanges: 20; No. of registration 2 lakhs; No. of Craft training Centres: 15; No. of students passed: 1,500 (1967).

There is a special employment exchange at Bangalore for the physically handicapped and another to serve the needs of University students/graduates.

Factories and Boilers: There are 3,000 factories on the registers of the Department.

The Employees' State Insurance Scheme: The Scheme is now in force in Mysore, Mangalore, Hubli, Gulbarga, Davangere, Gokak, Dandeli and Belgaum. The total number of beneficiaries so far is over 200,000 family units.

The Rural Manpower Utilisation Works: The main schemes undertaken in this programme are Miner Irrigation, Soil Conservation, Afforestation, Development, Repairs to Field Channels and Road Works.

HOUSING

Amount drawn by the Mysore Housing Board (since 1955): Rs. 1,735.45 lakhs; Number of houses built (General): 22,370.

Low Income Group Housing: No. of houses built: 8,328.
Subsidised Rental Housing: No. of houses built: 1,005.

Middle Income Group Housing: No. of houses built: 1,118.

Subsidised Industrial Housing (State Sector): No. of houses built: 6,720.

Subsidised Industrial Housing (Employees Sector): No. of houses built: 5,199,

The Mysore State Housing Corporation with a membership of 128 and paid-up share capital of Rs. 6.6 lakks functions as the apex housing institution.

SMALL-SCALE INDUSTRIES

Important cottage industries showing their centres in Mysore State within brackets: Lacquerware (Chennapatna, Gokak, Nelamangala, Chikmagalur and Shimoga); Sandalwood carving (Sagar, Sorab, Mysore); Ivory and Inlay works (Sagar, Sorab, Mysore); Brass works (Nelamangala); Rattan work (Mysore, Chikmagalur, Shimoga and Sagar); Bidriware (Bidar); Glass Bangle making (Yeshwantpur and Ghodgeri); Mat weaving (Kengeri, Amruthur, Nagamangala, Hassan, Kumblur, Anandapuram and Hiriyur); Leather stitching (Birur, Sagar, Doddasiddavanahally, Indi, Ramdurg, Ashani, Sandatti and Karwar); Pottery (Ramanagaram, Khanapur, Madikebeedu and Krishnarajapura); Tile-making (Mangalore); Coir Industry (Mangalore, Karwar); Agarbatti (Mysore, Bangalore); Cotton Hosiery (Shahapur).

The important centres for small-scale industries are Bangalore, Belgaum, Tumkur, Hubli, Hospet, Bhadravati and Mangalore. Among the important products that have got all-India market, the following are noteworthy: Cycle Dynamo Lamps; Centre lathes; Wood working machinery; Punch presses; Ornamental lamps; Charcoal Irons; Pooja articles of non-ferrous metals. Apart from the above, the State also produces oil-engines, pressedmetalware and components for large-scale industries located in the State.

MINERALS

Approximate annual production (1967-68): Gold: 4,000 kgs.; Silver: 300 kgs.; Iron ore: 35,00,000 tonnes; Manganese: 7,000 tonnes; Limestone: 15,00,000 tonnes; Quartz and Silica: 50,000 tonnes; Total value of mineral production: Rs. 8-40 erores (1967).

Total number of men employed: About 45,000.

Number of men employed in each mineral industry; Gold (30,000); Other minerals (15,000).

The following minerals have been located and their reserves assessed:-

- (1) Iron ore.—Iron ore deposits estimated at about 500 million tons of exportable grade have been proved in the Bababudan Hill, Chikmagalur District; near Kodachadri and Kotebore, Shimoga District; near Kalche, Kodalgadde, Sunksal, etc., North Kanara District; near Karekurchi, Habbigegudda, Janehar, Tumkur District and Vajra, Lakkihalli Bheemasamudra, etc., Chitradurga District. This is in addition to the ore reserves in the Bellary-Hospet area, where a reserve of about 1,000 million tons is assessed. The latest discovery of magnetic ore, estimated at 1,000 million tons, is at Kudremukh.
- (2) High Calcium Limestone,—Occurring between Bagal-kot and Yadwad, Bijapur-Belgaum Districts have been mapped in detail and some of them have also been prospected by drilling. So far about 600 million tons of limestone are assessed. Further prospecting is under progress. The high calcium limestone deposits near Nagargali, North Kanara District and those in Hosadurga Taluk, Chitradurga District, were also mapped in detail and the reserves are assessed at 30 million tons and 50 million tons, respectively.
- (3) Fuller's Earth.—Fuller's Earth deposite suitable for refining of mineral and vegetable oils occurring near Korvi and other villages, Chincholi Taluk, Gulbarga District, have been prospected and estimated to contain about 2 million tons.
- (4) Bauxite.—The surveys conducted for Bauxite deposits in Belgaum District have revealed the occurrence of about 2 million tons of Bauxite.

Board of Mineral Development—Besides export of Iron Ore and Manganese Ore, the Board deals with the mining and sale within India of commodities like Chrome Ore, Clay, Graphite, Quartz, Feldspar, Soapstone, etc. The export is at present restricted to Iron Ore and Manganese Ore. The production of iron ore by the Board of two lakh tonnes is expected to go up to one million tonnes by 1970-71. The activities of the Board will be taken over by a Mineral Development Corporation.

Mysore Minerals Ltd. (State owned): 1967-68 marked the beginning of mining operations of this Company. Production (in tonnes) during 1968-69 is as follows: Iron ore 1,13,865; Manganese ore 29,215; China clay 1,172; Aluminous clay 9,066; Chromite 4,270; Asbestos 390.

PUBLIC HEALTH

Mysore State has 200 hospitals, with 20,000 beds, 800 dispensaries, 6,000 registered doctors, 1,700 registered nurses, 1,750 midwives, 450 primary health units, 19 national malaria eradication programme units, one

national filaria control unit, 10 subsidiary leprosy unita. 12 district medical laboratories and 300 family planning

Ayurvedic hospitals 8, Ayurvedic dispensaries 500; Unani dispensaries 71 and Homeopathic dispensaries 10.

Some of the important schemes carried out :- National Malaria Eradication Programme; National Filaria Control Programme; National Smallpox Eradication Programme: Leprosy Control Programme: The B.C.G. Vaccination

Medical Education :- The total admission capacity of the four Medical Colleges has been raised to 1,220 by providing 140 additional seate in existing colleges, and 440 seats in four new Medical Colleges. There are 4 Govt. Medical Colleges and 5 Private Medical Colleges. Postgraduate courses in various branches of medical science have been opened.

A Logopaedic Institute has been started in Mysore.

The Dental College of the State has an admission capacity of 30 students.

Laboratories: The Public Health Laboratory at Bangalore has been up-graded and 12 District Laboratories have been established in the Districts. The Vaccine Institutes at Bangalore and Belgaum have been expanded to cope with the increasing demand for smallpox vaccine.

The All-India Mental Health Institute, situated in Bangalore, an institute-hospital complex is the only one of its kind in the country. It offers postgraduate diploma courses in Psychological Medicine and Medical and Social Psychology, a certificate Course in Psychiatric Nursing, M.D. in Psychological Medicine and Ph.D. in Clinical Psychology.

EDUCATION

Compulsory education exists for the age-group 6-8.

Secondary education in all Government and Govt. aided institutions is free. It is estimated that nearly five lakh pupils are covered by the scheme.

There are four universities in Mysore State: (1) Banga-Mysore; (3) Karnatak University, Dharwar; (4) Agricultural University, Hebbal, Bangalore. Besides, the Indian Institute of Science, an institute for advanced engineering sciences, enjoys University Status.

Colleges: Engineering Colleges 16; Medical Colleges 11; Law Colleges 13; Commerce Colleges 13; Agricultural Colleges 2; Veterinary College 1; Polytechnics 27; Teachers Training Colleges 19; Arts and Science Colleges 136; Pharmacy 1; Oriental 5; Physical Education 1; Fine Arts 1; Marine Products and Fisheries 1; Institute for Speech and Hearing 1; Students in general Colleges: 99,630; Students in Technical and Professional Colleges: 58,000.

There are about 34,043 schools having 42 lakh students. High Schools 1,833; Higher Primary 10,494; Lower Primary 21,716.

A regional college of education (Mysore) and a regional college of engineering (Surathkal) have been established. Among advanced training and research institutions are: All India Mental Health Institute (Bangalore), Gas Turbine Research Establishment (Bangalore); National Aeronautical Laboratory (Bangalore) and National Tuberculosis Institute, Bangalore.

Four Youth Vocational Training Centres have been established during 1964-65 under Central Govt. scheme aided by UNICEF. This scheme will impart vocational training to students who do not continue high school education after the VIIth standard.

Hindi Education : The Third Plan saw the establishment of 3 Hindi Shikshak Training Colleges in the State. 4,375 Hindi Teachers' posts have been sanctioned for teaching of Hindi as a compulsory subject in senior primary schools. 240 Hindi teachers for high schools have also been sanctioned.

A Sainik school was established at Bijapur and another at Kushalnagar has been proposed.

MYSORE STATE ROAD TRANSPORT CORPORATION

Bangalore 1.

The Mysore State Road Transport Corporation has a fleet strength of 2,792 passenger vehicles with a labour force of 20,000 strong. The Passenger Transport Services are operated on 2,637 routes covering a daily schedule of 4.54 lakh kms.; earning an annual revenue of Rs. 20 crores and catering to the transport needs of more than 7 lakh passengers every day all over the State. The road transport operations of the Corporation are now spread over more than § of the Mysore State.

Motor Vehicles: Stage carriers 6,200; Cars 22,000; Cabs 1,500; Goods vehicles 14,000; Motor cycles 25,000; Omnibuses 600; Auto-rikshaws 2,000; others 9,000.

Bullock carts (1961 Census); 6,93,750.

COMMUNICATIONS

Total length of Railway: Broad gauge 483 kilometres; Metre gauge 2,062 kilometres; Narrow gauge 154 kilometres.

Length of roads 43,000 kms.

The 123-mile Hassan-Mangalore rail link has been included under the Central Sector of the Fourth Five-Year Plan, The 150-mile Bangalore-Salem rail link has been completed.

A 151-mile long West Coast road and ore carrying roads over a length of 379 miles are under execution.

Number of ports: 19; Coastline: 287 Kms. Mangalore is being developed into a major port.

No. of airports: 3 (Bangalore, Belgaum and Mangalore); No. of airstrips: 4.

Post and Telegraphs: No. of Post offices 4,000; Telephone exchanges 300; Telephones 40,000; Radios 3,00,000; Telegraph offices 600.

TOURISM

No. of foreign tourists: 1966-67: 4,000; 1967-68: 6,000.

FOURTH PLAN

(See main article)

UNIVERSITIES

BANGALORE UNIVERSITY

Bangalore 1.

Chancellor: Dharma Vira, Governor of Mysore. Vice-Chancellor: T. K. Tukol. Registrar: T. P. Issar, I.A.S.

Forty-six colleges located in the Bangalore City are under its jurisdiction, Jurisdiction of the University extends over the area comprising the Bangalore North and South Taluks of the Bangalore District but Colleges of Agriculture and Veterinary Sciences are excluded.

Total enrolment in the University and constituent colleges is 33,074, consisting of 23,499 men and 9,575 women. There are 1,614 teachers giving a Teacher-pupil ratio of 1:20.48.

The University provides facilities for training and research in the faculties of: (a) Humanities and Social Sciences, Education and Commerce, (b) Science, (c) Engineering and Technology, (d) Law, (s) Medicine.

There are 37 departments of study. Post-graduate facilities are available in Medicine, Surgery, Soil Mechanics and Foundation Engineering, Structural Engineering, Machine Design, Home Science, Chemistry, Education, Physics, Mathematics, Statistics, Botany, Zoology, Geology, English, Kannada, Sanskrit, Economics, Sociology and Law (Jurisprudence and Contracts).

Five-Year integrated course in Architecture and Post-Graduate Diploma Courses in different branches of specialisation in Medicine have also been introduced.

Undergraduate training is available at Pass level in all subjects and Honours level in some subjects.

KARNATAK UNIVERSITY

Dharwar 3.

A teaching and affiliating University having jurisdiction over the districts of Belgaum, Bellary, Bidar, Bijapur, Dharwar, Gulbarga, North Kanara and Raichur in Mysore State.

Medium of Examination is English; Teaching departments 23; Affiliated Colleges 76; Recognised Institutions, nil; Constituent Colleges 4.

Chancellor, Dharma Vira, Governor of Mysore; Vice-Chancellor, Dr. A. S. Adke; Registrar, S. S. Wodeyar, M.A., LL.B.

Total number of students (1968-69): 50,602; (1969-70): 58,417; No. of affiliated Colleges: 85.

UNIVERSITY OF AGRICULTURAL SCIENCES

XI Main, 16th Cross Road, Malleswaram, Bangalore-3.

Chancellor: Dharma Vira, Governor of Mysore; Vice-Chancellor: Dr. K. C. Naik, B.Ag., M.So., Ph.D. (Bristol); Registrar: R. Krishnappa, M.A.

It is a residential University, with constituent colleges responsible for resident teaching, research and extension education throughout the State of Mysore.

UNIVERSITY OF MYSORE

Karya Soudha, Crawford Hall, P. B. No. 14, Mysore.

Chancellor: Dharma Vira, Governor of Mysore; Pro-Chancellor: K. V. Shankara Gowda, Minister for Education; Vice-Chancellor: D. Javare Gowda; Registrar: B. S. Srikantaiah.

This is a teaching and affiliating University; No. of University Colleges: 4; No. of affiliated colleges: 104; Total No. of students during 1969-70: 68,269.

Budget Estimates (1969-70): Opening Balance, Rs. 12,90,688; Govt. Grant Rs. 71,27,000; University Grants Commission Rs. 32,73,000; University Fee etc. Rs. 42,53,000; Total Revenue Rs. 2,01,17,988; Expenditure Rs. 2,00,10,590; Closing Balance Rs. 1,07,398.

ASSOCIATIONS AND INSTITUTIONS

ALL INDIA INSTITUTE OF MENTAL HEALTH
P. Bag No. 15, Bangalore 27.

Director : Dr. R. M. Varma; Adm. Officer : K. S. Panikkar.

CENTRAL MACHINE TOOL INSTITUTE Tumkur Road, Bangalore 22.

The Central Machine Tool Institute is a Research and Development Organisation for metal cutting machine tools, functioning under the administrative control of the Ministry of Industrial Development and Internal Trade, Government of India.

Object: To serve the machine tool industry in the country by undertaking Research and Development in various fields related to machine tools. In general this includes research in machine tool engineering and technology, design of new machine tools, assessment and improvement of existing designs and consultation services to manufacturers.

The main functions of the Institute are: 1. Design and Development: Development of machine tools, accessories, hydraulic, electrical elements and control systems. 2. Research and Testing of machine tools: Testing of machine tools, accessories and elements. Calculation methods for design of machine tools, behaviour of machine tools, elements, hydraulic, electrical and electronic control systems. 3. Research in Machining and Technology: Studies in machineability development of cutting tools, investigations on performance of cutting tools, research in production technology. 4. Standards: Standardistion of general engineering items for use in machine tools and generally to provide assistance in the formulation of national standards on machine tools. 5. Metrology:

Precision measurement and calibration facilities, development of instruments and measuring techniques for the machine tool industry. 6. Documentation and Information: Documentation and dissemination of information pertaining to machine tools.

Director : R. K. Gejji.

INDIAN INSTITUTE OF SCIENCE Bangalore 12.

The departments of the Institute provide facilities for post-graduate research in (SCIENCE FACULTY) Inorganic and Physical Chemistry, Organic Chemistry, Biochemistry, Physics, Applied Mathematics, Pharmacology, Fermentation Technology and Industrial Management, inclusive of Economics and Industrial Psychology.

There is provision for post-graduate research and also for post-graduate instruction (M.E.) in the departments of (ENGINEERING FACULTY) Aeronautical Engineering, Internal Combustion Engineering, Metallurgy, Electrical Communication Engineering, Electrical Engineering, Mechanical Engineering, Civil and Hydraulic Engineering, High Voltage Engineering and Chemical Engineering and also for instruction in French and German. The departments are well equipped and have adequate staff.

President of the Court: J. R. D. Tata, Chairman of the Council, R. Choksi, Director: Satish Dhawan, Registrar: S. S. Prabhu.

LEPROSY RELIEF & RESEARCH INSTITUTE OF AYURVEDA

Arunodaya, Kengeri Post, Bangalore South.

METER MANUFACTURERS' ASSOCIATION OF INDIA

Post Bag 6, Bangalore 26.

MYSORE CHAMBER OF COMMERCE & INDUSTRY Kempegowda Road, Bangalore 9.

President: C. G. Rama Rao; Secretary: G. N. Krishna Murthy.

NATIONAL TUBERCULOSIS INSTITUTE OF INDIA

' Avalon', Bellary Road, Bangalore-3.

The Institute carries ont applied research in Tuberculosis Epidemiology, Bacteriology, Sociology, and Control Operations in order to evolve a streamlined programme of tuberculosis control on community-wide basis. It accepts for training tuberculosis control teams (each comprising a Medical Officer, a Treatment Organizer, a Laboratory Technician, an X-ray Technician, a Statistical Assistant and a BCG Team Leader) from State Governments for 13 weeks national training courses, Besides, it conducts every year an international training course for key programme organizers from other countries and seminar for senior health administrators and professors of tuberculosis, etc.

Other functions: It provides practical help and guidance to the Southern States of Mysore, Tamil Nadu, Andhra Pradesh and Kerala in programme organization; orientation to undergraduate and post-graduate medical students and technical advice to the Central and State Governments. Director: Dr. D. R. Nagpaul.

REGIONAL INSTITUTE OF ENGLISH, SOUTH INDIA 6A, Cunningham Road, Bangalore.

Objects: To offer intensive training to key personnel in the field of English language teaching in these States. The Institute gives training in the teaching of English in the first six years of school to graduate teachers and Deputy Inspectors of Schools. The trainees are selected and deputed by the respective State Governments.

Other functions: The Institute provides teaching materials for English from Stds. III—VII for prescription by the southern States.

Director : Shaik Mowla.

Governor

DHARMA VIRA

Ministers

Chief Minister in charge of General Adm., Home, Irrigation and Electricity, Veerendra Patil.

Transport, Mohamad Ali Mehtab Ali.

Agriculture, B. Rachiah. Finance and Youth Welfare, Ramakrishna Hegde.

Labour, K. Puttaswamy.

Education, K. V. Shankare Gowda. Development, P. M. Nadagouda.

Public Works, K. Lakkappa.

Industries and Information, Rajasekhara Murthy.

Health, Y. Ramakrishna.

Social Welfare, Vasantrao Patil. Revenue, H. V. Koujalgi.

Ministers of State

A. J. Doddameti (Minor Irrigation), Alur Hanumanthappa (Forest), G. B. Shankar Rao (Veterinary and Animal Husbandry), H. C. Linga Reddy (Fisheries and Ports), B. Vithaldas Shetty (Food and Civil Supplies), B. M. Patil (Municipal Administration),

Deputy Ministers

H. C. Boriah (Transport and Tourism), A. P. Appanna (Industries), D. B. Pawar (Agriculture), B. L. Gowda (Co-operation), D. Parameswarappa (Major Irrigation and Electricity), Mrs. Basavarajeswari (Social Welfare), G. Basavannappa (Health), N. M. Kotrabasaviah Sogi (Education), Basavaraj Magavi (Public Works), G. Thammanna (Sericulture), Manikrao Patil (Home).

Secretariat

Chief Secretary, R. N. Vasudova; Secretaries: V. Byrappa (Agriculture and Forests); Chandappa Patil

(Commerce and Industries); G. V. K. Rao (Development): K. Ramachandran (Education); Mani Narayana Swamy (Finance); M. K. Venkateshan (Food); N. Lakshman Rau (Home); S. V. Papa Reddy (Law); Iftikar Ahmed (Public Works); M. S. Swaminathan (Revenue); B. S. Muddappa (Health).

Heads of Departments

Director of Agriculture, Dr. H. R. Arokeri; Director of Animal Husbandry, Dr. D. Rudrish; Registrar of Co-operative Societies, C. A. Jhamkandimath; Director of Public Instruction, S. V. Javoor; Director of Collegiate Education, Smt. M. Jayalakshammanni; Director of Technical Education, V. V. Shantamallappa; Director of Fisheries, G. L. Rao; Director of Food Supplies, Mani Narayanaswamy; Chief Conservators of Forests, N. S. Kaikini and D. Nanjundappa; Director of Health Services, Dr. H. G. Sattur; Director of Industries, T. R. Satish-chandran; Director of Information, M. D. Mariputtanna; Labour Commissioner, H. L. Nage Gowda; Inspector General of Police, S. N. Hosali; Directors, S. H. Venkatesh Kumaran (Employment); R. Sampath Kumaran (Bureau of Economic & Statistics), V. R. Uthman (Scriculture); Chairman Mysore, Public Service Commission, Park House, Bangalore 1, R. V. Bidap; Director of Food Supplies: B.S. Hanuman; Vigilance Commissioner, Mir Iqbal Hussain.

High Court

Public Office Bldgs., Bangalore 1.

Chief Justice, M. Sadasivayya; Judges, A. Narayana Pal, Ahmed Ali Khan, B. M. Kalagate, G. K. Gobinda Bhat, K. R. Gopi, Vallabha Iyengar, D. M. Chandrashekhar, M. Santosh, C. Honniah, K. Bhimish, B. Venkataswamy, M. Sadanandaswamy, I. Noronha, V. S. Malimath.

Registrar, P. Subramaniam; Advocate-General, V. S. Mallimath.

NAGALAND

FEADQUARTERS: Kohima.

Area: 6,366 sq. miles.

Population: 369,200 (1961 Census).

Administrative Districts with headquarters shown within brackets: Kohima (Kohima); Mokokchung (Mokokchung); Tuensang (Tuensang).

There are \$28 villages.

The economy of the state is mainly dependent on agriculture. Revenue is derived from house tax and forest produce like bamboo, cane, timber, thatch and 'Agar'.

The deficit in food production at the beginning of the 3rd Five Year Plan was estimated at 5,400 tons, the major crop being rice which accounts for 80 per cent of the total output of food. In the villages people depend mostly on their own cottage industry for cloth. Yarn is made locally though it is also imported. Towns now import mill cloth.

The main tribes in the Area are : Angami, Sema, Lhotha, Ao, Rengma, Chakhesang, Sangtam, Konyak, Chang, Phom, Yimchunger, Khiamngan, Zeliang-Kiki and Kachari.

DEVELOPMENT PROGRAMME

Third Plan: An outlay of Rs. 7.25 crores had been approved for the 3rd Five Year Plan subject to the increase in allocations from year to year based on the actual performance. By the end of the financial year 1965-66 the actual expenditure under the Plan scheme came to Rs. 1,075 · 38 lakhs.

Agriculture: Under agricultural production scheme the total foodgrains production was brought to 63,390 tonnes by the end of 1965-66. The anticipated foodgrains production by 1968-69 was 69,190 tonnes.

Forests: Forests are the main source of revenue in Nagaland. By the end of 1964-65 the production of timber, timber poles and firewood were 7,45,008 cft., 6,481 nos. and 2,96,500 cft. respectively. The annual revenue during the year was Rs. 12,98,000.

Roads: National Highway (Surface) 64 miles; Total surfaced roads (State routes) 119 miles; Unsurfaced roads 1,778 miles; Mule Paths 465 miles; State Highways 404 miles; Major District roads 311 miles; Other District roads 345 miles; and Village roads 837 miles.

Third Plan expenditure: Rs. 343-01 lakhs.

(Source: P.W.D.).

Transport: kilometrage covered by nationalised Transport—By- Bus services 359; By Town services 200; By Taxi services 215.

Total daily coverage operational mileage: By bus 1,278 (2,056 K.M.); By car 246 (306 K.M.).

Éducation: No. of Government Primary Schools 947; Middle Schools 146 (129 Govt.), High Schools 33, Colleges four (two Govt.), Polytechnical School one; Teacher's Training Institutes three; Adult Literacy Centres 121.

No. of Students in L.P. Schools 67,257; M.E. Schools 17,194; High Schools 7,681; Colleges 263.

Health:—Hospitals during the year 1968: 27; T.B. Hospitals 2; Beds 879; Dispensaries 75; Primary Health Centres 6; Sub-Centres under P.H. Centres 15; Leprosy Colonies 2; V.D. Clinies 2; T.B. Clinies 3; B.C.G. Teams 3; Smallpox Unit 1; Malaria Unit 1; Health Education Programme 1; School Health Service 1; and Survoy Education Training (Leprosy) 2 Centres. (Source: Medical Directorate).

At present one medical unit covers an average of 68 sq. miles and one hospital bed is available for every 455 persons. The anti-malaria and smallpox drive has made considerable progress.

Third Plan Expenditure: Rs. 107-34 lakhs.

ADMINISTRATIVE PERSONNEL

Kohima

Governor

B. K. NEHRU

Ministers

Chief Minister in Charge of Home and General Administration, Information and Publicity, Hokishe Sema.

Finance and Revenue, Planning and Co-operation, Industries and Commerce, R. C. Chitten Jamir.

Education and Cultural, Research, Forests, Geology and Mining, Soil Conservation, John Bosco Jasokie.

Public Works Department and Electricity, T. N. Angami.

Tuensang Affairs, Supplies and Excise, Akum Imlong.

Law and Parliamentary Affairs and Agriculture, T. Kikon.

Ministers of State

Transport and Communication, Relief and Rehabilitation, N. I. Odyuo; Medical and Public Health, Co-operation, Ihezha Zhimomi; Community Development, Town and Country Planning, including Local Development Works, Koramoa Jamir; Veterinary and Jails, Chingwang Konyak; Education, Social Welfare, Weprenyi Kapfo.

Deputy Ministers

Forests and Fishery, Zulutemba Ao; Public Works Department, Riga Thong; Information and Publicity, Nihovi Sema; Medical and Public Health, Tochi Hanso; Agriculture, Punuho.

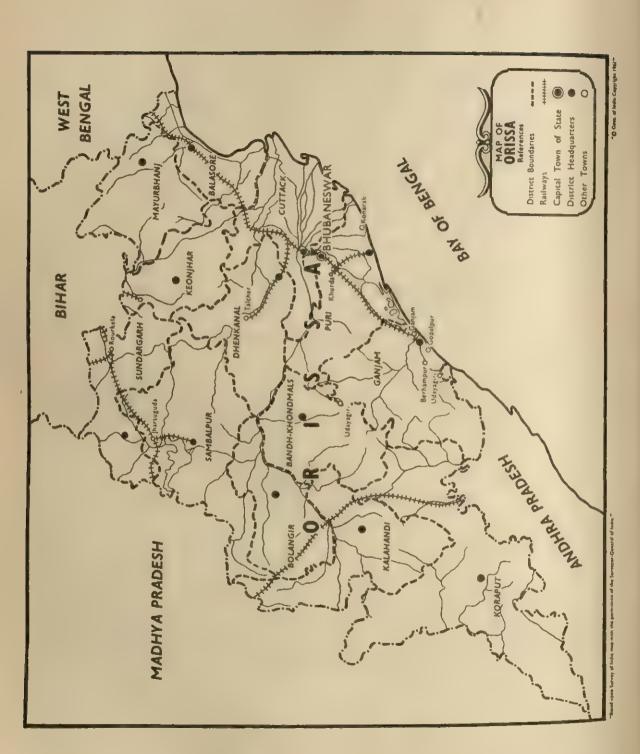

Parliamentary Secretary, Tsebongse Sangtam.

Chief Secretary, R. Khating; Commissioner, L. Lungalang.

Secretary, Planning, H. Zopianga; Spl. Secretary, Education and Research, Social Welfare & Border Affairs, R. H. M. D'Silva; Secretary, P.W.D. and Electricity, T. Aliba Imti; Secretary, Industry and Commerce, Elections, I. Sashimoron Aior; Secretary, Home, Publicity & Tourism, S. C. Dev.; Jt. Secretary, Supply and Relief, J. S. Halliday; Jt. Secretary, Medical, Public Health, Co-operation and Excise, Z. Obed; Jt. Secretary, Law & Parliamentary Affairs, L. L. Yaden; Jt. Secretary, Transport & Communications, I. Longkumar; Jt. Secretary, Agriculture, Forests, etc., N. Jakhalu.

Directors

Forest, L. Rynjah; Agriculture, I. Panger Ao; Education, Yajen Aier; Health Service, T. Ao; Information and Publicity, N. Bedang Ao; Industry, Dr. Sadgopal; Supply, C. Wati Aier.

ORISSA

APITAL : Bhubaneswar.

Area: 60,172 sq. miles or 155,845 sq. kms.

Total Population: 17,548,846 (Males 8,770,586 and Females 8,778,260) (1961 Census). See article "Population" for more details.

Administrative Divisions: The State is divided into three Revenue Divisions, namely, Central Division (Hqrs. Cuttack), Northern Division (Hqrs. Sambalpur) and Southern Division (Hqrs. Berhampur). The following are the 13 Administrative Districts with names of district headquarters in brackets.

Cuttack (Cuttack); Puri (Puri); Dhenkanal (Dhenkanal); Phulbani (Phulbani); Balasore (Balasore); Sambalpur (Sambalpur); Ganjam (Chatrapur); Koraput (Koraput); Mayurbhanj (Baripada); Sundergarh (Sundergarh); Bolangir (Bolangir); Keonjhar (Keonjhargarh); Kalahandi (Bhawanipatna).

Number of Revenue Sub-Divisions: 53 (which are further divided into Tahsils).

Number of Municipalities: 19.

Number of Notified Area Councils: 44.

Number of villages: 52,125 (1961).

Panchayat Samities—Grampanchayats: 3,831 (after the re-organisation in 1967); Number of Panchayat Samities: 314.

Panchayat Raj was inaugurated throughout the State on Jan. 26, 1961. Under the reorganisation scheme in 1967, the Zilla Parishads at the top of the three-tier system were abolished.

LARGE-SCALE INDUSTRY

Main large-scale industries of State.

Textiles; Cement; Refrigerators; Paper; Glass; Sugar; Iron and Steel; Potteries; Spinning Mills; Tube Mill; Refractories and pipes; Ferro-manganese; Chlorine and Caustic Soda; Low Shaft Furnace; Structural Transmission Towers; Coil and Coil Products; Aluminium Ingots; Aluminium Cables; Steel Reinforced; Cast Iron Specials; Cast Iron apun pipes; Cast Iron Castings; Paper, Ferrosilicon and Ferro-chrome.

CHIEF INDUSTRIAL UNITS

Orissa Textile Mills, Chowdwar; Kalinga Tubes, Ltd., Chowdwar; Titaghur Paper Mills, Ltd., Chowdwar; Electrolux India, Ltd., Chowdwar; Kalinga Industries, Ltd., Cuttack (Factory at Chowdwar); Shree Durga Glass Works, Ltd., Baranga; Orissa Industries, Ltd., Baranga; National Foundry and Rolling Mills, Ltd., Cuttack; Patnaik Industries, Ltd., Bhubaneswar; Cement Concrete Products, Ltd., Bhubaneswar; Ferro-Chrome, Jajpur Road; Orient Paper Mills (P) Ltd., Brajarajnagar; Hindustan Aeronautics, Sunabeda; Indian Metals & Ferro-Alloys, Ltd., Tirubeli, Rayagada; Jeypore Sugar Co., Ltd., Rayagada; Straw Products, Ltd., (J. K. Paper Mills), Jaykeypore, Rayagada; Indian Aluminium Co., Ltd., Hirakud; Aluminium Industries, Ltd., Hirakud; Hira Cements (Industrial Dev. Corporation), Hirakud; Aska Cooperative Sugar Industries, Aska; Kalings Iron Works, Ltd., (Industrial Dev. Corporation), Barbil; Tata Ferromanganese Plant, Joda (Barbil); East Coast Salts & Chemicals, Ltd., (Industrial Dev. Corporation), Bhubaneswar (Factory at Ganjam); Jayshree Chemicals, Ltd., Ganjam; Orissa Cement Co., Ltd., Rajgangpur; Rourkela Steel Plant (HSL), Rourkela; Utkal Machinery, Ltd., Kansbahal; Refractory Plant, Rajgangpur, Belpahar Refractories, Sambalpur; Orissa Ceramics, Jharusuguda.

UTKAL MACHINERY LIMITED

(Larsen & Toubro Limited in collaboration with three West German companies—Gutehoffnungshuette Sterkrade A. G., J. M. Voith GmbH and Heinrich Koppers GmbH.)

Registered Office and Works:

Kansbahal, Dist. Sundergarh, Orissa. Telephone: 2321; Grams: "UTMAPLANT". For faster service telegrams and telex messages to be addressed: UTMAL KANS-BAHAL TLX: 7163 UTMAL CALCUTTA.

Fabricates equipment for iron and steel plants, equipment for pulp and paper plants, crushing and screening machinery, mining equipment, hydraulic gates, equipment for chemical plants, special steel structures.

The Company also offers special castings and undertakes installation and servicing of plant and equipment.

Directors: Th. Mueller (Chairman), H. Holck-Larsen (Vice-Chairman), Gunnar Hansen, John Hover, Dr. H. W. Rudhart, Dr. H. Mittendorff, H. Pfelfer, Dr. C. Knapp, Dr. K. Kuepper, L. T. Gholap, B. S. Billimoria (Alternate Director), D. S. Mulla (Alternate Director), F. X. Beck (Alternate Director).

Selling Agents: Larsen & Toubro Limited, P.O. Box 278, Bombay I. Phone: 268181. Grams: "LARSENBRO."

SMALL & COTTAGE INDUSTRIES

Small & Cottage industries with their locations in brackets :- Biscuit & Confectionery (Cuttack, Berhampur, Rourkela); Steel products (Parlakhimedi & Cuttack); Salt (Ganjam, Puri & Cuttack); Fire Bricks (Rajgangpur, Baranga, Jharusuguda, Sambalpur); Foundry (Tapang, Berhampur, Dhanmandal, Cuttack, Bhubaneswar, Rourkela, Baripada, Sambalpur, Balasore); Woodwork (Cuttack, Bhubaneswar, Baripada, Jharusuguda); Tannery (Baud, Titlagarh); Footwear (Puri, Berhampur, Cuttack); Roofing Tiles (Cuttack, Puri, Ganjam and Sambalpur); Radio & Electricals (Cuttack, Rourkela); Glazed Porcelain (Baranga, Rourkela); Agricultural implements (Cuttack); Car Batteries (Cuttack); Cycle parts (Cuttack); Paints, Chemicals & Pharmaceuticals (Cuttack); Tin containers (Parlakhimedi, Cuttack); Sports Goods (Cuttack); Mathematical Instruments (Berhampur); Aluminium Utensils (Cuttack, Puri, Rourkela); Re-Rolling and Steel fabrications (Cuttack); Boats & launches (Cuttack); Buckets (Rourkela, Cuttack); Hard Boards (Cuttack); Filigree (Cuttack); Horn Works (Cuttack & Parlakhimedi); Handloom (Sambalpur and almost throughout the State); Eri and Tassar rearing (Sambalpur & Bolangir). The State is famous for its Bell Metal and Brass works. Other cottage industries are: blacksmithy, coir products, soap and phenyl, carpentry, pottery, wooden and sea-shell toys (Puri), stone carving (Puri), ivory etching, applione works, paddy husking. There are nearly two hundred rice mills and many hullers throughout the State.

Industrial Belts: I. (a) Rourkela-Bonai-Talcher-Cuttack-Paradeep; (b) Nayagarh-Tomka-Daitari-Paradeep; II. Rourkela - Rajgangpur - Jharusuguda - Bolangir - Rayagada-Koraput-Vishakhapatnam.

Industrial Policy

Loan assistance, land and power at concessional rates, waiving of Octroi duty and sales tax and guidance for proparation of project reports and obtaining of licences are some of the highlights of the policy. Sale of factory premises in industrial estates on instalment payment approad over ten years is the latest concession.

MINERALS, METALS

Orissa's mineral potential is enormous. Her reserves of Iron Ore, Manganese Ore, Chromite, Limestone and Graphite are among the very best in India. The minerals which are worked in large quantities include besides those stated above, Coal, Dolomite Galena, Fire clay and China Clay. Deposits of Bauxite, Vanadiferous Magnetite, Kyanite, Asbestos, Soapstone and Mics also occur in the State.

Location :-

Iron Ore:—Badampahar, Gorumahisani, Hatisikhli, Thakurani, Joda, Bolani, Sakradihi, Pipokri*, Gandhamaradan*, Jhiling, Tomka, Daitari* and Hirapur*. Total estimated reserves: Over 8,000 million tons.

Manganese Ore: —Thakurani, Joda, Bamebari, Gurda, Kalaparbat, Siljora, Dalpahar, Bhutura, Korra valley and Kuttinga. Total estimated reserves: over 20 million tons of all grades.

Chromite: —Baula—Nussahi, Saraubii, Sukraugi, Bhimtangar, Kaliapani. Total estimated reserves: Around five million tons.

Coal:—Talchir (Deulbera, Dera, Talchir, S. Balanda) and Rampur (Hingir—Rampur and Orient collieries) are the two coal fields of the State producing non-coking coal. The reserves in those fields may be of the order of several thousand million tons.

Limestone:—Birmitrapur, Hatibari, Purnapani, Lanjihera, Dungri, Umpavalle, Kottameta—Naudiveda. The total reserves may exceed 500 million tons.

Dolomite: - Birmitrapur in Sundargarh district.

Graphite:—Sargipali, Matupali, Dharuakhaman, Bamuni, Sigihran, Loitera, Densurgi, Tumudibandh, Majhibhelum, Kariguda and Athamalik.

China Clay: --- Khola, Joshipur, Chanachbani and Jamkesar.

Firs Clay:—Belpahar, Talabira, Darlipali, Jaganath Prasad, Gopalpur* and Ratansara.

Bauxite: —Gandhamaradan Plateau, Kahipur Tiluk, Khariar, Karlapat plateaux. Total reserves: About two million tons.

Vandiferous Magnetits:—Huasahi, Betai, Rangamatia, Betharan, Kumardubi, Hatichar, Kesam, Majurbeka.

Mineral exploitation:—The Orissa Mining Corporation
— a State Govt. Undertaking — has the largest mechanized mining and ore-handling equipment. Messrs. TISCO, Bolani Mines, Ltd., the Hindusthan Steel Mines are among the largest mechanized iron ore mines in the country.

PORTS

Major Port:—Paradeep (Cuttack District); with draft of 42, biggest in the country, it can receive bulk-carriers of 60,000 tonnes.

Minor Ports:—Chandbali (Balasore District) and Gopalpur (Ganjam District).

See also main article "Ports" for details.

AGRICULTURE

Less than 18 per cent of the cropped area is irrigated. The latest position (1968-69) is as follows: the figures in brackets show the area sown in acres and the production in tonnes: Rice winter and autumn (96,63,000; 38,27,000) Wheat (35,320; 1,74,000); Other kharif cereals (5,72,000; 2,00,000); khariff pulses (12,66,000; 1,17,000); Rabi cereals other than rice and wheat (51,000; 25,000); Rabi pulses (20,41,000; 3,47,000); kharif commercial crops oilseeds, jute, etc. (4,91,000 acres); Rabi commercial crops oilseeds, jute, etc. (5,94,000 acres); Oilseeds production (1,88,000 tons); sugarcane (Gur) production (1,91,000 tons); Jute (2,92,000 bales of 400 lbs).

The total coverage under the High Yielding Variety Programme (H.Y.V.P.) is 5,12,000 acres. The area under this programme is spread over 75 blocks which have been selected from 161 Blocks covered by the I.A.A.P. and I.A.D.P.

LAND REFORMS

The important steps taken for agrarian reforms include: Abolition of intermediaries (as many as 3,70,000 out of a total of 4,20,000 have been abolished). The tenants now hold tenancies under the Government under the Orissa Estates Abolition Act. The bulk of the remaining 50,000 estates are Trust Estates or Religious Endowments. The total compensation payable to erstwhile land owners is Rs. 9.5 crores. The system of collection of rent by hereditary village headmen (karjis and karnams) has also been abolished. Land revenue has been abolished from 1st April, 1967. The provisions in the Land Reforms Act relating to fixation of land ceiling are still sub-judice. In case it is decided in favour of State Government, about 17,50,000 acres of surplus land can be taken over by Government for which a compensation of Rs. 9 crores will have to be paid.

Water rates and irrigation cess were levied in all the districts from June 1, 1961, except in Cuttack, Balasore and Ganjam districts, where the provisions of Irrigation Act came into effect from July 1, 1963. But the rates have been halved since June, 1967.

FORESTS

The total estimated forest area of the State: 26,317:80 square miles (42 per cent of the total land area). The forests are largely confined to Western Districts of the State while the coastal Districts are deficient in forests where the demand is greater.

Out of the total forest area, 9,100.90 square miles are Reserve Forests, 2,485.11 square miles are Reserve Lands and Demarcated projected forests, Ex-Zamindary forests, private forests and other types of forests. Sixty per cent of the total forest area of the State is demarcated and support forest growth of reasonable value. Sal is the most important timber species of the State. Besides Sal, Teak, Sisoo, Piasal, Kurum, Bandhan, Champa, and Gambhar are available. In the exploitable forests 56 per cent of the available species are utilised as firewood. There are extensive areas of the state covered with bamboos. They feed 3 Paper Mills within the State and 2 outside.

At the end of the 3rd Plan, revenue from forests was Rs. 4,70,13,800. Besides bamboos and timber, kendu leaf used for the manufacture of bidis has yielded a net revenue of Rs. 1,97,00,000 in 1968-69. The total expenditure under the head "Forests" is about Rs. 2,00,00,000 including the expenditure on Plan schemes.

[·] Indicates occurrences which have not been worked.

ORISSA 517

The average outlay on forests in the Annual Plans from 1966-67 to 1968-69 was Rs. 50 lakhs per year. A provision of Rs. 4 crores in the draft 4th Plan has been made under "Forests". About 25 per cent of the exploitable forests are covered with uneconomic species. One of the major schemes in the Plan is to plan economic species such as teak, sisoo and semul in the place of the uneconomic species.

The Orissa Forest Corporation is engaged in scientific exploitation of forest resources in some of the areas. It has set up its own saw mills and supply depots.

TRANSPORT

The State is still underdeveloped in road communication. There are 1,427 miles of State Highways, 3,183 miles of major District roads, 5,542 miles of other District roads and 4,027 miles of rural roads.

Out of 5,818 miles of roads of higher category in the State, so far (1967-68), 2,886 miles have been made all weather.

The 90-mile long Expressway connecting the Daitari mining area with Paradeep Port, undertaken in the 3rd Plan, was completed in 1967-68.

Most of the passenger bus routes have been nationalised. They are now shared by the State Transport Service and the Orissa Transport Company.

(The Company operates buses on 132 routes).

Orissa State Commercial Transport Corporation: It is primarily concerned with transport of iron ore from Daitari mines to Paradip Port and has a fleet of nearly 90 tractor-cum-trailers each capable of hauling 25 tonnes. The Government has invested Rs. 2 crores in share capital and advanced also a loan of Rs. 181 lakhs.

CO-OPERATIVES

The Primary Agricultural Credit Societies which were originally 8,925 (1967), have been reorganized into 3,000 viable societies in 1968-69. Under the Action Programme, another 666 new societies at the village level are being set up in 1969-70. The membership is 14,72,000.

Amount of short-term and medium-term loans advanced Rs. 19,00,00,000 (1968-69); Amount of long-term loans advanced; Rs. 4,00,00,000; Number of Central Co-operative Banks; 18; Branches: 44.

To ensure flow of agricultural credit from Reserve Bank and to meet credit requirements of members at the time of natural calamities, a relief and guarantee fund has been created with Rs. 58 lakhs by end of 1968-69.

Number of Primary Land Mortgage Banks: 55 (1968-69). The Central Land Mortgage Bank had a programme to float debentures worth Rs. 3-92 crores in 1969-70 for investment of long-term loan to the extent of Rs. 5 crores.

Number of Regional Marketing Societies: 53 (1968-69) with Government investment of Rs. 78 lakhs in them. Wholesale Consumers' Co-operative Societies: 8 with 81 primary units in semi-urban and rural areas. Number of Co-operative Farming Societies: 105 (They will be strengthened for taking up agro-industries). Number of Labour Co-operatives: 282. Number of Industrial Co-operatives: 51 (rice-cum-oil mills 35, sugar factories 2 and cold stores 14).

PUBLIC HEALTH & MEDICAL

Commonest diseases in the State are: Smallpox, Cholera, Filaria and fevers (including Malaria). Malaria has almost been eradicated through the N.M.E.P. The "industrial" diseases like tuberculosis are on the increase. The dreadful yaws disease among the tribal people is also under control.

Number of allopathic hospitals and dispensaries: 388 (74 urban and 314 rural); Ayurvedic hospitals and dispensaries: 122; Homocopathic dispensaries: 24. Beds in hospitals: 7,562; Maternity homes: 98; Maternity and child welfare centres: 182; Primary health centres 314 (one in each of the Blocks); Medical Colleges: 3 (intake 450 annually); Ayurvedic College: 1. (A separate directorate has been set up for indigenous systems of medicine since June, 1968). Nurses' training institutions: 4 (intake raised from 150 to 200 annually); Auxiliary and midwifery training centres: 4; Pharmacists' training institutions: 2; T.B. Clinics 13 (including one full-fledged Sanatorium); Leprosy Control Units: 8, besides 64 S.E.T. Centres; Filaria Control Units: 5; Malaria Control Units: 15; Urban Family Planning Centres: 231.

EDUCATION (1969-70)

Enrolment of students in the age-group, 6-11, 11-14 and 14-17, were 19.72 lakhs, 3.67 lakhs and 2.17 lakhs respectively.

No. of Schools: Primary: 20,000; Higher Primary (Class VI and VII) 4,000; and Secondary 900. Teachers: Primary 53,318; Higher Primary 14,648; and Secondary 11,826.

The number of students enrolled in 83 colleges under the 3 Universities (excluding Orissa University of Agriculture and Technology) is 32,618, Teachers' Training College 3 4; Engineering Colleges 3; Engineering Schools 4.

(See Educational Statistics)

LABOUR, HOUSING

Position in 1969:

Names of industries in which minimum wage is fixed:
Rice Mill, Flour Mill and Dal Mill, Tobacco (including
bidi and gudakhu making) manufactory, road construction, building operations and stone breaking or stone
crushing, Public Motor Transport, employment in
agricultural operations and employment under Local
Authority (excepting Gram Panchayats, Anchal Sasan
and Notified Area Councils) and Printing Presses.

The minimum rates for wages in respect of the following scheduled employments were revised with effect from 26-11-1960: (1) Rice Mill, Flour Mill or Dal Mill, (2) To-bacco (including bidi making and gudakhu making) manufactory, (3) Agricultural operation, (4) Road construction or building operation and stone breaking or stone crushing within the notified area of Rourkela. Minimum wages in respect of Municipalities & N.A.C., Public Motor Transport, construction or maintenance of roads have been revised since 1965.

The following employments have been added to Part I of the Schedule appended to the Minimum Wages Act, 1948—Salt pans, printing presses, tile and brick making, private road transport, hotels, eating houses and restaurants, distilleries, shops and establishments, metal industries, cinema industry, saw mills, handloom and hosiery.

Number of registered factories: 1,198.

Average daily number of workers in registered factories: 76,000 (approximately).

Average monthly earnings of industrial workers: Rs. 194.00.

Number of Trade Unions in the State: 196 (Out of these 109 establishments have been covered by the Industrial Employment (S.O.) Act).

Total membership of trade unions: 71,500.

Number of Labour Welfare Centres: 22.

Number of establishments covered under the Minimum Wages Act: 95,200 (1968).

Number of workers employed in them: 6,31,746.

During 1968-69, there were 215 industrial disputes out of which 104 were settled by conciliation. A total of 228 disputes were referred to Industrial Tribunal and Labour Court. There were 17 cases of strikes and 2 cases of lock-outs.

Under E.S.I. Scheme, 31,955 insured workers were benefited till end of December, 1968.

Employment: Employment Exchanges, Guidance Bureau and Employment Sub-Offices, 35 in all, are functioning in the State.

Housing: During the year 18 houses under Subsidised Industrial Housing Scheme, 10 houses under Middle Income Group Housing Scheme and 108 houses under Low Income Group Housing Scheme were constructed. Now the total number of houses is 2,388, 470 and 1,899 under the three schemes respectively.

POWER

Power:—Generation of electricity and construction of power projects are in the direct charge of the State Government while the transmission and distribution of power to consumers are the responsibility of the State Electricity Board.

The more important schemes of generation:

(i) Hirakud Stage II, (ii) Talcher Thermal Station and (iii) Balimela Hydro-Electric Project.

Hirakud Stage II:—The work on Stage II of Hirakud Project is complete and it has now a scheduled capacity of 270 M.W. and is capable of supplying 121 M.W. of firm power.

Taicher Thermal Scheme 2—All the four units of 62.5 M.W. each have been commissioned. The total expenditure is Rs. 29.50 crores (with a spillover of Rs. 2 crores next year). It draws its coal from the mines operated by the National Mineral Development Corporation.

Talcher transmission system interconnects this thermal power station with Hirakud grid and the Machkund and Balimela hydel projects (both the latter are joint projects of Orissa and Andhra). The estimated cost of the transmission scheme is Rs. 5-20 crores out of which Rs. 4-67 crores have been spent.

Balimela Hydro-Electric Project 3—The Balimela Dam is the joint venture of Orissa and Andhra Pradeah whose revised estimate is Rs. 33.58 crores. The Balimela Power Project is that of Orissa alone. It envisages installation of six generating sets of 60 M.W. each. The cost of the power house is Rs. 27.48 crores. The tail water from the power house will be used for irrigating about 2.5 lakh acres in Malkangiri-Motu plains.

Orissa has spent Rs. 1.90 crores on the Balimela Dam project and Rs. 4.50 crores on the power project in 1968-69. The power generation is expected to start in 1973-74.

At the end of 1968-69, the installed capacity was 560 M.W. with the commissioning of Talcher Thermal Station.

Rural Electrification:—Executed by the Orissa Electricity Board, 866 villages have been electrified and 432 lift irrigation pumps energised. The budget provision for 1969-70 was Rs. 1-20 crores, with the target to electrify 100 villages and energise 130 lift pumps,

Balimela Transmission Schemes:—The Rayagada-Talcher 220 kV double circuit transmission lines are under construction. It will link up all the three main power stations, namely, Talcher, Balimela and Hirakud. The length of this line is 512 kilometers and the cost has been revised to Rs. 14·20 crores. With the budget provision of Rs. 1·50 crores in 1969·70, the total expenditure incurred was expected to be Rs. 7·33 crores.

Talcher Transmission Scheme:—The system connects Talcher Power Station with Hirakud grid at Joda Sub-Station and Chainpal Sub-Station and supplies power to the Jajpur area to meet requirements of the Ferro-Chrome plan and other industries. The energization of the 132 KV from Talcher to Jajpur Road and the Sub-Station at Jajpur have been completed this year. The system envisages construction of 92 miles of 220 KV line from Talcher to Joda and 6 miles of 132 KV line from Talcher to Joda and 6 miles of 132 KV line from Talcher to Jajpur. The total cost is Rs. 513 lakhs. Out of this Rs. 5 crores will have been spont by the end of 1969-70.

In addition, under the general transmission and distribution scheme, construction of main trunk and feeder lines to support rural electrification programme and power supply to various industries has been taken up. The transmission lines from Berhampur to Ganjam and from Rayagada to Theruvelli have been completed. It is proposed to draw high tension and extra high tension line to a length of 250 kilometers and 40 kilometers respectively. This year's budget provision is Rs. 118 lakhs. The total cost of the scheme is Rs. 15 crores out of which Rs. 13.87 crores will have been spent by the end of this year.

DEFECATION

(See also tables under main article 'Irrigation')

At present the following existing projects provide irrigation facilities to the extent mentioned against each (in acres): Rushikulya canals 1,64,000; Mahanadi Delta canals 6,00,000 kharif and 2,48,000 rabi; Hirakud Dam Project canals 3,40,000 kharif and 2,32,000 rabi; Jajpur canals 35,455; High Level Canal Range III 60,000; Baldia and Baldia Projects 18,000; Salandi 53,000; Salki 40,000 kharif and 5,000 rabi; Budhabudhiani 6,500 kharif and 1,500 rabi; Derjang 9,000 kharif and 3,000 rabi; Bahuda Stage I 8,000 kharif and 1,500 rabi; Hiradharbati 12,000 kharif and 540 rabi.

Minor Irrigation: An area of 6,40,000 acres was brought under irrigation by minor irrigation (flow) project by the end of 1968. By the end of 1969, another 12,000 acres were expected to be covered by minor irrigation. 301 lift irrigation projects have been completed with a potential of 30,000 acres.

Hirakud Dam Project (Stage I): The project is completed. The entire irrigation potential of 3,80,000 acres in kharif and 2,20,000 acres in rabi is being utilized. After improvement and renovation of the canals, which is under way, the system will irrigate 4,05,000 acres in kharif and 2,22,500 acres in rabi seasons.

Mehanadi Delta Irrigation Scheme: Out of total estimated cost of Rs. 34.40 crores, Rs. 29.64 crores have been spent by end of 1968-69. The scheme consists of remodelling of existing weirs at Johra and canal systems and construction of a diversion weir at Mundali to pick up the regulated release from Hirakud Reservoir for irrigation in Cuttack and Puri districts. The delta canals will command an area of 16 lakh acres.

ORISSA 519

Salandi Project: The project consists of a 160-foot high dam at Hadgarh, a barrage at Bidyadharpur across the Salandi river and a canal system, to irrigate an area of 1,13,000 acres in Balasore District. Out of the revised cost of Rs. 14·25 crores, a sum of Rs. 13·41 crores has already been spent. The barrage has been completed, and the erection of sluice gates is nearing completion. The project has begun to irrigate already 53,000 acres since last kharif season.

Medium Irrigation Projects: The important medium irrigation projects nearing completion are: Salia (cost: Rs. 2.94 crores; expenditure so far Rs. 2.47 crores; irrigation 20,000 acres kharif and 6,500 acres rabi); Salki (cost Rs. 1.66 crores; expenditure so far Rs. 1.38 crores; irrigation 40,000 acres kharif and 5,000 acres rabi); Budhabudhianai (cost Rs. 1.50 crores; expenditure so far Rs. 1.48 crores; irrigation since last season 6,500 acres) Godahado (cost Rs. 1.95 crores; expenditure so far Rs. 1.17 crores; irrigation 11,000 acres in kharif and 3,000 acres in rabi); Dhanei (cost Rs. 1.32 erores; expenditure so far Rs. 1-25 crores; irrigation 9,500 acres); Derjang (cost Rs. 3.72 crores; expenditure so far Rs. 3.22 crores; irrigation 16,000 acres in kharif and 8,000 acres in rabi); Bahuda Stage I (this is a diversion weir) (cost Rs. 1.58 crores; expenditure so far Rs. 84 lakhs; irrigation 12,000 acres in kharif and 1,500 acres rabi); Hiradabati (cost Rs. 35.50 lakhs; expenditure so far Rs. 34 lakhs; irrigation 10,900 acres kharif and 540 acres rabi); Pittamahal: a new project taken up in 1968-69 (cost Rs. 83 lakhs; expenditure so far Rs. 8 lakhs; irrigation potential 8,000 acres kharif and 4,000 acres rabi); *Uttei*: this is a new project taken up in 1968-69 (cost Rs. 90-20 lakhs; expenditure so far Rs. 5 lakhs; irrigation 22,000 acres kharif and 6,000 acres rabi).

At present, the major and minor irrigation projects provide irrigation to about 18.25 lakh acres while the minor irrigation (flow and lift) projects provide irrigation to about 7.2 lakh acres. The net irrigated area from all sources is about 21 lakh acres at the end of 1968-69 kharif out of the cropped area of 14,28,000 acres.

COMMUNITY DEVELOPMENT

Position in 1969:

The entire State has been delimited into 314 blocks including 75 Tribal Development Blocks. The stage position is: Stage I—35 Blocks; Stage II—184 Blocks and Post-Stage II—95 Blocks.

The Applied Nutrition Programme covers 96 Blocks.

PANCHAYAT RAJ

There are 3,829 Grama Panchayats covering a population of about 164 lakhs in about 5,100 villages. There are 314 Panchayat Samitis. The top tier, namely Zila Parishad, has been abolished.

BERHAMPUR UNIVERSITY

Berhampur-4 (Ganjam), Orissa.

It is as an affiliating and examining University.

Chancellor, Dr. S. S. Ansari, Governor of Orissa; Vice-Chancellor, R. P. Padhi; Registrar, R. C. Rajguru.

Number of affiliated Colleges: 13.

University Teaching Departments: 7.

Number of students in the University Teaching Departments: 176.

Number of students in the affiliated Colleges: 5,577 (As per 1968 annual report).

General medium of instruction: English.

Budget Estimates: 1969-70

Receipts: Rs. 71,44,300.

Expenditure: Rs. 71,02,300.

ORISSA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY

Bhubaneswar.

Chancellor, Dr. S. S. Ansari, Governor of Orissa; Vice-Chancellor, Dr. B. Samant Rai, M.Sc. B.L., Ph.D. (Lond.), D.I.C. (England); Registrar, Dr. D. Misra, M.A., A.M. (Columbia), Ph.D., (Utkal); Comptroller, A. Malik, O.F.S.

Constituent Colleges: 4.

Degrees awarded: B.Sc. (Ag.); M.Sc. (Ag.); B.V.Sc. & A.H. and M.V.Sc. & A.H.

Budget for 1969-70

Income: Rs. 62,30,550; Expenditure: Rs. 64,14,306.

SAMBALPUR UNIVERSITY

Sambalpur (Orissa)

Chancellor, Dr. S. S. Ansari, Governor of Orissa; Vice-Chancellor, Dr. K. C. Patnaik; Registrar, Dr. N. K. Sahu, M.A., Ph.D., D.Litt.; Dy. Registrar, Dr. B. N. Mishra, M.So., Ph.D.

Number of affiliated colleges: 25.

Budget Estimates for 1969-70

Receipts: Rs. 26,62,943-54. Expenditure: Rs. 12,02,799-87.

The medium of instruction for all classes is English.

Subjects for Post-Graduate teaching and research: English, Physics, Mathematics, Chemistry, Commerce, Economics, History, Oriya, Political Science, Civil Engineering, Electrical Engineering, Mechanical Engineering, Anatomy, Pharmacology, General Surgery, Physiology, Ophthalmology, E.N.T., Obstetries and Gynaecology, Social and Preventive Medicines, Anaesthesiology, Veneriology, and Dermatology, Biological Sciences.

UTKAL UNIVERSITY

Vani Vihar, Bhubaneswar-4, Orissa.

Chancellor, Governor of Orissa; Vice-Chancellor, Dr. S. Mista, M.A., Ph.D. (London); Registrar, D. P. Baral, M.A. pip.-in-Edn.

Affiliating-cum-Teaching University.

Subjects for Post-Graduate teaching and Research: Oriya, Sanskrit, Philosophy, English, Applied Economics, Economics, History, Mathematics, Physics, Chemistry, Botany, Geology, Psychology, Political Science, Statistics, Anthropology, Commerce and Zoology.

The medium of instruction at the University stage is English.

Number of colleges affiliated to the University: 41.

Number of teaching departments under its control: 18, including M. S. Law College.

ASSOCIATIONS

CUTTACK CHAMBER OF COMMERCE Malgodown, Cuttack 3.

Co-operation and Forestry and Health, Murari Prasad

Education, Banamali Patnaik.

Tribal & Rural Welfare, Manmohan Turu.

Urban Development, Works & Transport, Kartick Chandra Maihi.

Agriculture (Animal Husbandry & Fisheries), Home (Jails & Reformatories), Gangadhar Pradhan.

Deputy Ministers

Revenue, Irrigation & Power, Himansu Sokhar Padhi; Industries, Commerce, C.D. & Panchayat Raj, Ananta Narayan Singh Deo; Planning & Coordination, Cooperation & Forestry, Agriculture (excluding Animal Husbandry and Fisheries), Brundsban Tripathy; Health, Labour, Employment & Housing, Govinds Munds; Works and Transport (excluding Public Health Engineering of Roads & Buildings Branch), Dambaru Majhi.

Officials

Chief Secretary, A K. Barron, M.C., I.A.S.; Additional Development Commissioner, V. Natarajan; Secretary,

Political & Services, A. K. Barron; Secretary, Finance and Planning & Coordination, J. S. Baijal; Secretary, Home, B. B. Rath; Secretary, Industries & Commerce, V. Natarajan; Secretary, Community Development & Panchayat Raj, B. Das; Secretary, Cooperation and Forestry, G. C. Somiah; Secretary, Urban Development, Health & Family Planning, D. P. Tripathy; Secretary, Revenue & Excise, B. K. Mahanty; Secretary, Works and Transport, C. B. Jain; Secretary, Law, Trilochan Mishra; Secretary, Irrigation & Power, Mining & Geology, U. C. Agarwai; Secretary, Agriculture, C. Venketaramani; Secretary, Tribal & Rural Welfare Department, R. N. Das; Secretary, Education & Cultural Affairs, A. Das; Secretary, Supply, A. K. Majumdar; Secretary, Labour, Employment & Housing, G. N. Das.

Heads of Departments at Bhubaneshwar

Director of Health Services, Dr. R. C. Bohidar; Registrar of Co-operative Societies, A. K. Roy; Inspector General of Prisons, Dr. S. B. Mishra; Director of Agriculture Dr. U. N. Mohanty; Director of Public Relations, H. N. Das Mahapatra; Dir. of Public Instruction, Dr. B. B. Das (Higher Edn.), Prof. B. N. Rath (Schools); Labour Commissioner, U. N. Sahu.

Heads of Departments at Cuttack

Director of Animal Husbandry and Veterinary Services, Dr. G. Biswal; Chief Conservator of Forests, D. N. Choudhury; Director of Fisheries, P. N. Mishra; Director, Bureau of Statistics and Economics, Dr. C. Mishra; Director of Employment, Capt. N. Mohantany; Inspector-General of Police, B. B. Misra; Director of Industries, J. P. Das; Director, State Transport, R. K. Padhi; Chairman, Public Service Commission, K. K. Samal.

High Court

Cuttack

Chief Justice, G. K. Mishra; Judges, A. Misra, S. K. Ray, B. K. Patra, S. Acharya, R. N. Mishra; Registrar, S. K. Patra.

PONDICHERRY

Area and population: The total area of Pondicherry (with Karikal, Mahe and Yanam) is 469 sq. km. divided into 16 communes. Population (1961 Census) 3,69,079; Pondicherry City has 40,421 inhabitants.

Capital: Pondicherry.

The Union Territory of Pondicherry consists of: (1) On The Eastern Coast: (a) Pondicherry (Capital) divided into 8 communes, situated at about 160 kms. south of Madras. The Territory is an enclave in the district of South Arcot in Tamil Nadu. Population: 2,58,561 (1961 census).

- (b) Karikal: divided into 6 communes; it is at a distance of 150 kms. from Pondicherry and is an enclave in the Tanjore District. Area: 158 sq. Km.; Population: 84,001 (1961 census).
- (c) Yanam: with the adjoining territory forming one single commune; situated in the delta of the Godavari, it is an enclave in the district of East Godavari in Andhra Pradesh. Area: 20.7 sq. Km.; Population: 7,032 (1961 census).

(2) Mahe: The territory of Mahe on the west coast consists of the town of Mahe on the left bank of the river of the same name; and the dependent territory of Naluthara on the right bank containing the four villages of Chembra, Chalakara, Palloor and Pandakkal. It is an enclave in the District of Cannanore in Kerala State.

Area: 104 sq. Km.; Population: 19,485 (1961 census).

ECONOMY

As a result of the effective implementation of schemes like Intensive Agricultural Area Programme, High Yielding Programme, Multiple Cropping Programme, Minor Irrigation and Land Development, the production of food grains which stood at \$2,500 M.T. at the end of 1968-69 was expected to reach the level of \$8,600 M.T. at the end of 1969-70. The area under sugarcane was 4,000 acres during 1969-70. The comprehensive scheme for the development of sugarcane was implemented in this Union Territory out of the Cess Fund. The Intensive Cultivation scheme for Groundnut was implemented in about 4,000 acres and the production of groundnut is expected to increase from 6,700 M.T. to 9,200 M.T. The soil testing laboratory was expected to handle about 7,500 soil samples during the year for analysis.

CO-OPERATION

Position as on 30th June 1968: Total number of cooperative societies: 212. Total membership: 46,491. Total working capital: Rs. 292.51 lakhs.

ELECTRICITY

The entire requirement of power for Pondicherry and Karikal regions is obtained from the Tamil Nadu Electricity Board and for Maho region from the Kerala State Electricity Board.

Electricity purchased (Lakhs of Units) (1968-69): 894-22; P. C. Consumption of Power: 424-9.

INDOSTRIES

Large Scale Industries of the Territory :

The Anglo-French Textiles Ltd., Pondicherry; Swadeshi Cotton Mills, Pondicherry; Sri Barathi Mills, Pondicherry; Soundararaja Cotton Mills, Karikal and The Cannanore Spinning and Weaving Mills, Mahe.

Total number of ordinary looms 1,990.

Total number of spindles 1,21,328.

Other Small-Scale and Cottage Industries:

Food products 45; Tobacco processing 4; Textile products 2; Wearing apparel and made up textile goods 1; Wood products 19; Paper and Paper products 4; Leather products 8; Chemical products 44; Metal products except machinery and transport equipment 87; Electrical accessories and appliances 9 and Miscellaneous 63.

Industrial Co-operative Societies:

Palm Gur Society 2; Toy Making Society 1; Brick Makers' Society 1; Mat Weaving Society 4; Carpentry & Blacksmithy Society 2; Women Cottage Society 1; Coir Making Society 2; Oil Mongers' Society 1; Handpounding Rice Workers Society 1; Pondicherry State Small-Scale Industrial Cooperative Society 1; Gramodyog Co-operative Society 1;

Tailoring Society 1; Multimetal Society 1; Appalam Making Society 1.

HOUSING

Under the Industrial Housing Scheme, 234 tenements have been constructed in the Industrial Housing Colony at Gandhinagar. The Low and Middle Income Group Housing Schemes have been implemented in the Coperative Sector. As on 31–12–69, 324 houses under the Low Income Group and 74 houses under the Middle Income Group Housing Schemes had been constructed. The total number of houses under various stages of construction was 91. The Government sanctioned loans to the Coperative Housing Societies to the tune of Rs. 34·72 lakhs and Rs. 20·80 lakhs under Low and Middle Income Group Housing Schemes, respectively.

POADE

Total length of roads (Government): 456·13 Kms. Total metalled road: 400·97 Kms.

A new pier has been built at Pondicherry at a cost of about Rs. 42 lakhs. Ships anchor at a distance from the shore and contact with land is maintained by means of boats. The Ariyankuppan River Project which is under study by the Central Water and Power Research Station when executed will provide sheltering facilities for cargoes, tugs and country boats throughout the year.

EDUCATION (as on 1-11-1969)

Total number of Nursery schools: 49.

Total number of teachers: 68 (men 12; women 51).

Total number of students: 2,477 (boys 1,292; girls 1,185).

Total number of Primary schools: 249 (for boys 238; for girls 11).

Total number of teachers: 709 (men 518; women 191).

Total number of students: 27,034 (boys 15,645; girls 11,389).

Total number of middle schools: 78 (for boys 68; for girls 12).

Total number of teachers: 1,058 (men 588; women 470).

Total number of students: 29,982 (boys 17,550; girls 12,832).

Total number of High Schools: 45 (for boys 32; for girls 13).

Total number of teachers: 926 (men 612; women 314).

Total number of students: 25,449 (boys 16,558; girls 8,891).

Total number of colleges for boys and girls: 5 (for boys 4; for girls 1).

Total number of teachers: 312 (men 185; women 127).

Total number of students: 2,527 (boys 1,808; girls 719).

Professional Institutions and their strength: One Medical College 562 (boys 424; girls 138); One Polytechnic 112 (all boys); Two Teachers' Training Centres (boys 273; girls 70); One Junior Technical School 136 (all boys); One School of Nursing 81 (all girls); One school of Arts and Crafts: 4 (all boys); One school for embroidery, needle work and dress making 71 (all girls); four Pre-Vocational Training Centres 303 (all boys); One school for the Blind 18 (boys 12, girls 6) and One school for the Deaf and Dumb (boys 5, girls 1).

MEDICAL AND PUBLIC HEALTH

Position as on 17-12-1969:

No. of Hospitals 8; Dispensaries 22; Primary Health Centres 11; Medical Depots 6; Bed strength 1,198 (excluding JIPMER); Ratio 1: 316; Doctors 113; Ratio 1: 3,600.

There is also a 430 bed hospital attached to the JIPMER, which functions under the control of the Directorate General of Health Services, Govt. of India, New Delhi

and Primary Health Centre functions under the control of JIPMER for teaching purpose.

CHAMBER OF COMMERCE

Post Box No. 26, Karikal.

CHAMBER OF COMMERCE Pondicherry

President: H. M. Cassimo; Vice-President: T. S. N. Sundararaja Bhagavatar; General Secretary: A. S. Kandasamy Pillai; Treasurer: N. Govindasamy.

ADMINISTRATIVE PERSONNEL

Pondicherry

Lt.-Governor B. D. JATTI

Ministers

Chief Minister in charge of Confidential, Cabinet and General Administration, Appointments, Finance and Planning, Revenue, Labour, Fisheries, M. O. H. Farook Marioar.

Home, Local Administration, Industries, Jails, Community Development, S. Ramassamy.

Agriculture, Co-operation, Health and Family Planning, Animal Husbandry, V. Kailasa Subbiah.

Education, Food, Law, S. Arumugham.

Public Works, Electricity, Ports, Harijan Welfare, Housing, Social Welfare, V. Ramachandra.

Secretariat

Chief Secretary, Smt. Anjani Dayanand, I.A.S.; Secretary, Health, Education and Welfare Department, D. K.

Jain; Secretary, Finance, Planning, Local Adm. Department, M. S. Rajaji, I.A.S.; Secretary, Law & Labour Department, C. H. Ramakrishna Rao; Secretary to the Administrator, C. Ramou.

Principal Officials

Inspector-General of Police, S. N. Doy; Director of Public Instruction, K. Gopalan; Director of Health and Family Planning, Dr. S. N. Ganapath; Commissioner of Labour, P. R. Ramanathan; Public Relations Officer, A. Mohandoss; Director of Industries, R. Lakshmikantan; Director of Agriculture, K. A. Shaukat Ali; Director of Animal Husbandry, Dr. M. A. Swaminathan; Director of Fisheries, E. Palani; Registrar of Co-operative Societies, M. Sriramulu; Labour Officer, M. S. Kabeer Ahmad; Director of Civil Supplies, M. Kannan; Principal Dist. & Sessions Judge, Maxim A. Lobo; Administrator of Karikal, C. D. Dayal; Administrator of Mahe, E. Puroshottaman; Administrator of Yanam, P. Kothandapani.

PUNIAB

CAPITAL: Chandigarh — a contrally administered

The Union Government announced on January 29, 1970 their decision to transfer the Capital Project area of Chandigarh to Punjab within the next five years. Pending the construction of a new capital by Haryana, Chandigarh will remain a Union Territory.

Area 50,376 square kms. Population: 1,11,35,069 (urban 25,67,306; rural 85,79,763). Male literates 20,84,556; female literates 8,92,588. Literacy 26.75 per cent. Main occupation: Agriculture.

Administratively there are two divisions (Jullundur and Patiala), eleven districts, 37 sub-divisions, 13 subtehsils and 116 blocks.

Inhabited villages: 11,947; uninhabited villages: 943 and towns: 109.

The following are the districts with headquarters in brackets:—Amritear (Amritear), Gurdaspur (Gurdaspur), Hoshiarpur (Hoshiarpur), Jullundur (Jullundur), Ludhiana (Ludhiana), Bhatinda (Bhatinda), Ferozepore), Patiala (Patiala), Sangrur (Sangrur), Rupar (Rupar), and Kapurthala (Kapurthala).

The Vidhan Sabha has 104 members. The State is represented by 13 members in the Lok Sabha and by seven in the Rajya Sabha.

INDUSTRIES

Number of registered factories on January 1, 1969: 4,415. Number of working factories: 3,962. Number of workers employed in these factories: 1,05,993.

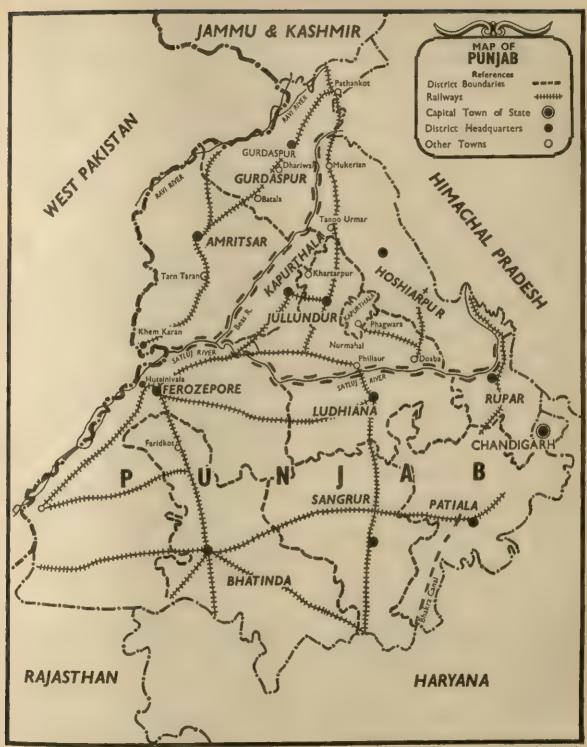

Some of the main industries in Punjab are: textile, hosiery, sports, cycles and cycle parts, sewing machines, sugar, starch factories, non-ferrous metals, resin, turpentine, scientific instruments and wool spinning and weaving units and machine tools.

Production of important industries in the State in 1967-68: Cotton textiles 373 lakh metres; cycles; 3,86,743: sewing machines: 66,428; agricultural implements and machine tools: worth Rs. 1,615 lakhs; nonferrous metals: worth Rs. 110 lakhs; steel rerolling: 1,55,932 tonnes; wood and machine screws: worth Rs. 10,351,000; scientific instruments: worth Rs. 1,61000; hosiery: worth Rs. 903 lakhs; woollen textiles: worth Rs. 16,24,27,000; power loom weaving: worth Rs. 1,325 lakhs; machine embroidery: worth Rs. 13,650,000; cotton ginning and processing: 10,39,000 bales; sports: worth Rs. 21,356,000; Resin and turpentine: worth Rs. 2,41,28,000.

Punjab occupies a prominent position in the smallscale sector with about 16,646 units in its territory out of a total of about one lakh units in the whole country.

The State has 63 large-scale and about 59 mediumscale industrial units involving a total capital investment of about Rs. 112-91 crores.

A sum of Rs. 16·15 crores has been approved by the Planning Commission for the development of industries in the Fourth Plan (1969-74) as against Rs. 21 crores provided in the draft Plan. A provision of Rs. 0·50 crore has been made for large and medium-scale industries to remove imbalance. To strengthen lean financial resources of small-scale units a sum of Rs. 7·83 crores has been set

"Based upon Survey of ladis map with the permission of the Surveyor-Gengral of India."

apart. For the development of handicrafts, handloom, sericulture and village industries, a sum of Rs. 41.85 lakhs is proposed to be utilised. A sum of Rs. 201.07 lakhs was intended to be spent during the year 1969-70.

AGRICULTURE

The total area of the Punjab, according to village records pertaining to the year 1967-68 was 5,026,000 hectares as per details below:—

Area (in hectares) under forests: 79,000; net area available for cultivation: 634,000; other uncultivated area excluding fallow land: 168,000; fallow land: 247,000; net area sown: 3,992,000; Area under crops: 5,441,000; net area sown: 3,992,000; sown more than once: 1,449,000; Total cropped area: 5,441,000; Net area under irrigation: 2,289,000 as per details given below:

Government canals: 1,293,000; wells: 989,000; other sources: 107,000. In the matter of foodgrains, Punjab is the second largest wheat and gram producing area in the Union.

AREA & PRODUCTION

Area in thousand hectares and production in thousand tonnes for 1968-69:

Foodgrain crops: Rice 338.0; 460.0; Jowar 3.0; 3.0; Bajra 192.0; 201.0; Ragi 0.2; N.A.; Small millets 0.3; 0.2; Wheat 2,086.0; 4,520.0; Barley 82.0; 70.0; Total cereals 3,182.5; 6,004.2.

Pulses: Gram 317.0; 216.0; Tur 1.0; 1.0; Other pulses 62.3; 30.9; Total pulses 380.3; 247.9.

Major oilseeds: Groundnut 240.3; 222.6; Seeamum 11.7; 4.3; Rapesced 143.0; 66.0; Linseed 2.0; 1.0; Total 397.0; 293.0.

Other crops: Mesta 0.1; 0.1; Cotton 440.0; 775.0; Cotton seed 270.0; 418.5; Tobacco 0.1; 0.1; Sannhemp 4.4; 1.3.

The following targets of agricultural production had been proposed for the year 1969-70.

Foodgrains: 6,070,000 tonnes; ollseeds: 3,20,000 tonnes; sugarcane 6 lakh tonnes; cotton: 9.40 lakh bales.

There is very little scope for extension in area under crop in Punjab as about 91 per cent of the total cultivable area has already been brought under plough.

There are nearly 10,954 Agricultural Credit Societies and 959 Cooperative Farms in the State.

ANIMAL HUSBANDRY

Total number of animals in the State: 74.80 lakhs as per details given below:—Cattle other than buffaloes: 61 lakhs; buffaloes: 29.83 lakhs; sheep and goats: 10.64 lakhs; others: 1.83 lakhs.

There are 199 permanent outlying veterinary dispensaries; 36 artificial insemination centres; 69 gaushalas; 12 sheep and wool extension centres, 211 veterinary hospitals; 287 temporary outlying dispensaries; 5 piggery development units; 4 government peultry farms and 8 poultry extension centres.

An outlay of Rs. 450 lakhs was carmarked for the Fourth Five-Year Plan for the implementation of various livestock development programmes as compared to Rs. 268 lakhs provided in the Third Plan for the composite Punjab State. A sum of Rs. 45 lakhs was proposed to be spent during the year 1969-70.

COMMUNITY DEVELOPMENT

The State has 116 community development blocks. The entire area of the state is covered by blocks.

In the Fourth Five-Year Plan special emphasis is laid on the programmes of agricultural production, development of power and irrigation. The number of blocks in which rural works programmes had been undertaken at the time of the reorganisation of the state was 115.

It was expected that during the year 1969-70, 3,29,000 meters drains would be constructed, 3,04,240 square meters of streets paved, 10,870 hand pumps installed, 2,820 kilometers kacha road constructed, 1,490 wells renovated and 345 drinking water wells constructed.

AGRARIAN REFORMS

After reorganisation in 1966, an area of 116.90 lakh acres came to the share of Punjab State, which was to be consolidated. Out of this, an area of 115.50 lakh acres was repartitioned by the end of March, 1968 leaving a balance of 1.40 acres.

Against the target of 1.35 lakh acres fixed for the year 1968-69 an area of 35,966 acres has been repartitioned by the end of November, 1968. It was expected that an area of 30,000 acres more would be repartitioned by the end of 1968-69, leaving a balance of 74,000 acres for repartition to be carried over to the next year. According to the present programme, consolidation work is planned to be completed by the end of the year 1970-71.

TRREGATION

Not area irrigated inclusive of areas irrigated by wells in the State: 2,289,000 hectares as per details given below:—

Government canals: 1,293,000; Wells: 9,89,000; other sources: 107,000.

The construction of the 740-foot-high Bhakra dam has been completed in all aspects except minor jobs relating to grouting and approach roads etc. The total capital cost of the dam, comes to Rs.234,81 lakhs.

Another multi-purpose project of the same magnitude now under execution in the State is the Beas Sutlej Link Project and the Beas Dam Project at Pong.

The power houses at Bhakra Dam, Beas Dam, Beas-Sutlej and Jogindernagar will form a grid system to cover the entire State of Punjab and neighbouring areas.

Other irrigation projects included in the current Plan include the construction of Thein Dam to utilise the surplus-waters of the river Beas to be released by Pakistan under Indus water Treaty, sinking of tubewells in upper Bari Doab, providing irrigation to areas between Harika and Jodh Singhwala and several lift irrigation schemes.

(For more details see under main article "Irrigation").

POWER

The present Punjab has a connected load of 9,95,700 K.W. and a maximum demand of 2,77,000 K.W. About 20 M.W. power has been acquired from Delhi Electric Supply Undertaking and the total power available now including some diesel-sets is about 190 M.W., leaving a shortage of 87 M.W. There is, in addition, a pending demand for load of nearly 3,00,000 K.W. as represented by a large number of applications received by the Board. In order to meet the whole demand in the State, about 200 M.W. more power would be required immediately. The rate of growth of power demand in Punjab is about 20 per cent every year.

PUNJAB 525

The number of electrified villages: 4,313. General consumers: domestic 556,464; commercial 126,576. Industrial consumers: small scale 24,229; medium 1,793; large scale 454; cottage: 251.

Agricultural consumers: Bulk supply consumers: 69. Public lighting 325. Total number of consumers: 768,756. It is proposed to energise 1,27,000 tubewells, electricity 1,600 villages, give 345,000 general connections and 1,670 industrial connections during the current Plan period.

TRANSPORT

There are about 6,359 kilometres of metalled roads in Punjab.

The Punjab Roadways which cover a daily mileage of 94,000 and cater to about 2.60 lakh passengers every day have a fleet of 830. The private sector contributes in operations and carriage of passengers almost to an equal extent.

The capital is linked with New Delhi by air. The I.A.C. runs a daily service between Delhi and Srinagar via Chandigarh and Amritsar.

LABOUR

Number of registered factories in the State in January 1969: 4,415. Number of working factories: 3,962. Number of workers employed in these factories: 105,993.

Employees' Provident Fund Scheme has been enforced in the State. For the welfare of employees in all commercial establishments the Government has enacted legislation known as Commercial Establishments Act.

The conciliation machinery is being strengthened and streamlined to settle the increasing number of industrial disputes.

EDUCATION

Number of students (boys and girls) receiving education in schools during 1968-69: 19,65,227. Total number of students in primary classes: 13,62,655. Middle class: 3,79,992; High and Higher Secondary classes: 4,26,722; Percentage of literacy: 26-75.

During 1968-69 the total number of primary schools in the State was 7,190; middle schools: 870; High schools: 814; higher secondary schools 269; Arts and science schools 71; Teachers training colleges: 16.

In the reorganised Punjab with a total population of 1.26 crores a sum of Rs. 21 crores has been provided under general education during the Fourth Plan.

Additional five lakh students in age group 6-11 and 1.81 lakh in the age group 11-14 will be enrolled during the Fourth Plan period.

HEALTH

Punjab has the highest life expectancy (52 years) and the lowest death (9.35 per 1,000) in the country.

The number of hospitals in the State is 110 in urban areas and six in rural areas; Primary Health Centres: 23 in urban areas and 100 in rural areas. In addition there are two Ayurvedic hospitals and 186 dispensaries in rural areas and one hospital and ten dispensaries in urban areas. There are 7,787 beds in allopathic institutions in urban areas and 1,363 in rural areas and 50 in Ayurvedic and Unani institutions in urban areas and 20 in rural areas. There are 129 family planning centres and clinics in rural areas and 100 in urban areas.

CO-OPERATION

In the year 1968 the number of Cooperative Societies in the State was 22,005 with a membership of 20.08 lakhs with a working capital of Rs. 213.27 crores covering 79 per cent of the state's total population. There were 18 Central Co-operative Banks and 10,954 Agricultural Credit Societies. There were 156 Markoting Societies, 959 Cooperative Farming, five Cooperative Sugar mills, 14 cooperative central consumer stores.

There is no village without a cooperative credit society.

During the Fourth Plan a provision of Rs. 327 lakhs has been made for the development of cooperatives. The outlay proposed for the financial year 1969-70 was Rs. 53 lakhs which is 1-1 per cent of the Plan outlay. A sum of Rs. 18-56 crores has been proposed for strengthening and revitalising the village oredit societies.

PANCHAYATS

The entire State is covered by panchayats. A total area of 5,79,874 acres of shamlat land is vested in the panchayats in the State. Of this 1,89,151 acres of land is cultivable and 3,90,723 acres non-cultivable. By leasing out the cultivable land the panchayats derive an income of Rs. 7,79,586 per annum.

The Fourth Five-Year Plan includes only one scheme to benefit panchayats. This relates to the financial assistance to the panchayats for expenditure on revenue earning schemes with a total outlay of Rs. 30 lakhs.

JUDICIARY

The separation of the judiciary from the executive was formaly inaugurated by the Chief Justice of India on October 2, 1964.

UNIVERSITIES

There are four universities in the State: The Punjab University, Chandigarh; The Agricultural University, Ludhiana, The Punjabi University, Patiala and Guru Nanak University at Amritsar.

PUNJAB UNIVERSITY

Chandigarh

Chancellor: G. S. Pathak, Vice-President of India. Vice-Chancellor: Suraj Bhan; Registrar: Sujan Singh.

Punjab University is a teaching and affiliating University.

Provision for teaching upto the Post-graduate standard exists in the following subjects/courses:—

English, Sanskrit, Persian, Arabic, Hindi, Panjabi, Urdu, History, Economics, Political Science, Mathematics, Mental & Moral Philosophy, Psychology, Geography, Sociology, Music, Ancient Indian History and Culture, Public Administration, Statistics, History of Arts, Fine Arts, Home Science, Botany, Zoology, Chemistry, Geology, Physics, Bio-physics, Bio-chemistry, Microbiology, Anthropology, Agricultural Economics, Industrial Relations and Labour Welfare, Business Administration, Agriculture, Commerce, Dairying, Veterinary Science, Education, Physical Education, Engineering, Law, Dental Science, Medicine, Surgery, Pharmacy.

There is provision for research by scholars for doctorate degrees.

Number of Colleges:—Constituent Colleges 4; Affiliated Arts & Science Colleges: 141; Technical & Professional Colleges: 44; Number of Students: 1,60,442.

PUNJAB AGRICULTURAL UNIVERSITY Ludhiana.

The basic structure and organisation of the University has been patterned on the model of the Land Grant Universities in the United States with a complete integration of residential teaching, research and extension education in Agriculture, Agricultural Engineering, Home Science and Veterinary Sciences. The University has its three campuses at Ludhiana, Hissar and Palampur.

Chancellor: Governor of Punjab; Vice-Chancellor: Dr. M. S. Randhaws, I.C.S., Registrar R. D. Joshi.

Number of constituent colleges: 8.

Post-graduate Departments: Agronomy, Plant Breeding, Horticulture (Pomology & Olericulture), Seils, Extension Education, Chemistry-Biochemistry, Economics & Sociology, Genetics, Botany & Plant Pathology (Plant Pathology and Plant Physiology), Statistics, Microbiology, Zoology-Entomology, Animal Breeding, Animal

Nutrition, Animal Production Physiology, Livestock Production, Veterinary Bacteriology & Hygiene, Veterinary Parasitology, Veterinary Pathology, Veterinary Physiology & Pharmacology, Veterinary Surgery, Veterinary Medicine, Agricultural Engg. and Food Technology.

Budget Estimates (1969-70): Receipts: Rs. 3,99,79,540. Expenditure Rs. 3,99,79,540.

PUNJABI UNIVERSITY

Patiala.

This University was established for advancement of Punjabi Studies and development of Punjabi Language as medium of instruction and for the promotion of higher education and research. This is a Unitary and affiliating University.

Chancellor: Governor of Punjab; Vice-Chancellor: Sardar Kirpal Singh Narang; Registrar: Sardar Amrik Singh.

ASSOCIATIONS

EAST PUNJAB CYCLE PARTS MANUFACTURERS' ASSOCIATION

Gill Road, Ludhiana.

ENGINEERING ASSOCIATION OF INDIA (Punjab Regional Office)
Tanda Road, Juliundur City.

ENGINEERING ASSOCIATION OF NORTHERN INDIA

G. T. Road, Batala, Dist. Gurdaspur.

FACTORIES' ASSOCIATION Railway Road, Batala.

HOSIERY INDUSTRY FEDERATION OF INDIA Sat Sang Ghar Road, Civil Lines, Ludhiana.

HOSIERY MACHINE MANUFACTURERS'
ASSOCIATION

461-62, Industrial Area B, Miller Ganj, Ludhiana.

HOSIERY MANUFACTURERS' ASSOCIATION Thepar Bldg., Bazaar Kharadian, Ludhiana.

INDIAN INSTITUTE OF ADVANCED STUDY Rashtrapati Niwas, Simla-5.

The Institute undertakes organisation, guides and promotes research of a high order in selected subjects in humanities, Indian culture, comparative religions, social eciences, natural sciences, etc. It also assists and associates itself with the efforts made by other academic and/or governmental bodies in the dissemination of knowledge.

INDIAN POLITICAL SCIENCE ASSOCIATION Dept. of Political Science, Punjabi Univ., Patiala.

KAPURTHALA INDUSTRIES ASSOCIATION Factory Area, Kapurthala.

LUDHIANA CYCLE PARTS SUPPLIERS
ASSOCIATION

Miller Ganj, Ludhiana 3.

LUDHIANA MACHINE TOOLS MAKERS
GUILD

Link Road, Dholewal Chowk, Ludhians.

NATIONAL INSTITUTE OF ENGINEERING Hoshiarpur.

NATIONAL INSTITUTE OF SPORTS
Motibagh, Patiala.

The Institute was set up by the Government of India in 1960 to produce first rate coaches in various games and sports.

NORTHERN INDIA CHAMBER OF COMMERCE & INDUSTRY
Chandigarh.

THE PUNJAB FEDERATION OF INDUSTRY & COMMERCE

Inside Hall Gate, Amritsar.

President: S. P. Virmani; Vice-President: Rishi Ram Aggarwal; Secretary: S. Iqbal Singh Bindra.

PUNJAB PAPER MERCHANTS' ASSOCIATION Guru Bazar, Amritsar.

PUNJAB RADIO TRADE FEDERATION Railway Road, Juliundur City.

SHIROMANI GURUDWAR PARBANDHAK COMMITTEE, AMRITSAR

(Teja Singh Samundri Hall, Amritsar)

It directly manages eleven of the most important and historic Gurudwaras in Punjab, Haryana and Himachal Pradesh including the historic Gurudwaras at Nankana Sahib Dera Sahib (West Pakistan).

The S.G.P.C. also runs Arts, Science and Engineering Colleges and several high schools, hospitals and libraries.

TEXTILE MANUFACTURERS' ASSOCIATION
4, Diwan C. Mehra Road, Amritaar.

UNITED LUDHIANA CYCLE MFRS'. ASSOCIATION
Miller Ganj, Gill Road, Ludhiana.

VISHVESHVARANAND VEDIC RESEARCH INSTITUTE

Sadhu Ashram, Hoshiarpur.

A non-denominational centre for post-graduate teaching, research and study in Indology.

VOLLEYBALL FEDERATION OF INDIA 12-A Model Town, Patisla.

ADMINISTRATIVE PERSONNEL

Chandigarh

(Chief Commissioner, Chandigarh, B. P. Bagchi.)

Governor Dr. D. C. Pavate.

Council of Ministers

Chief Minister in Charge of Gen. Adm., Home, Vigilance, Jails, Adm. of Justice, Transport, Tourism, Health and Family Planning, Prakash Singh Badal.

Finance, Food & Civil Supplies, Labour & Employment, Balwant Singh.

Irrigation, Public Works, Rural Electrification & Tech. Edn., Sohan Singh Bassi.

Education and Language, Surjit Singh Barnala.

Social Welfare, Printing & Stationery, Dr. Bhagat Singh.
Agriculture, Radha Krishan.

Ministers of State

Mohan Singh Tur, Jagdev Singh, Satnam Singh Bajwa, Randhir Singh Cheema, Raja Narendra Singh, Gurmit Singh, Tirlochan Singh Riyasti, Jasdev Singh Sandhu, Harnam Singh, Teja Singh.

Deputy Ministers

Sadhu Singh, Davinder Singh Bajea, Kartar Singh and Karam Singh.

Secretaries

Chief Secretary, A. N. Kashyap, I.A.S.; Financial and Planning Secretary, H. S. Chhina, I.A.S.; Home Secretary, Seria Grewal, I.A.S.; Secretary, Industries, Industrial Training, Food and Supplies, Labour, Employment and Printing and Stationery, V. P. Malhotra, I.A.S.; Secretary, Education, Languages, Sports, Social Welfare, Welfare of Scheduled Castes and Backward Classes and Oultural Affairs, S. S. Bedi, I.A.S.; Secretary, Health and Family

Planning, B. L. Kakkar, I.A.S.; Secretary, Irrigation and Power, Technical Education, Paramjit Singh, I.A.S.; Secretary, Local Government, Housing and Urban Development and Architecture, B. L. Kakkar, I.A.S.; Secretary, Legislative Department, Jasmer Singh; Secretary, Excise and Taxation, Rehabilitation and Relief and Resettlement, C. D. Kapur, I.A.S.

Heads of Departments

Director, Information, Publicity, Tourism, Hospitality and Cultural Affairs, and Removal of Grievances, R. C. Kapila; Economic and Statistical Adviser, Jagir Singh Sandhu; Director of Panchayats and Community Development, P. S. Multani; Director of Industries, S. S. Parmar; Director of Food and Supplies, Kosho Ram; Inspector General of Poice, Kanwar Shamsher Singh, I.P.S.; Inspector General of Prisons, R. P. Puri; Director of Public Instructions, Parampal Singh; Director, Land Reclamation, Irrigation and Power Research Institute, Amritsar, I. P. Kapila; Director, Health Services, Dr. Harbil Singh; Director, Agriculture, Gursham Singh; Registrar, Co-operative Societies, Kalwant Singh; Director, Social Welfare of Scheduled Castes and Backward Closses, S. S. Parmar; Director of Technical Education, R. C. Aggarwal; Provincial Transport Controllers, R. P. Ojha and Hardial Singh Aujla; Chairman, Public Service Commission, Patiala, Kuldip Singh Virk.

High Court, Punjab & Haryana

Chandigarh

Chief Justice, Mehar Singh; Judges, Harbans Singh, D. K. Mahajan, P. C. Pandit, Gurdev Singh, Jindra Lal, R. S. Narula, R. S. Sarkaria, H. R. Sodhi, Gopal Singh, B. R. Tuli, A. D. Koshal; Addl. Judges, S. S. Sandhawalia, P. C. Jain, C. G. Suri, Man Mohan Singh Gujral, S. C. Mittal, D. S. Tewatia, B. S. Dhillon; Registrar, B. L. Nagpal.

RAJASTHAN STATE

APITAL: Jaipur. Area: 3,40,230 sq. kms. (Reporting area for land utilisation purposes 1965-66); 3,42,268 sq. kms. (according to Surveyor-General of India).

Population (1961 census): 20,155,602.

Rajasthan is divided into 26 districts, 83 sub-divisions and 195 tehsils.

No. of village panchayats as on 31-12-67: 7,381; No. of panchayat Samities 232. The Village Panchayats cover 34,526* villages and serve 16,872 thousand people.

*Includes unpopulated villages.

DISTRICTS, AREA AND POPULATION

See article on "Population."

MUNERALS

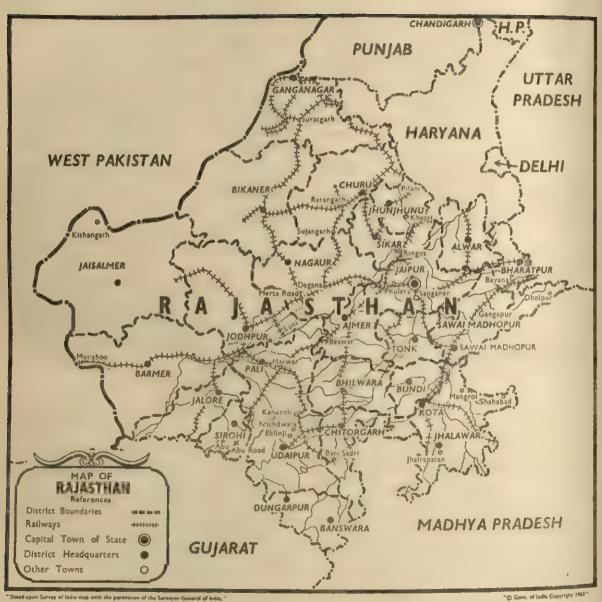

Rajasthan is an important mineral and building material producing State. It ranks next to Bihar in Mica which is chiefly found in Ajmer, Udaipur, Bbilwara and Jaipur Districts. Nearly a lakh persons have been employed in the State mining industry.

The chief non-metallic minerals are Silica sand, Felspar, Asbestos, Barytes, Clays, Emerald, Fuller's earth, Bentonite, etc. The metallic minerals are lead, zinc, iron ore and manganese ore. The State is the sole supplier of gypsum for fertiliser manufacture to Sindri plant.

Lignite (coal) is mined near Palana in Bikaner District. There are vast deposits of high quality building stones such as marbles, sandstones and limestones. Limestone is used for the manufacture of cement at Lakheri and Sawai Madhopur and Chittorgarh and for lime at a number of places. Marble quarries at Makrana in Nagaur District are famous for building stone and statues.

Large resources of sodium sulphate and salt also occur at Deedwana, Sambhar lake and Pachpadra respectively. Uranium deposits have been found at Umra and Udaisagar in Udaipur District.

Provisional production in thousand metric tonnes of some important minerals in 1967; Coal (Lignite) 2·1; Motallic minerals: (z) Ferrous (1) Iron ore nil; (2) Manganese ore 10·2; (b) Non-ferrous (1) Lead concentrate 3·6, (2) Zinc concentrate 8·7, Minerals: Asbestos 6·2; Barytes

5.6; Calcite 6.2; Emerald (crude) 7.7 kg.; Felspar 16.1; Garnet 0.2; Glass sand (N.A.); Graphite 6 tonnes; Gypsum 855.4; Lime stone (for cement making) 1,723.9; Mica (Crude) 4.0; Quartz 14.1; Salenite 5.8; Scap stone 198.2; White clay 283; Yellow Ochre 4.2; Building Materials; Building stone (including Kankar, Bajri and Sand stone etc.) 6,860.5; Lime stone (for Lime making) 679.0, Marble 63.0, Bentonite, 5.7; Fuller's earth 11.7; Brick earth and ordinary clay 865.7.

The State produced minerals worth Rs. 9-21 crores (Provisional) during 1967.

INDUSTRIES

Among the large-scale industries in the State mention may be made of ootton textile (11 units), cement (2 units), ball-bearings (1 unit) and electric metres (1 unit). The industrial production of some commodities during 1967 was as under:—

Cloth—lakh kg. (N.A.) (619 lakh metres); Yarn—lakh kg. 336; Glass—metric tonnes (N.A.); Cement—lakh metric tonnes 12·8; Salt—lakh metric tonnes 10·1; Ball bearing—lakh number 53·6; Sugar-7000 metric tonnes 8·4@; Foreign spirit—'000 litres 1,089·4†; Rectified spirit—'000 litres 36,79·3‡; Denatured spirit—'000 litres 8·0; Country spirit—'000 litres 1,024·0.

The most important cottage and small-scale industries are tie and dye fabrics, Gota Kinar wooden toys, handmade paper, papier mache toys, gem cutting, cloth printing, manufacture of agricultural tools and implements, embroidered shoes (Jutiyan) and leather bags, water bottles (Badlas) and handloom weaving. From the point of view of employment, khadi and village industries also play an important role in this State.

AGRICULTURE

Land Utilisation: According to land utilisation statistics for the year 1965-66, the total geographical area of the State was 34,023,000 hectares, comprising 1,128,000 hectares under forests, 6,035,000 hectares not available for cultivation, 8,310,000 hectares uncultivated land, 4,418,000 hectares of fallow land and 14,132,000 hectares net area sown. The total cropped area was 14,972,000 hectares, the area sown more than once heing 340,000 hectares only.

Agricultural Production:

Main Food Crops of the State: Cereals—Bajra, Jowar, Wheat, Maize, Barley, Small millets, Rice; Pulses: Gram, Tur, other Rabi pulses, other Kharif pulses.

Main cash crops of the State: Oilseeds: Sesamum, Rape and Mustard, Linseed, Groundnut, Cotton, Sugarcane, Tobacco, Chillies, Potatoes.

Area and production of principal food crops in '000 hectares and '000 metric tonnes respectively for the year 1966-67 were as follows:—

Cereals: Bajra 5,052; 1,236; Jowar 1,116; 340; Wheat 957; 868; Maize 739; 613; Barley 438; 473; Small millets 84; 12; Rice 78; 21.

Pulses: Gram 1,136; 530; Tur 25; 8; Other Rabi Pulses 13;5; Other Kharif Pulses 1,860; 232.

Oilseeds: Sesamum 719; 63; Rape and Mustard 251; 54; Linseed 51; 8; Groundnut 198; 76.

Others: Cotton ('000 bales of 180 kg. each) 250; 184; Sugarcane 32; 393; Tobacco 6; 4; Chillies 27; 15; Potatoes 2; 4.

Fish: Variety of fish produced: There is a large number of tanks, lakes and rivers in which inland fishes are found. The main species are the major carps, viz.

Rohu, Migal, Kalbasu and Katla; Minor carps, ets. Mahaseer; Cat Fishes: Launchi and Seenghara; Live Fish; Sol, Magur and Singhi.

During the year 1967-68, 282.02 lakh fish seeds were produced and distributed to the private pisciculturists against the stipulated target of 150 lakh fish seeds.

Sugarcane: (In terms of Gur) During the year 1965-66 and 1966-67 the average yield of sugarcane came to 1,651 and 1,219 kg, per hectare respectively.

LIVESTOCK

(See article on "Livestock").

ANIMAL HUSBANDRY

The following figures relate to 1967-68:

Number of Veterinary Hospitals 204; Number of Veterinary Dispensaries 127; Artificial Insemination Centres 29; Key Village Centres 111; Mobile dispensaries 31.

LAND REFORMS

By the end of March, 1961, the Jagirdari, Zamindari and Biswedari tenures had been abolished. The Rajasthan Tenancy Act, 1955, has provided for security of tenure and fixity of rent. There are now only four classes of tenants vis., Khatedars, Maliks, Tenant-Khudkasht and Gair Khatedar tenants. Rents have been fixed and forced labour prohibited. Ceilings on existing holdings and on future acquisitions have also been prescribed.

During 1966-67, a sum of Rs. 1.69 crores was paid as final compensation to 38,100 Jagirdars.

The State Government has also taken effective steps for the rehabilitation of ex-Jagirdars and have allotted lands to them at concessional rates in the irrigated area, coming under the command of Bhakra Project.

The Rajasthan Govt. has taken a decision that ceiling on agricultural holdings in Rajasthan will be imposed in one stage instead of four stages as envisaged earlier.

The osilings prescribed under the Act for a family consisting of five persons is 30 standard acres of land capable of producing 300 maunds of wheat per year or any other produce equivalent in price of wheat. It also provides that if a family consists of more than five persons, every person in addition to five will get additional six acres of land subject to the maximum of 60 acres of land.

PANCHAYATS

The Panchayat Samitis are the executive bodies with wide powers including those for formulating and executing the development programmes, and for imposing taxes. The Zila Parishads are the supervisory and coordinating bodies.

Under this democratic decentralisation, at the end of 1967, there were 7,381 village panchayats and 1,368 Nyaya Panchayats covering 34,526 villages serving the total rural population of the State.

IRRIGATION

Bhakra Project: The supply in the Bhakra Canals in Rajasthan has become perennial since 1963-64. The total area irrigated during the year 1967-68 was 2-61 lakh hectares.

Jawai Project: The total area irrigated from this project during 1966-67 was 4.9 thousand hectares.

Chambal Project: The cost and benefits are shared with the Govt. of Madhya Pradesh and the project will be completed in three stages (i) Gandhi Sagar Project, (ii) Rana Pratap Sagar Project, (iii) Kota Dam Project. The first stage is over.

[@] Data relate to the Sugar Season July to June 1986-67.

Data relate to the year 1966-67 and are in '000 B. Litres.

[?] Data relate to the year 1966-67 and are in '000 L. P. Litres,

An area of 1.09 lakh hectares was irrigated during 1967-68.

Rajasthan Canal

The Rajasthan Canal from Harika (Punjab) to Ramgarh (Jaisalmer district) on completion will be 425 miles long and will irrigate 11.63 lakh hectares out of the net culturable commanded area of 14.92 lakh hectares. The gross commanded area under this project will be 32.37 lakh

In the Annual Plan, provision of Rs. 500.00 lakhs and Ra. 300.00 lakhs was made for the Rajasthan Canal during the years 1966-67 and 1967-68 respectively against which an expenditure of Rs. 497-00 lakes and Rs. 299-51 lakhs was incurred during the two years. In 1967-68 the expenditure incurred on Rajasthan Canal constituted 36.91 per cent of the total expenditure incurred on irrigation projects in the State. By the end of 1966-67, the work on Rajasthan feeder was completed and of the Rajasthan main canal, work up to first 56.33 kms. was completed. Earth work, excavations and work of distributories were completed at Navrangdesar, Rawatsar, Joraopura, Khetawali and Suratgarh and at Anupgarh branch it was in progress.

Rajasthan Canal will depend on the water of the rivers Beas and Ravi. For ensuring perennial supply, Pong Dam on the Beas is being constructed by the Government of Punjab under the aegis of Beas Control Board. The work is expected to be completed by 1971-72. This is a multipurpose project and is to be completed in two stages - one Pong Dam and another Beas-Sutlej link. During the year 1966-67 and 1967-68 Rs. 339.00 lakhs and Rs. 320.00 lakhs respectively were spent on the project.

POWER PROJECTS

During 1964-65, the installation of one 3,000 kW Turbo-set at Jodhpur was completed. Besides, the installation work of five units of 62 - 5 MW each at Satpura Thermal project in Madhya Pradesh was in progress during 1968. Rajasthan will get about 125 MW of firm power as its share from the project. The fourth unit of 23 MW was commissioned at Gandhisagar during November, 1963 in which Rajasthan is a fifty per cent partner with Madhya Pradesh. The Rana Pratap Sagar Project envisaged installation of four units of which one unit was commissioned in Jan. 1968, and the remaining three are to be completed by 1971. Rajasthan's share in this project would be 86 MW of installed capacity and 45 MW of firm capacity. The work on Beas-Sutlej project is in progress and is likely to be completed during the early Fifth Plan period when the State is expected to get a little over 1.0 lakh kW power as its share. From the Bhakra Nangal Project, the State's share of the installed capacity would be 91.32 MW, being 15.22 per cent of the total.

A network of transmission lines has been spread for supplying power to various corners of Rajasthan. At the end of 1967-68, 116 Km. of 220 KV, 1,389 Km. of 132 KV. 415 Km. of 66 KV, 4,648 Km. of 33 KV and 7,706 Km. of 11 KV lines had been laid in the State. During 1967-68, 100 localities were electrified thus bringing the total localities electrified so far to 1,946. Electric connections had been given to 14,549 wells by the end of 1967-68.

Work on India's second nuclear power station at Ranapratapsagar near Kotah has commenced.

CO-OPERATION

(See pages 120 to 122.)

MEDICAL & PUBLIC HEALTH

For expansion of medical facilities, 232 primary health centres were functioning till the end of 1966. The number of allopathic hospitals and dispensaries at the end of the year 1966 stood at 329 and 211 respectively. Besides, 18 Ayurvedic and Unani Hospitals with 345 beds and 1,588 dispensaries, were functioning in the State at the end of March 1967. Further details are given below:

Kinds of State Public Hospitals: Figures for 1966: T. B. Hospitals: (i) Sanatorium 4; (ii) Hospitals and Clinics 17; Leproey hospitals 2; Mental hospitals 2; Isolation Hospitals 2; Other hospitals 298; Dispensaries: 211.

Number of beds: Maternity 1,478; T.B. 1,482; Isolation 289; Leprosy 95; V.D. 45; Mental 305; Eyes 481; General 8,066; Total beds 12,241.

During 1966-67 there were 1,779 Civil Assistant Surgeons, 84 Specialists, 732 staff nurses, 1,482 midwives, 2,967 compounders, 1,061 sanitary inspectors and malaria surveyors, 430 vaccinators, and 226 dais. During 1966-67 there were 18 Ayurvedic and Unani hospitals, 1,588 Ayurvedic and Unani dispensaries; one Yogic centre. During 1986-67 there were 1,782 vaidyas and hakims, 1,550 compounders/nurses and 345 beds.

Patients treated in allopathic institutions in 1966 were: Outdoor 130-37 lakhs, and indoor 6-12 lakhs.

There were five medical colleges: the Sawai Mansingh Medical College at Jaipur; The Medical College, Udaipur; the Medical College, Bikaner; the Medical College, Ajmer and Medical College, Jodhpur during 1967-68.

ROADS & TRANSPORT

Position in 1966-67: Total length of roads 30,859 km; Cement concrete roads 42 km; Painted roads 10,589 km; Metalled roads 5,837 km; Gravelled roads 6,791 km; Fair weather and dressed up tracks 6,338 km; Total number of motor vehicles (1966) 56,330.

Number of private cars and jeeps 16,940; Private buses 330; Cycles and tricycles 10,195; Taxis, cars and contract carriages 388; Stage carriages 6,087; Public carriers 12,302; Private carriers 2,124; Tractors 7,451; Others 513.

LABOUR (1966-67)

Number of registered factories: 1,564 (at the end of 1966). Number of registered Trade Unions in State: 762. Total membership: 111,168.

Industrial Disputes: Disputes 45; Workers involved 7,919; Man-days lost 43,584.

Industry-wise statement on strikes, workers involved and man-days lost respectively during 1966-67 :--

Textiles: 4; 3,344; 7,552; Soap Stone 3; 212; 3,586; Municipalities 2; 2,060; 3.080; Chemicals 1; 124; 2,604; Construction 3; 1,400; 9,800; Tailoring establishments 22; 92; 5,520; Woollen mills 2; 65; 495; Metals 2; 21; 19; Bidi 1; 40; 360; Press 1; 38; 266; Carpet 1; 90; 90; Iron & Steel 1; 288; 8,352; Metres (water) 1; 85; 1,020; Engineering 1; 60; 840; Total 45; 7,919; 43,584.

Accidents (enquired into); Fatal 11; Non-Fatal 3,461. Workmen's compensation; cases decided 268; amount paid Rs. 4.29 lakhs.

Employees' Provident Fund Scheme: No. of factories covered 1,092; Workers benefited 62,137; Contribution from the workers Rs. 85 85 lakhs.

Twenty-four Labour Welfare centres, in places having 500 or more industrial workers, have been established by the end of the year 1966-67.

No. of labourers benefited: 58,929.

No. of children benefited: 30,882.

No. of adults educated: 2,004.

No. of children educated: 4,201.

No. of factories covered by State insurance: 317.

No. of workers insured: 65,000.

Eighteen Employment exchanges were functioning in the State covering all the 26 districts.

Registration during 1967: 1,44,509. Placement during 1967: 14,846.

EDUCATION, 1966-67

Educational Institutions of all the standards: 32,745. Teachers: 82,460, Students: 26,04,600. Elementary education is free throughout the State.

Place of language in the education system: Regional language is Hindi which is compulsory. English is compulsory after Standard VI. Hindi is the medium of instruction

The Rajasthan Government passed on Aug. 21, 1964, the Primary Education Bill which seeks to provide free and compulsory primary education for children in the State.

UNIVERSITY OF JODHPUR

Jodhpur

This is a Unitary and Teaching University.

Chancellor: Governor of Rajasthan (ex-Officio); Vice-Chancellor: Prof. V. V. John; Registrar: Sukumar Chakrabarti.

University Departments

Faculty of Arts: English, Hindi and Sanskrit, History, Philosophy and Psychology; Faculty of Social Sciences: Economics, Sociology, Political Science and Geography; Faculty of Science: Physics, Mathematics, Chemistry, Zoology, and Botany; Faculty of Commerce: Diploma Courses in Commerce upto post graduate classes. J.D.C. Part I and II; Costs and Works Accountancy and Steno-Typing; Faculty of Engineering: Civil, Structural, Mechanical, Electrical and Mining.

This University also provides facilities for researches in the above subjects.

No. of students 7,076; No. of teachers 425; No. of research students 340.

MEDIA OF INSTRUCTION

In the Post-graduate Classes except in Hindi and Sanskrit, generally the medium of instruction is English, while Hindi is the medium upto the Degree level.

UNIVERSITY OF RAJASTHAN

Jaipur

Chancellor: Governor of Rajasthan; Vice-Chancellor: Dr. P. L. Bhatnagar; Registrar: C. L. Singhal.

Total number of colleges affiliated to the University: 97; Total number of male students in the colleges at the end of the 1968-69 Session: 37,813; Total number of female students in the colleges at the 1968-69 Session was 8,178; Total number of male and female students in the University Departments at the end of the Session: 1,320 and 418 respectively; Total number of male and female students in the University colleges: 4,229 and 1,728 respectively.

UNIVERSITY OF UDAIPUR

Udaipur

Vice-Chancellor: Dr. G. S. Mahajani, M.A., Ph.D. (Cantab). Registrar: L. R. Shah, M.Com. (Agra).

The University though primarily established to cater to the needs of agricultural education, research and agricultural extension, now provides instruction in other disciplines also. At present the University comprises seven University Colleges and seven Associated Colleges.

The total enrolment of the University for the year 1968-69 was 7,754.

The courses offered are: Pre-University in Arts, Science and Commerce, Pre-Professional (Ag.) proficiency Certificate Course in Sanskrit and Tamil, and Junior Diploma Course in Secretarial and Business Training, Certificate Course in Typewriting, Diploma in Early Childhood Education, B.A., B.Com., B.Sc., B.Sc. (Home Science), B.Sc. (Ag.), B.E. (Ag.), B.V.Sc. & A.H., B.A. (Hons.) M.A., M.Sc., M.Com., M.Sc. (Ag.), M. V. Sc., LL.B., B.Ed., & Ph.D.

A special feature of this University is the adoption of internal grading system in Agricultural wing on the pattern of the Land Grant Colleges of the U.S.A. Semester System of Examination at Post-graduate level in the School of Basic Sciences and Humanities has also been started from the Session 1969-70.

ASSOCIATIONS

AJMER DISTRICT SMALL INDUSTRIES & HANDICRAFTS' ASSOCIATION Kaxhari Road, Ajmer.

Kapoor; Additional Director of Primary and Secondary Education, Hari Mohan Mathur; Director of Technical Education, B. K. Jain; Director of Agriculture, K. M. Mehta; Director of Industries, T. V. Ramanan; Chief Conservator of Forests, G. K. Bora; Labour Commissioner, N. K. Joshi; Registrar, Co-operative Societies, M. M. K. Vali; Director of Economics and Statistics, L. K. Verma; Director of Public Relations, R. S. Bhatt; Director of Tourism, Narain Singh; Labour Commissioner, N. K. Joshi; Director of Social Welfare, B. S. Joshi; Director of Transport, S. R. Jain; Director of Employ-

ment, V. D. Shurma; Chairman, Public Service Commission, Vivek Marg, Ajmer, R. S. Choudhary.

High Court

Jodhpur

Chief Justice, Jagat Narayan; Judges, Lakshmi Narayan Chhangani, Chandra Bhan Bhargava, Bhagwati Prasad Beri, Prakash Narain Shinghal, Ved Pal Tyagi, Khan Singh, Lehar Singh Mehta, Chand Mal Lodha (Addl.), Sohan Nath Modi (Addl.), Ranchhor Das Gattani (Addl.); Registrar, S. P. Mehra; Advocate-General, Gulab Chand Kasliwal.

TAMIL NADU

APITAL: Madras. Area: 129,901 Sq. Km. Estimated population of the State in 1970: 39,329,600. Rate of increase in population (based on experimental growth rate): 1.77 per cent per annum. Average density of population per Sq. Km.; 303 persons. Percentage distribution of population according to educational levels (1961): Illiterates 68.59; without educational level 21.46; Primary 7.63; Matriculation and above 2.32.

(For more details see article " Population.")

No. of Villages in the State (1961): 14,124; Villages uninhabited: 615; No. of towns in the State: 339.

Districts with District headquarters in brackets: Madras (Madras), Chingleput (Kanchipuram), South Arcot (Cuddalore), Thanjavur (Thanjavur), Madurai (Madurai), Ramanathapuram (Tallakulam at Madurai), Tirunelveli (Tirunelveli), North Arcot (Vellore), Salem (Salem), Tiruchirapalli (Tiruchirapalli), Coimbatore (Coimbatore), Nilgiris (Ootacamund), Kanyakumari (Nagerooil), Dharmapuri (Dharmapuri).

Languages spoken: Tamil, Malayalam, Telugu. The vast majority of the people is of the Dravidian race.

There are on the whole 375 Panchayat Union Councils. The total number of Panchayats in the State is 12,344.

Local Administration: The Units of Local Administration comprise (s) Madras City Municipal Corporation for Madras District, (is) Municipalities for major towns; 84, (iii) Townships for special localities like Mettur, Bhavanisagar, Courtallam and Kodaikanal, which are industrial areas, institutional or labour colonies or health resorts, (iv) Panchayat Unions at Development Block Level and (v) Panchayats for minor towns and viltages. The Madras City Municipal Corporation Act 1919 governs the Madras Municipal Corporation in the Madras District and the Madras Municipalities Act governs the Municipalities in other Districts. The townships are governed by special provisions.

Official Language: Tamil is now the official language of correspondence in all the Departments of Government upto the district level.

Judiciary: Tamil Nadu has completely separated the judiciary from the executive.

FORESTS (1968-69)

Area of reserved forests 17,264 sq. kms.; Percentage of area of reserved forests to total land area of State 13.2; Area of reserved lands 3,732 sq. kms.; Output of timber 42,283 cubic metres; Quantity of fuel extracted 3,70,361 m. tonnes; Quantity of sandalwood extracted 1,655 m. tonnes.

LIVESTOCK

(1966 census):

Total Cattle 10,859,345; Buffaloes 2,724,107; Bovine 13,583,362; Livestock 24,568,961; Poultry 11,225,890.

INDUSTRIES

Chief Industries in this State are textiles, general and electrical engineering, automobile, sugar, cement, tobacco including bidi and cigar manufacture, bricks and tiles, tanning, glassware, chemicals, bicycles, leather and footwar and manufacture of utensils.

Cotton Textiles

No. of textile mills: 181; No. of spindles: 40,49,952; No. of looms: 9,346; Production of yarn: (1968) 8,32,705 bales; Average number of workers employed in the mills—1,20,873.

Sugar

There are 15 sugar mills of which six are in the cooperative sector and nine in the private sector with a production of 187,707 tonnes during 1967-68. One cooperative sugar mill in Dharmapuri district with a capacity of 1,250 tonnes a day is in a formative stage.

Cement

The Tamil Nadu Coments at Alangulam, envisages a production capacity of 400,000 tonnes per annum. A Pilot Cement plant for the manufacture of cement on small scale basis near Kalkudi produces 30 tonnes per day.

The six private sector cement plants produced 1,981,754 tons of cement during the year 1968.

Bicycles

The bicycle unit turned out 4,00,134 cycles during 1968. There are four factories to produce cycle parts in the City.

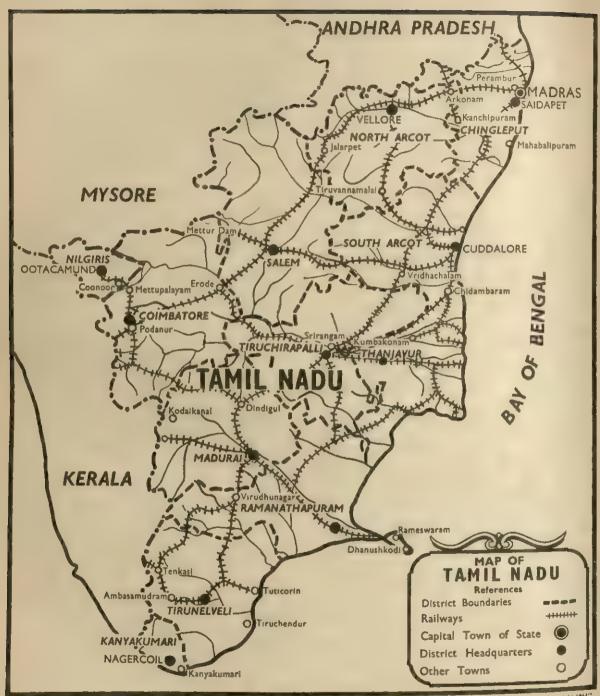

Fertilizers

There are 8 units which turned out 2,56,951 tonnes of fertilizers during 1968.

Caustic Soda: The two factories produced 69,819 tonnes in the year 1968.

EMPLOYMENT IN INDUSTRIAL SECTOR

The total number of factories registered and notified under the Factories Act 1948 in commission at the end of the year 1968 was 5,746.

"Based upon Survey of India map with the permission of the Surveyor-General of India."

"O Gove of India Copyright 1961"

Handloom (Co-operative Societies): Number of Cotton looms in the Co-operative Societies in the State during 1966-67 was 5·16 lakhs. There were 1,072 Weavers' Co-operative Societies and the number of weavers was 2,31,441. These Co-operative Societies together produced 522 million yards of cloth worth Rs. 78 crores during 1966-67. The wages paid per annum was Rs. 4 crores.

In the field of large-scale industry, public undertakings in the Central Sector figure prominently. The aggregate capital investment in these projects up to the end of 1968 was of the order of Rs. 371 crores. During the year 1968, all the projects have progressed according to schedule.

For details on the following projects, see under the respective notes (Refer General Index for page number): Integral Coach Factory, Perambur, Neyveli Lignite Corporation, Neyveli, Hindustan Photo Films, Ootacamund, Hindustan Teleprinters, Guindy, Surgical Instruments Plant.

SMALL-SCALE INDUSTRIES

In the interest of the commercial working of the production units and some of the servicing centres, the Government have set up the Madras State Small Industries Corporation, Limited with an authorised capital of Rs. 10 crores. (See State Corporations for further details.)

During 1966-67, the establishment of six conventional Industrial Estates at Kancheepuram, Mettur, Karur, Namakkal, Nagapattinam, Cuddalore and Hosur had been sanctioned and they are being implemented.

Functional and Ancillary Industrial Estates: During the Third Five-Year Plan, two functional industrial estates, one for ceramics at Vridhachalam and another for leather at Madhavaram were established. For locating small-scale units for manufacture of different components, parts and stores required for the Heavy Pressure Boiler Plant at Tiruohirapalli, an ancillary industrial estate was established at Triuvarambur. During 1966-67, the Government had sanctioned the establishment of one functional industrial estate for food and fruit based industries (at Bathalakundu in Madurai district) and of another functional industrial estate for Electrical Industrial estates for instrument industry, electronic industry and drugs and pharmaceutical industry had also been sanctioned in 1967-68 for implementation.

The construction of the Ancilliary Industrial Estate sanctioned for Vandalur has been completed. Another Ancilliary Industrial Estate has been sanctioned to be set up at Octacamund near the Hindustan Photo films factory. The scheme is being implemented.

Private and Co-operative Industrial Estates: For setting up seven private and co-operative industrial estates the Government have provided loan assistance to the tune of Rs. 108-79 lakhs up to 31st March 1968. In the above estates 104 factory units have been constructed.

KHADI

The Tamil Nadu State Khadi and Village Industries Board is a statutory body.

The production and value of Khadi during 1967-88 were 31,74,329 metres and Rs. 143.39 lakes respectively. Employment during 1967-68 was 93,034 spinners and weavers. The wages for 1967-68 amounted to Rs. 70.84 lakes.

AGRICULTURE

The figures furnished below relate to the year 1967-68 and 1968-69 and are provisional.

Classification of area (Thousand Hectares) during 1967-68: Forest 1,924; Barren and uncultivable land 870; Land put to non-agricultural uses 1,367; Cultivable waste 631; Permanent pastures and other grazing lands 337; Land under miscellaneous tree crops and groves not included in the net area grown 274; Current fallows 930; Other fallow lands 596; Net area grown 6,083; Area of the State according to village papers 13,011; Area sown more than once 1,226.

The principal commercial crops of the State showing area in thousand hectares and yield in thousand tonnes respectively under cultivation in 1968-69 were; Groundaut 883; 837; Cotton (bales of 180 kg. limits) 282; 256; Gingelly 99: 31; Paddy 2,560; 3916 (in terms of rice); Millets and other Cereals 1,806; 1,845; Sugar Cane 101; 889 (in terms of gur).

The average production during the three Annual Plans (1966-69) was one of the order of $54\cdot45$ lakh tonnes. This was lesser by $1\cdot07$ lakh tonnes than the average level for the Third Plan, owing to unfavourable seasonal conditions especially in 1968-69 which was a year of drought. Substantial increase in food grains production, especially in rice production was expected during 1969-70.

Multiple Cropping Programme: A target of 12 lakh acres has been set for coverage under the multiple cropping programme during 1970-71 which envisages the introduction of short-term crop varieties to enable the raising of an extra crop in the assured irrigation areas.

Cotton and Oil Seeds: Average production of cotton during the triennium ended 1968-69 was 3·33 lakh bales of 180 kg. lint, and that of oil seeds (groundnut, gingelly and castor) for the same period was 8·96 lakh tonnes.

Plantation Schemes: The important schemes of economic plantations undertaken during the Third Plan period relate to rubber plantations in Kanyakumari district, bamboo plantations in Coimbatore district and quick growing fuel plantations in the districts of Chingle-put, South Arcot and North Arcot. Rubber plantation of 829 acres (1964-65), 820 acres (1965-66), bamboo plantations of 1,097 acres (1964-65), 3,988 acres (1965-66) were covered by the scheme.

Land Ceiling: On April 9, 1970 the Tamil Nadu Assembly passed the Bill lowering land ceiling from 30 standard acres to 15 standard acres offective from February 15, 1970.

FISHERIES

Estimated landings of inland fish from the various inland waters in 1968-69: 1,20,200 tonnes of the value of Rs. 775-35 lakhs. Estimated marine fish landings for the State in 1968-69: 2,16,300 tonnes of the value of Rs. 2420 lakhs.

IRRIGATION

Source and area irrigated (Hectares) during 1967-68*: Government Canals 8,91,730; Private canals 1,291; Tanks 9,89,722; Tube wells 6,318; Wells, sole irrigation 6,91,875; Other sources i. s. springs, channels etc. 47,647. Total net area irrigated 2,628,583.

There has been a progressive increase in the area irrigated. The net area irrigated increased by 7.74 lakh hectares. During the same period, the gross area irrigated showed an increase of 12.91 lakh hectares or by 52.8 per cent. There was a setback in 1968-69, owing to severe drought. The levels of area irrigated in 1969-70 was expected to be substantially higher than those in 1967-68.

^{*} Provisional.

Major Projects

Major Projects with location (Districts), estimated cost in Rs. lakhs and area benefited in scress in brackets respectively are: Lower Bhavani Project (Coimbatore and Tiruchi Districts: 1,034; 1,95,000); Mettur Canals Scheme (Salem and Coimbatore Districts: 192-91; 45,000); Manimuthar Reservoir Project (Tirunelveli District: 505; 1,03,000); Araniar Reservoir Project (105-89) Headworks of the Project transferred to Andhra State; Amravathi Reservoir Project (Coimbatore District: 324-14; 53,500); Vaigai Reservoir (Madurai and Ramanathapuram Districts: 330-00; 22,818); Sathanur Reservoir Project (North and South Arcot Districts: 258; 21,000); Krishnagiri Reservoir Project (Dharmapuri District: 202-43; 9,000); New Kathalai High Level Canal (224-58; 20,622); Pullambadi Canal Scheme: (205-88; 22,114); Vidur Project (88-94; 3,200); Pondioherry figures not available; Neyyar II Stage (109-06; 5,800).

During the III Five Year Plan, four new schemes were taken up vis. (i) Improvements to Palar Anicut System (2) Sathapur II Stage (3) Gomuki Nadhi Scheme (4) Chitar Pattanamkal Scheme in addition to the Parambikulam-Aliyar Project. Of these, the first three schemes were completed within the plan period itself. The latest stage and salient details of the Chittar Pattinamkal Scheme and the Parambikulam Aliyar Project are furnished below:—

Parambikulam-Aliyar Project: The project, started in Dec. 1958 and expected to be completed during the IVth Plan, envisages the construction of seven reservoirs and 14 miles of tunnelling, a weir, 33 miles of lined contour canal and 152 miles of line main canal. The reservoir across Parambikulam and Tunakadavu (including Pernvaripallam and Tekkadi) will be in Kerala State, while the rest will be in Tamii Nadu. The project will extend irrigation facilities to 240,000 acres in Pollachi, Udumalpet, Palladam and Dharapuram Taluks of Coimbatore District. Power to an extent of 185,000 KW will be generated under this project.

The project is estimated to cost Rs. 6,753.00 lakhs. Percentage return: 4.91 without betterment levy.

Benefits achieved to end of March 1968: Potential 147,276 acres; Utilisation 68,912 acres.

* Chittar Pattanamkal Scheme: The scheme envisages:

(1) Construction of two dams (with inter-connecting channel) across two Chittar tributaries of river Kodayyar (1) 2,500′ long, 72′ high, and 555 Meft capacity; (b) 3,530′ long 82′ high and 964 Meft capacity. (2) Raising the F.R.L. of Pechipara and Perunchani Dams by 6 ft. by providing gates to increase the capacity of 4,530 Meft and 2,890 Meft respectively. (3) Excavating a feeder canal from Chittar Dam I to augment supply to the existing Kodayar Left bank canal. (4) Excavation of a new Pattanamkal channel. (5) Extending and improving the two channels taking off from Thirupparappu weir on Kodayar river. (6) Improvements to Pandya Kai, Thovala and Nilapparai channels in certain reaches and excavation of another channel from Nilappara channel. (7) Improving and lining left bank canal of Kodayar system to take the additional flow diverted from the two Chittar dams.

It is expected to be completed during the Fourth Five Year Plan.

Estimated cost: Rs. 733 lakhs; Percentage return: 0-75; Ultimate benefit: 47,000 acros.

Minor Irrigation

There are 33,000 minor irrigation sources in the State, out of which 27,000 are tanks and 6,000 spring channels. Of these sources, about 30,000 have an ayacut of more than 10 acres.

The expenditure incurred on the works in the annua plans of 1966-67 and 1967-68 was about Rs. 831 lakhs. The total number of works renovated was 2,347.

During the Fourth Five Year Plan it is proposed to take up 3,500 works to be renovated at a cost of Rs. 1,300 lakhs. The additional extent of new irrigation is 1,24,000 acres and after stabilisation 2,94,000 acres and the additional food production will be 98,750 tons.

In 1969-70 about 600 works were proposed to be taken up at a cost of Rs. 224.90 lakhs.

Desilting-cum-Reclamation: The expenditure incurred on these works in the annual plans of 1966-67, 1967-68 and 1968-69 was about Rs. 34 lakhs.

During the 4th Plan it is proposed to take up 50 works to cover 2,500 acres gap to be bridged and 1,250 acres of foreshore reclamation at an estimated cost of Rs. 60 lakhs.

In 1969-70 about 10 works were proposed to be taken up to cover 500 acres gap to be bridged and 250 acres of foreshore reclamation.

ELECTRICITY

Total capital outlay of the power schemes as on 31-3-1969: Rs. 357.77 orores; Gross Revenue: Rs. 50.22 orores. Number of workers employed as on 31st March, 1969: 36.264.

Installed capacity in MW and generation in million units (as on 1-10-1969) of different hydro-electric projects: Pykara 70; 293-327; Moyar 36; 122-225; Mettur 40; 95-882; Mettur Tunnel 200; 465-549; Papanasam 28; 132-423; Periyar 140; 449-238; Kundah I 60; 263-071; Kundah II 175; 631-266; Kundah III 120; 365-882; Kundah IV 50; 121-849; Kundah V 20; 51-101; Serkarpathy 30; 63-308; Samayanallur Madurai 14; 25-246; Basin Bridge, Madras 87; 272-154; Power pruchased: Neyveli 500; 1,772-764; Mysore (—); 106-670; Kerala (—); 28-063.

Rural Electrification: Number of towns and villages and hamlets electrified as on 1st October, 1969: 33,123.

Number of Agricultural pumpsets connected: 4,40,789. This figure does not include licences during the year 1969-70.

Power consumption in 1968-69 (April to February) (Million units): Domestic light including small power 192.535; Commercial 224.399; Public lighting 44.446; Industrial 2080.730; Agricultural 1073.617; Traction including Railways 63.359; Bulk supply to licensees 415.792; Departmental works and projects 30.749; Sales to other States 106.770; Other miscellaneous sales 14.430.

DOADS

As on 1st April, 1969: (Kilometrès).

Government Roads: National Highways 1,800; State 1,757; Major District Roads 13,512; Other District Roads & Village roads 8,184.

Roads maintained by local bodies: Panchayat Union & Panchayat roads 36,814.

Roads maintained by municipalities and Public Works Department 6,805; Length of road per sq. km. area 0.53 km.; Length of road per 1,000 of population 1.78 km. Motor vehicles on road (as on 31st March, 1969): Goods vehicles 15,186; Stage carriages 7,640; Contract carriages, 9,019; Motor Cycles 27,584; Motor Cars and Station Wagons 49,959; Others 7,861; Total 117,249.

TRANSPORT

The Bus Transport in Madras City is Government owned. Position as on 31-12-1969; Fleet Strength: 1,666; Scheduled number of services: 1,416; Total number of routes: 494; Total route mileage 32,220; Scheduled daily mileage: 2,41,866; Average number of passengers carried per day: 10,40,000; Average number of passengers carried per day on Kanyakumari Branch: 2,07,100.

COMMUNITY DEVELOPMENT

As on 30th September 1969; Development districts 23; Panchayat Unions 374; Number of Blocks — Stage I Nil; Stage II 189; Post Stage II 185; Total: 374. Area covered by the Blocks (in '00 sq. km.) 1,077; Revenue Villages covered 17,315; Town Panchayats 536; Village Panchayats 12,344; Population covered (1961 census) 272 lakhs; Blocks implementing Tribal Development scheme 2; Rural Man-power Programme 72; Applied Nutrition Programme 14.

CO-OPERATION

The tentative outlay for the co-operative development schemes for the Fourth Five Year Plan (1969-70 to 1973-74) is Rs. 2,872-32 lakks under the State Plan Schemes and Rs. 112-45 lakks under the Centrally sponsored Schemes outside the State Plan Ceiling. The allotment for 1969-70 was Rs. 566-93 lakks under the State Plan Ceiling and Rs. 70-30 lakks under the Centrally Sponsored Schemes.

It is proposed to step up the issue of production credit to the agriculturists year by year so as to issue loans through agricultural credit societies to the extent of Rs. 80 crores in the last year of the Fourth Five Year Plan. This will meet about 50 per cent of the total credit requirements for agricultural production in Tamil Nadu. It is also proposed to issue long term credit through Land Mortgage Banks to the extent of Rs. 106 crores during the entire Fourth Plan period.

Under the scheme of reorganisation of agricultural credit societies it is expected that out of about 8,600 agricultural credit societies, about 4,800 viable units will emerge. The Co-operative Central Banks will open additional branches so as to have one branch per Panchayat Union.

EDUCATION

Number of institutions and Students (Boys and Girls) respectively as on 1-4-1969: Primary schools including basic schools but excluding upper primary schools: 25,637; 1,917,141; 1,401,918; Upper Primary Schools including Senior Basic Schools and middle schools: 6,013; 1,205,407; 838,153; Indian High Schools: 2,469; 986,467; 445,208; Anglo Indian Schools: 44; 13,409; 13,026; Matriculation Schools: 19; 5,084; 7,409; Public Schools: 2; 953; 119; Central Schools: 9; 2,960; 1,795; Others: 25; 3,812; 1,067; Arts and Science Colleges: 139; 98,308; 31,207; Professional Colleges (Physical Edu. Colleges): 3; 528; 253; Training Colleges & Spl. Education Institutions: 23; 1,595; 1,059; Central College of Karnataka Music: 1; 23; 85; Rural Colleges: 2; 482; 80; Engineering Colleges: 8; 5,264; 36; School of Social Work: 1; 48; (—); Polytechnics 25; 10,035; (—); Polytechnics for women: 3; (—); 640; Special Institutions: 6; 835; (—); Technical High Schools: 15; 1,895; (—).

Amount provided in Rs. lakhs for Education in the Budget for 1969-70:

Total for the State: 6,538·77; For Primary Education 2,800·91; For Secondary Education 1,938·55; For Special Education 115·77; For general Education 722·12; For Development schemes 383·16.

Budget 1969-70

Revenue	**	 8.4	* *	Ra.	10,84,44,000
Expenditure		 		Ra.	11,50,00,000

COIMBATORE DISTRICT

Dt. Hars. : Coimbatore.

The Coimbatore District, next in importance to the City of Madras, has an area covering 6,024 square miles with a population of 3,154,206. It is one of the major districts in Tamil Nadu. The Anamallais (elephant hills) which form part of the District in the south have large coffee and tea plantations covering 40,000 acres and employing 40,000 workers whose annual wage bill is nearly Re. 3 crores. Some 35 million lbs. of tea and 1,000 tons of coffee are produced. There are also cardamom and cinchona plantations. The finest teak in India is produced on these hills.

Coimbatore, the District Headquarters, is the largest industrial city in Tamil Nadu. The district has 71 textile mills, 57 of which are spinning mills and the rest weaving mills

There are also a number of iron foundries, Coimbatore being the first in India to manufacture pump-sets for irrigation. A medium sized blast furnace is in operation. A cement factory of the A.C.C. produces 1,500 tons a day.

A branch of the Asbestos Cements Ltd. is also located at Podanur.

The 22-lakh synthetic gem factory, which is an Indo-Swiss venture, hopes to meet the full demand for synthetic gems, which are now being imported, producing in the first year alone gems valued at Rs. 20 lakhs.

The Rs. 10-crore Indo-Italian venture, South India Viscose Ltd., four miles from Mettupalayam, manufactures rayon pulp.

Another Rs. ten-crore venture with Italian aid is an aluminium factory at Mettur on the banks of Cauvery. A third is an Indo-American Venture—Its. 10-crore paper factory at Erode.

Two factories are engaged in the production of textile machinery and parts. The ultimate plan of the factories is to manufacture all modern equipment required for textile industry.

Three factories in Coimbatore produce nut and plastic buttons.

The Regional Agricultural Research Institute caters to the needs of Tamil Nadu, Kerala, Mysore and Andhra Pradesh and is open to 40 post-graduates. The institute awards the highest degrees of M.Sc. (Ag.) and Ph.D. to successful candidates.

Other specialised institutions are the Union Government's Sugarcane Breeding Institute, the Southern Herbarium of the Botanical Survey of India and the Regional Research Station of the Indian Council of Agricultural Research for cotton, millets and oilseeds.

EDUCATIONAL INSTITUTIONS IN TAMIL NADU

UNIVERSITY OF MADRAS

Chepauk, Madras 5.

It is a Teaching and Affiliating University.

Laboratories for research in Zoology, Botany, Physics, Goology, Organic Chemistry, Biochemistry, Physical Chemistry and Textile and Chemical Technology, are provided. There are also Departments of study and research in the following subjects: Anthropology, Indian History and Archaeology, Indian Economics, Indian Philosophy, Psychology, Mathematics, Statistics, Geography, Politics and Public Administration, Social Sciences, Constitutional and International Law, Management Studies, Sanskrit, Tamil, Telugu, Kannada, Malayalam, Hindi, Arabic, Persian and Urdu, and Indian Music.

(See under "Population" for area and population of Districts.)

RETIREMENT AGE

The retirement age of State Government employees is 58. In the case of inferior services it is 60 years.

PANCHAYATI RAJ

Panchayati Raj has been established in this State. Accordingly a three-tier structure of local bodies, vis. Gaon Sabhas, Kshettra Samitis and Zilla Parishads at village, block and district levels respectively has been built up.

These different bodies shall in addition to discharging the local governmental functions, also have the responsibility of preparing plans of development and executing them in their respective areas themselves.

LOCAL SELF-GOVERNMENT

Number of Municipal Corporations: 5; Number of Municipal Boards: 152 (a) Class I — 39; (b) Class II — 34, (c) Class III — 41, (d) Class IV — 38; Number of Town Areas — 276; Number of Notified Areas — 41.

AGRICULTURE

Total area cultivated 1,73,19,284 hectares (1966-67).

Main food crops: Wheat, barley, gram, rice, juar, bajra

Main cash crops: Sugar-cane, linseed, rape seed, mustard, groundnut, til, cotton, jute and potato.

The production of food went up from 11.77 million tonnes in 1966-67 to 16.67 million tonnes in 1967-68 and was expected to be 16.80 million tonnes for 1968-69. The increase in production is attributed to the introduction of high-yielding variety of wheat, paddy and hybrids of maize, juar and bajra.

Production of sugarcane in terms of gur has also gone up from 37,90,821 tonnes in 1967-68 to 51,08,345 tonnes in 1968-69.

Oilseeds production was 16,39,922 tonnes in 1967-68 and 16,59,936 tonnes in 1968-69.

Cotton area was 53,159 hectares in 1968-69. Production was 50, 114 bales in 1966-67, 30,629 bales in 1967-68 and 45,585 bales in 1968-69.

Jute area was 13,468 hectares in 1968-69. Production was 1,54,191 bales in 1966-67, 1,31,711 bales in 1967-68 and 96,944 bales in 1968-69.

Potato production rose from 8,80,977 tonnes in 1966-67 to 14,36,641 tonnes in 1967-68 and 17,07,701 tonnes in 1968-69.

FOOD AND CIVIL SUPPLIES

Foodgrains distribution through the fair price shops remained in force. The number of fair price shops in the State at the end of 1969 was 5,625.

The releases of foodgrains from the Government stocks and wheat products manufactured by the flour mills, to the fair price shops during the financial year upto March 31, 1969 were: wheat 84,704 tonnes; rice 81,052 tonnes; coarse grains: 6,169 tonnes; wheat products 84,911 tonnes; Total issue of foodgrains was 1,71,925 tonnes. Besides this, 55,405 tonnes of wheat was issued to the flour mills from the State Govt, godowns.

During the year 1968-69, the State Govt. obtained from the Government of India, 43,172 tennes of imported wheat and 718 tennes mile. The flour mills of the State also received 2,00,092 tennes of wheat from the Govt. of India. Total imports were 2,43,982 tennes.

The purchase of rice was made through a levy on trade. Rabi foodgrains viz., wheat, gram, barley and mixtures were procured direct from the producer through a graded levy. The total purchases during the financial year 1968-69 were as follows: (Fig. in tonnes): Wheat 4,55,018; Gram 3,691; Barley 5,764; Rice 2,05,852; Maize 32,273; Total: 7,03,498.

During the year 1968-69, purchases of 84,965 tonnes wheat, 384 tonnes barley, and 1,551 tonnes paddy were also made by the Food Corporation of India on their own account from the open market. A quantity of 29,888 tonnes of maize was also purchased by the F.C.I. upto Feb. 2, 1969.

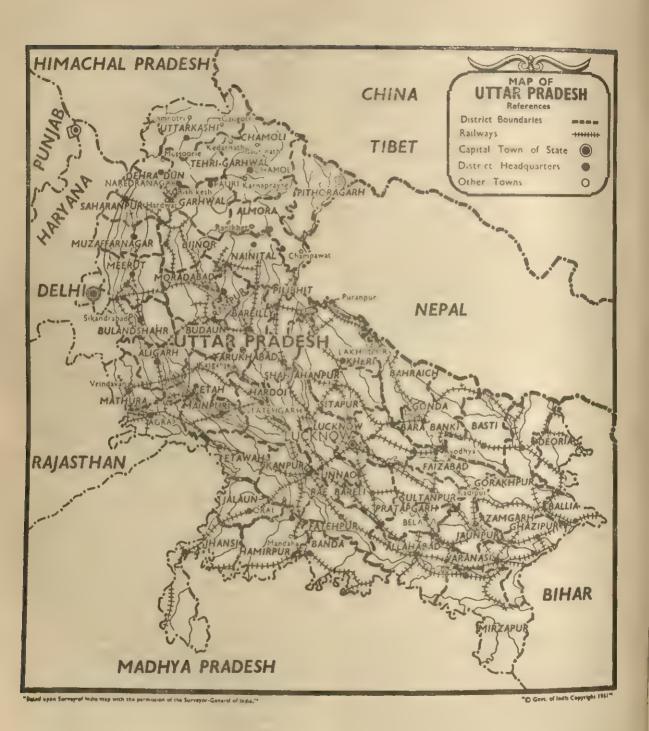

Out of the purchases of rabi foodgrains made by the State Govt., 4,01,138 tonnes of wheat, 878 tonnes gram and 4,351 tonnes barley were handed over to Food Corporation of India for the Central Pool.

LAND TENURE

(Latest available)

With the abolition of zamindaris, following the enforcement of the U.P. Zamindari and Land Reforms Act, 1950, on July 1, 1952 in 48 out of the State's 51 districts, estates of nearly 20 lakh zamindars were taken over resulting in direct contact with 12,800,000 Kisans. The area of land taken over from intermediaries is about 6 errors acres. There are now only a few tracts where Zamindari has not yet been abolished.

Liquidated samindars retain such of Sir, Khudkast and groves of which they have become Bhumidhars.

The new land tenures under the U.P. Zamindari Abolition and Land Reforms Act are: Bhumidhar, Sirdar and Asami.

The State Government have also enacted legislation to impose ceiling on land holdings and to acquire on payment of compensation surplus land with a view to providing for a more equitable distribution of land by making it available to landless agricultural labourers, cultivation on cooperstive basis, conservation of part of available land resources to increase food production and building up of reserve stocks against lean years by carrying on cultivation on modern scientific lines in State-owned farms. The ceiling area applicable to a tenure-holder having a family up to five members, is 40 acres of fair quality land. In the case of a family having more than five members, every additional member will be allowed eight acres of fair quality land subject to a maximum of 64 acres of such land for the entire family. As a result of imposition of ceiling, it is estimated that about two and a half lakh acres of surplus land will be available for distribution among the landless.

Upto December 1969, the total area finally declared surplus under Section 14(1) of the Act stood at 2.38,122

acres, out of which possession was taken over of 1,92,491 acres out of which an area of 1,25,700 acres was temporarily settled. Compensation was finalised in 3,036 cases involving an amount of Re. 1,15,93,132 out of which Rs. 37,56,342 were paid in cash and Rs. 52,79,900 in bonds.

IRRIGATION

Total irrigation potential created by the State works till 1967-68 was 131-87 lakh acres. It was expected to be stopped up to 141-03 lakh acres by the end of 1969-70.

Additional irrigation potential during 1969-70: Major and medium irrigation schemes 3.64 lakh acres and minor irrigation schemes 2.47 lakh acres.

Lift schemes have been launched which ensure early watering facilities to fields. As a result the number of lift canals was expected to go up to 214 by 1969-70.

Irrigation from Deoria Branch of Gandak canal has been started during 1969-70. Work on the Ramganga project is expected to be completed by 1973-74.

POWER

Generation Capacity

The total installed capacity during 1968-69 was 1,310 MW.

The 64 MW Panki power house at Kanpur has been commissioned.

Three machines of 50 MW each were pressed into service at the Obra Thermal Power House in the Mirzapur district by the end of 1968-69 and fourth during 1969-70.

At Dhakrani power station of Yamuna, stage I, 3rd machine of 11.25 MW has been commissioned during 1969-70 and the third machine at Dhalipur power station was commissioned on March 31, 1970. The first unit of 33 MW Power Station in the Obra Hydel Power Station was commissioned and put into commercial operation in May 1970. The remaining two units are expected to be commissioned during 1970-71.

Four of the five machines of 50 MW each on the Obra thermal power station have been commissioned and put into commercial use. The work on the fifth machine is expected to be completed by the end of Sept. 1970.

In the private sector, Renusagar Thermal Station with a capacity of 125 MW was completed and inaugurated.

Transmission System

Under the U.P. grid, the total length of transmission and distribution lines at the end of 1968-69 was 92,379 circuit kilometres which was expected to go up to 1,06,000 circuit kilometres by 1969-70.

The State's 220 KV system has been planned to run across the State right from Obra Thermal in the extreme South-East of the State to Yamuna Stage II in the North-West with sub-stations at Obra, Allahabad, Kanpur, Mainpuri, Harduaganj, Muradnagar, Chhibro, Khodri and Shamli. Obra to Muradnagar portion has been commissioned and energised.

Besides, a 220 KV D.C. line has been completed from Obra Thermal Power Station to Mughalsarai to meet the power requirement of north-eastern part of the State.

Some other 220 KV lines are under planning and construction.

Another important development in U.P.'s transmission system is the planning of 400 KV line for the first time in the country. It is proposed from Obra Thermal to Lucknow via Sultanpur. This line will be completed during the Fourth Plan.

Energisation of Tubewells and Pump Sets: Emphasis has been laid on energisation of tubewells and pump sets in order to help boost up agricultural production. Till 1968-69, 65,573 private tubewells and pump sets were energised. Additional 30,000 private tubewells/pump sets were expected to be electrified in 1969-70. The number of State tubewells was 8,780 at the end of 1968-69.

Rural Electrification: Under the rural electrification scheme 4,852 villages were electrified by 1968-69.

LARGE-SCALE INDUSTRIES

Important Industries of the State

Sugar, cotton textiles, edible oils, hydrogenated oil, industrial machinery, machine tools, electrical machinery and electrical accessories, radio sets and transistors, television sets, cycle and cycle parts, foundries, non-rolling foundries, leather tanning and leather goods, woollen textiles, jute textiles, glass and glass products, paper and strawboard, electric lamps, chemicals, pharmaceuticals, antibiotics, agricultural implements, fertilizers, sewing machines, electric fans, automobile parts, tractors, power tillers, railway wagons, distilleries and breweries, rayon, match-boxes, cement, food and milk products, synthetic rubber, aluminium ingots, caustic ods, camphor and allied products.

State Public Sector

Government Precision Instruments Factory, Lucknow, Government Cement Factory, Churk (Mirzapur district), Vibhuti Glass Works, Varanasi (taken over by the State Government), 'Zetor' Tractor Assembling Factory, Talkstera (Lucknow), Government Cement Factory, Dalla in Mirzapur district (under construction) and Rosin and Turpentine Factory, Clutterbuckganj (Bareilly).

Central Public Sector

Bharat Heavy Electricals, Ranipur (Saharanpur), Antibiotics Factory, Rishikesh (Dehra Dun), Diesel Locomotive Works, Varanasi, Nitrogeneus Fertiliser Factory, Gorakhpur, Deep Freeze Meat Factory, Agra, Triveni Structurals, Allahabad, Bakery Plant, Kanpur, Three other units in this section namely Telephone Factory and Heavy Duty Pumps and Compression Factory at Allahabad and a H.A.L. unit at Lucknow are underway.

Co-operative Sector (Sugar)

Co-operative Sugar Factory at Bazpur (Nainital), Baghpat (Meerut), Sarsawa (Saharanpur) and Majhola (Pilibhit). The fifth co-operative sugar factory is under construction at Aurai (Varanasi), co-operative spinning mill, Etawah.

Production

The Churk Cement Factory produced only 3,62,000 tonnes of cement in 1968-69. It earned a net profit of Rs. 88.39 lakhs during 1967-68.

The Precision Instrument Factory manufactured 29,260 water meters, 428 microscopes and 2,015 pressure gauges during 1968-69 and earned a net profit of Rs. 5 lakhs.

The Rs. 2-crore Triveni Structurals has also gone into regular production,

The Diesel Locomotive Works has produced 300 broad gauge and 34 metre gauge diesel locomotives till March, 1970 and has been able to raise the indigenous content in these engines upto 80 per cent.

The second Government Cement Factory will commence production at Dalla during 1970 with the initial production of 1,200 tonnes of cement per day. Work on deadburnt magnesite plant at Almora is also progressing fast.

A large Urea Fertilizer Factory has gone into production during 1969 at Kanpur at a total cost of Rs. 65 crores. In participation with a U.K. firm, it produces 4.50 lakh tonnes of urea annually.

The Aluminium Factory at Renukoot (Mirzapur) is raising its annual production capacity by 60,000 tonnes at a cost of Rs. 55 crores.

The 71 sugar mills in the State produced about 12 lakh tonnes of sugar during the 1968-69 crushing season.

New Incentives Offered by State Governments

During, 1968-69, the Government announced the following concessions and incentives for stepping up the industrialisation: 1. Sales tax holiday for three years for new industries and also to existing units under certain conditions; 2. Exemption from sales tax of parts and components used by 23 industries; 3. Rebate of 15 per cent in power charges to new industrial units for three years; 4. Exemption from Octroi duty of industrial equipment, raw materials and building materials throughout the State; 5. Finance and developed sites or sheds on more liberal terms.

Small-Scale Sector

Total number of small-scale industrial units at the end of 1969 was 21,627. U.P. occupies the second position in the country in the matter of defence supplies.

Industrial Estates

Out of the 848 allotted industrial sheds in the 76 industrial estates established all over the State, 586 sheds have gone into production. The working units employ about 10,000 persons and produce goods worth Rs. 4.50 crores annually.

Handloom

This industry provides employment to more than 10 lakh people and produces one-third of the total requirement of cloth in the State. There are about 2,88,400 registered handlooms in the State. The production in this industry is about Rs. 14 crores in the co-operative sector and Rs. 35 crores in the private sector.

The number of industrial co-operatives increased to 6,207 at the end of 1968-69.

TRANSPORT

Total mileage of roads: 38,062.

Mileage of metalled roads: 15,180 under the P.W.D. and 1,716 under District Boards. Total mileage of metalled roads was expected to rise to 17,842 miles at the end of March 1969. Of this surface road mileage, 1,529 miles comprise national highways, 4,789 miles state highways and 11,524 miles major and other district roads.

Number of passenger service buses: 4,225 (excluding roadways vehicles). Number of goods carrying lorries, trucks: 15,712. Number of taxis: 784 (October 1967).

Fleet of motor vehicles (roadways fleet): Passenger buses 3,879; trucks 559; taxis 113. The roadways fleet was expected to be 4,750 at the end of March 1969.

The State owns a transport service under the name of U.P. Government Roadways, managed as a Government Department with the Transport Commissioner as the head.

The State is divided into 12 regions each being in the charge of a General Manager.

The headquarters of the Transport Commissioner is Lucknow.

Capital invested: Rs. 18.06 crores (1967-68),

Number of routes operated 820. Length of routes: 74,500 Kms. Road length covered: 21,000 Kms. (March 1968).

Total kilometres covered (1967-68) - over 21 erores.

Number of vehicles owned by authority on Oct. 81, 1967: Buses: 3,958; Trucks: 530; Taxis: 113.

Number of nationalised city bus services: 59.

Cities where Roadways operate city bus services: Kanpur, Allahabad, Baroilly, Lucknow, Varanasi, Agra, Meerut, Dehra Dun, Farukhabad, Haldwani, Gorakhpur and Faizabad.

Names of places where suburban bus services operate: Mathura-Vrindaban, Fatchgarh-Farrukhabad and Dehra Dun-Premnagar-Clement Town.

The U.P. Roadways operate on a number of inter-State routes connecting all border States.

Roadways have 76 depot workshops and regional workshops undertaking maintenance and repairs of Roadways fleet.

Special tourist buses have been provided to carry tourists to places of interest and scenic beauty.

Number of passengers carried by Readways buses (1966-67): 16,45,79,486. City Bus services — 4,18,33,000. No. of persons employed (March 1968) 28,000.

Rates of bus fare for lower class: 2.75 paise per passenger per kilometre.

Goods service has not been nationalised.

The U.P. Government proposes to nationalise 4,000 miles of road transport during the next five years to bring a total of 14,000 miles of road transport under nationalisation by 1974.

HOUSING

Number of houses constructed till March 1970 under (a) Industrial Housing Schemes 31,805; (b) Low Income Group Housing Scheme 11,883; (c) Middle Income Group Housing Scheme 1,692 and (d) Slum Clearance scheme 7,401.

MEDICAL AND PUBLIC HEALTH (1969)

Number of beds in State Hospitals 33,965; Number of Doctors in Government service: Allopaths and Homeopaths 2,704*; Number of Doctors registered in U.P. 11,622; Number of registered Nurses 4,620; Number of registered Vaids and Hakims 65,098; Number of Vaids and Hakims in Govt. Service 801*.

State Budget for medical department (1969-70): Plan -Rs. 2,27,52,600; Non-Plan — Rs. 15,65,70,300.

State Budget for Public Health (1969-70) : Plan - Rs. 11,19,11,500; Non-Plan — Rs. 4,23,56,600.

Per Capita expenditure on Medical and Public Health: Rs. 4.90; Birth rate: 38.7 per thousand (1966); Death rate: 13.2 per thousand (1966); Dector-Population ratio: 1 for 8,000; Bed: Population ratio: 1 for 2,520. Population served on an average by one hospital or dispensary: 42,270.

Number of Allopathic hospitals and dispensaries: 2,066; Number of beds in allopathic hospitals and dispensaries: 34,629; Number of doctors in Government Service: 2,201; Number of Nurses in Government Service: 1,996; Number of registered doctors: 11,622; Number of Mental Diseases Hospitals: 3: Number of Primary Health Centres: 875.

Medical Education and Training: Number of Medical Colleges: 8 (including two central Medical Colleges); Total Number of Seats in Medical Colleges: 858; Number of Nurses Training Centres: 11.

Number of T.B. Isolation Hospitals — 5°; Number of T.B. hospitals—14; Number of T.B. clinics — 59°; total number of beds in T.B. Sanatoria and clinics - 2,251*.

Fifty of the clinics have been established at district headquarters and nine at Tehsil level at Ghaziabad, Firozabad, Chandausi, Balrampur, Khalilabad, Mahrajganj, Mau (Azamgarh) and Rishikesh. Besides, 12 other general clinics are functioning in the State.

Number of Leprosy Asylums - 19*; At present 14 Leprosy Control units are functioning in the State. These are at Dehra Dun, Mirzapur, Gorakhpur, Moradabad, Kheri, Basti, Bahraich, Barabanki, Azamgarh, Gonda, Deoria, Jhansi, Jaunpur and Ballia. Each unit is supposed to serve a population of 75,000. Besides, two smaller unite function at Dharchula and Barkote in Uttarakhand division. In addition 55 Government survey, education and treatment units are also functioning. There are 20 such institutions in the State which provide indoor treatment to lepers. The number of beds is 1,753.

In Agra a Leprosy Centre named Jalma has been established with Japanese help.

The Employees State Insurance Scheme is in operation in Kanpur, Agra, Lucknow, Saharanpur, Alfahabad, Rampur, Varanasi, Aligarh, Hathras, Bareilly, Shikohabad, Modinagar, Ghaziabad, Mirzapur, Sahajanwa, Firozabad, Churk, Sitapur, Ghazipur, Ujhani, Sasni, Balawali, Pipri, Hapur, Hirangaon, Mathura, Moradabad, Meerut city, Jhansi, Izzatnagar, Roorkee and Mohan Nagar (Meerut) and in 1966 about 2,70,000 industrial workers were insured benefiting 10,26,300 persons (insured workers and their families).

At present 80 dispensaries including nine mobile dispensaries are functioning. Three ambulances (two at Kanpur and one at Modi Nagar) are functioning. In addition, there are two Employees State Insurance hospitals at Kanpur which have 3,929 beds and 10 whole time specialists.

FAMILY PLANNING

An amount of Rs. 7.61 crores was made available in the State Budget for 1969-70 to intensify the family

planning programme in the State through its three main wings, viz. Mass Communication-cum-Education, Training and Service. There are 875 Rural Family Planning Centres, 7,000 sub-centres, seven Regional Family Planning Centres, 147 Urban Family Planning Centres and 65 Family Planning Centres run by voluntary organisations and Local Bodies. District Family Bureaux have been established in each district and in two cities and a wholetime District Family Planning Officer has been made responsible for the success of the programme. In addition there are 60 combined family planning mobile units and 54 Vasectomy mobile units, one in each district; and 54 I.U.C.D. mobile units are functioning, one in each district.

From April 1, 1969 up to the end of February 1970 persons undergoing sterilisation numbered 70,945 and 72,562 women adopted the loop method.

Industries in which minimum wage is fixed : rice, flour, dal mills, tobacco (including bidi making), manufacturing cinchons, rubber, tes or coffee plantation in Dehra Dun District only, oil, road construction or building operations, stone breaking or stone crushing, lac manufactory, tanneries and leather goods manufactory, public motor transport, woollen carpet industry, hotel and restaurant, printing press, metal industry and iron foundries.

There occurred 174 strikes during 1968 involving 37,000 workers resulting in a loss of 14,62,000 man-days.

State Govt. Acts for the welfare of the labourers:

(1) U.P. Shops and Commercial Establishment Act (1947), (2) U.P. Industrial Disputes Act, (3) U.P. Maternity Welfare Act, (4) U.P. Sugar and Alcohol Industry Labour Welfare and Development Fund Act, (5) U.P. Industrial Housing Act (1955) and (6) U.P. Industrial Employment (National Holidays) Act.

Trade Unions: 1,391 (1968).

Labour Welfare Centres: 64 (1968).

Under subsidised Industrial Housing Scheme 27,899 houses were constructed till Oct. 31, 1968. Under the sugar factory labour housing scheme, 1,686 houses were constructed in 63 sugar mills.

Provident Fund Scheme covers 3,28,392 employees in 2,712 factories. Employees' State Insurance Scheme has been enforced in 38 industrial towns, covering 3,28,972 employees. Till Oct. 1969, the number of living old age pension holders was 15,643.

Number of employment exchanges including seven University employment exchanges and 11 regional and sub-regional exchanges is 67. The training wing of the State Directorate of Employment and Training runs 62 institutes for imparting training in engineering and vocational trades.

The Directorate also runs schemes for collection of employment market information and vocational guidance.

SOCIAL WELFARE DEPARTMENT

This department is generally concerned with the implementation of the schemes providing institutional services for the physically handicapped, the blind, the deaf and the dumb, destitutes, beggars, care and protection of women and girls in moral danger, suppression of immoral traffic in women and girls, probation service aiming at reformation and rehabilitation of the youthful first offenders, and reformation of the delinquent children.

Financial assistance in the shape of grants-in-aid is also given by this department to the veluntary social welfare institutions and organisations engaged in various social welfare activities.

[•] Figures are for 1968.

EDUCATION (1969-70)

Total General Education Budget - Re. 79.39 crores.

Primary Education: No. of Primary schools 61,485; No. of boys 64,63,000; No. of girls 37,48,000; No. of teachers 1,96,743.

Steps were taken to open 390 more junior basic schools and to appoint 9,900 additional number of new teachers.

Secondary Education: No. of secondary schools 3,083; No. of boys 8,11,000; No. of girls 1,79,000; No. of teachers 41,311.

University Education: No. of Universities 11; No. of Degree Colleges 245; Enrolment in Universities 44,000; Enrolment in Degree Colleges 1-14 lakhs; No. of teachers in Universities 3,058; No. of teachers in Degree Colleges 6,222.

IUDICIARY

The scheme of separation of Executive from Judiciary, has been put into operation in all the districts of the State, except in the seven hill districts.

Now all Magistrates trying cases under the Indian Penal Code are under the administrative control of the High Court, while Magistrates trying cases under the preventive sections of the Criminal Procedure Code and under special and local Acts come under Government. The High Court has its principal seat at Allahabad where about 35 Judges sit and a Bench at Lucknow where about eight Judges sit for deciding cases out of the erstwhile Oudh.

UNIVERSITIES Agra University

Chancellor: Governor, Uttar Pradesh (Ex-officio); Vice-Chancellor: Shital Prasad; Registrar: Dr. M. G. Gupta, M.A., D. Litt.

Affiliated Colleges 67; Students 41,105 (approx.).

Aligarh Muslim University

Aligarh

Chancellor: Nawab Saidul Mulk Dr. Hafiz Mohd. Ahmad Said Khan of Chhatri; Vice-Chancellor: Dr. Abdul Aleem; Pro-Vice-Chancellor: Mohammed Fazlur Rehman; Registrar: Dr. Z. U. Ahmad.

The medium of instruction in all classes of the University is English.

From the academic year 1968-69, the Faculty of Arts was bifurcated into Faculty of Arts and Faculty of Social Sciences.

Departments of Faculty of Arts: Arabic, Persian, Urdu, Sanskrit, Hindi, English, Philosophy and Linguistics.

Deptt. of Faculty of Social Sciences: Economics, Education, Political Science, Psychology, History, Library Science, Sociology and Linguistics.

The following new Departments were created in 1969: Department of Library Science and Department of Sociology.

The University adopted Semester Courses in the Faculties of Arts, Science and Commerce from the 1967-68 Session. From the 1968-69 Session Semester Courses have been introduced in the Faculty of Law for the LL.B. and LL.M. Courses and the three-year LL.B. (Honours) Courses have been introduced.

Allahabad University

Chancellor: Governor of U.P.; Vice-Chancellor: Prof. A. B. Lal, M.A.; Registrar: Dr. B. M. Singh.

Unitary, teaching, residential; Colleges 6; Students 8,838.

State Govt. Grant: Recurring Rs. 25,26,400.00.
State Govt. Grant: Non-recurring Rs. 12,53,949.00.

The medium of instruction in all undergraduate classes of the University is Hindi and for post-graduate classes English and Hindi.

#### Kanpur University

It is an affiliating & Examining University at present.

Chancellor: Dr. B. Gopala Reddy, Rajya Pal, Uttar Pradosh. Vice-Chancellor: S. Radhakrishna Agarwal : Registrar: S. B. B. B. Singh.

Number of Affiliating Colleges: 54. Students: 50,000—approximate.

#### Lucknow University

Residential, Unitary and Teaching University.

Chancellor, Governor of Uttar Pradesh; Vice-Chancellor: Dr. M. B. Lal, M.30., D.30. (Luck.), D.30. (Edin.), F.N.I., F.A.SO., F.Z.S.I.; Registrar: P. C. Mital, M.A.; Librarian: Dr. Baljit Singh, M.A., LL.B., Ph.D., D.Litt.

Number of students: 23,935 including 7,506 women students and 652 research scholars for 1968-69.

The medium of instruction in the University is Hindi.

#### Meerut University, Meerut.

Chancellor: Dr. B. Gopaia Reddy; Vice-Chancellor: Dr. R. K. Singh, M.A., LL.B., D.Ed. (Harvard); Registrar: Dr. S. K. Goswami, M.Sc., Ph.D., R.G.S.

It is an affiliating university with provision for teaching Departments.

Number of Affiliated Colleges: 56

Number of Students: Affiliated Colleges 40,163.

Number of Teachers: 1,942,

It is reported that he has resigned.

# Roorkee University

Roorkee

Chancellor: Governor of Uttar Pradesh; Vice-Chancellor: M. R. Chopra; Registrar: V. N. Kak, M.A.

Unitary, Teaching and Residential. Students (1969-70): Full time 1,539 (Men 1,491, Women 48). New Admissions 537 (Men 509, Women 28). Post-Graduate: Full time (Men 402, Women 27); partime students 9.

Students from other countries - 13 (Nepal 12, South Africa 1).

The medium of instruction is English.

#### Budget (1969-70)

Income:

----

Expenditure: Rs. 1,31,01,401.84.

### U. P. Agricultural University Pant Nagar (District Nainital),

This University set up on the model of the Land Grant Colleges of U.S.A., aims at developing rural leadership and competence.

The University, which is the first of its kind in the country, has four constituent colleges and one school of basic sciences & humanities—an Agricultural College, a College of Veterinary Medicine, Pant College of Technology and a Post-Graduate College. The University provides comprehensive education on Agriculture and allied subjects on the basis of an integrated system of teaching, research and extension. It has on its rolls 1,304 students for under-graduate and 317 for post-graduate studies—10 per cent of the seats being specifically reserved for students from outside the State.

#### Budget (1969-70)

Vice-Chancellor: D. P. Singh, I.A.S.; Registrar: O. P. Mohan.

# WEST BENGAL

CAPITAL: Calcutta. Area: 34,194 sq. miles; Population: 34.93 million (1961 Census). Percentage of increase 1951-61: 32.79. Density: 1,032. Sex ratio 878 females per 1,000 males. Literacy: 29.3 per cent.

There are three Divisions in the State, the Burdwan Division, the Jalpaiguri Division and the Presidency Division.

The Districts in the Divisions with their headquarters in brackets are as follows: Burdwan Division: Bankura (Bankura), Birbhum (Suri), Burdwan (Burdwan), Hooghly (Chinsura), Midnapore (Midnapore), Purulia (Purulia), Jalpaiguri Division: Cooch-Behar (Cooch-Behar), Darjeeling (Darjeeling), Dinajpure (Balurghat), Jalpaiguri (Jalpaiguri), Malda (Malda), Murshidabad (Berhampur), Nadia (Krishnagar), 24-Parganas (Alipur). Calcutta and Howrah comprise the Presidency Division.

Panchayats: The rural area of West Bengal has been covered by a network of Gram and Anchal Panchayats. The total number of Gram Panchayats in the State is 19,662 and that of Anchal Panchayats 2,926. The State Government has dissolved all the 15 zilla parishads and about 325 anchalik parishads in the State with immediate effect from May 1969.

The abolition order had been issued under the West Bengal Zilla Parishads (Amendment) Ordinance promulgated recently.

The Government had already appointed administrators for the dissolved bodies to act until they were reconstituted under a revised constitution.

The President has given assent to the West Bengal Separation of Judicial and Executive Functions Bill, 1970.

Also called West Dinapur. 2 Thousand Bales of 180 kgs. each,

Subsequent to the resignation of the Chief Ministor Mr. Ajoy Mukherjee on March 16, President's rule was proclaimed in West Bengal on March, 19, 1970.

#### POPULATION

(See under "Population").

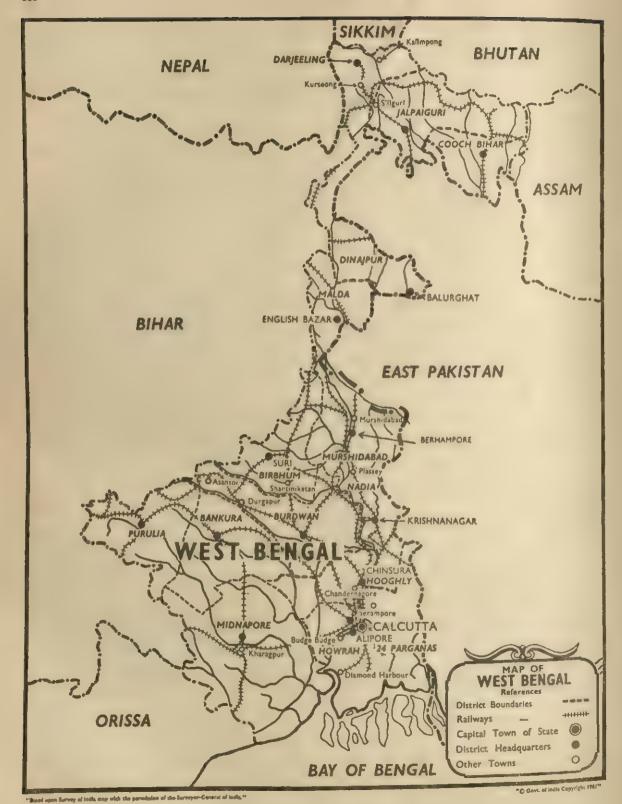

#### **AGRICULTURE**

Geographical Area and Classification for 1966-67 (figures in thousand hectares): Geographical area 8,768; Forests 1,108; area not available for cultivation 1,288; uncultivated land excluding fallow land 608; Fallow land 279; net area sown 5,569; Total area cropped 6,653; area sown more than onco 1,084; net irrigated area 1,478.

Foodgrains: Area and production during 1967-68 (figures in thousand hectares and thousand tonnes respectively): Rice 4,714-4; 5,208-2; Jowar 2-3; 1-3; Bajra 0-3; 0-2; Maize 51-5; 48-8; Ragi 9-9; 7-6; Small millets 11-7; 6-4; Wheat 79-0; 71-1; Barley 52-4; 34-1; Total cereals 4,921-4; 5,374-7; Pulses: Gram 167-5; 95-8; Tur 40-4; 32-1; Other pulses 496-6; 238-1; Total pulses: 794-5; 366-0; Total foodgrains 5,625-9; 5,740-7.

Major oilseeds: (figures for 1968-69); Groundaut: nil; Caster seed: nil; Sesamum 8·2; 4·5; Rapeseed and Mustard 111·9; 35·3; Linseed 95·6; 9·0; Others: Mesta 45·0; 250·0°; Nigerseed: nil; Cotton: nil; Sannhemp 1·7; 1·3; Tobacco 13·7; 11·0; Jute 268·7; 1,340·1°; Safflower: nil; Turmeric 1·2; 3·3; Potato 78·6; 642·6; Coconut 6·7; 22·0°; Arecanut 0·2; 0·8°; Guar seed: nil.

Millon nuts. * Thousand tonnes of dried nuts.

Land Tenure: All rent-receiving interests in agricultural lands vest in the State and the numerous tenants and sub-tenants, as the case may be, now hold land directly under the State Government. All forests too are now managed directly by the Government.

There are roughly 1-28 million acres of cultivated land in the State, of which, according to preliminary but by no means accurate statistics, only 400,000 acres will be found surplus for redistribution among the tillers of the soil.

Sonarpur-Arapanch Scheme: The Sonarpur-Arapaneh-Matla Drainage Scheme of reclaiming vast water-logged tracts 105 aq. miles in area, with powerful pumping plants, is the first of its kind in India. Under the first part of the Scheme, a submerged area of 23,360 acres has been reclaimed for cultivation. The total yield of paddy from these large tracts of land was 21,000 maunds.

Bagjola Drainage Scheme: Rs. 104-lakh Bagjola Drainage Scheme is intended to improve the drainage of 116 square miles of area. The scheme when completed will reclaim 25,600 acres of water-logged lands and render them fit for cultivation, which will result in annual additional yield of 12,001 tons of paddy and 1,619 tons of rabi crops.

#### FORESTS

(See under article on "Forests").

#### IRRIGATION

Area under irrigation : over 35 lakh acres.

Some individual schemes with total cost in Rs. lakhs and area in acros benefited (kharif season) respectively are as follows: Mayurakshi Reservoir 20,46.60; 560,000; Harahatuganj Drainage 12.94; 16,000; Berai Canal 21.78; 5,000; Jibanti-Banki 3.11; 6,400; Jampoi 0.51; 800; Soadighi Gangakhali 24.84; 29,400; Jhargram 9.74; 5,000; Suvankar Daura 17.57; 6,000; Trana-Damodar 4.15; 32,900; Saraswati 6.25; 7,100; 20 Minor Schemes 5.34; 45,292; 52 Procurement Bonus Schemes 21.62; 87,717; 23 Emergency Schemes 13.84; 62,880; 5 New Minor Schemes 1.86; 13,676; Excavation of Nonagang river 4.25; 4,860; Sonarpur-Arapaneh-Matla 138.72; 46,400; Bagjoia-Ghuni-Jatragachi 108.93; 25,600; Improvement of Kamakhya Khal 3.52; 3,840. This does not include the area under river lift and tube-well irrigation schemes.

# DAMODAR VALLEY CORPORATION

(See under "Irrigation").

# TWO DEVELOPMENT SCHEMES

The Ganga Barrage Scheme: Work in connection with the Ganga Barrage, also called Farakka Barrage Scheme, is now in progress.

Benefits expected from the barrage: 1. Improvement of the Calcutta Port; 2. Provision of a direct railway and road link between the northern and southern parts of the State; 3. Provision of an inland water route entirely through the Indian Union starting from Calcutta and going up to Bihar and Uttar Pradesh and ultimately to Assam.

#### **POWER**

Jaldhaka Hydro-Electric Scheme: Tapping of river Jaldhaka in north Bengal to generate 27 Mw of power at the first stage and 9 Mw at the second stage. The first unit was commissioned in April 1967 and the second

unit was installed in August 1967. Balasun Hydro-Electric Scheme: Harnessing of river Balasun in Darjeeling District. Suburban Electrification Scheme: Total Plan provision for colliery electrification, tube-well irrigation, Central Testing laboratory and suburban electrification schemes: Rs. 29·21 lakhs. Durgapur Power Station: With the increase in power demand both in public and private sectors around Durgapur, the State Government was called upon to expand the power station by installing  $3 \times 75$  Mw and  $1 \times 150$  Mw turboalternator sets. These units are designed for burning washery middlings. Two Units are already in operation.

Development in Transmission & Distribution System: With the boginning of the Third Five Year Plan, the West Bengal State Electricity Board started erecting 132 KV lines mainly for the purpose of supplying power to the Eastern Railway for track electrification in the suburban areas. A transmission scheme was undertaken under which 132 KV lines were drawn from Bandel to Dharampur from where a feeder line was extended upto Ranaghat to connect the North Calcutta Grid. Another radial feeder was extended to Ashokenagar and the third one on the southern direction to Titagarh. Power supply to Eastern Railway at Ranaghat, Ashokenagar and Titagarh was arranged. A double circuit 132 KV lines were also drawn from Bandel to Howrah and Liluah for bulk supply to the Calcutta Electric Supply Corporation Ltd. To arrange for bulk supply to the Farakka Barrage Project, 66 KV lines were further extended from Beldanga to Farakka. In North Bengal, extensive 66 KV line was drawn from Jaldhaka to Siliguri on the West and Jaldhaka to Cooch-Behar on the East covering the entire district of Jalpaiguri, Cooch-Behar and Darjeeling. On the distribution side, hundreds of miles of 33 KV lines and thousands of miles of 11 KV lines were drawn for bulk supply to a number of high voltage consumers and power supply to various towns and villages and hundreds of agricultural deep tube-wells.

#### INDUSTRY

Principal industries of the State: Jute, tea, coal, cotton, textiles, paper, rubber, engineering, etc.

No. of registered factories: 6,133 (1968). No. of workers: 8,65,927 (1968).

No. of jute mills: 81 in 1967 (employing about 2,32,000 workers, 1967).

Total acreage under jute cultivation in West Bengal: 1,041,300.

No. of cotton mills: 41 (Average no. of workers employed daily in all shifts 46,285; spindles 9,33,754; looms 9,944; raw cotton consumed in bales of 180 kgs. 27,519) (March 1968).

No. of tee gardens: 285 (250,000 workers). West Bengal produces about 90 million pounds of tea.

No. of coal mines: 228 (about 1,22,000 workers daily on an average). The total output of the West Bengal coal mines is about 16.3 million tons.

No. of paper mills: 8 (about 10,400 workers).

Main small scale industries: Handloom weaving, serioulture and silk, brass and bell metal, hand-made paper, palm gur and mat industries.

No. of looms engaged in handloom weaving: 1,61,000.

Principal centres of handloom weaving: Santipur (Nadia), Santiniketan (Birbhum), Rajbalhat, Dhaniakhali (Hooghly). Principal silk industry Districts: Malda, Murshidabad and Bankurs.

The following is the gross group-wise value in lakks of rupees of industrial output of the State in 1964 (latest available) and the percentage of the all-India output respectively: Textiles 259,88; 20.54; Iron and steel 208,73; 35.61; Rail-road equipment 80,59; 54.67; Miscellaneous food products 80,27; 16:58; Electrical machinery 65,32; 28.72; Machinery, except electrical 60,93; 28-13; Rubber products 51-97; 48-54; Electric light and power 46,46; 16-01; Grain mills 40-88; 28-55; Non-ferrous metal 40,10; 41-18; Miscellaneous chemical products 39,22; 18-34; Manufacture of motor vehicles 34,78; 16-94; Metal products, except machinery & transport equipment 33,75; 28-50; Paper and paper products 26,57; 25-61; Basic industrial chemicals including fertilisers 15.81; 7.90; Printing, publishing, etc. 14,32; 17.63; Miscellaneous manufacturing industries, n.e.c. 14,28; 38.80; Tobacco manufactures 13.53; 11.28; Paints, varnishes, etc. 10,27; 43.06; Ship-building and repairing 7,77; 48.32; Glass and glass products 7,65; 27.82; Motor cycles and bicycles 6,42; 15.90; Miscellaneous products of petroleum and coal 5,73; 22-81; Bakery products 5,21; 38-71; Textiles, n.e.c. 4,32; 4.38; Professional and scientific instruments 3,56; 24.57; Cordage rope and twines 3,49; 77.04; Repair of motor vehicles 3,31; 8.62; Pottery, china and earthenware 3,28; 32.96; Furniture and fixtures 3,14; 18.95; Non-metallic mineral products, n.e.c. 3,10; 7.86; Manufacture of dairy products 2,42; 8.01; Saw mills, etc. 2,16; 12.40; Tanneries 2,16; 11.84; Structural clay products 1,54; 6.82; Cork and wood products, n.e.c. 1,21; 42-31; Knitting mills 1,11; 16-57; Soft drinks and carbonated water 62; 13-93; Wearing apparel (except footwear) 47; 6.02; Canning & preserving of fruits and vegetables 42; 9.21; Wooden and cane containers 18; 10.40; Others* 11,05; 2.37; Total (All industries) 1,217,94; 21-78.

#### LABOUR

No. of registered trade unions: 3,310 (1967).

No. of members of trade unions: about 1,200,000.

The Employees' State Insurance Act, which provides for sickness and other medical benefits, covers about 800,000 insured employees in Calcutta, Howrah, Hooghly and 24 Parganas. Their 2,400,000 family members are entitled to only medical benefits.

The Employees' Provident Funds Act covers 7,059 factories/establishments. Out of 1,429,654 employees employed in these factories/establishments at the end of 1967, 1,179,468 were regularly subscribing to the statutory fund.

No. of labour welfare centres run by Government: 46.

No. of tenements completed under the Subsidised Industrial Housing Scheme: about 11,938.

About 445.673 persons, including 31,392 women, were on the live register of Employment Exchanges at the end of 1967 in West Bengal.

Over 33,076 persons secured jobs through Employment Exchanges in the State during 1967.

#### ROADS

There are six national highways in West Bengal: Calcutta-Delhi (152 miles), Calcutta-Bombay Madras (90 miles—common alignment in West Bengal), Bihar-Assam (225 miles), Siliguri-Gangtok (35 miles), Calcutta-Siliguri (203.5 miles) and Calcutta-Bongaon (43 miles).

Superior type of extra-municipal roads, maintained by P.W.D. and local bodies are 6,500 miles while the interior motorable type is 13,000 miles.

The estimated expenditure in the Third Plan on roads and bridges was about Rs. 21.56 crores.

#### State Transport

The State managed transport in West Bengal comprises three Units e.g. (1) Calcutta State Transport Corporation, (2) North Bengal State Transport Corporation and (3) Durgapur State Transport Board.

Calcutta State Transport Corporation: Latest figures available (June 30,1968). No. of buses: 1,130, of which an average of 620 buses run daily. It employs nearly 13,750 persons of whom about 75 per cent are persons displaced from East Pakistan. It carries 11 lakh passengers daily on 29 routes. The average income per bus is Rs, 244 daily.

North Bengal State Transport Corporation: No. of buses: 206; trucks: 35. No. of persons employed: 1,500. No. of passengers carried daily: 48,000. The average monthly earning: Rs. 10-2 lakhs.

The Durgapur State Transport Board: No. of buses: 100. No of persons employed: 700. Average No. of persons daily carried: 30,000. Average monthly earning: Rs. 2.9 lakhs.

#### COMMUNITY DEVELOPMENT PROJECTS

The Community Development Projects now cover almost the entire population.

(See also main article "Community Development Projects").

#### **EDUCATION**

(See article on "Educational Statistics").

#### **HEALTH (1967)**

(Figures provisional. Per 1,000 population).

Birth rate: 40.8; Death rate: 13.6; Infant mortality: 120.0; Maternal mortality: 2.6; Death rate from T.B.: --50.0; Death rate from Cholera: --98.3; Death rate from small-pox: --95.0.

No. of hospitals, dispensaries and clinics: Clinics 599; Dispensaries 516; Hospitals 231; Health Centres 735; Primary 222 (Beds 3,450); Subsidiary 524 (Beds 1,982); Total no. of beds in hospitals; 22,430; No. of T.B. hospitals and Sanatoria: 39; T.B. cheet clinics: 77; Mobile Units for domiciliary treatment of T.B. cases: 16; No. of T.B. beds: 4,837; Rural Health Centre beds: 5,496; Maternity and child welfare centres: 352; Maternity homes and hospitals: 18; Maternity beds: 6,213; Medical colleges: 6; No. of students in colleges: 655 (M.B.B.S.); Nursing training centres: 30; No. of seats: 2,287; Pharmacy training centres: 2; No. of seats: 2,287; Pharmacy training centres: 70; For treatment of mental diseases: 1,458 (including 918 beds maintained by West Bengal Govt. in two Mental Hospitals at Ranchi and 90 beds of Bangiya Unmad Ashram, Dum Dum); V. D. clinics: 47; No. of beds for infectious diseases: 1,436; Family Planning centres: 1,041 (sterilization beds 165).

Per capita expenditure Rs. 4.63.

^{*} Relate to (1) augar, (2) cocos, chocolate and sugar confectionery, (3) alcohol, (4) wine industries, (5) breweries and malt manufacture, (6) ma ic-up textile goods except wearing apparei, (7) leather products except footwear and other wearing apparei, (8) vegetable and animal oils and fats (except edible oil), (9) sircraft, (10) transport equipment, n.e.c., (11) photographic and optical goods, (12) watches and clocks, (13) jewellery and related articles, (14) musical instruments, & (15) gas both in West Bengal and all-India, and to (3) canning and preserving of fish and other sea foods (b) footwear, (c) petroleum refineries and (d) cement in all-India only.

Registrar, Arun Ray, M.Sc.

No. of affiliated Colleges: 199.

No. of University Colleges: 6.

Total no. of students: 1,23,000 boys and 52,355 girls (1967-68).

#### BUDGET (1969-70)

# THE UNIVERSITY OF BURDWAN

Rajbati, Burdwan

Chancellor, Governor of W. Bengal.

Vice-Chancellor, Dr. P. N. Bhaduri, M.Sc., Ph.D. (Lond.), F.N.I.

Registrar, S. M. Chatterji, M.Sc.

Teaching:

Courses provided at present and degrees.

Post-graduate Courses in Arts: English, History, Economics, Bengali, Sanskrit, Philosophy, Mathematics and Pol. Science.

Post-graduate Courses in Science: Physics, Chemistry, Mathematics, Botany, Zoology and Geography.

Post-graduate Course in Commerce: M.Com.

Post-graduate Course in Engineering: M.E., M.Tech.

Degree Courses (in affiliated Colleges): Arts (B.A.), Science (B.Sc.), Commerce (B.Com.), Engineering (B.E.), Teachers' Training (B.T.), Dip. in Library Science, French, Music & Cert. in French & Music.

Honours Courses: (in affiliated Colleges): English, Bengali, Sanskrit, History, Economics, Philosophy, Arabic, French, Persian, Pol. Science, Physics, Chemistry, Mathematics, Botany, Zoology, Geography and Commerce.

Proficiency Course in Physics, Chemistry and Botany.

Medium of Instruction: English & Regional language

No. of students: In post-Graduate classes:—957 (1967-68). In affiliated Colleges:—31,846 (1967-68).

No. of affiliated Colleges: 42 (including one Engineering, and four Teachers' Training).

#### JADAVPUR UNIVERSITY

(P.O. Jadavpur University, Calcutta 32).

Unitary University.

Courses provided at present and Degrees :--

# Engineering Courses:

Bachelor's Degree Courses (5-Year) in Architecture (B. Arch.); Chemical Engineering (B.Ch.E.); Civil Engineering (B.C.E.); Electrical Engineering (B.E.E.); Electronics and Tele-Communication Engineering (B.E.Tel.E.); Mechanical Engineering (B.M.E.); Metallurgical Engineering (B. Met. E.); Degree course (4-year) in Pharmacy; Evening Degree Courses (4-year course for Licentiates) in Civil Engineering (B.C.E.); Electrical Engineering (B.E.E.); Mechanical Engineering (B.M.E.); Degree course (3-year) in Food Technology and Bio-Chemical Engineering (B. Tech.); Instrumentation and Electronic Engineering (B. Tech.).

#### Post-Graduate Courses:

Master's Degree Courses (2-year) in Chemical Engineering (M.Ch.E.); Civil Engineering (M.C.E.); Electrical Engineering (M.E.E.); Electronics and Tele-Communication Engineering (M.E.Tel.E.); Mechanical Engineering (M.M.E.); Pharmacy (M.Pharm.); Food Technology (M. Tech.); Post-Graduate Diploma Course in Computer Science (1-year); Ph.D. (Engineering).

#### Science Courses:

Honours Degree courses (3-year) in Chemistry, Geological Sciences, Mathematics, Physics (B.Sc.).

#### Post-graduate Courses:

Master's Degree courses (2-year) in Chemistry, Mathematics (Pure) & (Applied), Physics and Geology (3-year) (M.Sc.).

Evening Post-graduate Courses (2-year for school teachers only) in Mathematics, (3-year for school teachers only) in Physics & Chemistry.

Ph.D. (Science) and D.Sc. degrees are instituted in the Faculty.

#### Arts Courses:

M. Litt. Courses (2-year) in International Relations and English.

Master's Degree courses (2-year) in Bengali, Comparative Literature, Economics, English, History, International Relations. Philosophy, Sanskrit (M.A.).

Honours Courses (3-year) in Bengali, Comparative Literature, Economics, English, History, Political Science, Philosophy, Sanskrit, German (B.A.).

Evening Post-graduate courses (2-year for school teachers only) in Bengali, Economics, English, History, Philosophy, Sanskrit (M.A.).

Ph.D. (Arts) and D.Litt. degree courses are also instituted in this Faculty.

Faculties: Arts, Science, Engineering and Technology.

Medium of instruction : English.

Number of Students: 5,162 (as on 30-9-69).

Chancellor: Vacant.

Vice-Chancellor : Prof. H. C. Guha.

Registrar: P. C. V. Mallik.

#### UNIVERSITY OF KALYANI

(P.O. Kalyani).

Teaching :

Courses provided at present and Degrees:—B.Sc. (Ag.) Hons. 4-year integrated course; B.Sc. Hons. (Animal Science) 4-year course; B.Sc. Hons. in Chemistry, Physics, Botany and Zoology—3-year course; B.Sc. Spl. Hons. in Botany & Zoology—1 year course; B.A. Hons. in Economics—3-year course; B.T.—one-year course; Diploma in Physical Education—1 year.

Post-graduate Courses: M.Sc. in Chemistry (with special papers in Organic, Inorganic and Physical Chemistry), Physics, Zoology, Botany, Mathematics; M.Sc. (Ag.) in Plant Pathology, Agronomy, Horticulture, Cytogenetics, Soil Science, Entomology, Agricultural Extension and Agricultural Economics; M.A. in Economics; M.A. in Sociology.

Medium of instruction : English.

Number of Students as of Feb. 1968: Agriculture (including Animal Science) 832, Science 437, Arts 202, Physical Education 31, B.T. 159, Research for Ph.D. in Science 26, Research for Ph.D. in Agriculture 16, Research for Ph.D. in Arts 1.

Chancellor: Governor, West Bengal; Vice-Chancellor: S. K. Mukherjee, D.Sc.; Registrar: S. N. Chakrabarti, M.Sc.

#### UNIVERSITY OF NORTH BENGAL

P.O. North Bengal University, Raja Rammohunpur, Darjeeling.

Chancellor: S. S. Dhawan, Governor of West Bengal; Vice-Chancellor: Prof. A. C. Roy; Registrar: B. K. Bajpaie.

Post-Graduate Departments: Faculty of Arts: Bengali, Commerce, Economics, English, History, Philosophy, and Political Science. Faculty of Science: Chemistry, Geography and Applied Geography, Mathematics and Physics.

Number of Colleges: Constituent Colleges: 2; Univerversity Colleges 4; Affiliated Colleges: 21.
Number of Students (1968-69):

Post-Graduate: 705, Degree Course: 12,317; Pre-University and Pre-Medical: 4,235.

# RABINDRA BHARATI UNIVERSITY Calcutta-7

It is an affiliating and teaching University. The media of instruction are English and Bengali.

Chancellor: Governor of West Bengal.

Vice-Chancellor: Dr. (Smt.) Roma Choudhury.

Registrar : Bhaba Ranjan De.

Number of Affiliated Institutions: 30.

University Teaching Departments: 8.

Number of students (1968-69): 1,688.

#### VISVA-BHARATI

Santiniketan, West Bengal.

Founded by Rabindranath Tagore in 1921; incorporated as a Central University, 1951.

It is a unitary, teaching and residential university.

Visya-Bharati maintains the following Institutions:

Patha-Bhavana (School), Siksha-Bhavana (College of Graduate Studies), Vidya-Bhavana (College of Post-Graduate Studies and Research), Vinaya-Bhavana (Teachers' Training College), Kala-Bhavana (College of Fine Arts and Crafts), Sangit-Bhavana (College of Music and Dance), Rabindra-Bhavana (College of Study and Research in the Life and Writings of Tagore) and Palli-Siksha-Sadana (Institute of Graduate studies in Agriculture and Social Sciences). The University maintains also the following Research Departments: (1) Cheena-Bhavana, (2) Indo-Tibetan Institute, (3) Hindi-Bhavana, which organise teaching and Research in Chinese, Tibetan and Hindi respectively.

The Visva-Bharati Central Library contains 2,06,787 volumes including periodicals. There are sectional and seminar libraries attached to various departments. The University has its own hospital with a Chief Medical Officer and his assistants. The Guest House, which makes catering arrangements of its own, is open to visitors and guardians.

Besides the academic institutions, the University conducts two Departments; one for Rural Reconstruction and the other for Publication of Books.

A two-year Certificate Course in Indian and Foreign languages viz. Sanskrit. Bengali. Hindi, Oriya, Chinese, Japanese, Tibetan, French, German and English is available to Post-Graduate and Under-Graduate students. Those who have successfully completed the Certificate Course may continue another year's further study for the Diploma in the same languages.

Silpa-Sadana (Cottage Industry Training Centre) provides 2-year Certificate course and 3-year Diploma course in Weaving and Woodwork.

Siksha-Charcha (Junior Basic Teachers' Training College), sponsored by the West Bengal Government, provides one year certificate course in both theory and practice of Basic Education.

The Home-Economic Training Centre sponsored by the Govt. of West Bengal provides for one-year job training course in home science to gram sevikas.

The Family and Child Welfare Training Centre sponsored by the Central Social Welfare Board, Govt. of India offers Orientation Training Course in Family and Child Welfare Programme for the women field workers deputed from different States.

A scheme of agro-economic research is being conducted at the university under the auspices of the Ministry of Food and Agriculture, Govt. of India.

Budget for 1969-70 (Provisional):

Maintenance Expenditure	
•	Ra.
Santiniketan & Sriniketan	71,53,861
Development Budget	
(a) To be met from U.G.C. Grants	26,97,604
(b) From grants other than U.G.C	73,35,336
(c) Palli Samgathana Vibhaga (Sriniketan)	20,77,401
Palli Siksha Sadana (College of Agriculture & Social Sciences)	
(a) Maintenance Budget	16,59,812
(b) Development Budget	10,05,000

Chancellor: Smt. Indira Gandhi; Vice-Chancellor: Vacant; Registrar: B. R. Basu.

# U. N. & OTHER BODIES IN INDIA

# UNITED NATIONS 21, Kasturba Gandhi Marg, New Delhi

United Nations Development Programme (UNDP)

The United Nations Development Programme, is the world's largest multi-national source of pre-investment assistance and technical co-operation. It makes available to the developing nations the combined knowledge, expertise and experience of the United Nations family of agencies.

Resident Representative : John McDiarmid.

The World Food Programme, a joint organ of the UN and the FAO, aims at economic and social development through aid in the form of food. The resources of the Programme are derived from voluntary contributions in commodities, services and cash pledged by States Members of the United Nations and Members and Associated Members of FAO.

Project Representative, John McDiarmid; Project Officer, Ewart P. Roid.

United Nations Information Centre

The United Nations Information Service maintain a close working relationship with national and local infor-

mation media, educational institutions, governmental information services and non-governmental organisations on matters relating to the dissemination of information about the United Nations and the specialized agencies.

Director: Rudolf Stajduhar.

Office of the United Nations High Commissioner for Refugees (UNHCR) 1, Ring Road, Kilokri, New Delhi.

UNHCR assists the Government of India in the formulation of projects, under the High Commissioner's 1969 Programme, for the settlement of Tibetan refugees in India.

Representative: Frederik L. Pijnacker Hordijk.

#### U. N. CHILDREN'S FUND (UNICEF)

Address:—Regional Office for Afghanistan, Ceylon, India, Maldive Islands, Nepal and Mongolia, UNICEF House, 11, Jorbagh, New Delhi-3.

West India Office: Ravindra Mansion, Dinshaw Wachha Road, Bombay-20. East India Office: 26 Loe Road, Calcutta-20. South India Office: Ex-Legislators' Hostel, Mount Rd., Madras-2.

UNICEF'S primary concern is the strengthening of national services for children and youth in developing countries through long-range programmes e.g., providing equipment for primary health centres, developing rural water supply, improving nutrition through milk plants and applied nutrition projects, and stimulating science education and social services etc.

Director for South Central Asia: Gordon Carter.

# INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT 7, Sardar Patel Marg, New Delhi,

Resident Representative : Orville J. McDiarmid.

# INTERNATIONAL LABOUR OFFICE (AREA OFFICE), MANDI HOUSE, NEW DELHI

Estd. in 1928. It was reorganised, early in 1970, into an Area Office covering India, Ceylon, Nepal and the Maldive Islands. The Area Office maintains contacts and relations with governmental agencies, organisations and institutions in the region and workers' and employers' organisations. It explores the needs for technical assistance and assists in the preparation of projects within the ILO's fields of competency and in their implementation. It collects and disseminates information that is of interest to the region and/or to headquarters and relevant to ILO activities. The office also prospects candidates for ILO assignments abroad. It has a good reference library and undertakes the sale of ILO publications.

Director - Vacant.

United Nations Educational, Scientific and Cultural Organisation: Office of the Chief of Mission in India, and the Field Science Office for South Asia, 40-B, Lodi Estate. New Delhi-3.

#### TRADING ACTIVITIES

Air Conditioning & Refrigeration: Distributors for Northern and Eastern Regions: ACCEL air conditioning, refrigeration, ventilation and dust

extraction equipment. Also undertake design and execution of complete air conditioning, refrigeration, ventilation jobs on turnkey basis.

Construction Equipment: Road Construction & Earthmoving Equipment.

Distributors for Euclid dumpers; Aveling-Jessop road rollers; 'Bhagson' stone crushers; Greaves-RMT 'Sherpa' vibratory rollers—tandem and pedestrian; 'Berco' track chains, rollers, idlers, sprockets, etc. for crawler tractors.

Mining & Drilling Equipment; Distributors for: Greavestool mining and concrete bits, ollfield diamond bits, industrial diamond tools viz. diamond dressers & truers, shaped tools, diamond saws etc.; Diamond core drills, mud slush pumps, ancillary drilling equipment.

Engines: Distributors for: Complete range of RUSTON horizontal, vertical and marine water and aircooled diesel engines, alternator sets, pumps; VILLIERS petrol/kerosene 4-stroke engines; MAYUR vertical diesel engines and pumpsets.

Industrial Equipment: Boilers & Thermal Equipment.

Distributors for: Drayton Greaves steam traps, strainers, sight glasses, rotary pressure joints, pressure switches; Stream-Line transformer and insulating oil filters; Westerwork horizontal/vertical package boilers—coal/oil/gas fired for manual/fully automatic operation. Gear Transmission Units, etc.

Distributors for: David Brown Greaves Radicon worm reduction gear units, forward & reverse gearboxes for marine and industrial applications, power take-off units; Kopp mechanical-type infinitely variable speed gear units.

Foundry Services

Distributors for: Greaves Foseco chemical & metallurgical compounds, fluxes, etc. for treatment and processing of metals in steel works, foundries, etc.

Textile Machinery & Mills Stores

Distributors for: Greaves paper cones, tubes, pirns; Atlas brand emery fillets; Mather Greaves calender bowls, Stenter clips, a complete range of finishing, bleaching and printing machines, centrifugal pumps, etc.

Foreign Representations: Greaves are Sole Concessionaires in India for manufacturers of repute in England, U.S.A., Europe and Australia. The line covers: Aviation, Boiler & Thermal Equipment, Brickmaking Machinery, Cranes & Hoists, Diesel Engines, Drilling & Boring Equipment, Dumpers, Excavators, Earthmoving and Road Construction Equipment, Foundry Material & Equipment, Furnaces, Lubricating Oils & Greases, Gas

Furnaces, Lubricating Oils & Greases, Gas Turbines, Gears, Industrial Presses, Textile Machinery, Metals & Alloys, Mill & Gin Stores Suppliers, Mining Machinery, Oil Purifying Equipment, Oil Well Equipment, Pumps & Pumping Machinery, Steam Traps, Valves & Measuring Instruments, Steel Manufacturers, Survey Instruments, Trailers, Truck Trailers, Winches &

Haulages.

## THE INDIAN HUME PIPE CO., LTD.

Registered Office:

Construction House, Walchand Hirachand Marg, Ballard Estate, Bombay 1.

Telex No. 011 - 2780

Telephone No. 268091 (13 Lines)

Telegram: 'HUMEPIPE', Bombay.

Largest manufacturers in India of R. C. C. Pipes known as 'HUME PIPES' and allied products, HUME STEEL Pipes, WELDED STEEL Pipes and STEEL PENSTOCKS, PRESTRESSED CONCRETE Pipes and POLES, R. C. C. POLES, NO-JOINT CONCRETE Pipes Cast-in-Situ and PRESTRESSED CONCRETE SLEEPERS for Railways, etc. etc.

**HUME PIPES:** Extensively used for Water Supply, Sewerage, Drainage, Irrigation, Culverts, Well-Sinking etc.

ALLIED PRODUCTS: Concrete Haif Rounds, One-third Round Channels, R. C. C. Septic Tanks, Dust Bins, Sentry Cabins, Telephone booths, Housing for Latrines, Policeman Cabins, Cattle-Troughs, Pillars, etc. Also R.C.C. Piles and ventilating shafts.

HUME STEEL PIPES: Hume Steel Shells Lined and Outcoated with cement concrete are known as Hume Steel Pipes and are exclusively used as High Pressure Mains for Water Supply Projects.

WELDED STEEL PIPES: Extensively used for Gas mains, Tunnelling etc., and also for high pressure Water mains. At Pogaon, near Kalyan, 2,500 to 3,650 mm diameter steel pipes are being fabricated and supplied for Upper Vaitarna Water Supply Scheme, Bombay Municipal Corporation. Total quantity of steel plates required is about 45,000 tonnes for this work.

STEEL PENSTOCKS: Pioneers in the manufacture of Steel Penstocks for Hydro Electric Projects; Penstocks varying in diameters from 600 mm to 5,500 mm in thicknesses of 10 mm to 56 mm are supplied by this Organisation for following important schemes using various types of steel such as Mild Steel, High Tensile Steel, extra high tensile steel quenched and tapered.

Papanasam Hydro Electric Scheme, Madras, Mahatma Gandhi Hydro Electric Project, Mysore, The Moyar Hydro Electric Scheme, Madras, Rihand Hydro Electric Project, U.P., Koyna Hydro Electric Project, Maharashtra, Sharavati Valley Hydro Electric Project, Mysore and many others.

Penstock factory at Hadapsar (Poona) is fully equipped with the latest machinery to meet the increasing needs of Penstocks in the country. From this central factory, the Company have supplied over 30,000 tonnes of Steel Penstocks for the above schemes and also for Balimela Hydro Electric Project in Orissa State,

Chenani Hydro Electric Projects in Jammu-Kashmir State and Pressure Shaft Lining of Koyna Stage III Works, Yamuna Steel Lining Work, U.P. State, which are at present in progress.

IHP Prestressed Pipes are built with compressed concrete for greater strength, to bear internal pressures and to withstand external ones. In the Prestressed Pipe process, High tensile steel wire, under controlled tension, is wound around a core pipe of concrete, thus inducing a designed circumferential precompression in the concrete core pipe. The core pipe is precompressed longitudinally by high tensile steel wires. This method of construction, pioneered in Australia by Rocla, is now used over a very wide range of pipe diameters and design pressures. Rocla Prestressed Pipe processes are widely used by major overseas manufacturers. Since 1945, more than 160 kms, of pipes are in service in Australia. In India, IHP has so far supplied about 150 kms, of these pipes.

NO-JOINT CONCRETE PIPES: The Company have the patent rights for the NO-JOINT Concrete Pipes cast-in-situ. To complete storm water or sewerage schemes with standard non-pressure pipes, a long period is required as it involves manufacturing, curing, transporting and then laying. No-Joint Concrete Pipes are machine cast-in-situ in ready trenches and thus eliminates 3 of the 4 operations. This speeds up the work considerably with a saving in time and cost.

PRESTRESSED CONCRETE POLES: These Poles are manufactured for Transmission lines both for High Tension and Low Tension lines. R.C.C. Poles also are manufactured and are largely used as Lamp Posts in all the cities.

HP PRESTRESSED CONCRETE SLEEPERS: Recently at Karari near Jhansi, the Company has erected up-to-date Plant for the manufacture of mono-block Concrete Sleepers required by Indian Railways. They are heavier than wooden or C. I. sleepers giving greater stability and strength, no warping, non-conducive to vegetable growth, impervious to weather condition, they will provide a permanent way for smooth running with better speed and in the long run will be economical.

The Company has a large network of about 60 factories all over India, two in Ceylon, and one at Benghazi (Libya).

### I. C. I. (INDIA) PRIVATE LTD.

#### Manufacturers of:

Auxiliary Products for Textile, Paper, Leather & Misc. industries.

Suppliers of Dyestuffs and Processing Products for the textile industry, Alkalis, Mineral and Organic Salts, Emulsifying Agents, Organic & Inorganic Chemicals, Catalysts, Heat Treatment Furnaces and Salts, Metal Degreasing Plants, 'Alkathene' Film, Pipes and Fittings, Plastics, Rubber Colours and Fillers, Polyurethane Chemicals, Silicones.

#### Importers of:

Czechoslovakian make Welding & High Frequency Heating equipments.

#### Exporters of:

Tea, Coffee, Textiles, Sea-foods, Spices, PVC Laminates and Precious & Semi-Precious Stones.

Started in the year 1908 J. B. ADVANI & CO. with headquarters at Karachi commenced its business with importing all types of Paper & Printing materials.

1908 to 1947: JBA well-established itself as a major import. House for Paper and opened branches at Bombay, Lahore, Madras, Delhi, Cochin, Jullundur and Calcutta.

1948 to 1952: Consequent upon changes in the countries condition, a new phase of planning evolved matching with the country's Industrial and Economic Policy. JBA for the first time entered in the field of export of Tea, Coffee and Textiles and earned valuable foreign exchange for the country.

With the advent of 5-year plans JBA geared up its activities to web and form a core of the nation's development programmes by establishing (i) J. B. A. PRINTING INKS PRIVATE LTD., for manufacture of Inks and Varnishes with efficient technical know-how supplied by Messrs. Lorrileux & Bolton, London, (ii) ADVANI OERLIKON PRIVATE LTD., for manufacture of Arc-Welding Electrodes to satisfy needs of growing Steel Fabrication Industry in collaboration with famous Oerlikon Machine Tools (Messrs. Buehrle & Co.), Zurich, Switzerland and (Iii) IDEAL WRAPPERS PRIVATE LTD., for manufacture of Drinking Straws and Water Proof Kraft Paper.

1953 to 1968: JBA took distributorship of SHREE GOPAL PAPER MILLS LTD. and BALLARPUR PAPER & STRAW BOARD MILLS LTD., manufacturers of various types of paper for quality as well as ordinary printing.

During this period JBA established one more wing viz., FERRO ALLOYS & METALS DIVISION. Through this new department we serve customers by helping them in importing Ferro Alloy's and Steel products from our world-wide source at competitive rates.

1969: JBA were appointed sole selling agents for the products STRAW BOARD manufactured by RAJ STRAW BOARD FACTORY, DHAR (M. P.).

The Company also added a new wing of export of non-traditional items I.e., export of Sea-food late in 1969 and it has established in this product very quickly.

Registered Office: Alrwork House, 35, Piccadilly, London W.I.

Head Office: Dare House, Parry's Corner, Madras-1.

Manufacturers of: Fertilisers for various crops, Insecticides and Fungicides formulations, Seeds, Cattle and Poultry Feeds, Sugar, Spirit, Carbonic Acid Gas, Chemicals, Sanitaryware — Parryware — Vitreous Chinaware in collaboration with "Doultons" U.K.

Factories at Nellikuppam, Ranipet, Ennore and Tadepalle.

Fertiliser Mixing Centres at Cuddalore, Panruti, Katpadi, Mettupalayam, Salem, Thirumangalam and Tiruchirappalli in Tamil Nadu State, Kottayam and Feroke in Kerala State, Hospet, Hassan and Mysore South in Mysore State, Tadepalle, Alir and Nandyal in Andhra Pradesh, Shrirampur and Karad in Maharashtra and Ranoll in Gujarat.

Supplies of Fertiliser Mixtures blended to suit each crop are distributed to Agriculturists and Planters through the above Mixing Cantres.

Ranipet Factory manufactures Superphosphate, Sulphuric, Nitric and Hydrochloric Acids, Epsom Salt and formulates insecticides and Fungicides, Also Parrywara — Vitreous and Standardware and Tower Packing Materials.

Tadepalle Factory In Andhra Pradesh manufactures Superphosphate through its subsidiary Andhra Fertiliser Limited, it also formulates Insecticides and Fungicides.

The Company owns a Compound Fertiliser Factory at Ennore near Madras, constructed at a cost of £3,000,000 producing 50,000 tonnes of Ammonium Phosphate £6: 20 which is marketed under the trade name of PARAMFOS. As part of the manufacturing process the Factory includes plants for the production of Synthetic Ammonia, Sulphuric Acid and Phosphoric Acid. This Factory is expanded to produce 38,600 tonnes of Ammonium Sulphate also. The Factory also manufactures NPK Complex Fertilisers of the grade 14: 14: 14 under the Brand name Parry Complex.

E.I.D. — Parry Ltd., Madras, The International Minerals & Chemical Corporation, Skokie, Illinois and the Chevron Chemical Company, San Francisco, California, U.S.A. are the promoters of the Coromandel Fertilisers Limited, Secunderabad, which was established in April 1964.

The Coromandel Fertilisers Ltd, has an authorised Share Capital of Rs. 8,50,00,000 and has been licensed to manufacture at Visakhapatnam, Complex Fertilisers and Urea with a capacity of 3,65,060 tonnes per year in terms of 20:20:20 and 16,500 tonnes per year of prilled Urea.

The Company is now manufacturing Fertilisers of grade 20:20, 28:28 and 22:22:11 along with Urea. E.I.D. — Parry Ltd., are the Principal Selling Agents for these Products.

The Company has been appointed as one of the distributors of Complex Fertiliser and Urea being imported under the Seeding Programme for the Madras Fertiliser Project.

The Company's marketing activity in Hybrid Seeds has been extended to the high-yielding varieties of paddy and two Seed processing units have been set up at Panruti and Tiruchi in Tamii Nadu.

The Company is also setting up Projects for contract mechanical cultivation and land development, the manufacture and distribution of cattle feed and aerial spraying as well as expanding the Seed processing arrangements.

E.i.D. — Parry Ltd., are the all-India Agents for the Freeport Sulphur Co. of New York and Ruhr Stickstoff A.G. of Bochum, West Germany. They also distribute Jordan Rock Phosphate imported by Minerals and Metal Trading Corporation of India. The Group are also the Chairman of the Indian Potash Supply Agency which in co-operation with the State Trading Corporation of India distributes Potash in the country both Indigenous and imported.

C. Parikh (Dy. General Manager, Management Services).

Voltas is India's leading integrated engineering, distribution and manufacturing organisation. It has a turn-over of Rs. 680 million.

Of the Company's 11 Divisions, nine are Engineering Divisions which account for about 62.5 per cent of the Company's total turn-over. The Engineering Divisions handle a wide range of products in the fields of airconditioning and refrigeration, electrical equipment, textile machinery, earth-moving and construction equipment, materials handling, mining machinery, machine tools and agro-industrial products.

The two general merchandising Divisions—Chemicals Division and Pharmaceuticals & Consumer Products Division—handle the distribution of such products as fine, heavy and industrial chemicals, bulk vitamins, processed foodwand pharmaceuticals.

Manufacturing represents the third dimension of Voltas' activity. At a 120-acre site at Thana, near Bombay, is the Company's modern Works. Among the products manufactured are: air-conditioning and refrigeration equipment, room air-conditioners, water coolers, domestic refrigerators, electrical overhead travelling cranes, hoists, fork lift trucks, core drilling equipment, and diamond drill bits and power capacitors.
